NOTE A - DESCRIPTION OF THE PLAN

The following description of the Upstaging, Inc. 401(k) Savings Plan (the Plan) provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

1. General

   The Plan is a defined contribution and 401(k) plan covering eligible employees of Upstaging, Inc. (the Company). Employees are eligible to contribute to the Plan on the first day of the month upon attaining age 18 and upon completion of 30 days of service from employment commencement date. Participants are eligible for discretionary Company matching contributions upon completion of 30 days of service and being employed on the last day of the plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

   The Plan is funded by voluntary contributions of participants and discretionary matching contributions of the Company. Participants may contribute to the Plan, through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code. Participants may also roll over amounts representing distributions from other qualified employee benefit plans. The Company accrued discretionary matching contributions of $674,750 to the Plan for the year ended December 31, 2019.

3. Investment Options

   Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the Plan Administrator. Participants may change their investment options at any time.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

4. Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's discretionary matching contributions, and an allocation of plan earnings. The Company's discretionary matching contribution is allocated based on a percentage of the participant's contribution. Plan earnings are allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

5. Vesting

Participants are immediately fully vested in participant and rollover contributions plus the actual earnings thereon. The portion of the participants' accounts attributable to the Company's contributions became 20% vested after two years of service and continued to vest at the rate of 20% for each successive year until 100% vested after six years of service. Effective January 1, 2019, the portion of the participants' accounts attributable to the Company's contributions becomes 33% vested after one year of service, 66% vested after two years of service, and 100% vested after three years of service. In the event of death, disability, or retirement at designated ages, participants become fully vested.

6. Payment of Benefits

On termination of service, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance or a direct rollover distribution. In-service withdrawals are permitted upon attainment of age 59 1/2. Hardship withdrawals are also permitted by the Plan.

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants are permitted to take loans from the Plan up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are collateralized by the borrowers' respective vested account balances and bear interest at rates ranging from 4.25% to 8.50%. Principal and interest are paid through payroll deductions over a period not to exceed five years, unless for the purchase of a primary residence.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

8. Administrative Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation in value of investments.

9. Forfeitures

At December 31, 2019 and 2018, unallocated plan assets resulting from forfeited nonvested accounts totaled $12,201 and $6,864, respectively. These accounts will be used to reduce future discretionary Company contributions. No forfeitures were used to reduce discretionary Company contributions during 2019. In June 2020, forfeitures of $12,415 were used to reduce discretionary Company contributions related to the Plan year ended December 31, 2019. The employer contribution receivable balance at December 31, 2019 is stated net of forfeitures.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. Fair Value Measurements

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

Level 2 Inputs to the valuation methodology include the following:

* Quoted prices for similar assets or liabilities in active markets;
* Quoted prices for identical or similar assets or liabilities in inactive markets;
* Inputs other than quoted prices that are observable for the asset or liability;
* Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

Stable value collective trust fund: A stable value fund that is composed primarily of bonds backed by the U.S. government, its agencies, instrumentalities and enterprises backed by investment contracts that is valued at the NAV of units of the collective trust. The NAV is used as practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Plan Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 19,234,921	$ -	$ -	$ 19,234,921
Total assets in the fair value hierarchy	$ 19,234,921	$ -	$ -	19,234,921
Investments measured at NAV*				512,208
Investments, at fair value				$ 19,747,129

2. Fair Value Measurements (Continued)

	Plan Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 15,008,013	$ -	$ -	$ 15,008,013
Total assets in the fair value hierarchy	$ 15,008,013	$ -	$ -	15,008,013
Investments measured at NAV*				487,499
Investments, at fair value				$ 15,495,512

* Certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments, at fair value line item presented in the statements of net assets available for benefits.

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2019 and 2018, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Stable value collective trust fund	$ 512,208	$ -	None	12 months

Stable value collective trust fund	$ 487,499	$ -	None	12 months
	$ 487,499	$ -		

3. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note B-2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

4. Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

5. Payment of Benefits

Benefits are recorded when paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

6. Accounting for Uncertainty in Income Taxes

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

NOTE C - INFORMATION CERTIFIED BY BANK OF AMERICA, N.A.

The following is a summary of the Plan's asset information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental information, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental information related to the following assets:

	2019	2018
Investments, at fair value		
Mutual funds	$ 19,234,921	$ 15,008,013
Stable value collective trust fund	512,208	487,499
Notes receivable from participants	357,148	387,006
	$ 20,104,277	$ 15,882,518

The trustee also certified the completeness and accuracy of $3,206,402 of net appreciation in value of investments and $1,063,678 of interest and dividend income related to the aforementioned investments, and $14,575 of interest from notes receivable from participants for the year ended December 31, 2019.

NOTE D - INCOME TAX STATUS

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become fully vested in their respective account balances.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE G - PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by Bank of America, N.A. Bank of America, N.A. is the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

The Plan issues loans to participants, which are secured by the vested balance in the participant's accounts and certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as party-in-interest. Employees of the Company provide administrative services to the Plan for which no fees are charged.

NOTE H - EXCESS CONTRIBUTIONS PAYABLE

Excess contributions and earnings payable represents amounts withheld from participants in excess of IRS limitations that are to be refunded at year end. As of December 31, 2018, $66,274 of excess contributions and earnings thereon are required to be refunded prior to December 31, of the subsequent year. These amounts were refunded to participants prior to March of the year following the plan year end. Excess contributions and earnings are netted against contributions and interest income in the statements of changes in net assets available for benefits.

NOTE J - PLAN AMENDMENT

Effective January 1, 2019 the Plan was amended to change the vesting employer match vesting schedule, (Note A-5). Significant provisions of the amended and restated plan document are consistent with those of the current plan document. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

NOTE K - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 5, 2020, the date that these financial statements were available to be issued. Plan management has determined that no events or transactions have occurred, other than the events noted below and those described in Note A-9, subsequent to the statement of net assets available for benefits date that require disclosure in the financial statements.

Effective January 1, 2020, the Plan was amended in accordance with the Bipartisan Budget Act to eliminate requirements related to participant hardship withdrawals. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

The direct and indirect impacts of the current COVID-19 outbreak on the Plan are currently unknown, as is the duration and severity of any impacts that the Plan Sponsor may experience. Plan management is currently unable to quantify the effects that this situation will have on the Plan.

Effective April 14, 2020 and as a result of the outbreak mentioned above, the Plan was amended to incorporate various provisions of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). The provisions of the amendment allow for in-service distributions up to $100,000 without penalty for those under 59 1/2 and taxed ratably over a three-year period. Repayment is not required, but participants may repay the distribution over a three year period. Additionally, the intended amendment allows for participant loan borrowings up to the lesser of 100% of the participant's account balance or $100,000. This increase is temporary and is set to expire on September 22, 2020 when the maximum borrowings will revert back to $50,000 (Note A-7). Eligible participants for these withdrawals and other adopted amendment provisions must meet certain criteria as outlined by the CARES Act. Interested parties should refer to the plan amendment and the CARES Act for a more complete description of the provisions.
