Independent Auditor's Report

To the Plan Committee Members of
VIZ Media, LLC 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of VIZ Media, LLC 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by AXA Equitable Life Insurance Company ("AXA") which has a trust agreement with Reliance Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that AXA holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from AXA as of December 31, 2019 and 2018 and for the year ended December 31, 2019 that the information provided to the Plan administrator by AXA is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of Schedule H, Part IV, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 31, 2019 and Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2019 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by AXA, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following description of the VIZ Media, LLC (the "Company") 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan provisions.

General – AXA Equitable Life Insurance Company ("AXA") appointed Reliance Trust Company as a trustee under the term of a trust agreement which is the IRS pre-approved Plan and Trust. The Plan is a defined contribution plan. Contributions to the Plan are authorized under Section 401(k) of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility – All employees, excluding interns, certain nonresident aliens and employees who are covered by a collective bargaining agreement, who have attained the age of twenty-one during the Plan year, and have completed at least 250 hours of service during the first 3 months of employment or the completion of a year of service defined by the Plan, if earlier, are eligible to participate in the Plan. Effective July 1, 2018, the Plan was amended and there is no minimum service requirement. Employees become eligible and automatically enrolled in the Plan (1) on or after the automatic deferral provisions effective date or (2) if the participant who was previously automatically enrolled under a prior Plan document who has not made a salary deferral election or election not to defer.

Contributions – Participants may elect to make contributions to the Plan as a specific percentage of their compensation or dollar amount, to be credited to the participants' deferral account, subject to a maximum of $19,000 in 2019 and $18,500 in 2018 as set forth by Section 401(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make an additional $6,000 ("catch-up contribution") in 2019 and 2018 above the annual limit. The Company provides discretionary pro-rata contribution. For the year ended December 31, 2019, the Company provided a $0.50 matching contribution per $1.00 of each participant's contributions, up to 3% of the participant's annual compensation.

Vesting – Participants are 100% vested in their account attributable to their salary deferrals and rollovers plus actual earnings thereon. Participants have complete ownership rights to their salary deferrals and rollovers plus actual earnings. The portion of a participant's account that is attributable to his or her matching contribution is determined under the following schedule and is based on vesting years of service:

1. Description of Plan (continued)

Vesting (continued)

Years of Service	Vesting Percentages
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Participant Accounts – Each participant's account is credited with the participant's contributions, the Company's contributions, and a pro rata share of investment income earned by the respective investments into which the participants have directed their account balances. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Investment Options – Participants may direct the investment of their accounts by choosing among the investment options allowed under the Plan. The Plan currently offers investments in various pooled separate accounts and a guaranteed account. Participants may change investments and transfer amounts between funds daily.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their total vested account balance on the date the loan is granted. Loan terms may not exceed five years, except for the purchase of the participant's principal place of residence, as defined. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest that is based on the prime rate plus 1% point published in The Wall Street Journal on the first business day of each month.

At December 31, 2019, one participant had a note outstanding which bears interest at a rate of 5.75% and matures in 2023. Repayment of principal and interest is made through payroll deductions.

Payment of Benefits – On termination of service due to retirement, death, disability, or for other reasons, a participant may elect to receive either a lump-sum amount equal to or partial distributions of a portion of the vested balance in his or her account as specified in the Plan.

1. Description of Plan (continued)

Forfeited Accounts – Forfeited non-vested amounts are used to pay Plan expenses or to reduce the employer matching contributions. The forfeiture account balances were $1,831 and $935 as of December 31, 2019 and 2018, respectively. During the year ended December 31, 2019, no forfeitures were used to pay Plan expenses or reduce employer matching contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on an accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting year. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan holds one investment contract (Guaranteed Interest Option; the "GIO") with AXA which maintains the contributions in a general account. This contract value represents contributions or transfers made under the contract, plus interest, less participant withdrawals, and administrative expenses.

The units of pooled separate accounts as of December 31, 2019 and 2018 are stated at net asset value ("NAV") as a practical expedient, as determined by the issuer of the account based on the fair value of the underlying investments. Individual participant accounts invested in pooled separate accounts are maintained on a unit-value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participants' loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded. Related fees are recorded as administrative expenses and are expensed when they are incurred.

2. Summary of Significant Accounting Policies (continued)

Payment of Benefits – Benefits are recorded when paid.

Expenses and fees – Expenses and fees of the Plan are paid by either the Plan or the Company, as provided by the Plan document. Total expenses and fees incurred by the Plan amounted to $40,461 during the year ended December 31, 2019. Certain expenses and fees incurred by the Plan were also paid by the Company in 2019.

Subsequent Events – The Plan has evaluated subsequent events through September 29, 2020 (report date), the date that the financial statements were available to be issued. Management has determined that there are no subsequent events required to be recorded or disclosed, except for the correction of late contributions and loan repayments noted in Note 10 and subsequent events noted in Note 11.

Recently Adopted Accounting Pronouncement – In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-09, "Codification Improvements," which amends an illustrative example of a fair value hierarchy disclosure to indicate that a certain type of investment should not always be considered to be eligible to use NAV per share practical expedient. Also, it further clarifies that an entity should evaluate whether a readily determinable value exists or whether its investments qualify for the NAV per share practical expedient in accordance with Accounting Standards Codification ("ASC") 820, "Fair Value Measurement." ASU 2018-09 was effective on January 1, 2019. The adoption of this ASU did not have any significant impact on the Plan.

3. Amounts Certified by Trustees (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following is a summary of the unaudited information that was certified by AXA, as complete and accurate as of December 31, 2019 and 2018, and for the year ended December 31, 2019:

- Statements of Net Assets Available for Benefits — Investments of $14,090,986 and $10,934,496 as of December 31, 2019 and 2018, and notes receivable from participants of $29,193 and $41,580 as of December 31, 2019 and 2018, respectively.
- Statement of Changes in Net Assets Available Benefits — Interest of $14,799, interest income on notes receivable from participants of $1,316, and net appreciation in fair value of investments of $2,471,672 for the year ended December 31, 2019.
- Note 4 – All investment balances and information in the note, excluding classification by level.
- Supplemental Schedule — Schedule of Assets (Held at End of Year) as of December 31, 2019.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, "Fair Value Measurements," are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018:

Pooled separate account: The pooled separate account is valued at NAV of the fund shares, which is calculated based on the valuation of the funds' underlying investments at fair value at the end of the year. The investments are public investment vehicles, which are valued using the NAV provided by the Trustee, acting as the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, excluding transaction costs, minus its liabilities, and then divided by the number of shares outstanding.

Guaranteed interest option: GIO is a general account which provides rates of interest which are declared periodically by the issuer, as discussed in Note 5.

4. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Investments at fair value:				
Guaranteed interest option	**$ -**	**$ -**	**$ 784,934**	**$ 784,934**
Investment at NAV (a):				
Pooled separate accounts				**13,306,052**
Total investments at fair value				**$ 14,090,986**

	Assets at Fair Value as of December 31, 2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Investments at fair value:				
Guaranteed interest option	$ -	$ -	$ 924,016	$ 924,016
Investment at NAV (a):				
Pooled separate accounts				10,010,480
Total investments at fair value				$ 10,934,496

(a) In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The valuation methods as described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Annuity Contract with Insurance Company

The Plan invested in the GIO with AXA. AXA maintains the contributions in a general account. The general account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified minimum interest rate that is guaranteed to the Plan.

The GIO does not provide for a defined maturity date. In addition, although the GIO provides for a minimum guaranteed interest rate, the actual rate of interest credited during the time over which funds are invested in the GIO option is declared periodically and therefore is subject to change. Further, withdrawals for participant benefits from the GIO are permitted as specified in the contract and are not subject to any market value adjustment.

The value in the GIO at any time will equal participants' contributions and transfers to that option, plus interest, minus withdrawals and transfers out of the option and charges that AXA deduct.

All interest rates are effective annual rates, but before deduction of annual administrative charges or withdrawals charges. The annual minimum guarantee interest rate will never be less than the lifetime minimum guaranteed interest rate which is 1.0%. The GIO crediting rate was 1.75% as of both December 31, 2019 and 2018.

6. Related Party Transactions and Party-in-Interest Transactions

The Plan's investments in the pooled separate accounts and the GIO are both managed by AXA Equitable Management Group LLC. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each fund. Transactions in such investments qualify as exempt party-in-interest transactions. At December 31, 2019 and 2018, the fair market value of the Pooled separate accounts and mutual funds issued by the related party were $13,306,052 and $10,010,480, respectively. Any purchase and sales of these funds are open market transactions at fair value. There were no loan fees paid by the participants to AXA for the year ended December 31, 2019. Expenses and fees paid to AXA during the year ended December 31, 2019 were $40,461. Notes receivable from participants are also considered party-in-interest transactions which amounted to $29,193 and $41,580 as of December 31, 2019 and 2018, respectively. Rollover receivable from a participant had a balance of $25,204 as of December 31, 2019 which is a party-in-interest transaction. There were no rollover receivables as of December 31, 2018.

7. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan's provisions to discontinue its contributions at any time and terminate the Plan, subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts.

8. Tax Status

On March 31, 2014, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualified under Section 401(a) of the IRC. The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan has been amended since the last opinion letter was received. The Plan administrator continues to believe that the Plan is being operated in accordance with the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2016.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500, Schedule H, Part I:

	December 31, 2019	2018
Net assets available for benefits per the financial statements	**$ 14,167,842**	$ 10,976,076
Less: Contributions receivable not recorded on the Form 5500	**22,459**	-
Less: Rollover receivable not recorded on the Form 5500	**25,204**	-
Net assets available for benefits per the Form 5500	**$ 14,120,179**	$ 10,976,076

9. Reconciliation of Financial Statements to Form 5500 (continued)

The following is a reconciliation of the net increase in assets available for benefits as reported in the December 31, 2019 financial statements to the net income as reported on the December 31, 2019 Form 5500:

	Year Ended December 31, 2019
Net increase in assets available for benefits as reported in the financial statements	$ 3,191,766
Less: Contributions receivable at December 31, 2019	22,459
Less: Rollover receivable at December 31, 2019	25,204
Net income as reported on Form 5500	$ 3,144,103

10. Non-Exempt Prohibited Transactions

During the year ended December 31, 2019, the Company failed to transmit certain participant contributions and loan repayments to the Plan totaling approximately $87,000 in a timely manner. Late transmissions of participant contributions and loan repayments constitute prohibited transactions under ERISA section 406, regardless of materiality. In September 2020, the Company corrected late contributions and loan repayments of approximately $87,000 by paying related lost earnings of $280 to the affected participants.

11. Subsequent Events

The Setting Every Community Up for Retirement Enhancement ("SECURE") Act was enacted in December 2019 and most provisions in the law became effective January 1, 2020. In compliance with the SECURE Act, the Plan Committee adopted the provision which affects distributions to former employees. Effective for participants who turn age 70 1⁄2 after December 31, 2019, the Plan will make required minimum distributions (RMDs) no later than April 1 in the year after the participant reaches the age of 72. The Plan adopted the qualified birth or adoption distributions provision allowed by the SECURE Act on August 26, 2020.

The recent outbreak of the novel coronavirus COVID-19, which was declared a pandemic by the World Health Organization on March 11, 2020 and the effects of the global pandemic are still evolving. There has been an adverse effect on global and domestic financial markets, which may continue for an undetermined period. The Plan Committee continues to monitor the impact of COVID-19. At the date of this report, it is too early to determine the full impact that this pandemic may have on the financial markets and economy that may eventually affect the Plan.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. The Plan Committee is currently evaluating the impact of the CARES Act on the Plan.

Independent Auditor's Report

To the Plan Committee Members of
VIZ Media, LLC 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of VIZ Media, LLC 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by AXA Equitable Life Insurance Company ("AXA") which has a trust agreement with Reliance Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that AXA holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from AXA as of December 31, 2019 and 2018 and for the year ended December 31, 2019 that the information provided to the Plan administrator by AXA is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of Schedule H, Part IV, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 31, 2019 and Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2019 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by AXA, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following description of the VIZ Media, LLC (the "Company") 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan provisions.

General – AXA Equitable Life Insurance Company ("AXA") appointed Reliance Trust Company as a trustee under the term of a trust agreement which is the IRS pre-approved Plan and Trust. The Plan is a defined contribution plan. Contributions to the Plan are authorized under Section 401(k) of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility – All employees, excluding interns, certain nonresident aliens and employees who are covered by a collective bargaining agreement, who have attained the age of twenty-one during the Plan year, and have completed at least 250 hours of service during the first 3 months of employment or the completion of a year of service defined by the Plan, if earlier, are eligible to participate in the Plan. Effective July 1, 2018, the Plan was amended and there is no minimum service requirement. Employees become eligible and automatically enrolled in the Plan (1) on or after the automatic deferral provisions effective date or (2) if the participant who was previously automatically enrolled under a prior Plan document who has not made a salary deferral election or election not to defer.

Contributions – Participants may elect to make contributions to the Plan as a specific percentage of their compensation or dollar amount, to be credited to the participants' deferral account, subject to a maximum of $19,000 in 2019 and $18,500 in 2018 as set forth by Section 401(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make an additional $6,000 ("catch-up contribution") in 2019 and 2018 above the annual limit. The Company provides discretionary pro-rata contribution. For the year ended December 31, 2019, the Company provided a $0.50 matching contribution per $1.00 of each participant's contributions, up to 3% of the participant's annual compensation.

Vesting – Participants are 100% vested in their account attributable to their salary deferrals and rollovers plus actual earnings thereon. Participants have complete ownership rights to their salary deferrals and rollovers plus actual earnings. The portion of a participant's account that is attributable to his or her matching contribution is determined under the following schedule and is based on vesting years of service:

1. Description of Plan (continued)

Vesting (continued)

Years of Service	Vesting Percentages
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Participant Accounts – Each participant's account is credited with the participant's contributions, the Company's contributions, and a pro rata share of investment income earned by the respective investments into which the participants have directed their account balances. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Investment Options – Participants may direct the investment of their accounts by choosing among the investment options allowed under the Plan. The Plan currently offers investments in various pooled separate accounts and a guaranteed account. Participants may change investments and transfer amounts between funds daily.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their total vested account balance on the date the loan is granted. Loan terms may not exceed five years, except for the purchase of the participant's principal place of residence, as defined. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest that is based on the prime rate plus 1% point published in The Wall Street Journal on the first business day of each month.

At December 31, 2019, one participant had a note outstanding which bears interest at a rate of 5.75% and matures in 2023. Repayment of principal and interest is made through payroll deductions.

Payment of Benefits – On termination of service due to retirement, death, disability, or for other reasons, a participant may elect to receive either a lump-sum amount equal to or partial distributions of a portion of the vested balance in his or her account as specified in the Plan.

1. Description of Plan (continued)

Forfeited Accounts – Forfeited non-vested amounts are used to pay Plan expenses or to reduce the employer matching contributions. The forfeiture account balances were $1,831 and $935 as of December 31, 2019 and 2018, respectively. During the year ended December 31, 2019, no forfeitures were used to pay Plan expenses or reduce employer matching contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on an accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting year. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan holds one investment contract (Guaranteed Interest Option; the "GIO") with AXA which maintains the contributions in a general account. This contract value represents contributions or transfers made under the contract, plus interest, less participant withdrawals, and administrative expenses.

The units of pooled separate accounts as of December 31, 2019 and 2018 are stated at net asset value ("NAV") as a practical expedient, as determined by the issuer of the account based on the fair value of the underlying investments. Individual participant accounts invested in pooled separate accounts are maintained on a unit-value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participants' loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded. Related fees are recorded as administrative expenses and are expensed when they are incurred.

2. Summary of Significant Accounting Policies (continued)

Payment of Benefits – Benefits are recorded when paid.

Expenses and fees – Expenses and fees of the Plan are paid by either the Plan or the Company, as provided by the Plan document. Total expenses and fees incurred by the Plan amounted to $40,461 during the year ended December 31, 2019. Certain expenses and fees incurred by the Plan were also paid by the Company in 2019.

Subsequent Events – The Plan has evaluated subsequent events through September 29, 2020 (report date), the date that the financial statements were available to be issued. Management has determined that there are no subsequent events required to be recorded or disclosed, except for the correction of late contributions and loan repayments noted in Note 10 and subsequent events noted in Note 11.

Recently Adopted Accounting Pronouncement – In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-09, "Codification Improvements," which amends an illustrative example of a fair value hierarchy disclosure to indicate that a certain type of investment should not always be considered to be eligible to use NAV per share practical expedient. Also, it further clarifies that an entity should evaluate whether a readily determinable value exists or whether its investments qualify for the NAV per share practical expedient in accordance with Accounting Standards Codification ("ASC") 820, "Fair Value Measurement." ASU 2018-09 was effective on January 1, 2019. The adoption of this ASU did not have any significant impact on the Plan.

3. Amounts Certified by Trustees (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following is a summary of the unaudited information that was certified by AXA, as complete and accurate as of December 31, 2019 and 2018, and for the year ended December 31, 2019:

- Statements of Net Assets Available for Benefits — Investments of $14,090,986 and $10,934,496 as of December 31, 2019 and 2018, and notes receivable from participants of $29,193 and $41,580 as of December 31, 2019 and 2018, respectively.
- Statement of Changes in Net Assets Available Benefits — Interest of $14,799, interest income on notes receivable from participants of $1,316, and net appreciation in fair value of investments of $2,471,672 for the year ended December 31, 2019.
- Note 4 – All investment balances and information in the note, excluding classification by level.
- Supplemental Schedule — Schedule of Assets (Held at End of Year) as of December 31, 2019.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, "Fair Value Measurements," are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018:

Pooled separate account: The pooled separate account is valued at NAV of the fund shares, which is calculated based on the valuation of the funds' underlying investments at fair value at the end of the year. The investments are public investment vehicles, which are valued using the NAV provided by the Trustee, acting as the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, excluding transaction costs, minus its liabilities, and then divided by the number of shares outstanding.

Guaranteed interest option: GIO is a general account which provides rates of interest which are declared periodically by the issuer, as discussed in Note 5.

4. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Investments at fair value:				
Guaranteed interest option	**$ -**	**$ -**	**$ 784,934**	**$ 784,934**
Investment at NAV (a):				
Pooled separate accounts				**13,306,052**
Total investments at fair value				**$ 14,090,986**

	Assets at Fair Value as of December 31, 2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Investments at fair value:				
Guaranteed interest option	$ -	$ -	$ 924,016	$ 924,016
Investment at NAV (a):				
Pooled separate accounts				10,010,480
Total investments at fair value				$ 10,934,496

(a) In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The valuation methods as described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Annuity Contract with Insurance Company

The Plan invested in the GIO with AXA. AXA maintains the contributions in a general account. The general account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified minimum interest rate that is guaranteed to the Plan.

The GIO does not provide for a defined maturity date. In addition, although the GIO provides for a minimum guaranteed interest rate, the actual rate of interest credited during the time over which funds are invested in the GIO option is declared periodically and therefore is subject to change. Further, withdrawals for participant benefits from the GIO are permitted as specified in the contract and are not subject to any market value adjustment.

The value in the GIO at any time will equal participants' contributions and transfers to that option, plus interest, minus withdrawals and transfers out of the option and charges that AXA deduct.

All interest rates are effective annual rates, but before deduction of annual administrative charges or withdrawals charges. The annual minimum guarantee interest rate will never be less than the lifetime minimum guaranteed interest rate which is 1.0%. The GIO crediting rate was 1.75% as of both December 31, 2019 and 2018.

6. Related Party Transactions and Party-in-Interest Transactions

The Plan's investments in the pooled separate accounts and the GIO are both managed by AXA Equitable Management Group LLC. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each fund. Transactions in such investments qualify as exempt party-in-interest transactions. At December 31, 2019 and 2018, the fair market value of the Pooled separate accounts and mutual funds issued by the related party were $13,306,052 and $10,010,480, respectively. Any purchase and sales of these funds are open market transactions at fair value. There were no loan fees paid by the participants to AXA for the year ended December 31, 2019. Expenses and fees paid to AXA during the year ended December 31, 2019 were $40,461. Notes receivable from participants are also considered party-in-interest transactions which amounted to $29,193 and $41,580 as of December 31, 2019 and 2018, respectively. Rollover receivable from a participant had a balance of $25,204 as of December 31, 2019 which is a party-in-interest transaction. There were no rollover receivables as of December 31, 2018.

7. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan's provisions to discontinue its contributions at any time and terminate the Plan, subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts.

8. Tax Status

On March 31, 2014, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualified under Section 401(a) of the IRC. The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan has been amended since the last opinion letter was received. The Plan administrator continues to believe that the Plan is being operated in accordance with the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2016.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500, Schedule H, Part I:

	December 31, 2019	2018
Net assets available for benefits per the financial statements	**$ 14,167,842**	$ 10,976,076
Less: Contributions receivable not recorded on the Form 5500	**22,459**	-
Less: Rollover receivable not recorded on the Form 5500	**25,204**	-
Net assets available for benefits per the Form 5500	**$ 14,120,179**	$ 10,976,076

9. Reconciliation of Financial Statements to Form 5500 (continued)

The following is a reconciliation of the net increase in assets available for benefits as reported in the December 31, 2019 financial statements to the net income as reported on the December 31, 2019 Form 5500:

	Year Ended December 31, 2019
Net increase in assets available for benefits as reported in the financial statements	$ 3,191,766
Less: Contributions receivable at December 31, 2019	22,459
Less: Rollover receivable at December 31, 2019	25,204
Net income as reported on Form 5500	$ 3,144,103

10. Non-Exempt Prohibited Transactions

During the year ended December 31, 2019, the Company failed to transmit certain participant contributions and loan repayments to the Plan totaling approximately $87,000 in a timely manner. Late transmissions of participant contributions and loan repayments constitute prohibited transactions under ERISA section 406, regardless of materiality. In September 2020, the Company corrected late contributions and loan repayments of approximately $87,000 by paying related lost earnings of $280 to the affected participants.

11. Subsequent Events

The Setting Every Community Up for Retirement Enhancement ("SECURE") Act was enacted in December 2019 and most provisions in the law became effective January 1, 2020. In compliance with the SECURE Act, the Plan Committee adopted the provision which affects distributions to former employees. Effective for participants who turn age 70 1⁄2 after December 31, 2019, the Plan will make required minimum distributions (RMDs) no later than April 1 in the year after the participant reaches the age of 72. The Plan adopted the qualified birth or adoption distributions provision allowed by the SECURE Act on August 26, 2020.

The recent outbreak of the novel coronavirus COVID-19, which was declared a pandemic by the World Health Organization on March 11, 2020 and the effects of the global pandemic are still evolving. There has been an adverse effect on global and domestic financial markets, which may continue for an undetermined period. The Plan Committee continues to monitor the impact of COVID-19. At the date of this report, it is too early to determine the full impact that this pandemic may have on the financial markets and economy that may eventually affect the Plan.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. The Plan Committee is currently evaluating the impact of the CARES Act on the Plan.

Independent Auditor's Report

To the Plan Committee Members of
VIZ Media, LLC 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of VIZ Media, LLC 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by AXA Equitable Life Insurance Company ("AXA") which has a trust agreement with Reliance Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that AXA holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from AXA as of December 31, 2019 and 2018 and for the year ended December 31, 2019 that the information provided to the Plan administrator by AXA is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of Schedule H, Part IV, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 31, 2019 and Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2019 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by AXA, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following description of the VIZ Media, LLC (the "Company") 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan provisions.

General – AXA Equitable Life Insurance Company ("AXA") appointed Reliance Trust Company as a trustee under the term of a trust agreement which is the IRS pre-approved Plan and Trust. The Plan is a defined contribution plan. Contributions to the Plan are authorized under Section 401(k) of the Internal Revenue Code ("IRC"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility – All employees, excluding interns, certain nonresident aliens and employees who are covered by a collective bargaining agreement, who have attained the age of twenty-one during the Plan year, and have completed at least 250 hours of service during the first 3 months of employment or the completion of a year of service defined by the Plan, if earlier, are eligible to participate in the Plan. Effective July 1, 2018, the Plan was amended and there is no minimum service requirement. Employees become eligible and automatically enrolled in the Plan (1) on or after the automatic deferral provisions effective date or (2) if the participant who was previously automatically enrolled under a prior Plan document who has not made a salary deferral election or election not to defer.

Contributions – Participants may elect to make contributions to the Plan as a specific percentage of their compensation or dollar amount, to be credited to the participants' deferral account, subject to a maximum of $19,000 in 2019 and $18,500 in 2018 as set forth by Section 401(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make an additional $6,000 ("catch-up contribution") in 2019 and 2018 above the annual limit. The Company provides discretionary pro-rata contribution. For the year ended December 31, 2019, the Company provided a $0.50 matching contribution per $1.00 of each participant's contributions, up to 3% of the participant's annual compensation.

Vesting – Participants are 100% vested in their account attributable to their salary deferrals and rollovers plus actual earnings thereon. Participants have complete ownership rights to their salary deferrals and rollovers plus actual earnings. The portion of a participant's account that is attributable to his or her matching contribution is determined under the following schedule and is based on vesting years of service:

1. Description of Plan (continued)

Vesting (continued)

Years of Service	Vesting Percentages
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Participant Accounts – Each participant's account is credited with the participant's contributions, the Company's contributions, and a pro rata share of investment income earned by the respective investments into which the participants have directed their account balances. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Investment Options – Participants may direct the investment of their accounts by choosing among the investment options allowed under the Plan. The Plan currently offers investments in various pooled separate accounts and a guaranteed account. Participants may change investments and transfer amounts between funds daily.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their total vested account balance on the date the loan is granted. Loan terms may not exceed five years, except for the purchase of the participant's principal place of residence, as defined. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest that is based on the prime rate plus 1% point published in The Wall Street Journal on the first business day of each month.

At December 31, 2019, one participant had a note outstanding which bears interest at a rate of 5.75% and matures in 2023. Repayment of principal and interest is made through payroll deductions.

Payment of Benefits – On termination of service due to retirement, death, disability, or for other reasons, a participant may elect to receive either a lump-sum amount equal to or partial distributions of a portion of the vested balance in his or her account as specified in the Plan.

1. Description of Plan (continued)

Forfeited Accounts – Forfeited non-vested amounts are used to pay Plan expenses or to reduce the employer matching contributions. The forfeiture account balances were $1,831 and $935 as of December 31, 2019 and 2018, respectively. During the year ended December 31, 2019, no forfeitures were used to pay Plan expenses or reduce employer matching contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on an accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting year. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – The Plan holds one investment contract (Guaranteed Interest Option; the "GIO") with AXA which maintains the contributions in a general account. This contract value represents contributions or transfers made under the contract, plus interest, less participant withdrawals, and administrative expenses.

The units of pooled separate accounts as of December 31, 2019 and 2018 are stated at net asset value ("NAV") as a practical expedient, as determined by the issuer of the account based on the fair value of the underlying investments. Individual participant accounts invested in pooled separate accounts are maintained on a unit-value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participants' loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded. Related fees are recorded as administrative expenses and are expensed when they are incurred.

2. Summary of Significant Accounting Policies (continued)

Payment of Benefits – Benefits are recorded when paid.

Expenses and fees – Expenses and fees of the Plan are paid by either the Plan or the Company, as provided by the Plan document. Total expenses and fees incurred by the Plan amounted to $40,461 during the year ended December 31, 2019. Certain expenses and fees incurred by the Plan were also paid by the Company in 2019.

Subsequent Events – The Plan has evaluated subsequent events through September 29, 2020 (report date), the date that the financial statements were available to be issued. Management has determined that there are no subsequent events required to be recorded or disclosed, except for the correction of late contributions and loan repayments noted in Note 10 and subsequent events noted in Note 11.

Recently Adopted Accounting Pronouncement – In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-09, "Codification Improvements," which amends an illustrative example of a fair value hierarchy disclosure to indicate that a certain type of investment should not always be considered to be eligible to use NAV per share practical expedient. Also, it further clarifies that an entity should evaluate whether a readily determinable value exists or whether its investments qualify for the NAV per share practical expedient in accordance with Accounting Standards Codification ("ASC") 820, "Fair Value Measurement." ASU 2018-09 was effective on January 1, 2019. The adoption of this ASU did not have any significant impact on the Plan.

3. Amounts Certified by Trustees (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following is a summary of the unaudited information that was certified by AXA, as complete and accurate as of December 31, 2019 and 2018, and for the year ended December 31, 2019:

- Statements of Net Assets Available for Benefits — Investments of $14,090,986 and $10,934,496 as of December 31, 2019 and 2018, and notes receivable from participants of $29,193 and $41,580 as of December 31, 2019 and 2018, respectively.
- Statement of Changes in Net Assets Available Benefits — Interest of $14,799, interest income on notes receivable from participants of $1,316, and net appreciation in fair value of investments of $2,471,672 for the year ended December 31, 2019.
- Note 4 – All investment balances and information in the note, excluding classification by level.
- Supplemental Schedule — Schedule of Assets (Held at End of Year) as of December 31, 2019.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, "Fair Value Measurements," are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018:

Pooled separate account: The pooled separate account is valued at NAV of the fund shares, which is calculated based on the valuation of the funds' underlying investments at fair value at the end of the year. The investments are public investment vehicles, which are valued using the NAV provided by the Trustee, acting as the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, excluding transaction costs, minus its liabilities, and then divided by the number of shares outstanding.

Guaranteed interest option: GIO is a general account which provides rates of interest which are declared periodically by the issuer, as discussed in Note 5.

4. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Investments at fair value:				
Guaranteed interest option	**$ -**	**$ -**	**$ 784,934**	**$ 784,934**
Investment at NAV (a):				
Pooled separate accounts				**13,306,052**
Total investments at fair value				**$ 14,090,986**

	Assets at Fair Value as of December 31, 2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Investments at fair value:				
Guaranteed interest option	$ -	$ -	$ 924,016	$ 924,016
Investment at NAV (a):				
Pooled separate accounts				10,010,480
Total investments at fair value				$ 10,934,496

(a) In accordance with ASC Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The valuation methods as described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Annuity Contract with Insurance Company

The Plan invested in the GIO with AXA. AXA maintains the contributions in a general account. The general account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified minimum interest rate that is guaranteed to the Plan.

The GIO does not provide for a defined maturity date. In addition, although the GIO provides for a minimum guaranteed interest rate, the actual rate of interest credited during the time over which funds are invested in the GIO option is declared periodically and therefore is subject to change. Further, withdrawals for participant benefits from the GIO are permitted as specified in the contract and are not subject to any market value adjustment.

The value in the GIO at any time will equal participants' contributions and transfers to that option, plus interest, minus withdrawals and transfers out of the option and charges that AXA deduct.

All interest rates are effective annual rates, but before deduction of annual administrative charges or withdrawals charges. The annual minimum guarantee interest rate will never be less than the lifetime minimum guaranteed interest rate which is 1.0%. The GIO crediting rate was 1.75% as of both December 31, 2019 and 2018.

6. Related Party Transactions and Party-in-Interest Transactions

The Plan's investments in the pooled separate accounts and the GIO are both managed by AXA Equitable Management Group LLC. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each fund. Transactions in such investments qualify as exempt party-in-interest transactions. At December 31, 2019 and 2018, the fair market value of the Pooled separate accounts and mutual funds issued by the related party were $13,306,052 and $10,010,480, respectively. Any purchase and sales of these funds are open market transactions at fair value. There were no loan fees paid by the participants to AXA for the year ended December 31, 2019. Expenses and fees paid to AXA during the year ended December 31, 2019 were $40,461. Notes receivable from participants are also considered party-in-interest transactions which amounted to $29,193 and $41,580 as of December 31, 2019 and 2018, respectively. Rollover receivable from a participant had a balance of $25,204 as of December 31, 2019 which is a party-in-interest transaction. There were no rollover receivables as of December 31, 2018.

7. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan's provisions to discontinue its contributions at any time and terminate the Plan, subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts.

8. Tax Status

On March 31, 2014, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualified under Section 401(a) of the IRC. The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan has been amended since the last opinion letter was received. The Plan administrator continues to believe that the Plan is being operated in accordance with the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2016.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500, Schedule H, Part I:

	December 31, 2019	2018
Net assets available for benefits per the financial statements	**$ 14,167,842**	$ 10,976,076
Less: Contributions receivable not recorded on the Form 5500	**22,459**	-
Less: Rollover receivable not recorded on the Form 5500	**25,204**	-
Net assets available for benefits per the Form 5500	**$ 14,120,179**	$ 10,976,076

9. Reconciliation of Financial Statements to Form 5500 (continued)

The following is a reconciliation of the net increase in assets available for benefits as reported in the December 31, 2019 financial statements to the net income as reported on the December 31, 2019 Form 5500:

	Year Ended December 31, 2019
Net increase in assets available for benefits as reported in the financial statements	$ 3,191,766
Less: Contributions receivable at December 31, 2019	22,459
Less: Rollover receivable at December 31, 2019	25,204
Net income as reported on Form 5500	$ 3,144,103

10. Non-Exempt Prohibited Transactions

During the year ended December 31, 2019, the Company failed to transmit certain participant contributions and loan repayments to the Plan totaling approximately $87,000 in a timely manner. Late transmissions of participant contributions and loan repayments constitute prohibited transactions under ERISA section 406, regardless of materiality. In September 2020, the Company corrected late contributions and loan repayments of approximately $87,000 by paying related lost earnings of $280 to the affected participants.

11. Subsequent Events

The Setting Every Community Up for Retirement Enhancement ("SECURE") Act was enacted in December 2019 and most provisions in the law became effective January 1, 2020. In compliance with the SECURE Act, the Plan Committee adopted the provision which affects distributions to former employees. Effective for participants who turn age 70 1⁄2 after December 31, 2019, the Plan will make required minimum distributions (RMDs) no later than April 1 in the year after the participant reaches the age of 72. The Plan adopted the qualified birth or adoption distributions provision allowed by the SECURE Act on August 26, 2020.

The recent outbreak of the novel coronavirus COVID-19, which was declared a pandemic by the World Health Organization on March 11, 2020 and the effects of the global pandemic are still evolving. There has been an adverse effect on global and domestic financial markets, which may continue for an undetermined period. The Plan Committee continues to monitor the impact of COVID-19. At the date of this report, it is too early to determine the full impact that this pandemic may have on the financial markets and economy that may eventually affect the Plan.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. The Plan Committee is currently evaluating the impact of the CARES Act on the Plan.
