INDEPENDENT AUDITOR'S REPORT

Participants, Plan Management and Plan Administrator
MADO Management, L.P. 401(k) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of MADO Management, L.P. 401(k) Retirement Plan (Plan), which comprise the statements of net assets available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Voya Retirement Insurance and Annuity Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2019, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statements. Accordingly, we do not express an opinion on the 2019 financial statements.

Other Matter – Supplemental Schedules

The supplemental schedule, Schedule of Assets (Held at End of Year) as of December 31, 2019, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Other Matter – 2018 Financial Statement

The financial statement of the plan as of December 31, 2018, was audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated October 11, 2019, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations 2019

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

A. Description of Plan

The following description of the MADO Management, L.P. 401(k) Retirement Plan (Plan) provides only general information. MADO Management, L.P. (the Company) is the Plan Sponsor. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1. *General.* The Plan is a defined contribution plan covering all full-time employees of the Company who have attained the age of 21 and fulfilled one-year work requirement, and effective 2019, fulfilled at least 90 days work requirement. Eligible employees become participants in the Plan on the January 1, April 1, July 1, or October 1 immediately following the attainment of these requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

2. *Contributions*. Participants can contribute a portion of their compensation as defined by the Plan, subject to certain limitations under the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

   The Plan includes an auto-enrollment provision to Employees who are hired on or after January 1, 2019, whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

   The Company provides a discretionary matching contribution based upon the contribution of the individual participants, as determined annually by the Company. The matching contribution for 2019 and 2018 was $.10 for each $1.00 contributed by a participant up to a maximum of 4% of the eligible participant’s compensation. The Plan also provides for an additional discretionary Company contribution. The Company made discretionary contributions of $42,527 in 2019.

3. *Participant accounts*. Each participant’s account is credited with the participant’s contributions and Company matching contributions, as well as allocations of the Company’s profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

4. *Vesting.* Under the provisions of the Plan, participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon vest as follows:

Participant's Years of Service	Company Contributions Vesting Percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

   To earn a year of service, participants must be credited with at least 1,000 hours of service during a Plan year. The Plan contains specific rules for crediting hours of service for vesting purposes.

5. *Payment of benefits.* A participant who terminates employment, or qualifies for withdrawal due to hardship, death, disability or upon reaching age 59-1/2, is entitled to receive the vested portion of his or her account in a lump sum payment of their entire vested account balance or a single-sum payment of a portion of their vested account balance.

   If a terminating participant's vested account balance does not exceed $1,000, the Plan will distribute the benefit in a lump sum as soon as administratively practicable. Vested account balances exceeding $1,000 are paid at the participant's discretion.

6. *Forfeited accounts.* At December 31, 2019 and 2018, forfeited non-vested accounts totaled $6,815 and $6,952 respectively. These accounts will be used to reduce future employer contributions. Also, in 2019, employer contributions were reduced by $1,534 from forfeited non-vested accounts.

7. *Notes receivable from participants.* Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 4.75% - 6.50% which is commensurate with local prevailing rates as determined by the Plan administrator. Loans are repayable through payroll deductions over periods ranging up to 5 years, except for qualifying principal residential mortgage loans which must be payable within a reasonable time commensurate with the repayment period permitted by commercial lenders for similar loans.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Reclassification

Certain prior year amounts have been reclassified for consistency with the current year presentation. This reclassification had no effect on the reported increase in net assets available for benefits. A reclassification has been made to the investments levelling table from mutual funds to pooled separate accounts (invested in mutual funds) based on description of inputs to determine fair value. The 2018 investments levelling table disclosure is reclassified accordingly.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See note D for discussion of fair value measurements.

Fully benefit responsive investment contracts are measured at contract value. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Refundable Contributions

Amounts payable to participants totaling $5,082 for contributions in excess of amounts allowed by the IRS are recorded as a liability, with corresponding reduction to 2019 contributions. The Plan distributed the 2019 excess contributions prior to March 15, 2020.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses were included in the net appreciation of the value of investments.

C. Certified Investments

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee, Voya Retirement Insurance and Annuity Company (VRIAC).

	2019	2018
Investments		
Pooled separate accounts (invested in Mutual Funds)	$1,596,505	$1,319,524
Fixed Annuities	432,235	383,987
Investment Income (Loss)	274,728	(105,227)

D. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Account: Units of pooled separate accounts are valued based on values provided by the fund custodian which are based on daily closing price as reported by the fund. The separate account holds sub-accounts which invests in mutual funds. The prices for the mutual funds are calculated using the outstanding number of shares and value of the portfolio to obtain a daily net asset value (NAV), and the prices for the sub-accounts available through the separate account are calculated using units of separate account outstanding, the daily NAV of the fund and the additional charges associated with the separate account such as daily asset charge and fund fee adjustment.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	***Level 2***	***Level 3***	***Total***
Pooled Separate Account Mutual Funds	$ -	$1,596,505	$ -	$1,596,505
Total investment at fair value	$ -	$1,596,505	$ -	$1,596,505

	Assets at Fair Value as of December 31, 2018			
	Level 1	***Level 2***	***Level 3***	***Total***
Pooled Separate Account Mutual Funds	$ -	$1,319,524	$ -	$1,319,524
Total investment at fair value	$ -	$1,319,524	$ -	$1,319,524

The methods described above may produce a fair value estimate that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

E. Investments at Contract Value

The Plan has a fully-benefit responsive guaranteed investment contract with VRIAC which is called Voya Fixed Account. VRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by VRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan document (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would also limit the ability of the plan to transact at contract value with the participants.

The carrying value of investments with Voya Fixed Account are $432,235 in 2019 and $383,987 in 2018.

F. Related Party Transactions and Party in Interest Transactions

Certain Plan investments are managed by VRIAC, the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions.

VRIAC provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and VRIAC. VRIAC receives revenue from mutual fund service providers for services VRIAC provides to the funds. This revenue is used to offset certain amounts owed to VRIAC for its administrative services to the Plan.

If the revenue received by VRIAC from such mutual fund service providers exceeds the amount owed under the MSA, VRIAC remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2019 there were no excess amounts. The Plan or Plan sponsor may make a payment to VRIAC for administrative expenses not covered by revenue sharing.

G. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

H. Tax Status

The Plan has adopted the volume submitter profit sharing plan document letter dated July 2, 2015. The volume submitter plan received a favorable opinion, in which the IRS stated that the form of the volume submitter plan was in compliance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Services. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

I. Risks and Uncertainties

The Plan utilizes various investment instruments, including pooled separate accounts and a guaranteed investment contract. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the financial statements.

J. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31,	
	2019	2018
Net assets available for benefits per the financial statements	$ 2,049,759	$ 1,729,841
Refundable contributions	5,082	33,103
Net assets available per the Form 5500	$ 2,054,841	$ 1,762,944

	December 31, 2019
Net increase in net assets available for benefits per the financial statements	$ 319,918
Refundable contributions 2018	(33,103)
Refundable contributions 2019	5,082
Net increase in assets available per the Form 5500	$ 291,897

K. Subsequent Events

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused volatility in financial markets. As a result, the Plan's various investment securities have incurred significant fluctuations in fair value since December 31, 2019. The impact of COVID-19 continues to evolve rapidly and the Company is not currently able to estimate its full impact on the Plan's financial statements.

The Plan has evaluated subsequent events through September 30, 2020, the date the financial statements were available to be issued.
