SCHOTT GEMTRON CORPORATION PROFIT SHARING PLAN

Notes to the Financial Statements

December 31, 2019 and 2018

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Schott Gemtron Corporation ("Employer") Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan, established January 1, 1977, is a defined contribution employee benefit plan covering persons regularly employed by Schott Gemtron Corporation and not covered by a collective bargaining agreement. Employees become participants in the Plan following completion of six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Upon reaching eligibility, participants are auto-enrolled in the Plan at 3 percent for certain pretax annual compensation dollars. Each year, participants have the option to dis-enroll in the Plan, or to change their deferral percentages. The employer is required to match 100 percent of the participants first 3 percent of compensation and 50 percent of the next 4 percent of compensation. All employer contributions are in cash.

Participant accounts - Each participant's account is credited with the participant's contributions and allocations of the Employer's contribution and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on average account balances, as defined in the Plan. A participant is entitled solely to the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in elected contributions plus actual earnings thereon. Vesting in the Employer's matching contribution plus actual earnings thereon is based on years of credited service. A participant becomes vested as noted in the Plan.

Participant loans - Participants may borrow funds subject to a \$50,000 maximum. Loan terms range from either 1-5 years or up to 15 years (if relating to the purchase of a primary residence). The loans are secured by the participant's account balance and bear interest at rates ranging from 4.25% to 9.5%. Principal and interest is paid ratably through payroll deductions.

Benefit payments - On cessation of service due to death, disability, termination, or retirement, a participant may generally elect to receive the value of the vested interest in his or her account as a lump sum distribution. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan.

Forfeited accounts - At December 31, 2019, forfeited accounts totaled \$50,529. This amount (if any) may be used to reduce future employer contributions. During 2019, employer contributions were reduced by \$139,537 from forfeited nonvested accounts.

Notes to the Financial Statements

December 31, 2019 and 2018

NOTE 1 - DESCRIPTION OF PLAN (continued)

Plan termination - Although no such intent has been expressed, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon Plan termination, participants shall become 100% vested in their accounts.

Plan administration - The Plan administrator is Schott Gemtron Corporation. The administrator supervises the Plan operation, interprets the meaning of Plan provisions, determines eligibility for participation and benefits, and decides when benefits are to be paid in accordance with the terms of the Plan. Plan administration is vested in a committee appointed by the Board of Directors of the employer.

Funding Policy - Participant accounts are funded as soon as possible with the appropriate employee and employer contribution.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The financial statements of the plan are prepared on the accrual basis of accounting. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Use of estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes to the Financial Statements

December 31, 2019 and 2018

NOTE 2 - Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019, and 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Expenses - Under the terms of the Plan, the employer is permitted to pay administrative expenses (which may be significant). If not paid by the employer, such expenses shall become a liability of the Plan. However, the employer may reimburse the Plan for any administrative expenses incurred and such reimbursements shall not be considered an employer contribution. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

NOTE 3 - TAX STATUS OF PLAN

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Open years for audit include 2017, 2018, and 2019.

NOTE 4 - INFORMATION PROVIDED BY THE TRUSTEE

All of the Plan's assets are held by the trustee, SunTrust Bank, Chattanooga, N.A. The amounts set forth in the accompanying financial statements for investment assets, transactions in those assets, income, and the information shown in the attached supplemental schedule were summarized from information furnished by the trustee. The administrator has received from the trustee a certification that the information furnished by the trustee is complete and accurate.

NOTE 5 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. The Investment Committee determines the Plan's valuation policies. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

Notes to the Financial Statements

NOTE 5 - FAIR VALUE MEASUREMENTS (continued)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements - The fair values of common stocks are based on the closing price reported in the active market where the individual securities are traded, when available.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018, and as certified by the Trustee:

	<u>2019</u>	<u>2018</u>
Mutual Funds	<u>\$ 44,179,698</u>	<u>\$ 36,954,610</u>

NOTE 6 - INVESTMENTS

The following presents investments, certified by the trustee, at December 31, 2019 and 2018 that represent 5% or more of the Plan's net assets:

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the Statements of Net Assets Available for Plan Benefits.

NOTE 9 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 21, 2020, the date on which the financial statements were available to be issued.
