CVS Health Puerto Rico Savings Plan

Notes to Financial Statements

NOTE 1 – THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

General – The following description of the CVS Health Puerto Rico Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established in 2005 by Caremark Corporation (Caremark). Effective March 22, 2007, Caremark merged with CVS Corporation. Effective September 23, 2008, sponsorship of the Plan transferred from Caremark to CVS Health Corporation (CVS) to provide benefits to eligible employees, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code for a New Puerto Rico (the Code), as amended, and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration – CVS has appointed the Benefit Plans Committee (the Committee) to manage the operation and administration of the Plan. Effective January 2009, the Committee further named the Administrative Subcommittee and the Investment Subcommittee and delegated certain fiduciary duties to each of the Subcommittees. CVS has contracted with Oriental Bank and Trust (Oriental) to act as the Trustee, with Vanguard Group, Inc. (Vanguard) to act as the Custodian and recordkeeper (effective January 1, 2019), with Mid-Atlantic Trust Company (Mid-Atlantic) serving as the Custodian (through December 31, 2018). Substantially all expenses incurred for administering the Plan are paid by CVS.

Estimates – The preparation of Financial Statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of accounting – The Financial Statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America. Benefit payments are recorded when paid.

Forfeited accounts – Forfeited accounts may be used to pay Plan administrative expenses or reduce employer contributions.

Investment valuation and income recognition – The investments are reported at fair value. The Plan's Custodians, Vanguard and Mid-Atlantic, certified the fair market value of all investments. Quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants (notes receivable) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions upon the occurrence of a distributable event based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Notes to Financial Statements

Income taxes – The Plan has been amended since receiving the most recent determination letter from the Commonwealth of Puerto Rico Treasury Department dated September 26, 2016, stating that the Plan meets the requirements of Section 1081.01(d) of the Code, and that the trust established will be entitled to exemption from local income taxes. The Plan Administrator believes the Plan is being operated in compliance with applicable requirements of the currently effective Code, and therefore believes that the Plan, as amended and restated, is qualified and the related trust is tax-exempt.

In accordance with guidance on accounting for uncertainty in income taxes (ASC 740-10), management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the Financial Statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

Risks and uncertainties – The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Subsequent events – The Plan has evaluated subsequent events through October 2, 2020, which is the date the Financial Statements were available to be issued.

NOTE 2 – FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

What follows are descriptions of the valuation methodologies used for assets measured at fair value. There have been no change in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Units held in the common collective trust (CCT) are valued using the NAV practical expedient of the CCT as reported by the CCT manager. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The CCT has no restrictions and may be redeemed daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2019		
	Level 1	Level 2	Level 3
Mutual funds	\$ 7,282,476	\$ -	\$ -
Total assets in the fair value hierarchy	\$ 7,282,476	\$ -	\$ -
Investment measured at NAV practical expedient			1,242,033
Investments at fair value			\$ 8,524,509

	2018		
	Level 1	Level 2	Level 3
Mutual funds	\$ 749,208	\$ -	\$ -
Investments at fair value	\$ 749,208	\$ -	\$ -

NOTE 3 – PARTICIPATION AND BENEFITS

Participant contributions – Participants may elect to have CVS contribute their eligible pre-tax compensation to the Plan up to the amount allowable under the Plan document and current income tax regulation. Participants who have CVS contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other Puerto Rico tax-qualified retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer contributions – CVS is allowed to make matching contributions to the Plan as defined by the Plan. Beginning in 2018, match was funded based on a per-pay period formula. CVS matched 100% of each eligible participant's contribution up to a maximum of 5% of the participant's eligible compensation. In addition, CVS is allowed to make qualified matching, qualified nonelective, and discretionary employer contributions, as defined in the Plan and as approved by the Board of Directors.

Participant accounts – Each participant's account is credited with the participant's contribution, Plan earnings or losses, and an allocation of CVS's contributions, if any. Allocations of CVS's contributions are based on participant contributions and eligible employee compensation, as defined in the Plan.

Vesting – Participants are immediately vested in their entire account, including employer contributions.

Payment of benefits – Upon termination, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in partial or a lump sum amount equal to the value of the participant's interest in their account. The Plan allows for the automatic distribution of participant account balances that do not exceed \$5,000.

Notes receivable from participants – The Plan allows participants to borrow up to 50% of their account balance. The notes receivable are secured by the participant's balance. Such notes receivable bear interest at the available market financing rates and must be repaid to the Plan within a period not to exceed five years, unless the proceeds are used for the purchase of a principal residence, in which case the maximum repayment period may not exceed 15 years. The specific terms and conditions of such notes receivable are established by the Plan Administrator. Outstanding notes receivable at December 31, 2019, carry interest rates ranging from 4.25% to 6.5%.

NOTE 4 – RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by an affiliate of Vanguard, the Custodian and recordkeeper of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 5 – CERTIFIED INFORMATION

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard and Mid-Atlantic, respectively, have certified to the completeness and accuracy of:

- Investments reflected in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018;
- Net appreciation in fair value of investments, dividends, and interest reflected in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019; and
- Investments reflected on the Schedule of Assets (Held at End of Year), except for participant loans.

NOTE 6 – PLAN TERMINATION OR MODIFICATION

CVS intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA.

NOTE 7 – ASSETS IN-TRANSIT

Effective January 1, 2019, Vanguard was appointed as Custodian and recordkeeper of the Plan. As part of the transition, approximately \$4,962,000 of assets were in-transit and being re-registered to Vanguard. These assets settled and were received by Vanguard on January 2, 2019.

NOTE 8 – SUBSEQUENT EVENTS

On January 30, 2020, the World Health Organization (WHO), announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the COVID-19 outbreak). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. As a result, the Plan's investment portfolio has been subject to significant volatility in fair value since December 31, 2019. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses, if any, that might be recognized in subsequent periods, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.
