TRI-STATE UROLOGIC SERVICES, P.S.C., INC.
RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and December 31, 2018

NOTE 1 - PLAN DESCRIPTION

The following description of the Tri-State Urologic Services, P.S.C., Inc., Retirement Savings Plan (the "Plan") provides only general information. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established January 1, 1996 and was amended and restated on January 1, 2015. All employees of Tri-State Urologic Services, P.S.C., Inc. (the "Company") who have reached age 21 and have completed at least one year of service are eligible to participate in the Plan.

Contributions

The Plan provides for the employees of the Company to participate in a 401(k) savings plan, whereby the employees may elect to make contributions pursuant to a salary reduction agreement. Participants may contribute up to the annual maximum amount of their annual compensation not to exceed a dollar limit established by law. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may contribute to the Plan a discretionary profit sharing amount determined each year that is invested in the portfolio of investments in the same manner as the participant directed contributions.

Participant Accounts

Each participants' account is credited with the participants' contribution and allocations of the Company's contribution, and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which the employee is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of service, starting at 20% after two years of service and 20% additional for each year of service thereafter.

Notes Receivable from Participants

Participants may borrow from their elective contribution, and rollover fund accounts, a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates, which are commensurate with local prevailing rates as determined by the plan administrator at the time of the loan. Principal and interest is paid ratably through monthly or bi-weekly payroll deductions.

Payment of Benefits

On termination of service, a participant will receive a distribution equal to the value of the participant's vested interest in his or her account. Also, upon attainment of the normal or early retirement age, a participant who has not terminated may request a distribution of all or part of the participant's vested account.

NOTE 1 - PLAN DESCRIPTION (Continued)

Administrative Expenses

All administrative expenses of maintaining the Plan are paid by the Company.

Forfeitures

Forfeited non-vested accounts are used to reduce employer contributions and are used in the year forfeited. The amount of forfeitures used to reduce employer contributions was \$46,450 for the year ended December 31, 2019. The balance in the forfeiture account was \$0 at December 31, 2019 and \$28,245 at December 31, 2018.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America as applied to savings plans, and in accordance with the terms of the Plan agreement.

A summary of the Plan's significant accounting policies which are consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting

The accompanying financial statements of the Plan are presented on the accrual basis of accounting and conform to the accounting requirements of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2019 and December 31, 2018

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Adoption of New Accounting Pronouncement

In January 2016, FASB issued ASU No. 2016-01, Financial Instrument (Subject 825-10) – Overall Recognition and Measurement of Financial Assets and Liabilities. ASU No. 2016-01 amended ASC 825, Financial Instruments, which eliminates the requirements to disclose the fair value of financial instruments not recorded at fair value required under ASC 825. The ASU is effective for years beginning after December 15, 2018. ASU No. 2016-01 was adopted by the Plan on January 1, 2019 and did not have a significant impact on the Plan's financial statements.

NOTE 3 - INVESTMENTS

Tri-State Plan Administration, Inc. has been assigned the administrative function of maintaining separate accounts of the participants as provided in the Plan agreement. They have no discretionary authority or responsibility to make sales, investments or reinvestments. Under the direction of the participants, Johnson Investment Counsel, Inc. and Ascensus Trust Company invest the individual participant accounts in any or all of the investment options. The investments are not covered by federal insurance.

During 2019, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$13,269,241.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 5 - INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2016. There are currently no audits for any tax periods in progress.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 - FAIR VALUE MEASUREMENT

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or Level 3 inputs were available to the Plan.

Level 1 Fair Value Measurements

The fair value of mutual funds and money market accounts are based on the closing price reported on the active market in which the individual securities are traded. The fair value of self-directed brokerage accounts are based on the quoted net asset values for certain investments and the closing price reported on the active market for actively traded securities.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and December 31, 2018:

<u>December 31, 2019</u>	<u>Fair Value</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>

NOTE 7 - FAIR VALUE MEASUREMENT (Continued)

Gains and losses (realized and unrealized) included in changes of net assets available for benefits for the year ended December 31, 2019 are reported in net appreciation (depreciation) in fair value of investments.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Johnson Investment Counsel, Inc. and Ascensus Trust Company. Johnson Investment Counsel and Ascensus Trust Company are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for the investment management services amounted to \$332,332 for the year ended December 31, 2019.

NOTE 9 - INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following is a summary of the unaudited information regarding the Plan as of December 31, 2019 and December 31, 2018, and for the year ended December 31, 2019, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by the custodian of the Plan, and furnished to the plan administrator. NOTE 10 - SUBSEQUENT EVENTS

Subsequent to year-end, the World Health Organization declared the spread of Coronavirus Disease (“COVID-19”) a worldwide pandemic. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. Specific to the Plan, COVID-19 may impact various parts of its 2020 operations and valuation of assets held for plan benefits. Both domestically and international equity markets have experienced significant declines. The full impact of COVID-19 is unknown and cannot be reasonably estimated as these events occurred subsequent to year-end and are still developing.

In response to the pandemic, on March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) was enacted to provide economic relief to businesses and individuals impacted by the pandemic. Provisions of the CARES Act specific to the Plan, included increasing the amount that Plan participants may borrow from their account up to or lesser of \$100,000 or 100% of the vested account balance until 180 days after the Act’s enactment date, and also allows Plan participants the option of delaying loan payments on existing or 2020 loans until January 1, 2021.

On June 15, 2020, the Company completed a reorganization and sale of non-clinical assets pursuant to the terms of a negotiated purchase agreement, which resulted in a change of ownership of the Company. Plan management believes that the Plan will continue as currently operating.

The Plan has evaluated all other subsequent events through September 30, 2020, the date the financial statements were available to be issued.
