INDEPENDENT AUDITORS' REPORT

To the Administrative Committee
Eye Partners, PC 401(k) Profit-Sharing Plan
Dothan, AL

We have audited the accompanying financial statements of Eye Partners, PC 401(k) Profit-Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Eye Partners, PC 401(k) Profit-Sharing Plan as of December 31, 2019 and 2018, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

NOTE A – DESCRIPTION OF THE PLAN

The following description of Eye Partners, PC 401(k) Profit-Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Eye Partners, PC (the “Company”) who have one year of service and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan and determines the appropriateness of the Plan’s investment offerings.

Contributions

Each year participants may contribute up to 100% of their compensation, as defined in the Plan, up to the maximum elective deferral allowed under the Internal Revenue Service (IRS) rules and regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, common stocks, bonds, government securities, and an insurance investment contract as investment options for participants.

The Company currently makes a safe harbor nonelective contribution of 3% of a participant’s compensation for all employees eligible to participate in the plan, without regard to participant contributions.

Each year, the Company may contribute also to the Plan’s Trust Fund out of its current or accumulated net profits a nonelective contribution to a select group or groups of non-highly compensated participants eligible for an allocation. The profit sharing contribution can be made as a flat dollar amount, a pro rata percentage of compensation, or a pro rata percentage of elective contributions. The amount of the contribution is determined by a resolution of the Company’s board of directors. Contributions are subject to certain limitations.

Participants must be employed as of the last day of the Plan year to receive nonelective contributions.

Participants Accounts

Each participant’s account is credited with the participant’s contributions and allocation of the employer’s contributions and earnings or losses on investments. Allocations are based on participants’ earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTE A – DESCRIPTION OF THE PLAN – Cont’d

Vesting

Participants are immediately vested in their voluntary contributions and safe harbor nonelective contributions plus actual earnings thereon. Vesting in other contributions by the Company and earnings thereon is based on years of credited service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear a reasonable rate of interest, commensurate with local prevailing rates at the inception of the loan. The loan term normally cannot exceed five years with payments due not less frequently than quarterly. Generally, the participant must agree to repay the loan by payroll deduction.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account or distributions in monthly or annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$21 and \$47 respectively. Forfeited accounts are used to pay administrative expenses of the Plan then to reduce profit sharing contributions.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

DECEMBER 31, 2019 AND 2018

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Cont’d

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019, and 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

For the years ended December 31, 2019 and 2018, amounts payable to participants for contributions in excess of amounts allowed by the IRS was \$0 and \$3,468, respectively. These amounts are recorded as accounts payable on the financial statements. Total excess contributions from prior years, as of December 31, 2018 was \$8,326. This amount was used in full toward contributions for the year ended December 31, 2019.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Eye Partners, PC provides certain administrative and accounting services to the Plan at no cost. Most administrative expenses are paid directly by the Plan sponsor and include audit, accounting, and legal fees. Administrative expenses directly allocable to individual participant directed accounts are paid from the participant's account.

Date of Management's Review of Subsequent Events

Subsequent events were evaluated through September 23, 2020, which is the date the financial statements were available to be issued. Reference Note L for subsequent events details.

NOTE C – FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs are observable market based inputs or unobservable inputs that are corroborated by market data and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or 3 inputs for periods presented.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded. Unit investment trusts are carried at redemption value, which represents fair value.

The following table sets forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and December 31, 2018.

		Fair Value Measurements at the End of the Reporting Period Using:			
		Total	Level 1	Level 2	Level 3
December 31, 2019					
Mutual funds		\$10,459,054	\$10,459,054	\$ -	\$ -
Total		\$10,459,054	\$10,459,054	\$ -	\$ -

		Fair Value Measurements at the End of the Reporting Period Using:			
		Total	Level 1	Level 2	Level 3

Mutual funds		\$8,058,867	\$8,058,867	\$ -	\$ -

NOTE C – FAIR VALUE MEASUREMENTS– Cont’d

Gains and losses, included in changes in net assets available for benefits for the years ended December 31, 2019 and 2018, are reported in net appreciation/(depreciation) in fair value of investments.

The Plan’s policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of event or change in circumstance that caused the transfer. For the years ended December 31, 2019 and 2018, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE D – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2011, one participant of the Plan entered into a guaranteed investment contract with Jackson National Life Insurance Company. This contract was terminated on May 16, 2017 and a new contract was issued with Nationwide Life Insurance Company on May 22, 2017 with a commencement date of March 21, 2045.

Nationwide maintains the contributions in a general account. Nationwide limits the cumulative purchase payments under the contract issued of annuities held with them to \$1,000,000. Any excess amount is not accepted and will be returned to the Contract Owner. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The participant may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The guaranteed investment contract meets the benefit responsive investment contract criteria, and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 1%. The crediting interest rate is reviewed on an annual basis for vesting.

The Plan’s ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE D – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY – Cont’d

Certain events limit the Plan’s ability to transact at contract value with Nationwide. Such events include (1) amendment of the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan’s ability to transact at contract value with the Plan participant are probable of not occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled contract date.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from the contract value.

**NOTE E – RELATED PARTY TRANSCATIONS AND PARTY IN INTEREST
TRANSACTIONS**

The Plan has contracted with Economic Group Pension Services, Inc. as third party administrator. Economic Group Pension Services, Inc was paid directly by the Plan Sponsor. In 2019 and 2018 the Plan paid fees for investment management services to T. Rowe Price of \$2,800 and \$3,280, respectively. The Plan Sponsor pays directly any other fees related to the Plan’s operations.

NOTE F – ROLLOVER

For the years ended December 31, 2019 and 2018, the Plan received rollovers in the amount of \$25,929 and \$32,340, respectively. These amounts are included in rollovers on the statement of changes in net assets available for benefits.

NOTE G – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE I – TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE J – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statement of net assets available for benefits.

DECEMBER 31, 2019 AND 2018

NOTE K – NON EXEMPT PARTY-IN-INTEREST TRANSACTIONS

For the Plan year 2019, the Company did not remit certain participant contributions and loan repayments to the Trustee in a timely manner based on when the participant contributions and loan repayments were withheld from participant paychecks as required under Department of Labor Regulation §2510.3-102. These late remittances are disclosed on the supplemental schedule Schedule H, Line 4a – Schedule of Delinquent Participant Contributions. The Company has credited the amount of investment income that would have been earned had the participant contributions been remitted on a timely basis to participant accounts. Such amounts are not material to the Plan's financial statements. IRS Form 5530 was not filed as the excise tax was less than \$11. These amounts instead have been credited to the participant accounts.

NOTE L – SUBSEQUENT EVENTS

During March 2020, a global pandemic was declared by the World Health Organization related to the coronavirus (COVID-19). The pandemic has significantly impacted the economic conditions in the U.S., as federal, state, and local governments react to the public health crisis, creating significant uncertainties in the U.S. economy. The ultimate impact of the pandemic on the Plan, cannot be reasonably estimated at this time.
