Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

We have been informed by the Plan Administrator the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the years ended December 31, 2019 and 2018, that the information provided to the Plan Administrator by the trustee is complete and accurate.

VISIONARY SLEEP, LLC
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

DESCRIPTION OF PLAN

The following description of the Visionary Sleep, LLC (the "Company") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General - The Plan is a defined contribution plan covering all full-time employees of the Company who have completed three consecutive months of service and are twenty-one years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
2. Contributions - Participants may elect to defer both before tax and after tax (Roth) contributions to the Plan through payroll deductions. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. The Company contributes a matching percentage of 50% of participants' contributions up to 5% of pre-tax annual compensation (effective May 17, 2019, the employer match was discontinued). Additional amounts may be contributed at the option of the Company's Board of Directors. Contributions are subject to certain maximum limitations imposed by the Internal Revenue Code (IRC).
3. Participants' Accounts - Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary and matching contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service.
5. Investment Options - Upon enrollment in the Plan, each participant directs the investment of all amounts allocated to their account based on the list of investment alternatives available under the Plan.
6. Notes Receivable From Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. Loans provide for periodic repayment over a period of five years or less unless the loan is in connection with the participant's principal

residence. The interest rates and types of collateral required are contained in the Plan document. Principal and interest is paid ratably through payroll deductions. All interest paid with respect to these loans is credited to the participant's individual account. Any loss or expense associated with the loan is borne by the participant.

7. Payment of Benefits – Upon eligibility for benefits, the participant may elect one of several methods to distribute the value of the participant's vested account balance, as defined by the Plan. Benefits are recorded when paid. As of December 31, 2019 and 2018, the vested but unpaid balances of terminated participants amounted to \$1,232,708 and \$463,609, respectively. Excess contributions to be returned to Plan participants in 2020 from the 2019 plan year amounted to \$42,097.
8. Forfeited Accounts – At December 31, 2019 and 2018, forfeited nonvested accounts amounted to \$8,595 and \$6,963, respectively. At the Plan Administrator's discretion, forfeitures may be used to offset Plan administration expenses or to reduce the employer's contributions to the Plan. During 2019, \$10,630 of forfeitures were used to reduce the employer's contributions.
9. Administrative Expenses – Investment management services and expenses relating to the administration of the Plan are substantially paid by the Plan. The Company absorbs a portion of these expenses.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates and assumptions.

Investment Valuation and Income Recognition:

Shares of registered investment companies (mutual funds) are valued at their year-end closing quoted market prices, which represent the net asset value of shares held by the Plan at year end. The collective trust funds are measured using the net asset value (NAV) practical expedient of the collective trust funds as reported by the funds' managers. The NAV practical

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Investment Valuation and Income Recognition (Continued):

expedient is based on the fair value of the underlying assets owned by the collective trust funds, less their liabilities, and divided by the number of units outstanding.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

The Plan presents, in the Statements of Changes in Net Assets Available for Benefits, the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized gains or losses on those investments.

Notes Receivable from Participants:

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

FAIR VALUE MEASUREMENTS

Generally accepted accounting principles in the United States of America have established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
- Quoted prices for similar assets in active markets;
 - Quoted prices for identical or similar assets in inactive markets;
 - Inputs other than quoted prices that are observable for the asset;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2019 AND 2018

FAIR VALUE MEASUREMENTS (Continued):

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

See the *Summary of Significant Accounting Policies* note for description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

The valuation methods described in the *Summary of Significant Accounting Policies* note may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

INVESTMENT IN COLLECTIVE INVESTMENT TRUST

The Plan holds an investment in a collective investment trust, specifically the Goldman Sachs Stable Value Collective Trust (GSSVCT). The GSSVCT is primarily invested in stable value investment contracts. The GSSVCT's investment objective is to earn income, while seeking to preserve capital and stability of principal. The GSSVCT also seeks to maintain a stable net asset value of \$1.00. The GSSVCT is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. There are no unfunded commitments and the redemption frequency is daily.

RISKS AND UNCERTAINTIES

The Plan invests in various types of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

PARTY IN INTEREST

Since The Vanguard Group (Vanguard) provides services to the Plan, the investments in Vanguard funds constitute party-in-interest investments as defined by ERISA. Fees paid by the Plan to Vanguard amounted to \$3,190 and \$3,100 for the years ended December 31, 2019 and 2018, respectively.

DECEMBER 31, 2019 AND 2018

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Generally accepted accounting principles in the United States of America requires that Plan management evaluate each tax position taken by the Plan and recognize a liability (or asset) if the Plan has taken an uncertain tax position that more-likely-than-not (i.e., a likelihood of more than 50%), based on the technical merits, would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain tax positions taken or expected to be taken. Accordingly, the Plan has recognized no interest and penalties associated with any liability for unrecognized tax benefits. The Plan's policy is to record such amounts, if any, as income tax expense. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The following is a summary of the investment information regarding the Plan as of December 31, 2019 and 2018, and for the years then ended, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information prepared by the trustee of the Plan, and furnished to the Plan Administrator. The information has been certified as complete and accurate by the trustee in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SUBSEQUENT EVENTS

Subsequent to year-end, the world-wide coronavirus pandemic has caused significant disruptions to global economic conditions. Although the Plan has not been significantly affected by this event, a prolonged outbreak could have negative repercussions on the Plan's ability to make contributions and on the investment performance of the assets held by the Plan. Plan management is closely monitoring the situation to minimize any potential future impact of this unprecedented situation.

Management has evaluated subsequent events through September 21, 2020, the date which the financial statements were available for issue.
