1. Description of Plan

The following description of the TC Jeep 401(K) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution plan more commonly known as a 401 (K) plan covering all employees of the Company and its wholly owned subsidiaries who have met certain requirements as to age and length of service as laid out in the Plan Document. The Plan was established on January 1, 1999 and was amended on January 1, 2018. The Plan is subject to the provisions of the Employees Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

b. Eligibility

Employees are eligible to participate in the Plan once they have reached age 21 and completed three months of service with any of the participating employers. Automatically excluded employees are those non-resident aliens who do not receive compensation from any U.S. sources.

c. Contributions

Each year participants may contribute up to 92% of the participant's annual compensation, not to exceed $19,000 for the year ended December 31, 2019. The annual base salary for purposes of the Plan is limited by the Internal Revenue Code ("IRC") to $280,000 for the year ended December 31, 2019. A participant may also rollover amounts representing distributions from other qualified contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

A participant aged 50 and older is permitted to make additional catch-up deferral contributions up to $6,000 during the year ended December 31, 2019.

d. Participants Accounts

Each participant's account is credited with the participant's voluntary contribution and Plan earnings, which are allocated proportionately among all participants based on their investment in each fund. Investments are participant directed.

1. Description of Plan (continued)

d. Participants Accounts (continued)

Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific transactions, as defined by the Plan.

e. Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service or at the Normal Retirement Date. Upon disability or death, participants become fully vested.

f. Notes Receivable from Participants

The Plan allows the participant to borrow a portion of the balance in his/her Plan account, subject to the approval of the Plan Administrator. The maximum aggregate dollar amount of loans outstanding to any participant may not exceed the participant's vested interest in the Plan. The Plan allows two outstanding loans any time for each participant. The interest rate is determined by the Plan Administrator commensurate with prevailing interest rates. Interest rates on outstanding notes receivable ranged between 5.25% and 6.50% for the two years ended December 31, 2019 and 2018.

g. Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive benefits by a lump-sum amount equal to the value of the participant's vested interest in their account in cash, by a joint and survivor annuity, a life annuity made over the remaining life of the participant or payments made over the life of the participant and a designated beneficiary.

h. Forfeited Accounts

Non–vested portions of a participant's account balance will be forfeited when the participant receives a distribution of the entire vested benefits. The forfeited amounts are transferred to a holding account until they are used to first pay any plan expenses, then if any forfeitures remain they will reduce participating employers' matching contributions. During the year ended December 31, 2019, there were no forfeited non-vested amounts. For the years ended December 31, 2019 and 2018, the forfeiture account had a balance of $0.01.

2. Summary of Significant Accounting Policies

a. Date of Management's Review of Subsequent Events

The company has evaluated events occurring subsequent to December 31, 2019 through October 4, 2020, the date on which the financial statements were available to be issued.

b. Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles generally accepted in the United States of America ("GAAP"), requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosures and changes therein of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

c. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

d. Notes Receivable from Participants

Notes to participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

e. Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Accounting Policies (continued)

g. Payment of Benefits

Benefits are recorded when paid.

h. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 15, 2020.

i. Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

3. Fair Value Measurements (continued)

Level 2 Fair Value Measurements
Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Pooled Separate Accounts				
Mutual Funds [1]	**$ -**	**$ -**	**$ -**	**$ 4,253,113**
Total assets at net asset value	**$ -**	**$ -**	**$ -**	**$ 4,253,113**

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts				
Mutual Funds [1]	$ -	$ -	$ -	$ 3,136,482
Total assets at net asset value	$ -	$ -	$ -	$ 3,136,482

[1] Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of financial position.

3. Fair Value Measurements (continued)

The mutual funds are held in separate investment accounts, which are valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, which include a mix of U.S. and international equities, fixed income investments, and cash. There are no restrictions on redemptions and no unfunded commitments.

- The U.S. equities investments include a mix of predominately U.S. commons stocks, bonds, and cash.
- The international equities investment includes a mix of predominately foreign common stocks and cash.
- The fixed income investment includes a mix of domestic and foreign securities, including corporate obligations, government securities, mortgage-backed and other asset-backed securities, preferred stocks, and cash.

4. Pooled Separate Accounts

The Plan entered into a group variable funding agreement with Voya Retirement Insurance and Annuity Co.. Assets for the investment option sub-accounts are valued using the valuation of sub-account assets.

Pooled Separate Account with underlying mutual fund investments are measured at fair value based on the net asset value ("NAV") used as the practical expedient.

5. Guaranteed Investment Contracts with Insurance Company

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Voya Retirement Insurance and Annuity Co. called the Voya Fixed Account (4633). Voya Retirement Insurance and Annuity Co. maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals or distributions and administrative expenses. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals or distributions and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

5. Guaranteed Investment Contracts with Insurance Company (continued)

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay principal and interest at a specified interest rate that is guaranteed to the Plan. There are no reserves against the Voya Retirement Insurance and Annuity Co. contract value for credit risk of the contract issuer. The crediting interest rate is based on a formula established by the contract issuer, but may not be less than 1%, during 2019. The crediting rate is reviewed on an annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

The following is a schedule reflecting the contract value of traditional investment contracts held by the Plan as of December 31, 2019 and 2018, respectively.

	2019	2018
Guaranteed investment contract	**$ 241,271**	$ 226,552

6. Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Voya Retirement Insurance and Annuity Co., the trustee of the Plan, at December 31, 2019 and 2018. The information has not been audited by the independent auditors.

	2019	2018
Investments at net asset value:		
Pooled separate accounts - mutual funds	**$ 4,253,113**	$ 3,136,482
Guaranteed investment contract	**241,271**	226,552
Total certified assets	**$ 4,494,384**	$ 3,363,034
Investment Loss:		
Net appreciation in fair value of investments	**$ 943,908**	
Interest on guaranteed investment contract	**2,323**	
	$ 946,231	

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

8. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the Determination Letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than now would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Party-in-Interest Transactions

Certain Plan assets are shares of mutual funds managed by Voya Retirement Insurance and Annuity Co. ("VOYA"). VOYA is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $12,770 for the year ended December 31, 2019.

10. Risks and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investment will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. Subsequent Events

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 (a.k.a. COVID-19) as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the return on investment options offered under Plan provisions. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain and cannot be predicted.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

No other subsequent events were identified through October 4, 2020, the date these financial statements were issued.
