**PATH FORWARD CONSULTING 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS**

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Path Forward Consulting 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document and the summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Recker Consulting, LLC dba Path Forward IT (the Company) who are not covered by a collective bargaining agreement and are age twenty-one or older. Employees will have the opportunity to become a participant on the date the employee satisfies those requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Contributions

Each year, participants may contribute up to limits as defined in the Plan, not to exceed amounts determined by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from certain other retirement plans as described in the Plan document (rollovers). Participants direct the investment of their contributions into any combination of several investment options offered by the Plan.

Employer Contributions

The Company may make matching contributions, as well as a profit sharing contribution to the Plan. These amounts will be determined by the Company's Board of Directors on an annual basis. For both the years ended December 31, 2019 and 2018, the Company made matching contributions equal to 25% of the participant's deferrals up to the first 6% of the participant's compensation. There was no profit sharing contribution for either 2019 or 2018. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) Plan earnings (losses), including a charge for an allocation of administrative expenses paid by the Plan and (b) employer contributions. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Generally, notes are repayable through payroll deductions over periods up to 60 months. The notes are collateralized by the balance of the participant's account. The interest rate on these notes is set at 1.0% above the prime rate and is reviewed by the Plan administrator on a regular basis. Principal and interest is paid ratably through payroll deductions.

Vesting

Participants are immediately vested in their 401(k) elective deferrals and rollover contributions plus actual earnings thereon. Vesting in the remainder of their accounts, plus actual earnings thereon, is based on years of service as defined in the Plan. Vesting begins upon the completion of the second year of service, and a participant is 100% vested after six years of credited service.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)**Forfeitures**

If a participant is not fully vested on their termination date, the non-vested amount of their account is forfeited. Forfeitures on non-vested account balances will be used to reduce future employer contributions or to pay Plan expenses.

Payment of Benefits

On termination of service due to death, disability, retirement or termination of employment from the Company, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or any other form of payment included in the Plan document. However, participants with a vested balance of less than \$5,000 will receive a lump sum amount equal to the vested portion of their account upon termination. Participants with a vested balance in excess of \$5,000 may remain in the Plan, but they may not make additional contributions.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenses. Certain estimates relate to unsettled transactions and events as of the date of the financial statements. Other estimates relate to assumptions about the ongoing operations and may impact future periods. Accordingly, upon settlement, actual results may differ from estimated amounts.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians (see Fair Value Measurements note).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Payments of benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**Notes Receivable From Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of either December 31, 2019 or 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Net Assets Available for Benefits

Net assets available for benefits at both December 31, 2019 and 2018 included \$-0- allocated to the accounts of persons who, prior to that date, had withdrawn from participating in earnings and operations of the Plan.

Tax Status

The Plan is currently operating under a volume submitter plan document that has been accepted under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. This document received a favorable opinion letter from the Internal Revenue Service, dated March 31, 2014. The Plan has been amended since receiving this opinion letter. A determination letter has not been received specific to the Path Forward Consulting 401(k) Plan. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of both December 31, 2019 and 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Currently, the prior three years are open under Federal statutes of limitations and remain subject to review and change. The Plan is not currently under audit nor has it been contacted by any taxing authority.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

LEVEL 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

LEVEL 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

LEVEL 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at either December 31, 2019 or 2018.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Interest in Common Collective Trust – The common collective trust investments of the Plan invest in collective trust funds as well as a variety of separate accounts and mutual funds. The fair value of the underlying investments of the trusts are used to determine the net asset value (NAV) of the common collective trusts, which is not publicly quoted but is available to plan participants when they access their account values. The NAV is the basis for current transactions and the investment can be redeemed at the NAV as of the measurement date.

Investments Held in Pooled Separate Accounts – The pooled separate accounts of the Plan invest mainly in domestic stocks. The majority of the underlying securities have observable prices as they are valued at closing prices reported on the active markets in which the individual stocks are traded. The NAV of the pooled separate account is not publicly quoted but is available when plan participants access their account values. The NAV is the basis for current transactions and the investment can be redeemed at the NAV as of the measurement date.

The preceding methods described may provide a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2019 and 2018:

December 31, 2019	Investments at Fair Value			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 171,317	\$ -	\$ -	\$ 171,317

Total Assets in the Fair Value Hierarchy	<u>\$ 2,026,655</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,026,655</u>

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

December 31, 2018	Investments at Fair Value			Total
	Level 1	Level 2	Level 3	
Mutual Funds	\$ 92,318	\$ -	\$ -	\$ 92,318

Interest in Common Collective Trusts	<u>1,377,067</u>	<u>-</u>	<u>-</u>	<u>1,377,067</u>
Total Assets in the Fair Value Hierarchy	<u>\$ 1,558,930</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,558,930</u>

For both the years ended December 31, 2019 and 2018, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

NOTE 4 – LIMITED SCOPE AUDIT

Certain information related to investments disclosed in the accompanying financial statements and supplementary schedule, including investments held at both December 31, 2019 and 2018 and the net appreciation (depreciation) in fair value of investments, dividends, and interest for the years then ended, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by John Hancock Life Insurance Company and Principal Life Insurance Company, the custodians of the Plan.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 6 – FORFEITURES

For the years ended December 31, 2019 and 2018, forfeitures of \$12,368 and \$19,536, respectively, were used to offset employer contributions. Forfeitures of \$2,474 and \$6,294, respectively, were used to pay Plan expenses for the years ended December 31, 2019 and 2018. As of both December 31, 2019 and 2018, there were \$-0- in unallocated forfeitures.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Principal Financial and Principal Global. Principal Life Insurance Company is the custodian and record-keeper of the Plan, and a member of the Principal Financial Group and, therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible, that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 13, 2020, which is the date the financial statements were available to be issued.

Subsequent to the date of these financial statements, the world has been responding to an outbreak of a respiratory disease caused by a novel coronavirus. This coronavirus outbreak has been declared a pandemic by the World Health Organization and declared a national emergency in the United States of America. The outbreak and response has impacted financial and economic markets across the world and within the United States of America. These conditions and other economic events have had a significant adverse impact on investment portfolios. As a result, the Plan's investments have likely incurred a significant decline in fair value since December 31, 2019. The extent to which the Plan may further be impacted by this outbreak will depend largely on future developments, which are highly uncertain and cannot be accurately predicted. Thus, while the Plan Sponsor and others involved with the Plan continue to monitor this emergency and adjust accordingly, the impact to the Plan is uncertain as of the date of these financial statements, and as such, no adjustment has been made to these financial statements as a result.
