Central Bank Illinois 401(k) Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF THE PLAN

The following brief description of the Central Bank Illinois 401(k) Profit Sharing Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Central Bank Illinois (Employer) established the Central Bank Illinois 401(k) Profit Sharing Plan effective as of January 1, 1992, restated July 7, 2017 and again restated effective January 1, 2019. The Plan is a defined contribution plan covering all employees of the Employer with 1,000 hours of service during the first six months of service or 1,000 hours of service during a 12-consecutive month period and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Account of 1974 (ERISA), as amended. The Board of Directors is responsible for oversight of the Plan. The profit sharing/401K Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investments performance and reports to the Board of Directors.

Contributions

Each year, participants may contribute up to the annual additions limitations provided for by Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified plans. Beginning on January 1, 2019, the Plan will no longer accept rollover contributions The Employer may also make discretionary matching and profit share contributions to the Plan on behalf of each Participant who serves 1,000 hours during the plan year and is employed on the last day of the plan year at the option of the Employer's Board of Directors. For the year ended December 31, 2019, the Employer made a $176,036 matching contribution and a $802,859 profit sharing contribution to the Plan. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Employer's contribution and plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Investment Options

Participants direct the investment of their contributions and the Employer's contributions to selected investment options as offered by the Plan. The Plan Sponsor amended the adoption agreement eliminating transfers from other investments to the employer stock in 2019 and eliminating the purchase of employer stock in 2020. Participants may change their investment options daily.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Benefits vest as follows:

Years of Credited Service	Vested Percentage (%)
1	0
2	20
3	40
4	60
5	80
6 and greater	100

Notes Receivable from Participants

The Plan does not allow for notes receivable from participants. However, notes receivable from participants were allowed to be transferred to the Plan upon termination of a prior plan acquired by the Employer. Participants were allowed to borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The interest rate was set on the date of loan issuance and is 1% above the prime interest rate as published from time to time in the Wall Street Journal. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, a beneficiary receives a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, partial withdrawal or installments. Hardship distributions are allowed by the plan.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are exercised. The trustee is not permitted to vote any shares for which instructions have not been given by a participant.

Put Option

Under federal income tax regulations, the employer stock that is held by the plan and its participants and is not readily tradable on an established market, or is subject to trading limitations includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited nonvested accounts totaled $16,301 and $6,499, respectively. Forfeitures will be added to the Employer's future contributions in the same plan year in which the forfeiture occurs. During the plan year ended December 31, 2019, $6,034 of forfeitures were utilized as employer contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The profit sharing/401K Plan committee determined the Plan's valuation policies utilizing information provided by the custodian. See Note 5 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distribution processing are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in the net depreciation in fair value of mutual funds and net appreciation in fair value of stock.

Income Tax Status

The Plan adopted the Alliance Benefit Group of Illinois Volume Submitter 401(K)/Profit Sharing Plan document. The Employer is relying on an advisory letter issued by the Internal Revenue Service as evidence that the Plan is qualified and the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by applicable taxing authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods are in progress. The plan administrator believes that the plan is no longer subject to income tax examinations for years prior to December 31, 2016.

Subsequent Events

The Plan has evaluated subsequent events through October 5, 2020, the date the financial statements were available to be issued.

NOTE 3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Charles Schwab Bank. The Plan's investment in the employer stock is not certified by Charles Schwab Bank.

	2019	2018
Investments at fair value	$ 19,203,476	$ 14,670,039
Notes receivable from participants	14,360	30,500
Investment income	3,458,688	

NOTE 4. EMPLOYER STOCK

The Plan's investments in the Central Bank Inc. stock at December 31 are presented in the following table:

	2019	2018
Sponsor Company common stock:		
Number of Shares	10,088	9,840
Cost	$ 4,268,113	$ 3,865,655
Fair Value	$ 9,886,240	$ 8,610,000

At the years ended December 31, 2019 and 2018, the value of the Employer stock per share was $980 and $875, respectively. The Employer stock is valued semiannually on June 30th and December 31st.

NOTE 5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund: Valued at $1 per share which approximates fair value.

Collective investment trust: Valued at the NAV of units of a collective trust fund. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less it liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the trust requires twelve months written notice prior to the withdrawal.

Employer common stock: Value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables and estimated fair value of company assets and liabilities.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018.

NOTE 6. PARTY IN INTEREST TRANSACTIONS

ABG Retirement Plan Services (third party administrator), Charles Schwab Bank (Custodian) and Commonwealth Financial Network (investment advisor) qualify as parties-in-interest. Fees paid totaled $10,005 during the year ended December 31, 2019.

ABG Retirement Plan Services provides certain administrative services to the Plan pursuant to an agreement between the Employer and ABG Retirement Plan Services. ABG Retirement Plan Services receives revenue from mutual fund service providers for services ABG Retirement Plan Services provides to the funds. This revenue is used to offset certain amounts owed to ABG Retirement Plan Services for its administrative services to the Plan.

If the revenue received by ABG Retirement Plan Services from such mutual funds exceeds the amount owed under the agreement, ABG Retirement Plan Services applies the excess revenue to pay Plan administrative expenses or allocates the excess revenue to participants. During the year ended December 31, 2019, no revenue sharing credits were used to offset plan expenses or allocated to participants. The Plan makes payments to ABG Retirement Plan Services for administrative expenses not covered by revenue sharing.

The Employer provides certain accounting and administrative services to the Plan for which it receives no compensation.

The Plan invests in Company common stock. This is a related party and party-in-interest transactions.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
