NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Hospice of Tuscarawas County (Organization) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all full-time employees of the Organization who have one year of service and are age twenty-one or older. It is subject to the Employee Retirement Income Security Act (ERISA) of 1974.

Contributions:

Each year, participants may contribute up to 100% of pretax or after tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investments options offered by the Plan. The Organization matches 100% of the first 3% of contributed employee funds and 50% of the next 2% of contributed employee funds. Contributions are subject to certain limitations.

Participant Accounts:

Each participant's account is credited with the participant's contributions and the Organization's matching contributions and allocations of Plan earnings, less an allocation of any administrative expenses, as defined in the Plan. Allocations are based on account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in the Organization's matching contribution portion of their accounts plus actual earnings thereon as follows:

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
Less than three years	0%
Three or more years	100%

Any participant who attains normal retirement age, becomes disabled, or dies, becomes fully vested regardless of length of service.

Notes Receivable:

The Plan does not allow for participant loans.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Description of Plan (Continued)

Distribution of Participants' Accounts:

The entire vested balance of a participant's account may be distributed at the date of the participant's retirement from the Organization, death, or permanent and total disability. Participants still employed may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of time.

Forfeited Accounts:

At December 31, 2019 and 2018, there were no forfeited non-vested accounts. Any forfeited non-vested accounts would be used to reduce future employer contributions or administrative expenses.

Plan Administration Costs:

The Organization absorbs significant costs of Plan administration related to legal, accounting, record keeping and general administration. Any expenses not paid by the Organization are paid by the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributed for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates:

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent asset and liabilities. Actual results could differ from those estimates.

HOSPICE OF TUSCARAWAS COUNTY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value except for the fully benefit-responsive investment, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers, trustee, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Payment of Benefits:

The Plan records benefit payments to withdrawing participants when paid.

Investment Options:

Upon enrollment in the Plan, a participant may direct employee contributions among investment choices in varying increments. Participants may change their investment options on any normal business day.

Date of Management's Review of Subsequent Events:

The Plan's management has evaluated subsequent events through October 5, 2020, which is the date the financial statements were available to be issued.

Note 3. Unaudited Information

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Nationwide Trust Company, the Trustee, has certified to the completeness and accuracy of all investments reflected in the statements of net assets available for benefits at December 31, 2019 and 2018, the supplemental schedule at December 31, 2019, the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2019, and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Basis of Fair Value Measurements

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Money market fund, mutual funds and common collective trust funds: The investments are held and managed by Nationwide Trust Company. The fair value of investments held in these accounts is based on their reported net asset value ("NAV"). The NAV is based primarily on observable inputs and the market value of the underlying investments, and is classified as Level 2.

The preceding methods described many produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following table sets forth by level the Plan's assets at fair value as of December 31, 2019:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market funds	\$ -	\$ 7,963	\$ -	\$ 7,963

Collective trust funds	-	167,676	-	167,676
Total assets at fair value	\$ -	\$ 3,218,130	\$ -	\$ 3,218,130

The following table sets forth by level the Plan's assets at fair value as of December 31, 2018:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market funds	\$ -	\$ 7,737	\$ -	\$ 7,737

Collective trust funds	-	113,922	-	113,922
Total assets at fair value	\$ -	\$ 2,375,651	\$ -	\$ 2,375,651

Note 5. Guaranteed Investment Contract With Nationwide Life Insurance Company

The Plan holds an investment contract which meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed by the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include 1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), 2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, 3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or 4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants probably will not occur.

HOSPICE OF TUSCARAWAS COUNTY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 6. Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds, money market funds, and common collective trusts managed by Nationwide Trust Company. Nationwide Trust Company, is also the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. There were no fees paid by the Plan for investment management fees and services for the year ended December 31, 2019.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan agreement to amend any and all provisions of the Plan, as well as discontinue its contributions and to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts, and the net assets of the Plan would be allocated among the participants and beneficiaries of the Plan in the order provided for by ERISA.

Note 8. Tax Status

The Organization adopted a Prototype Plan offered by Nationwide Trust Company. The Internal Revenue Service determined and informed, in a letter dated March 31, 2014, that the Prototype Plan and related trust were designed and qualified under the applicable provisions of the Internal Revenue Code (IRC) and were, therefore, exempt from Federal income taxes. The Plan has been amended since receiving the determination letter. In the opinion of the Plan administrator, the Plan continues to meet the IRC requirements and is currently operating such that its exempt status has been maintained. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

The Plan's management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10. Subsequent Event – COVID-19 Global Pandemic

On January 30, 2020, the World Health Organization declared the outbreak of the coronavirus disease 2019 (COVID-19) a global health emergency and subsequently declared the COVID-19 outbreak a global pandemic in March 2020. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

HOSPICE OF TUSCARAWAS COUNTY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 10. Subsequent Event – COVID-19 Global Pandemic (Continued)

This pandemic had adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.
