RANPAK CORP. 401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Ranpak Corp. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all non-union employees of Ranpak Corp. (the "Company"), who are at least twenty-one years of age and have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The plan administrator oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the plan administrator.

Contributions:

Each year, participants may contribute to the Plan up to 25% of their eligible compensation, on a pre-tax basis, and 20% of their eligible compensation, on an after-tax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). The Company contributes a matching contribution equal to 50% of the first 6% of the participant's compensation contributed on a pre-tax basis. No matching contribution is made by the Company on after-tax contributions. The Company may also make profit sharing contributions to the Plan for the related year solely at the discretion of the Company's Board of Directors. These contributions are funded in the year subsequent to their authorization. There were no profit sharing contributions authorized for 2019. Contributions are subject to certain Internal Revenue Service ("IRS") limitations. The investment of participants' contributions and the Company's contributions are at the direction of each participant.

Participant Accounts:

A separate account is maintained for each participant. Each participant's account is credited with the participant's contribution, rollover contributions, and allocations of the Company's contributions, Plan earnings or losses, and any forfeitures of terminated participants' non-vested accounts as defined by the Plan agreement. Allocation of the Company's profit sharing contribution and any forfeitures of terminated participants' non-vested accounts are provided only to participants employed at the end of the Plan year relating to the contribution and are based on participants' compensation for the Plan year relating to the contribution. Plan earnings or losses are allocated daily based on each participant's account balance. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, as defined.

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts, and earnings and losses thereon, is based upon a tiered vesting schedule linked to continuous years of service. A participant is 100% vested after six years of credited service. Participants also become fully vested at age 65 upon death or if disabled.

Note 1. Description of Plan (Continued)

Notes Receivable From Participants:

Participants may borrow money within certain limits from their individual accounts. The notes are secured by the balance in the participant's account. Such notes bear interest at a reasonable rate commensurate with current interest rates charged for loans made under similar circumstances by persons in the business of lending money. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits:

Upon termination of service, a participant may elect to receive distributions either as a lump-sum distribution equal to his or her vested account balance or periodic installments over a period not to exceed the participant's life expectancy. If the participant's account balance is between \$1,000 and \$5,000, the plan administrator will make an automatic rollover of the account balance to a qualified individual retirement account. If the participant's account balance is less than \$1,000, the plan administrator directs Bank of America, N.A., the Trustee, to make a lump-sum distribution. Distributions of a participant's account balance may be authorized at any time by the Investment Committee under certain hardship conditions, as defined. Additionally, the Plan has provisions for active participants to take distributions subject to certain restrictions.

Forfeited Accounts:

Forfeitures are temporarily held in a suspense account, monitored within the Plan, and can be used toward: first, the reduction of the Plan's administrative costs; second, the reduction of employer matching contributions; and last, to be allocated to the Plan participants. At December 31, 2019 and 2018, forfeited non-vested accounts totaled approximately \$25,900 and \$18,300, respectively. During 2019, approximately \$47,350 was transferred to the forfeiture account, and approximately \$39,800 of forfeitures was used to reduce administrative expenses or employer matching contributions.

Note 2. Summary of Significant Accounting Policies

- A. Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").
- B. Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and Trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2. Summary of Significant Accounting Policies (Continued)

- C. Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. An allowance of \$51,189 for credit losses has been recorded at December 31, 2019 and 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.
- D. Plan Expenses – Administrative expenses for the Plan's investment manager are paid by the Plan. The Company absorbs all other significant costs of the Plan, in accordance with the Plan agreement. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation in fair value of investments.
- E. Use of Estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
- F. Benefit Payments – Benefits are recorded when paid.
- G. Subsequent Events – The Plan has evaluated subsequent events through October 2, 2020, the date the financial statements were available to be issued.

Note 3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 4. Unaudited Information

The Trustee of the Plan holds the Plan's investment assets and executes transactions therein. The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the statements of net assets available for benefits at December 31, 2019 and 2018, the supplemental schedule at December 31, 2019, the related investment and loan interest activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2019, and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

Note 5. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

Level 1 – Quoted market prices in active markets for identical assets and liabilities

Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data

Level 3 – Unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for assets of the Plan measured at fair value at December 31, 2019 and 2018:

- The investment in the common/collective trust fund is valued at its closing net asset value ("NAV"). The NAV is based primarily on observable inputs, the market value of the underlying investments, and is classified as Level 2.
- Registered investment companies: Valued at quoted closing market price reported in active markets for identical investments, and are classified as Level 1.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used from 2018 to 2019. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the report date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total

Note 6. Income Tax Status

The Plan has adopted a prototype plan provided by Merrill Lynch. Merrill Lynch received an opinion letter dated March 31, 2014, from the IRS stating that the prototype plan was designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since the adoption of the prototype. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8. Party-in-Interest Transactions

Administrative expenses in the amount of \$3,819 were paid to Merrill Lynch, Pierce, Fenner & Smith, a wholly-owned subsidiary of Bank of America, N.A. ("BoA"). BoA is Trustee of the Plan and, therefore, these qualify as party-in-interest transactions.

Note 9. Subsequent Event

On January 30, 2020, the World Health Organization declared the outbreak of the coronavirus disease 2019 ("COVID-19") a global health emergency and subsequently declared the COVID-19 outbreak a global pandemic in March 2020. The pandemic has adversely affected domestic and global economic activity and the full impact continues to evolve as of the date of this report. Accordingly, the effects of the pandemic on the Plan's current and future operations are unknown at this time.
