BECF 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019

NOTE A – DESCRIPTION OF PLAN

The following description of the BECF 401(k) Plan ("Plan") for the employees of Bakery Express of Central Florida, Inc. ("the Company") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The plan is a defined contribution plan covering all employees of the Company who have six months of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was adopted on January 1, 1997.

In early 2020, a world-wide outbreak of a novel coronavirus designated as COVID-19 disrupted business activity in the U.S. as people, businesses and governments reacted to deal with the health issues posed by the virus. The Sponsor operates in the bakery and snack industry, which has experienced some downturn in business. Because the outbreak is ongoing, it is not yet possible to foresee the ultimate outcome of the coronavirus outbreak on the business of the Sponsor and the operations of the Plan. These matters do not affect the Plan's net assets at December 31, 2019. Rather, the effect of these matters will be reflected in financial statements prepared after the outbreak of COVID-19.

Contributions. Each year, participants may contribute up to 75% of pretax annual compensation, as defined in the Plan. Participants who attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan was amended effective June 2016 to include an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at two percent of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant. The Company contributes an amount determined each year on a discretionary basis not to exceed 50% of the first 5% of the amount that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. Contributions are subject to certain IRS limitations.

NOTE A – DESCRIPTION OF PLAN (continued)

Participant Accounts. Each participant's account is credited with the participant's contributions, rollovers, the Company's contribution and earnings on investments in their account and is charged with certain transaction fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Administrative Expenses. All loan transaction fees and distribution fees are paid by participants in the Plan. Certain administrative expenses may be paid by the Company or from the forfeiture account. Investment related expenses are included in net change in fair value of investments.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 7.50%, which are commensurate with prevailing rates as determined quarterly by the Plan administrator using the prime rate plus 2 percentage points published by the Wall Street Journal on the 14th of each month. Principal and interest is paid ratably through weekly payroll deductions. The participant loans are reported at unpaid principal balance. Interest income is recorded as paid.

Payment of Benefits. On termination of service due to death, disability or retirement, a participant, or in the case of death, the beneficiary may elect to receive either a lump-sum equal to the value of the participant's vested interest in his or her account, or make periodic withdrawals at amounts of the member's discretion. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts. At December 31, 2019, forfeited non-vested accounts totaled $5,235. These accounts are used to reduce future employer contributions, and in 2019, employer contributions were reduced by $15,771 from forfeited non-vested accounts. At December 31, 2018, forfeited non-vested accounts totaled $-0. Also in 2018, employer contributions were reduced by $4,626 from forfeited non-vested accounts.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. It is the policy of the Plan to prepare its financial statements on the modified cash basis of accounting; consequently, investments are carried at fair value, contributions and investment income are recorded when received and expenses when paid.

Estimates. The preparation of financial statements requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are reported at their fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan has no fully benefit responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and Trustee. See Note C for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded when received. Interest income is recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits. Benefits are recorded when paid.

Notes receivable from participants. Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded when received. Related fees are recorded as administrative expenses and are expensed when they are paid. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable. There was $14,404 distributed to participants in 2019 for contributions made in 2018 in excess of IRS limitations. In 2019 there was $4,998 of corrective distributions that were disbursed in 2020.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

Expenses. Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value investments.

Subsequent Events- The Plan has evaluated subsequent events through August 20, 2020, the date the financial statements were available to be issued. Subsequent to year-end, the Plan was revised to permit coronavirus-related distributions and suspend participant loan repayments in accordance with the Coronavirus Aid, Relief and Economic Security Act (the CARES Act). Also, 2020 required minimum distributions payable after April 1, 2020 were suspended and 2020 may be disregarded for purposes of the five-year required minimum distribution deadline.

NOTE C – INVESTMENTS AND FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2
Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE C – INVESTMENTS AND FAIR VALUE MEASUREMENTS (continued)

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. Other than described below, there have been no changes in the methodologies used at December 31, 2019 or 2018.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common / collective trust funds: The common/collective trust funds have a readily determinable fair value for participants with a daily published prices based on the NAV, as provided by the trustee, of units of the various funds. At December 31, 2019 the only common/collective trust was the Invesco Stable Retirement Fund.

NOTE C – INVESTMENTS AND FAIR VALUE MEASUREMENTS (continued)

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

	Assets at Fair Value			
	Fair Value	**(Level 1)**	**(Level 2)**	**(Level 3)**
December 31, 2019				
Mutual funds	$ 2,283,164	$ 2,283,164	$ -	$ -
Collective Trust	434,473	-	434,473	-
Total Investments	$ 2,717,637	$ 2,283,164	$ 434,473	$ -

Mutual funds	$ 2,010,300	$ 2,010,300	$ -	$ -
Collective Trusts	405,395	-	405,395	-
Total Investments	$ 2,415,695	$ 2,010,300	$ 405,395	$ -

At December 31, 2019 there were no level 3 investments within the fund and all investments were of level 1 or 2 type.

During 2019, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) increased in value by $ 329,769 as follows:

Common/collective trusts	$ 29,078
Participant loans	27,827
Registered investment companies	272,864
	$ 329,769

NOTE D – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules was obtained from data prepared and certified to as complete and accurate by the trustee, Reliance Trust. All assets are held by the Trustee.

	2019	2018
Investments at fair value:		
Common/Collective Trusts	$ 434,473	$ 405,395
Mutual funds	2,283,164	2,010,300
Notes receivable from participants	51,871	24,044
Investment income (loss)-realized and unrealized	$ 420,421	$ (246,538)
Dividends	72,503	104,040
Interest	1,926	2,041
Other	19	391

Investments, in general, are subject to various risks, including credit, interest, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term, and such changes could materially affect amounts reported in the statements of net assets available for benefits.

NOTE E – PARTY-IN-INTEREST

ADP is the third party administrator and record keeper for the Plan. All Plan investments are shares of money market funds, mutual funds or common/collective trusts managed by Reliance Trust Company. These transactions qualify as party-in-interest transactions; however they are exempt from the ERISA prohibited transaction rules.

NOTE F – TAX STATUS

The Plan has adopted the Automatic Data Processing Prototype 401(k) and Profit Sharing Plan with a deferral arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS) dated July 8, 2014, which stated that the Plan was

NOTE F – TAX STATUS (continued)

designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan and Trust are designed and currently being operated in compliance with applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt and has no income subject to unrelated business income tax.

The Plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE G – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE H – RISKS AND UNCERTAINTIES

Investments are exposed to various risks, such as market, currency, interest rate and credit risks. It is at least reasonably possible that changes in their fair value will occur in the near term and that such changes could materially affect participants' account balances.

In early March 2020, COVID-19, a disease caused by a novel strain of the coronavirus, was characterized as a pandemic by the World Health Organization. The COVID-19 pandemic has negatively impacted the world economy and has resulted in significant volatility in global financial markets. The ultimate impact of the COVID-19 pandemic on the Plan's net assets available for benefits and contributions remains uncertain.
