The Plan Participants and the Plan Administrator
SHS 403(b) Plan

We were engaged to audit the accompanying financial statements of the SHS 403(b) Plan, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matters described in the Basis for Disclaimer of Opinion paragraphs, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified investment information described in Note 3, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the entities that certified the investment information meet the requirements of 29 CFR 2520.103-8. The plan administrator has obtained certifications as of December 31, 2019 and 2018, and for the year ended December 31, 2019, stating that the investment information provided to the plan administrator is complete and accurate.

Further, as described in Note 11, the SHS 403(b) Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting*

Requirements for 403(b) Plans. If the identified contracts, as reported by the custodians, were included, net assets available for benefits would increase by \$6,198,505 and \$6,010,730 as of December 31, 2019 and 2018, respectively. Further, investment gain of \$645,058 and distributions of \$458,854 related to such accounts, as identified by the custodians, have also been excluded in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2019. U.S. generally accepted accounting principles require that these accounts and the related income and distributions be included in the accompanying financial statements.

Disclaimer of Opinion on Financial Statements

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraphs, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Disclaimer of Opinion on Supplemental Schedule

The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2019, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraphs, we do not express an opinion on the supplemental schedule referred to above.

SHS 403(b) Plan

Notes to Financial Statements

December 31, 2019

1. Description of Plan

The following is a brief description of the SHS 403(b) Plan (the Plan) and provides only general information. Participants should refer to the plan document or the Summary Plan Description for a complete description of the Plan's provisions.

General

The Plan is a defined contribution 403(b) plan established for the benefit of the employees of Susquehanna Health System (the System), the Plan Sponsor. The System and the University of Pittsburgh Medical Center (UPMC) completed an affiliation between the organizations, and the System was renamed UPMC Susquehanna. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). State Street Bank and Trust Company and Transamerica Financial Life Insurance Company, Inc. serve as custodians of the Plan, and Transamerica Retirement Solutions Corporation (Transamerica) serves as the record-keeper.

The Plan was amended to freeze all elective contributions, matching contributions, and retirement income contributions (effective December 31, 2017); cease all new loans to participants (effective December 1, 2017); and cease all future transfers to the Plan (effective December 21, 2017).

Eligibility

Prior to December 31, 2017, employees were eligible to participate in the Plan immediately upon being hired by the System.

Contributions

Prior to December 31, 2017, the Plan permitted eligible employees through a salary deferral election to have the System make annual contributions of up to 100% of eligible compensation. Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions. Employee rollover contributions were also permitted through December 31, 2017. Contributions were subject to certain limitations.

SHS 403(b) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Prior to December 31, 2017, the System could make a discretionary contribution (retirement income contribution) of no less than 3% of each participant's compensation for the plan year, provided that the participant had worked at least 1,000 hours and was employed on the last day of the plan year (with certain exceptions as provided by the Plan). Moreover, if a participant was employed as of June 22, 1994, and attained at least age 30 as of January 1, 1996, an additional contribution was made to the Plan. This additional contribution was calculated using a percentage of the participant's compensation based upon a sliding scale determined by the age of the participant as of January 1, 1996.

In addition, prior to December 31, 2017, the System made a matching contribution of up to the lesser of \$2,000 or 100% of the participant's deferrals on the first 3% of the participant's compensation, provided that a participant of the Plan had worked at least 1,000 hours and was employed on the last day of the plan year (with certain exceptions as provided by the Plan).

Prior to December 31, 2017, the Plan also included an automatic deferral feature whereby a participant was treated as electing to defer 3% of eligible compensation, unless the participant made an affirmative election otherwise. If an employee was hired before April 15, 2010, however, they were enrolled automatically only if they were hired to work a 0.5 full-time equivalent schedule or more. The Plan also provided for an auto-escalation of employee deferrals by 1% per year up to a maximum of 10% of compensation while allowing the participant to opt out.

Participant Accounts

Participants direct the investment of their accounts into various investment options offered by the Plan.

Effective after the plan freeze at December 31, 2017, each participant's account is credited with allocations of plan earnings and charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of his or her respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

SHS 403(b) Plan

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Vesting

Participants were immediately vested in their contributions and rollover contributions, as defined by the plan document, plus actual earnings thereon. Vesting in the System's matching and non-elective contribution portions of their accounts plus actual earnings thereon is based on years of service. A participant becomes 100% vested after three years of credited service as defined in the plan document. Additionally, participants became fully vested, regardless of vesting table, upon attainment of normal retirement age. Effective January 1, 2018, the accounts of certain participants, as defined in the plan document, became fully vested.

Notes Receivable from Participants

A participant could borrow from his or her account up to a maximum equal to the lesser of \$50,000 or 50% of his or her vested account balance. Loan terms could not exceed five years, unless the loan was for the purchase of a principal residence, in which case, the loan repayment term could not exceed 20 years.

Payment of Benefits

Upon termination of service, participants with account balances that do not exceed \$1,000 will receive a lump-sum distribution. Participants with account balances equal to or greater than \$1,000 but not exceeding \$5,000 will have their balance directly rolled over to an individual retirement account as designed by the plan administrator, unless the participant elects a direct distribution or other eligible direct rollover. Participants with account balances exceeding \$5,000 may elect to receive either a lump-sum amount equal to the value of his or her account or periodic installments, not to exceed the life expectancy of the participant or the participant's beneficiary.

Withdrawals other than for termination are permitted under certain circumstances as defined by the Plan.

Transfers

Effective April 1, 2018, the Plan permits fully vested eligible participants who participate in the UPMC 403(b) Retirement Savings Plan and/or the UPMC 401(a) Retirement Savings Plan to elect a plan-to-plan transfer to those plans, provided that the participant has no outstanding loans under the Plan.

SHS 403(b) Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan were prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan (except for fully benefit-responsive investment contracts) are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date, and interest income is recorded as earned. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payments of Benefits

Benefits were recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

SHS 403(b) Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Administrative Expenses

The Plan's administrative expenses were paid by either the Plan or the System as provided by the Plan document.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held, fully benefit-responsive investment contracts, and notes receivable from participants at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest and dividends, and interest on notes receivable from participants for the year ended December 31, 2019, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by State Street Bank and Trust Company and Transamerica Financial Life Insurance Company, Inc., the custodians of the Plan.

4. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

- Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.
- Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:
 - Quoted prices for similar assets and liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in markets that are not active
 - Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)

SHS 403(b) Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management’s own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

Following are descriptions of the valuation techniques and inputs used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 or 2018:

Mutual funds: valued based on quoted market prices.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value:

5. Fully Benefit-Responsive Investment Contracts

The following represents the contract value of traditional investment contracts held by the Plan:

	<u>2019</u>	<u>2018</u>
Insurance company/general account	\$ 251,438	\$ 538,504
Standard Stable Asset Fund I	<u>28,557,373</u>	<u>29,132,892</u>
	<u>\$ 28,808,811</u>	<u>\$ 29,671,396</u>

Insurance Company/General Account

The Plan holds a non-participant directed investment contract with Transamerica Financial Life Insurance Company, Inc. (TFLIC). The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan. The declared crediting rate is reset annually and will never be below 1.25%.

The guaranteed investment contract is fully benefit-responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by TFLIC, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. The Plan may ordinarily direct the withdrawal or transfer of all or a portion of the investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Suspension of the contract might limit the ability of the Plan to transact at contract value with the contract issuer; however, the plan administrator does not believe the occurrence of this event is probable.

Certain events might allow TFLIC, the issuer, to terminate the contract and settle at an amount different from contract value. Such events include the following: (1) deposits required under the terms of the contract are not received by TFLIC, or (2) TFLIC determines it can no longer provide benefits under the contract because of a change in the Plan.

5. Fully Benefit-Responsive Investment Contracts (continued)

Standard Stable Asset Fund I

The Plan holds a fully benefit-responsive investment contract with Standard Insurance Company (Standard). Standard maintains the contributions in a general account. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate guaranteed to the Plan. The declared crediting rate is reset quarterly and will never be below 1%.

The guaranteed investment contract is fully benefit-responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

6. Reconciliation of Financial Statements to the Form 5500 (continued)

The following is a reconciliation of the net decrease in net assets available for benefits prior to transfers out per the financial statements for the year ended December 31, 2019, to the Form 5500:

Net increase in net assets available for benefit prior to transfers out per the financial statements	\$ 16,300,964
Change in notes receivable from participants deemed distributed	(60,342)
Net increase prior to transfers per Form 5500	<u>\$ 16,240,622</u>

7. Related-Party and Party-in-Interest Transactions

Certain of the Plan's investments are managed by a custodian of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited-transactions rules under ERISA. Certain administrative expenses were paid directly by the System for which it was not reimbursed. Certain administrative functions were performed by officers or employees of the System. No such officers or employees received compensation from the Plan.

8. Plan Termination

The System has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their entire account.

9. Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the Code) and therefore is not eligible to receive a determination letter from the Internal Revenue Service (IRS). The Plan is required to operate in conformity with the Code to maintain its qualification under Section 403(b). The plan administration believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related custodial accounts and tax-deferred annuities are tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements (continued)

10. Risks and Uncertainties

The Plan invested in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

11. Custodial Accounts Excluded from Financial Statements

As permitted by the Department of Labor's Field Assistant Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*, the plan administrator has elected to exclude certain contracts and custodial accounts from the Plan's financial statements. These contracts and custodial accounts were limited to employee contributions held under a voluntary 403(b) plan arrangement prior to January 1, 2009. The excluded contracts and custodial accounts consisted of investments, at fair value of \$6,145,654 and notes receivable from participants of \$52,851 as of December 31, 2019; and investment income of \$645,058 and benefit payments and administrative expenses of \$458,854 for the year ended December 31, 2019. The excluded contracts and custodial accounts consisted of investments, at fair value of \$5,945,439 and notes receivable from participants of \$65,291 as of December 31, 2018.

12. Subsequent Events

Management evaluated subsequent events for the Plan through September 30, 2020, the date the financial statements were available to be issued.

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the COVID-19 outbreak). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. As a result, the Plan's investment portfolio has incurred a significant decline in fair value since December 31, 2019. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.
