INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Pension Plan of York Container Company

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Pension Plan of York Container Company (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph; however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information described in Note C, which was certified by Wilmington Trust, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the custodian as of December 31, 2019 and 2018 and for the years then ended, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules, Schedule H - Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2019 and Schedule H - Line 4j - Schedule of Reportable Transactions for the year ended December 31, 2019, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

NOTE A - DESCRIPTION OF PLAN

The following description of the Pension Plan of York Container Company (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a non-contributory defined benefit pension plan covering all of the eligible classes of employees except executive, administrative, office, plant supervisory, and sales personnel of York Container Company (the Company). Employees are eligible to participate in the Plan upon attainment of age 21 and completion of one year of service (defined as 1,000 hours in a 12-month period). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

As of April 1, 2012, the Company adopted an amendment to the Plan which froze future benefit accruals and froze future participation in the Plan for employees hired after April 1, 2012.

Pension Benefits

Employees are eligible for normal retirement benefits at age sixty-five. The Plan also has provisions for early retirement benefits. The retirement benefit is payable monthly as long as the participant is alive, with payments ceasing upon the participant's death. If the present value of the pension does not exceed $1,000, a lump-sum payment is automatic. Retirement benefits can also be paid in the form of a lump sum, joint and survivor annuity, or life annuity for a certain period.

The amount of normal annual pension benefits is equal to 1/12th of the sum of the pension credits for each year for which the participant is credited with a year of benefit service which is defined as having worked 1,000 hours during the year. A pension credit is equal to 1% of compensation for the plan year.

Death and Disability Benefits

Participants are eligible for pre-retirement death benefits if death occurs after five years of credited service or the participant is at least fifty-five years of age. The spouse will receive a benefit as though the participant retired on the date of death and elected a 50% qualified joint and survivor annuity, unless otherwise elected by the employee or beneficiary.

Participants are eligible for disability benefits if disability occurs after twenty years of credited service. The benefit will be the participant's accrued benefit to the date of disability or freeze date, whichever comes first.

NOTE A - DESCRIPTION OF PLAN - continued

Vesting

Participants are fully vested upon completion of five years of continuous service or attaining normal retirement age while still employed by the Company. Participants earn one year of continuous service for each year in which they are credited with at least 1,000 hours of service.

NOTE B - SUMMARY OF SIGNFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements are discussed in Note D. Purchases and sales are recorded on a trade date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. The accumulated plan benefits for active employees are based on the sum of 1/12 of 1% of compensation for each year of benefit service to date up until the applicable freeze date. Benefits payable under all circumstances such as retirement, death, disability, and termination of employment are included to the extent they are attributable to employee service rendered to the valuation date.

NOTE B - SUMMARY OF SIGNFICANT ACCOUNTING POLICIES - continued

Actuarial Present Value of Accumulated Plan Benefits - continued

The actuarial present value of accumulated plan benefits is determined by an independent actuary. The actuarial present value of accumulated plan benefits is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuations as of December 31, 2018 are:

a. Life expectancy of participants (based on the Internal Revenue Service (IRS) 2019 Small Plan Mortality tables for healthy participants and IRS Rev. Ruling 96-7 Post 94 Disablement for disabled participants)

b. Retirement age assumptions (assumed an average retirement age of sixty-five)

c. Rate of return on investments (7.5%)

d. Current liability interest rate (7.5%)

These actuarial assumptions are based on the presumption that the Plan will continue. Should the Plan terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2019. Had the valuation been performed as of December 31, there would be no material differences.

The actuarial present value of accumulated plan benefits is as follows:

	December 31, 2018
Vested benefits:	
Participant currently receiving payments	$ 1,403,040
Other participants	3,107,286
Total vested benefits	4,510,326
Nonvested benefits:	-
Total actuarial present value of accumulated plan benefits:	$ 4,510,326

NOTE B - SUMMARY OF SIGNFICANT ACCOUNTING POLICIES - continued

Actuarial Present Value of Accumulated Plan Benefits - continued

The changes in the actuarial present value of accumulated plan benefits are as follows:

Actuarial present value of accumulated plan benefits - beginning of year:	$ 3,888,033
Increase (decrease) during the year attributable to:	
Benefits accumulated and plan experience	153,724
Increase due to decrease in the discount period	312,692
Benefits paid	(418,605)
Change in assumptions	574,482
Net increase	622,293
Actuarial present value of accumulated plan benefits - end of year:	$ 4,510,326

Changes in actuarial assumptions, as reported on the January 1, 2019 actuarial valuation, consist of a reduction in the interest rates used and the most recent mortality tables.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities of the Plan are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. As of December 31, 2019 and 2018, one investment fund represented approximately 12% and 11% of the total investments, respectively.

NOTE B - SUMMARY OF SIGNFICANT ACCOUNTING POLICIES - continued

Risks and Uncertainties - continued

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

NOTE C - INVESTMENTS

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of, and for the years ended, December 31, 2019 and 2018. Accordingly, the custodian has certified that the investments and investment income (loss) are complete and accurate for 2019 and 2018. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and accompanying supplemental schedules.

At December 31, 2019 and 2018, the Plan's investments were held by the custodian, Wilmington Trust.

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures,* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs consist of unobservable inputs and have the lowest priority. The Plan uses valuation techniques based on the available inputs to measure the fair value of its investment. When available, the Plan measures fair value using Level 1 inputs because they provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 and Level 2 inputs are not available.

NOTE D - FAIR VALUE MEASUREMENTS - continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,633,893	$ -	$ -	$ 6,633,893
Money market account	-	722	-	722
	$ 6,633,893	$ 722	$ -	$ 6,634,615

	Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,879,733	$ -	$ -	$ 5,879,733
Money market account	-	374	-	374
	$ 5,879,733	$ 374	$ -	$ 5,880,107

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation (depreciation) in fair value of investments in the statements of changes in net assets available for benefits.

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2019 and 2018:

Mutual Funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Money Market Account: Money market accounts are valued at cost, which approximates fair value.

NOTE E - PLAN TERMINATION

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated after providing for any administrative expenses:

a. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for the three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.

b. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC), a United States government agency.

c. All other vested benefits (that is, vested benefits not insured by the PBGC).

d. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

Whether all participants receive their benefits should the Plan terminate at some future time, will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the level of benefits guaranteed by the PBGC.

NOTE F - FUNDING POLICY

Funding standards have been established by ERISA and the Internal Revenue Code (IRC) of 1954. The Company's funding policy is to make contributions under this Plan that meet or exceed the minimum funding standards while not exceeding the maximum funding standard. Any available accumulated funding credit is considered when determining the level of contribution. The Company met the minimum funding requirements for ERISA for 2019 and 2018.

NOTE F - FUNDING POLICY - continued

There are no required participant contributions, nor are voluntary contributions permitted by the participants under the Plan.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Should the Plan terminate at some future time, participants would become fully vested in their employer contributions.

NOTE G - PLAN TAX STATUS

The Plan obtained its latest determination letter dated August 9, 2012, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to income tax examinations by tax authorities for years before 2016.

NOTE H - TRANSACTIONS WITH PARTIES-IN-INTEREST

Plan investments are managed by Wilmington Trust, the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions. Transactions resulting in plan assets being transferred to or used by a related party are prohibited under ERISA unless a specific exemption exists. Wilmington Trust is a party-in-interest as defined by ERISA as a result of investing plan assets in their accounts and providing investment management services. However, these transactions are exempt under Section 408(b)(8) and are not prohibited by ERISA.

Expenses of administering the Plan are paid from plan assets or by the Company pursuant to provisions of the plan document. For the years ended December 31, 2019 and 2018, record keeping fees were paid from plan assets, and the Company paid the auditing and actuary fees and PBGC payment.

NOTE I - SUBSEQUENT EVENTS

Management has evaluated subsequent events through the date of the independent auditors' report, the date the financial statements were available to be issued.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. As a result, the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

The value of the Plan's investments has a direct impact on its funded status. As a result of the volatility in market value and possible changes to the actuarial assumptions used in determining the present value of accumulated plan benefits, the Plan Sponsor may need to make greater cash contributions to fund the Plan. Based on the Plan's funded percentage, there may be certain benefit limitations imposed. However, the actual impact, if any, on future required contributions, Plan liquidity, and benefit limitations cannot be determined at this time.

Schedule SB, Part V – Statement of Actuarial Methods and Assumptions

Actuarial Methods

Actuarial Cost Method	Method as prescribed by the Pension Protection Act of 2006
Valuation Date	First day of the Plan Year (January 1, 2019)
Asset Valuation Method	Fair Market Value, including contributions receivable

Prescribed Actuarial Assumptions

Interest Rates – Minimum Required Contribution and Funding Percentages	Each 24-month average segment rate is adjusted so that it is no less than 90% and no more than 110% of the corresponding segment rates for the 25-year period ending September 30, 2018; the applicable segment rates, taking into account the above corridor, are as follows: Benefit Payments occurring in Plan Years Beginning — Segment Rate 2019 – 2023 (5 years) — 3.74% 2024– 2038 (15 years) — 5.35% 2039 and beyond (more than 20 Years) — 6.11%
Effective Interest Rate – Minimum Required Contribution	5.66% based on above rates and expected benefit payments accrued to date; 5.85% was the effective rate for the prior year
Interest Rates – Maximum Contribution	24-month average corporate bond segment rates as of September 2018 (4 month lookback under the election of IRS Regulation 1.430(h)(2)-1(e)(2)); the applicable segment rates are as follows: Benefit Payments occurring in Plan Years Beginning — Segment Rate 2019 – 2023 (5 years) — 2.28% 2024– 2038 (15 years) — 3.81% 2039 and beyond (more than 20 Years) — 4.46%
Effective Interest Rate – Maximum Contribution	4.12% based on above rates and expected benefit payments accrued to date; 4.21% was the effective rate for the prior year
Interest Rates used for Asset Valuations	Because the third segment rate for the Minimum Required Contribution is higher than the third segment rate for the Maximum Contribution, asset values for calculating the Minimum Required Contribution may also be used for calculating the Maximum Contribution.
Pre- and Post-Retirement Mortality – Annuities	2019 static optional combined annuitant and non-annuitant mortality tables for small plans (male and female) as published by the IRS in regulation Notice 2018-02
Interest Rates – Lump Sums	Funding rates as required by IRS in Regulation 1.430(d)-1(f)(4)(iii)(B) (a rate of 5.50% is used when 415 limit applies)
Pre- and Post-Retirement Mortality - Lump Sums	2019 Applicable Mortality Table (blended 50% male/50% female) as published by the IRS in Notice 2018-02
Mortality Improvement	MP-2017 is included in the above mortality tables

Disability Rates	1987 Commissioner's Group Disability Table Male Standard; following are sample rates: Age — Male and Female Rates 25 — 0.04% 40 — 0.08% 55 — 0.48% The above is an estimation of the 50% Society of Actuary's Male 1987 Group Term Disability Table used by the prior Actuary.
Annual Benefit Limit	$225,000 for 2019
Beneficiary Assumption	100% of actives are assumed to be married at retirement, with the beneficiary being the opposite sex and females are 3 years younger than males
Lump Sum Election	70% election on lump sums; the normal form is assumed to be elected for all others
Expenses Paid from Plan Assets	Investment and Plan Related Expenses paid from Plan Assets are assumed to be equal to the prior year actual expenses

Plan Accounting Assumptions

Interest Rate	An annual rate of 7.50%, the expected long-term rate of return from the 2019 Disclosure Report. Previously, an annual rate of 8.50% was used
All Other Assumptions	Same as above

PBGC Premium Assumptions – Standard Method

Interest Rates	Segment rates published by the PBGC for the plan year: 3.38% for the first 5 years, 4.32% for the next 15 years and 4.69% for remaining years

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
