Note 1 - Description of Plan

The following description of the Clever Devices Ltd. 401(k) Profit Sharing Plan (the “Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was established on January 1, 1997, restated on October 1, 2014 and amended on July 6, 2018, August 31, 2018, and December 31, 2018, is a defined contribution profit sharing plan covering substantially all eligible employees of Clever Devices Ltd. (the “Sponsor”) who have completed one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Plan’s Board of Trustees. The Plan Administrator is ERP Retirement Services. The trustee and recordkeeper of the Plan is Voya Retirement Insurance and Annuity Company (“Voya” or the “Trustee”).

Contributions

Each year, participants may contribute up to 100% of eligible annual compensation, as defined in the Plan, provided that such contributions do not exceed the limitations under the Internal Revenue Code (the “Code”) for 2019 of $19,000, plus a maximum of $6,000 in catch-up contributions for participants who have attained age 50 before the end of the Plan year. Contributions may be made as a pre-tax deferral or after-tax (Roth) deferral. Highly compensated employees are subject to additional limits set forth in the Code. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Sponsor makes a dollar-for-dollar matching contribution every payroll period up to and including the first $3,000 of eligible compensation that participants contribute to the Plan each year. The matching contribution is invested as directed by the participant. In 2019, the Sponsor made matching contributions of $1,184,458. Employees are eligible for employer contributions after completing one month of service.

The Sponsor may also make discretionary profit sharing contributions to the Plan at the option of the Sponsor’s board of directors. Profit sharing contributions are for eligible participants that have completed at least 1,000 hours of service during the Plan year and are employed by the Sponsor on the last day of the Plan year. There were no profit sharing contributions made in 2019.

Note 1 - Description of Plan (cont'd.)

Participant Accounts

Each participant's account is credited with the participant's contributions and the Sponsor's matching and profit sharing contributions, as well as allocations of the Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Sponsor's contribution portion of their accounts is based on years of continuous service as follows:

Years of Service	Vesting Percentage
Less than 3	0%
3 or more years	100%

In addition, a participant becomes 100% vested in all allocated Sponsor contributions upon death, disability or the attainment of age 65 while employed by the Sponsor.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account. The loans are secured by the balance in the participant's account and bear interest at two percentage points above the prime rate, as defined by the Plan. The interest rate is determined as of the date of origination and is fixed for the loan term. Principal and interest are paid ratably through monthly payroll deductions over a period not to exceed five years, unless the funds are used to acquire a principal residence, in which case the maximum repayment period is thirty years.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a 10-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeitures

At December 31, 2019 and 2018, forfeited nonvested accounts totaled $44,320 and $29,660, respectively. These accounts will be used to pay any Plan expenses or to offset employer contributions. In 2019, the Sponsor's contributions and Plan expenses were reduced by $30,061 from forfeited nonvested accounts.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent notes receivable from participants are reclassified as distributions once the participant is no longer employed by the Sponsor. Interest rates on loans outstanding at December 31, 2019 range from 5.25% to 7.50%.

Payment of Benefits

Benefits are recorded when paid.

Deemed Distributions

For participant loans in which the participant has a distributable event, such as employment termination, death, or disability, the loan is considered a deemed distribution. The participant loan is removed from the statement of net assets available for benefits and a distribution is recorded. For active participants who have not incurred a distributable event, but have delinquent loans, the participant loan remains outstanding until a distributable event occurs. For the year ended December 31, 2019, the Plan had deemed distributions amounting to $31,467.

Note 2 - Summary of Significant Accounting Policies

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation or depreciation in fair value of investments. Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan.

Note 3 - Investments Certified By Trustee

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified as complete and accurate by Voya at December 31, 2019 and 2018, and for the year ended December 31, 2019. This information has not been audited by the independent auditors.

	2019	2018
Investments, at fair value:		
Pooled separate accounts	$ 36,512,594	$ 25,686,347
Voya fixed account	2,531,238	2,530,893
	$ 39,043,832	$ 28,217,240
Notes receivable from participants	$ 427,462	$ 359,634
Investment income:		
Net appreciation in fair value of investments	$ 6,356,644	
Interest income	57,990	
	$ 6,414,634	
Interest income on notes receivable from participants	$ 27,382	

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 4 - Fair Value Measurements (cont'd.)

The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement,* are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2019 and 2018.

Pooled Separate Accounts: Valued at the daily closing net asset value ("NAV") as a practical expedient. Pooled separate accounts held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The pooled separate accounts held by the Plan are deemed to be actively traded.

Voya Fixed Account: This is a guaranteed interest account, which is valued at the approximate amount that would have been paid if the contract had been terminated as of the last day of the reporting period and potential surrender charges and market value adjustments were applied as of such date. The credited rate, account balance and formulas upon which payments may be based are observable through the contract and related communications. The credited rate is communicated to the Plan and credited daily. Any market value adjustment or surrender charge is based on the formulas and schedules in the contract.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Fair Value Measurements (cont'd.)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2019 and 2018. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. For the year ended December 31, 2019, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

	Assets at Fair Value at December 31, 2019			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ 36,512,594	$ -	$ -	$ 36,512,594
Voya Fixed Account	-	2,531,238	-	2,531,238
Total Assets at Fair Value	$ 36,512,594	$ 2,531,238	$ -	$ 39,043,832

	Assets at Fair Value at December 31, 2018			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ 25,686,347	$ -	$ -	$ 25,686,347
Voya Fixed Account	-	2,530,893	-	2,530,893
Total Assets at Fair Value	$ 25,686,347	$ 2,530,893	$ -	$ 28,217,240

Note 5 - Voya Fixed Account

The Plan has an investment with Voya. Under the terms of the contract, Voya maintains contributions in a general account. The Plan has determined that the investment does not meet the requirements necessary to be considered fully benefit-responsive, and thus it is presented on the statements of net assets available for benefits at fair value. The account is credited with earnings on the underlying investments and is charged for Plan withdrawals and administrative expenses. The average yield earned by the Plan and credited to participants was 3% for the year ended December 31, 2019. Withdrawals from the investment for other than the payment of benefits to participants may be subject to a market value adjustment and a surrender charge.

Note 6 - Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of pooled separate accounts managed by Voya, the Trustee of the Plan. Therefore, the transactions related to these investments qualify as party-in-interest transactions. The administrator of the Plan is ERP Retirement Services. Fees paid by the Plan to these entities qualify as party-in-interest transactions. Such fees amounted to approximately $28,000 for the year ended December 31, 2019.

Notes receivable from participants also qualify as party-in-interest transactions.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8 - Tax Status

The Plan has adopted the ERP Actuaries ("ERP") volume submitter profit sharing plan. Accordingly, the Plan is permitted to rely on ERP's opinion letters. The Internal Revenue Service has determined and informed ERP by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and therefore believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that at December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to fiscal 2016.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 - Subsequent Events

Subsequent to December 31, 2019, local, U.S. and world governments have declared a global pandemic due to the coronavirus disease ("COVID-19"). Most industries are experiencing disruption to business operations and the impact of reduced consumer spending. There is unprecedented uncertainty surrounding the duration of the pandemic, its potential economic ramifications, and any government actions to mitigate them. Although it cannot be reasonably determined at this time whether this will have a long-term impact, in the short-term, this has caused significant losses in U.S. and global markets and the values of investment securities, which could negatively impact participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 - Subsequent Events (cont'd.)

In response to the financial effects of COVID-19, the U.S. Congress approved the Coronavirus Aid, Relief and Economic Security ("CARES") Act on March 27, 2020. Certain of the CARES Act's provisions increase the maximum loan amount participants may borrow from the lesser of $50,000 or 50% of the value of the participant's vested balance to the lesser of $100,000 or 100% of the vested balance, delay loan repayments for one year, allow hardship withdrawals related to COVID-19 of up to $100,000 that can be redeposited to a qualified plan within three years without tax penalty, and allow for certain other benefits. The CARES Act does not require formal amendment to the Plan document until the last day of the Plan year beginning on or after January 1, 2022 as long as the Plan operates with the revised limits.

The Plan administrator has evaluated all events or transactions that occurred after December 31, 2019 through August 25, 2020, which is the date that the financial statements were available to be issued. During this period, there were no material subsequent events requiring disclosure except as noted above.
