## NOTES TO FINANCIAL STATEMENTS

### Interstate-McBee Retirement Plan

#### **1 Description of Plan**

The following description of the Interstate-McBee Retirement Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

##### ***General:***

The Plan, which began March 29, 1974, is a defined contribution plan covering all employees of Interstate Diesel Service, Inc., McBee Supply Corp., IM Parts LLC, and Interstate-McBee, LLC (collectively the "Company") who meet the hour and age requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan was last restated effective January 1, 2016 to incorporate previous amendments and incorporate required amendments. On October 2, 2017, the Plan was further amended to update certain definitions.

##### ***Eligibility:***

All employees of the Company age twenty-one and older and who are employed for two months are eligible to participate in the Plan.

##### ***Contributions:***

**Employee Contributions** - Participants may elect a portion of their compensation to be contributed to the Plan by the Company. The Plan also allows catch up contributions up to the Internal Revenue Service limits for certain participants who are eligible. The Plan includes an automatic enrollment provision whereby all benefit-eligible employees hired by the Company are enrolled in the Plan with a 3% deferral rate unless they affirmatively elect otherwise. In addition, the Plan has an automatic annual escalation clause where auto-enrolled employees' deferral election increases 1% each year until 8%.

**Employer Discretionary Matching Contributions** - The Company may make contributions to each eligible participant's account by matching a percentage of the Participant's elective deferral for the plan year. For 2019, the Company elected to match employee deferral equal to 50% of the elective deferral up to 8% of eligible compensation. For 2018, the Company elected to match employee deferral equal to 40% of the elective deferral up to 8% of eligible compensation.

**Employer Non-elective Discretionary Contributions** - The Company may also make additional contributions. Such additional contributions, if any, shall be allocated to each Participant in proportion to his or her compensation for the calendar year.

Rollover contributions from other Plans are also accepted, providing certain specified conditions are met.

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code, as defined in the Plan agreement.

## NOTES TO FINANCIAL STATEMENTS

### Interstate-McBee Retirement Plan

#### 1 Description of Plan, Continued

##### ***Participants' Accounts:***

Each participant's account is credited with the participant's elective contributions, employer matching contributions, employer discretionary contributions, earnings and losses thereon.

##### ***Vesting:***

All participants are 100% vested in elective deferrals, qualified non-elective contributions and rollover contributions made to the Plan.

Vesting in the discretionary matching contribution is based on years of service. A participant is vested as follows:

| Years of Service        | Vested % |
|-------------------------|----------|
| 2 but less than 3 years | 25%      |
| 3 but less than 4 years | 50%      |
| 4 but less than 5 years | 75%      |
| 5 or more years         | 100%     |

##### ***Forfeitures:***

Forfeitures due to termination from the Plan before a participant is 100% vested shall be used to pay expenses or reduce future employer matching contributions. The forfeiture balances for the years ended December 31, 2019 and 2018 were \$51,173 and \$23,994, respectively.

##### ***Notes Receivable from Participants:***

Loans are permitted under certain circumstances and are subject to limitations. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are repaid over a period not to exceed 5 years with exceptions for the purchase of a primary residence. Participants must wait six months after the previous loan was repaid before taking out a new loan. Loans are valued at unpaid principal plus accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

The loans are secured by the balance in the participant's account and bear interest at rates established by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

##### ***Other Plan Provisions:***

Normal retirement age is 65. Plan also provides for early payment of benefits after reaching age 62.

## NOTES TO FINANCIAL STATEMENTS

### Interstate-McBee Retirement Plan

#### 1 Description of Plan, Continued

##### ***Payment of Benefits:***

Upon termination of service by reason of separation of service, retirement, death or total and permanent disability, a participant receives a lump sum amount equal to the value of his or her account.

##### ***Hardship Withdrawals:***

Hardship withdrawals are not permitted based on the Plan Document.

##### ***Investment Options:***

Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan.

##### ***Expenses:***

Expense are paid for by the Plan.

#### 2 Summary of Significant Accounting Policies

##### ***Basis of Accounting:***

The Plan's transactions are reported on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

##### ***Recent Accounting Pronouncements:***

In August 2018, the FASB issued Accounting Standards Update No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement ("ASU 2018-13"). The new standard removes or modifies certain existing disclosure requirements and adds additional disclosure requirements related to fair value measurement. The Plan elected to early adopt ASU 2018-13 for the year ended December 31, 2019. The effect of the adoption is an overall reduction in disclosures related to fair value measurement.

## NOTES TO FINANCIAL STATEMENTS

### Interstate-McBee Retirement Plan

## 2 Summary of Significant Accounting Policies, Continued

### ***Valuation of Investments:***

Investments (except for fully benefit responsive contracts, which are recorded at contract value) are stated at fair value. Marketable securities are reported at fair market value as of the balance sheet date. Fair market values represent quoted market prices or, if quoted market prices are not available, estimated fair values as determined by the Plan's investment broker. The fair value of the fixed income fund (which is the contract value) is calculated by adding the total of the employee contributions to the fund plus interest credited to the account. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as held during the year.

### ***Use of Estimates:***

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

### ***Administrative Fees:***

Substantially all administrative fees are paid by the Plan unless paid for by the Company.

### ***Plan Termination:***

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

### ***Risks and Uncertainties:***

The Plan's investment include investments in mutual funds and investment contracts with varying degrees of risk, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Plan Benefits.

## NOTES TO FINANCIAL STATEMENTS

### Interstate-McBee Retirement Plan

## 2 Summary of Significant Accounting Policies, Continued

### *Subsequent Events:*

Management evaluates subsequent events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

In July 2020, the Plan will change trustees and recordkeepers from Mass Mutual to Lincoln Financial Group.

Subsequent events have been evaluated through July 16, 2020, which is the date the financial statements were available to be issued.

## 3 Tax Status

On March 31, 2014, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2019, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

## 4 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

## NOTES TO FINANCIAL STATEMENTS

### Interstate-McBee Retirement Plan

#### 4 Fair Value Measurements, Continued

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- \* Quoted prices for similar assets or liabilities in active markets
- \* Quoted prices for identical or similar assets or liabilities in inactive markets
- \* Inputs other than quoted prices that are observable for the asset or liability
- \* Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

#### ***Mutual Funds:***

The fair value of the mutual funds are based on quoted market prices.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

#### 6 Party-in-Interest Transactions

Certain Plan investments are managed by Mass Mutual Financial Group, the Trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest. Usual and customary fees were paid by the mutual fund for the investment management services. In addition, the Plan has arrangements with various service providers and these arrangements qualify as party in interest transactions.

#### 7 Benefit-Responsive Contract

The Plan holds a benefit-responsive insurance contract with Mass Mutual Life Insurance Company ("Mass Mutual"). The contract meets the fully benefit responsive insurance contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit responsive contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Mass Mutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

## NOTES TO FINANCIAL STATEMENTS

### Interstate-McBee Retirement Plan

#### **7 Benefit-Responsive Contract, Continued**

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the plan's failure to qualify under Section 401(a) or Section 401(k) of the Internal Revenue Code, (2) the establishment of a defined contribution plan that competes with the plan for employee contributions, (3) any substantive modification of the plan or the administration of the Plan that is not consented to by the wrap issuer, (4) complete or partial termination of the Plan, (5) any change in law, regulation, or administrative ruling applicable to the plan that could have a material adverse effect on a portfolio's cash flow, (6) merger or consolidation of the plan with another plan, the transfer of assets to another plan, or the sale, spin-off or merger of a subsidiary or division of the plan sponsor, (7) any communication given to participants by the plan sponsor or any other plan fiduciary that is designed to induce or influence participants not to invest in a portfolio or to transfer assets out of a portfolio, (8) exclusion of a group of previously eligible employees from eligibility in the plan, (9) any early retirement program, group termination, group layoff, facility closing, or similar program, and (10) any transfer of assets from a portfolio directly to a competing option. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants is probable.

The issuer may terminate the contract for cause at any time.

##### ***Eligibility:***

All employees of the Company age twenty-one and older and who are employed for two months are eligible to participate in the Plan.

In addition, the Plan has an automatic annual escalation clause where auto-enrolled employees' deferral election increases 1% each year until 8%.

For 2019, the Company elected to match employee deferral equal to 50% of the elective deferral up to 8% of eligible compensation. For 2018, the Company elected to match employee deferral equal to 40% of the elective deferral up to 8% of eligible compensation.

Employer Non-elective Discretionary Contributions - The Company may also make additional contributions. Such additional contributions, if any, shall be allocated to each Participant in proportion to his or her compensation for the calendar year.

All participants are 100% vested in elective deferrals, qualified non-elective contributions and rollover contributions made to the Plan.

Vesting in the discretionary matching contribution is based on years of service. A participant is vested as follows:

| Years of Service        | Vested % |
|-------------------------|----------|
| 2 but less than 3 years | 25%      |
| 3 but less than 4 years | 50%      |
| 4 but less than 5 years | 75%      |
| 5 or more years         | 100%     |

##### ***Forfeitures:***

Forfeitures due to termination from the Plan before a participant is 100% vested shall be used to pay expenses or reduce future employer matching contributions. The forfeiture balances for the years ended December 31, 2019 and 2018 were \$51,173 and \$23,994, respectively.

##### ***Notes Receivable from Participants:***

Loans are permitted under certain circumstances and are subject to limitations. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are repaid over a period not to exceed 5 years with exceptions for the purchase of a primary residence. Participants must wait six months after the previous loan was repaid before taking out a new loan. Loans are valued at unpaid principal plus accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

The loans are secured by the balance in the participant's account and bear interest at rates established by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

##### ***Other Plan Provisions:***

Normal retirement age is 65. Plan also provides for early payment of benefits after reaching age 62.

#### **2 Summary of Significant Accounting Policies**

##### ***Basis of Accounting:***

The Plan's transactions are reported on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

##### ***Recent Accounting Pronouncements:***

In August 2018, the FASB issued Accounting Standards Update No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement ("ASU 2018-13"). The new standard removes or modifies certain existing disclosure requirements and adds additional disclosure requirements related to fair value measurement. The Plan elected to early adopt ASU 2018-13 for the year ended December 31, 2019. The effect of the adoption is an overall reduction in disclosures related to fair value measurement.

## 2 Summary of Significant Accounting Policies, Continued

### ***Valuation of Investments:***

Investments (except for fully benefit responsive contracts, which are recorded at contract value) are stated at fair value. Marketable securities are reported at fair market value as of the balance sheet date. Fair market values represent quoted market prices or, if quoted market prices are not available, estimated fair values as determined by the Plan's investment broker. The fair value of the fixed income fund (which is the contract value) is calculated by adding the total of the employee contributions to the fund plus interest credited to the account. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as held during the year.

### ***Use of Estimates:***

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

### ***Administrative Fees:***

Substantially all administrative fees are paid by the Plan unless paid for by the Company.

### ***Plan Termination:***

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

### ***Risks and Uncertainties:***

The Plan's investment include investments in mutual funds and investment contracts with varying degrees of risk, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Plan Benefits.

### *Subsequent Events:*

Management evaluates subsequent events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

In July 2020, the Plan will change trustees and recordkeepers from Mass Mutual to Lincoln Financial Group.

Subsequent events have been evaluated through July 16, 2020, which is the date the financial statements were available to be issued.

## 3 Tax Status

On March 31, 2014, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2019, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

## 4 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

## NOTES TO FINANCIAL STATEMENTS

### Interstate-McBee Retirement Plan

#### 4 Fair Value Measurements, Continued

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- \* Quoted prices for similar assets or liabilities in active markets
- \* Quoted prices for identical or similar assets or liabilities in inactive markets
- \* Inputs other than quoted prices that are observable for the asset or liability
- \* Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

#### ***Mutual Funds:***

The fair value of the mutual funds are based on quoted market prices.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

#### 6 Party-in-Interest Transactions

Certain Plan investments are managed by Mass Mutual Financial Group, the Trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest. Usual and customary fees were paid by the mutual fund for the investment management services. In addition, the Plan has arrangements with various service providers and these arrangements qualify as party in interest transactions.

#### 7 Benefit-Responsive Contract

The Plan holds a benefit-responsive insurance contract with Mass Mutual Life Insurance Company ("Mass Mutual"). The contract meets the fully benefit responsive insurance contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit responsive contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Mass Mutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

#### **7 Benefit-Responsive Contract, Continued**

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the plan's failure to qualify under Section 401(a) or Section 401(k) of the Internal Revenue Code, (2) the establishment of a defined contribution plan that competes with the plan for employee contributions, (3) any substantive modification of the plan or the administration of the Plan that is not consented to by the wrap issuer, (4) complete or partial termination of the Plan, (5) any change in law, regulation, or administrative ruling applicable to the plan that could have a material adverse effect on a portfolio's cash flow, (6) merger or consolidation of the plan with another plan, the transfer of assets to another plan, or the sale, spin-off or merger of a subsidiary or division of the plan sponsor, (7) any communication given to participants by the plan sponsor or any other plan fiduciary that is designed to induce or influence participants not to invest in a portfolio or to transfer assets out of a portfolio, (8) exclusion of a group of previously eligible employees from eligibility in the plan, (9) any early retirement program, group termination, group layoff, facility closing, or similar program, and (10) any transfer of assets from a portfolio directly to a competing option. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants is probable.

The issuer may terminate the contract for cause at any time.
