Citizens Union Bancorp of Shelbyville, Inc.
Employee Stock Ownership Plan with 401(k) Provisions
Notes to Financial Statements
December 31, 2019 and 2018

Note 1: Description of the Plan

The following description of the Citizens Union Bancorp of Shelbyville, Inc. Employee Stock Ownership Plan with 401(k) Provisions (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan administrator.

General

The Plan is a defined contribution plan sponsored by Citizens Union Bancorp of Shelbyville, Inc. (Company) for the benefit of its employees who have at least one year of service and are age 19 or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Reliance Trust Company serves as the custodian of the Plan's assets, and The Standard Trust Company acts as the third-party administrator for the Plan. Lea M. Anderson, Steven Barker and Edward B. Hayes serve as trustees for the Plan.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 50% of eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Employee rollover contributions are also permitted. The Company's matching and profit-sharing contributions are discretionary as determined by the Company's board of directors. A participant must be employed by the Company on December 31 of the Plan year to be eligible to receive the Company's contributions. The Company recorded matching contributions totaling $303,281 and $251,645 for the years ended December 31, 2019 and 2018, respectively. No additional profit-sharing contributions were made during 2019 and 2018. Contributions are subject to certain limitations.

Participant Investment Account Options

Each participant has the option of directing his or her contributions into any of the various investment options offered by the Plan and may change the allocation quarterly. The matching Company contribution is invested directly in employer common stock. These amounts can be reallocated by the participant after 10 years of participation in the Plan and the participant has reached age 55. At this time, participants can liquidate or reallocate to another available investment option. Additional discretionary employer contributions can also be directed in employer stock.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution, Plan earnings and forfeitures of terminated participants' nonvested accounts and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts, plus earnings thereon is based on years of continuous service as follows:

Years of Service	Vested Percentage
Fewer than two	0%
Two but fewer than three	20%
Three but fewer than four	40%
Four but fewer than five	60%
Five but fewer than six	80%
Six or more	100%

Payment of Benefits

Upon termination of service, an employee may elect to receive either a lump-sum amount equal to the value of his or her vested interest in their account or a joint and survivor annuity. At December 31, 2019 and 2018, there were no Plan assets allocated to accounts of terminated or retired participants who have elected to withdraw from the Plan but have not yet been paid.

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the value of his or her account. In the sixth year, the percentage changes to 50%.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited nonvested accounts totaled $7,156 and $0, respectively. These accounts will be reallocated to participants in the same manner as employer contributions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully-benefit-responsive investment contracts, which are reported at contract value). Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value of shares held by the Plan at year-end. The common shares of the Company stock are valued at estimated fair value, which is determined by an annual independent appraisal.

Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administration expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3: Certification of Plan Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the custodian of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2019 and 2018 (exclusive of the investment in the Company's common stock totaling $9,467,577 and $8,730,522, respectively)
- Investment income as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018 (exclusive of investment income from the Company's common stock comprised of appreciation of $701,302 and $873,052 and dividends of $525,258 and $135,056, respectively)
- Investment information included in the accompanying schedule of assets (held at end of year) as of December 31, 2019 (exclusive of the investment in the Company's common stock totaling $9,467,577)

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

The Plan invests in the common stock of the Company.

The Plan paid $55,279 and $51,370 of record-keeping fees to The Standard Trust Company during 2019 and 2018, respectively. The Plan also paid other professional fees of $12,065 and $11,700 during 2019 and 2018, respectively. The Company provides certain administrative services at no cost to the Plan.

Note 5: Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2019 and 2018:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2019				
Mutual funds	$ 8,073,685	$ 8,073,685	$ -	$ -
Citizens Union Bancorp of Shelbyville, Inc. common stock	9,467,577	-	-	9,467,577
	$ 17,541,262	$ 8,073,685	$ -	$ 9,467,577
December 31, 2018				
Mutual funds	$ 5,925,438	$ 5,925,438	$ -	$ -
Money market fund	1,388	1,388	-	-
Citizens Union Bancorp of Shelbyville, Inc. common stock	8,730,522	-	-	8,730,522
	$ 14,657,348	$ 5,926,826	$ -	$ 8,730,522

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2019 and 2018. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. The Plan held no Level 2 securities. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Company's common stock is classified as Level 3. The shares of common stock are valued as determined by annual independent appraisals. Inputs include data from the Company's audited financial statements and various premium and discount rates and certain other assumptions as determined by the appraiser.

Level 3 Valuation Process

Fair value determination for Level 3 measurements of securities are the responsibility of Plan management. Plan management contracts with a valuation specialist to determine fair value estimates annually. Management challenges the reasonableness of the assumptions used and reviews the methodology to ensure the estimated fair value complies with accounting standards generally accepted in the United States of America.

Level 3 Reconciliation

The following is a reconciliation of the beginning and ending balances of recurring fair value measurements recognized in the accompanying statements of net assets available for benefits using significant unobservable (Level 3) inputs:

	Citizens Union Bancorp of Shelbyville, Inc. Common Stock
Balance, January 1, 2018	$ 7,597,077
Purchases	260,393
Total realized and unrealized gains and losses included in net increase in net assets available for benefits	873,052
Balance, December 31, 2018	8,730,522
Purchases	251,650
Total realized and unrealized gains and losses included in net increase in net assets available for benefits	701,302
Distributions to participants	(215,897)
Balance, December 31, 2019	$ 9,467,577
Total gains or losses for the period included in net increase in net assets available for benefits attributable to the change in unrealized gains or losses related to assets still held at the reporting date	
Year ended December 31, 2018	$ 873,052
Year ended December 31, 2019	$ 701,302

Note 6: Investment Contract with Insurance Company

The Plan entered into a fully benefit-responsive investment contract with Standard Insurance Company (Standard). Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

The guaranteed investment contract is fully benefit-responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Documents (including complete or partial Plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 8: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 9: Tax Status

The IRS has determined and informed the Company by a letter dated January 16, 2018, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Note 11: Significant Estimates

Valuation of Citizens Union Bancorp of Shelbyville, Inc. Common Stock

The common stock of the Company owned by the Plan is valued at its estimated fair value as determined by annual independent appraisal. The actual fair value of the common stock can only be determined based on an ultimate sale of the Company.

Note 12: Risks and Uncertainties

The Plan invests in various investment securities, including the Company common stock, which represents approximately 53% of the Plan's assets. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 13: Plan Amendment

During 2018, the Plan was amended and restated to update formatting and language as requested by the IRS. All other significant provisions of the Plan remain unchanged as a result of this amendment.

Note 14: Subsequent Events

Subsequent events have been evaluated through September 23, 2020, which is the date the financial statements were available to be issued.

COVID-19

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen, which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.
