Note 1: Description of the Plan

The following description of the Vista Pacifica Enterprises, Inc. 401(k) Profit Sharing Plan I (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement or summary Plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on October 1, 1993, which was adopted by Vista Pacifica Enterprises, Inc. (the "Company") under the provisions of Section 401(k) of the Internal Revenue Code of 1986 ("IRC") and is subject to the requirements of the Employee Retirement Income Security Act of 1974 ("ERISA") and IRC, as amended. On January 1, 2017, Community Care Palm Safe Harbor 401(k) Plan merged into the Plan.

Eligibility

The purpose of the Plan is to provide retirement benefits for substantially all employees who are a minimum of 21 years of age and have completed one year of service consisting of at least 1,000 hours. Employees become eligible to enroll on a semiannual basis following the satisfaction of eligibility requirements.

Contributions

Participants may elect to contribute up to 100% of their annual wages for up to a maximum deferral limitation, as defined in the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Prior to January 1, 2018, the Company made safe harbor contributions equal to 3% of Plan compensation. Effective January 1, 2018, the Plan document was amended to eliminate the safe harbor provisions from the Plan and the Company may make discretionary matching and profit-sharing contributions. To be eligible for employer profit-sharing contribution, a participant is required to be an employee of the Company as of the last day of the Plan year. During 2019, the Company elected to contribute a discretionary profit-sharing contribution for all eligible participants. The employer profit-sharing contribution of $318,057 was remitted to the Plan in September 2020 and is accordingly reported as a contribution receivable in the accompanying statements of net assets available for benefits. The Company did not make a discretionary matching contribution in 2019.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant earnings, deferrals or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1: Description of the Plan (Continued)

Vesting

Participants are immediately vested in their voluntary, rollover, and qualified safe harbor nonelective contributions plus actual earnings thereon. Vesting in the Company's matching and profit-sharing contributions plus actual earnings thereon is based on years of continuous service. A participant becomes 100% vested in discretionary contributions after three years of service.

Benefit Payments

If a participant's employment ceases as a result of death or disability, the entire account becomes fully vested, and the participant or his or her beneficiary(ies) is entitled to receive the contents of the account. If participation is terminated for any other reason, the participant is entitled to receive only the vested percentage of the account. A participant or his or her beneficiary(ies) with a vested value in the Plan of more than $5,000 may elect to receive benefits in a single lump sum or in installments. Terminated employees with a vested value in the Plan of $5,000 or less receive benefits in an involuntary lump-sum distribution. Additionally, upon attaining the age of 59½, a participant is allowed to withdraw funds from their vested account balance.

Forfeitures

Forfeitures of the employee's nonvested portion of the Company's discretionary or nonelective contributions are used to reduce future employer's contributions or to pay Plan expenses. During the year ended December 31, 2019, $30,086 of forfeitures was utilized by the Company to reduce employer contributions. As of December 31, 2019 and 2018, forfeited nonvested accounts totaled $9,901 and $38,132, respectively, and are included in cash and cash equivalents in the accompanying statements of net assets available for benefits.

Administrative Expenses

Certain administrative expenses incurred by the Plan are absorbed by the Company, and such expenses are not recorded in the Plan's financial statements. Additionally, certain administrative functions are performed by officers or employees of the Company; however, no such office or employee received compensation from the Plan. The administrative expenses that are paid by the Plan consist of third-party administrator fees and other administrative fees charged by the custodian.

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair value of investments.

Note 2: Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

At December 31, 2019 and 2018, the fair value of the Plan's investments in pooled separate accounts and the stable value fund is measured using the net asset value per share ("NAV") as a practical expedient. Each unit in these accounts invests directly in a unit of the underlying investment. Unit values are calculated based on the observable NAV of the underlying investment in the funds, as more fully described in Note 9.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gains and/or losses are reported the day after the trade date.

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments.

Brokerage fees are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The process of preparing financial statements in accordance with US GAAP requires the use of estimates and assumptions regarding certain types of assets and liabilities, revenues and gains, and expenses and losses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

Note 3: Concentrations, Risks, and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 4: Information Prepared and Certified by the Custodian

Certain information disclosed in the accompanying financial statements and supplemental schedules, including investments and cash and cash equivalents held at December 31, 2019 and 2018, and net appreciation in fair value of investments for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.) ("John Hancock"), the custodian of the Plan.

Note 5: Withdrawn Participants

At December 31, 2019 and 2018, there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not been paid.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants would become fully vested in their accounts.

Note 7: Parties in Interest

The investments in pooled separate accounts and the stable value fund are managed by John Hancock, the custodian as defined by the Plan, and therefore, these investments qualify as party-in-interest transactions. The Plan also has a number of service providers. Such providers are parties in interest under ERISA.

Note 8: Tax Status

The Plan is based on the Prototype Defined Contribution Volume Submitter Plan and Trust with Tru-Retirement Inc., which received a determination letter from the Internal Revenue Service ("IRS") dated November 30, 2014, stating that the prototype plan was designed in accordance with the provisions of the IRC. The Plan has been amended since receiving the determination letter, but the Plan has not filed for its own determination letter from the IRS. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and it also believes that the Plan is qualified and the related trust is not subject to tax under present income tax law.

Note 8: Tax Status (Continued)

US GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan; it has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

Note 9: Net Asset Value per Share

The following table for December 31, 2019, sets forth a summary of the Plan's investments whose fair value is estimated using NAV (or its equivalent) as a practical expedient:

	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Pooled Separate Accounts	$ 3,093,801	None	Daily	None	None
Stable Value Fund	52,669	None	Daily	None	None
	$ 3,146,470				

The following table for December 31, 2018, sets forth a summary of the Plan's investments whose fair value is estimated using NAV (or its equivalent) as a practical expedient:

	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Pooled Separate Accounts	$ 2,327,253	None	Daily	None	None
Stable Value Fund	113,240	None	Daily	None	None
	$ 2,440,493				

Note 10: Nonexempt Prohibited Transaction

The Plan had withholdings of employee contributions that were not allocated to participants' accounts within the time frame guidelines outlined by the Department of Labor. These contributions are considered prohibited transactions and are reported on Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the Plan year ended December 31, 2019. The Company is aware of the occurrences and has properly commenced the corrections of these delinquent contributions under self-correction programs allowed by the Department of Labor.

Note 11: Subsequent Events

Events occurring after December 31, 2019, have been evaluated for possible adjustment to the financial statements or disclosure as of October 1, 2020, which is the date the financial statements were available to be issued.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of an outbreak of a new strain of coronavirus ("COVID-19") and the risks that it posed to the international community as the virus spread globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. The pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. As a result, the Plan's investment portfolio has incurred significant volatility in fair value since December 31, 2019. Because the values of the Plan's individual investments have and will continue to fluctuate in response to changing market conditions, the amount of loss recognized for subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"). The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management is currently evaluating the impact of the CARES Act on the Plan's financial statements.
