Notes to Financial Statements

Note 1 - Description of Plan

The following description of the News Communications Inc. 401(k) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the plan document or Summary Plan Description for a more complete description of the Plan’s provisions, which are available from the plan administrator.

General

The Plan is a qualified defined contribution plan sponsored by News Communications Inc. (the “Company”) for the benefit of all employees who are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Participants may contribute up to 80% of annual compensation as pre-tax contributions, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age fifty or older who are making contributions to the Plan are allowed to make catch-up contributions as defined in the Plan. The Company may, at its discretion, make a matching contribution for the plan year. The Company’s matching contribution is allocated to each eligible participant’s account who is employed on the last day of the plan year. There were no discretionary contributions for the year ended December 31, 2019. Contributions are subject to certain Internal Revenue Code (“IRC”) limitations.

Participant Investment Account Options

Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds and common collective trusts as investment options for participants.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Note 1 - Description of Plan (Continued)

Vesting

Participants' contributions plus actual earnings are 100% vested immediately. Employer contributions are subject to the following vesting schedule:

<u>Years of Service</u>	<u>Vested %</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. All the loans are required to be repaid within five years of the loan unless the purpose of the loan is the purchase of a primary residence. Participants may have no more than one loan outstanding at any one time. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service, due to death, disability or retirement, a participant or their beneficiary is entitled to the value of the participant's entire interest in his or her account. For termination of service due to other reasons, a participant is entitled to the value of the vested interest in his or her account. All payments are either a lump sum or in annual installments over a specified number of years.

Forfeitures

Forfeitures are used to reduce future employer contributions or pay plan expenses. At December 31, 2019 and 2018, forfeited nonvested accounts were immaterial.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies (Continued)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 15, 2020. The Plan distributed the 2018 excess contributions to the applicable participants prior to March 15, 2019.

New Accounting Pronouncement

In July 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-09, *Codification Improvements*, which makes changes to a variety of topics, to clarify, correct errors in, or make minor improvements to, the Accounting Standards Codification ("ASC"). The portion of ASU 2018-09 that is most applicable to the Plan relates to whether certain investments have a readily determinable fair value or qualify for the net asset value per share practical expedient in accordance with ASC 820, *Fair Value Measurement*. The standard is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. Management does not expect the adoption of ASU 2018-09 to have a material impact on the Plan's financial statements.

Note 3 - Fair Value Measurements

FASB ASC 820 provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NEWS COMMUNICATIONS INC.
401(k) RETIREMENT SAVINGS PLAN
Notes to Financial Statements

Note 3 - Fair Value Measurements (Continued)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

<u>Investments at Fair Value as of December 31, 2019</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Notes to Financial Statements

Note 3 - Fair Value Measurements (Continued)

- (a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) using the practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 4 - Information Prepared and Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company ("Reliance"), the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 5 - Related Party and Party-in-Interest Transactions

Certain plan investments are shares of common collective trusts managed by Reliance. Reliance is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The plan sponsor pays directly any other fees related to the Plan's operations. The notes receivable from participants also qualify as party-in-interest transactions.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to amend and/or terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

NEWS COMMUNICATIONS INC.
401(k) RETIREMENT SAVINGS PLAN
Notes to Financial Statements

Note 7 - Tax Status

The IRS has determined that the prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the IRC and informed the prototype plan sponsor of such in a letter dated July 8, 2014. The plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2019, approximately 16% of the Plan's investments were invested in the Putnam Equity Inc. - A fund.

Note 9 - Subsequent Events

The Plan has evaluated subsequent events through October 1, 2020, which is the date the financial statements were available to be issued. No significant matters, other than disclosed below, were identified for disclosure during this evaluation.

On March 11, 2020, the World Health Organization declared the outbreak of COVID-19 a pandemic. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. As a result, the Plan's investment portfolio has experienced significant volatility in fair value since December 31, 2019. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity cannot be determined at this time.
