## 1. Plan Description

The following description of CH Industries, Inc. (the "Company" or "Employer") 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

### *General*

The Plan is a defined contribution 401(k) plan available to qualifying employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

### *Administration*

The Company is the Plan administrator. The custodian of the Plan is Principal Life Insurance Company (the "Custodian").

### *Eligibility*

To be eligible to participate in the Plan, an employee must have attained the age of eighteen and have completed at least three months of service. Upon enrollment in the Plan, a participant may direct Company and participant contributions to any combination of twenty-nine investment options.

### *Contributions*

Participants may contribute up to 100% of their annual compensation, subject to certain limitations, with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. The Company may make discretionary contributions to the Plan as determined by its Board of Directors. No discretionary contributions were made during the year ended December 31, 2019.

### *Participant Accounts*

Each participant account is credited with the participant's and the Company's contributions and an allocation of net Plan earnings.

### *Vesting*

Participants are immediately vested in their voluntary contributions and any income or loss thereon. Effective 2012, the Plan became a safe harbor plan and the Plan was amended to allow participants to vest 100% of their interest in the Employer contributions. Effective June 20, 2013, the Company ceased making matching contributions and opted out of the safe harbor election.

### Payment of Benefits

Upon termination of service due to death, disability, retirement or separation, a participant or their surviving beneficiary, if applicable, may elect to receive their vested account balance in a lump-sum distribution or direct rollover into another qualified plan, individual retirement account ("IRA"), or Roth IRA. In addition, a participant may elect to receive a partial payment.

Actively employed participants who have reached age 59 ½ may begin withdrawing retirement benefits from the vested interest in their account. The Plan also allows participants to make hardship withdrawals, subject to provisions of the Plan, of some or all of their pretax contributions made to the Plan.

***Forfeitures***

Due to participants being 100% vested in their interest in the Employer contributions, as discussed above, there were no forfeited invested account balances at December 31, 2019 and 2018.

***Notes Receivable from Participants***

Participants may borrow up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The minimum loan amount is $1,000. Loan transactions are treated as a transfer to (from) the respective investment fund from (to) the fund stated as a Participant Loan Fund. The maximum repayment period is 5 years unless the loan is used to purchase a principal residence. The repayment period for a loan used to buy a principal residence cannot be longer than the repayment period currently in effect for a commercial home loan. The loans are secured by the balance in the participant's account and bear interest at rates from 5.25% to 7.50% as of December 31, 2019. A participant may have up to five loans at any time. Loan balances due from terminated participants may be deemed distributed to the participant at the time their balance is liquidated or the participant fails to timely repay their loan before their balance is liquidated.

***Administrative Expenses***

Certain administrative expenses of the Plan are paid directly by the Company and the Plan.

## 2. Summary of Significant Accounting Policies

***Basis of Accounting***

The accompanying financial statements have been prepared under the accrual method of accounting.

***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

***Investment Valuation and Income Recognition***

The Plan's investments are reported at fair value, with the exception of the Stable Value Fund which is reported at contract value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 6 for further discussion of fair value measurements. See Note 3 for further discussion of investments carried at contract value.

Purchases and sales of investments are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

The net appreciation of investments includes realized and unrealized investment gains and losses as well as capital gain distributions. Realized gains or losses on the disposal of securities are determined on the basis of the average cost of securities sold, while unrealized gains or losses are determined on the basis of the cost of securities held at the end of the year.

***Payment of Benefits***

Benefits are recorded when paid.

***Contributions***

Contributions are recorded on the accrual method of accounting. Contributions receivable are obligations arising from amounts owed to the Plan from participants or the Company that have not been included in the Plan's investments at year end. Contribution receivables are recorded at cost, which approximates their fair value. There was no contribution receivable at December 31, 2019 or 2018.

***Excess Contributions Payable***

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 15, 2020.

***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document. There was no allowance at December 31, 2019 or 2018 as the loans are fully collateralized by the participants' accounts.

***Recently Adopted Accounting Pronouncements***

In January 2016, Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2016-01, *Financial Instruments - Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities*, which addresses certain aspects of recognition, measurement, presentation, and disclosure of financial instruments. ASU 2016-01, among other things, removed the requirement for employee benefit plans to make certain disclosures related to the fair value of financial instruments not recorded at fair value. ASU 2016-01 also changed the Financial Accounting Standards Board ("FASB") master glossary term "readily determinable fair value". Upon adoption of ASU 2016-01, the Plan determined certain investments previously defined as using the net asset value ("NAV") per share as a practical expedient for fair value are considered to have a readily determinable fair value. ASU 2016-01 did not have a material impact on the Plan's financial statements. Refer to "Note 6 - Fair Value Measurements" for additional information about the pooled separated accounts.

*New Accounting Pronouncements*

In September 2018, the FASB issued ASU No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 amends the disclosure requirements for recurring and nonrecurring fair value measurements by removing, modifying and adding certain disclosures. ASU 2018-13 removes the following disclosures: the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy; the policy for timing of transfers; the valuation process for Level 3 fair value measurements; and changes in the unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period. The ASU modifies the following disclosure requirements: transfers in and out of Level 3 and purchases and issues of Level 3 assets and liabilities; for investments in certain entities that calculate net asset value, the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse if timing has been communicated or announced publicly; and clarifies that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date. The additional disclosures required under ASU 2018-13 are applicable only for public entities. The ASU is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. Certain amendments of the ASU may be applied prospectively while others should be applied retrospectively to all periods presented upon the effective date. It is permissible to early adopt any removed or modified disclosures and delay adoption of the additional disclosures, if applicable, until the effective date. Plan management is currently evaluating the impact that the ASU will have on the plan financial statements.

## 3. Investment Contract with Trust Company

The following table provides information as of December 31, 2019 and 2018 about the financial assets carried at contract value:

| As of December 31, | 2019 | 2018 |
|---|---|---|
| Financial asset at contract value: | | |
| Stable Value Fund | $ 865,023 | $ 1,366,073 |

The Plan has invested in a benefit-responsive investment contract (the Principal Stable Value Fund) with Union Bond & Trust Company ("Union Bond"). Union Bond maintains these funds as part of a separate trust established solely for the participants of the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement amount for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Union Bond, represents contributions made under the contract, plus income, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. No reserves exist against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer.

Certain events may limit the Plan's ability to transact at contract value with the issuer. Such events could include the following: (1) amendments to plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options, (3) bankruptcy of the plan sponsor or other plan sponsor events that cause a

significant withdrawal from the plan, or (4) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

## 4. Investments

Net appreciation of the Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, were as follows:

| *Year ended December 31,* | 2019 |
|---|---|
| Stable value fund | $ 22,865 |
| Pooled separate accounts | 778,460 |
| Mutual funds | 284,545 |
| | $ 1,085,870 |

## 5. Information Certified by the Plan's Custodian (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate.

- Investments as reflected in the Statements of Net Assets Available for Plan Benefits as of December 31, 2019 and 2018;
- Net total investment income, as reflected in the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2019;
- Investment values disclosed in Note 6;
- Investment information disclosed in Note 4; and
- Investments, as reflected in Schedule H, line 4i - Schedule of Assets (Held at End of Year) - as of December 31, 2019.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

## 6. Fair Value Measurements

The accounting standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

*Basis of Fair Value Measurement*

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that required inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for plan benefits:

Mutual Funds

Mutual funds represent investments with various investment managers. The fair value of these investments is determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the quoted net asset value as of December 31, 2019 and 2018.

Pooled Separate Accounts

The assets of each of the pooled separate accounts are designed to deliver safety and stability by preserving principal and accumulating earnings. The separate account assets include, but are not limited to, contributions invested in domestic and international common stocks, high-quality short-term debt securities, real estate, private market bonds and mortgages, and high-yield fixed income securities that are slightly below investment grade, all of which are valued at fair value. The fair value of the underlying mutual funds and equity securities are based on quoted prices of identical assets. The fair value of the underlying fixed income securities are based on third-party pricing vendors that utilize observable market information.

The following tables set forth by level within the fair value hierarchy the Plan's investment assets at fair value, as of December 31, 2019 and 2018.

| | Investment Assets at Fair Value as of December 31, 2019 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 1,180,166 | $ - | $ - | $ 1,180,166 |
| Pooled separate accounts ** | 4,690,341 | - | - | 4,690,341 |
| Total investments in fair value hierarchy | 5,870,507 | - | - | 5,870,507 |
| Investments at contract value: | | | | |
| Stable value fund * | - | - | - | 865,023 |
| Total investments | $ 5,870,507 | $ - | $ - | $ 6,735,530 |

| | Investment Assets at Fair Value as of December 31, 2018 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Mutual funds | $ 1,231,987 | $ - | $ - | $ 1,231,987 |
| Total investments in fair value hierarchy | 1,231,987 | - | - | 1,231,987 |
| Investments at net asset value: | | | | |
| Pooled separate accounts * | - | - | - | 3,190,115 |

| Stable value fund * | - | - | - | 1,366,073 |
| Total investments | $ 1,231,987 | $ - | $ - | $ 5,788,175 |

* In accordance with Subtopic 820-10, certain investments that were measured at NAV or contract value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.
** Upon adoption of ASU 2016-10 at January 1, 2019, pooled separate accounts are classified in the fair value hierarchy and valued at fair value.

## 7. Risks and Uncertainties

The Plan provides for various investment options of specified registered investment companies. Such investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participant account balances and the amounts reported in the Statement of Net Assets Available for Plan Benefits.

## 8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of a plan termination, the assets of the Plan, less expenses and liquidation costs, shall be distributed to the Plan participants.

## 9. Income Tax Status

In an opinion letter dated March 31, 2014, the Internal Revenue Service stated that the prototype plan upon which the Plan is based qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. Certain amendments have been made to the Plan since the letter was received, however the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2016 .

## 10. Related Party Transactions

Certain Plan investments are shares of pooled separate accounts managed by the custodian or affiliates of the custodian, as defined by the Plan. Investments managed by the custodian and their affiliates are considered party-in-interest transactions.

## 11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500:

| *December 31,* | 2019 | 2018 |

| Add: Other adjustments | 312 | 149 |
| Net assets available for plan benefits per Form 5500 | $ 7,013,344 | $ 6,003,752 |

| Net increase in assets available for plan benefits per Form 5500 | $ 1,009,592 |

## 12. Subsequent Events

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. As a result, the Plan's investment portfolio has incurred a significant decline in fair value since December 31, 2019. Because the values of the Plan's investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security ("CARES") Act." The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and did not implement these provisions.

For purposes of determining the effects of subsequent events on these financial statements, Plan management has evaluated events subsequent through October 2, 2020, the date of which the financial statements were available to be issued.
