NOTES TO FINANCIAL STATEMENTS

December 31, 2019

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the LaunchSquad, LLC 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a complete description of the Plan's provisions.

General – The Plan was established by LaunchSquad, LLC, (the "Company") as a defined contribution plan covering all eligible employees, excluding interns, J-1 trainees, leased employees, and employees covered by a collective bargaining agreement, who have reached 21 years of age and have completed one month of service from their employment commencement date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the Internal Revenue Code ("IRC").

The Plan provides for a Plan administrator who is responsible for keeping accurate and complete records of the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law. The Company has established an investment committee to fulfill these responsibilities. The investment committee also monitors the Plan's investment offerings and investment performance.

Participant Contributions – Participants may voluntarily contribute any combination of pre-tax elective deferrals and post-tax ("Roth") elective deferrals from 1% to 90% of their eligible earnings, as defined in the Plan document, subject to maximum contributions of $19,000 for the year ended December 31, 2019. The Plan will automatically enroll eligible participants with a pre-tax elective deferral rate of 3% unless the participant request to have no deferrals. Participants who have reached at least 50 years of age by the end of the calendar year and who are making contributions to the Plan may also make catch-up contributions of up to $6,000 for 2019. Participants may also contribute amounts representing rollovers from other eligible retirement plans.

Employer Contributions – The Company provides a matching contribution equal to 50% of participant's elected deferrals that does not exceed 6% of eligible compensation. In addition, the Company may make discretionary profit sharing contributions. No discretionary profit-sharing contributions were made during 2019.

Participant Accounts – The Plan maintains an account for each participant which is credited with the participant's contributions and employer matching contributions and allocations of the Company's discretionary contribution and Plan investment earnings or losses, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions, if any, plus actual earnings thereon is based on the number of years of credited service according to the following schedule:

Years of Service	Vested Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4 or more	100%

Investment Options – Upon enrollment in the Plan, a participant may direct the investment of his or her account balance into the various investment funds offered by the Plan.

Notes Receivable from Participants – Participants may borrow from their vested accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes receivable are secured by the balance in the participant's account and bear fixed interest based on the prime rate as published in the Wall Street Journal on the 14th of the month in which the loan is effective, plus two percentage points. Loan terms range from one to five years, except for loans used to finance the purchase of a primary residence, for which longer loan terms are permitted. Principal and interest are paid ratably through payroll deductions. Any outstanding loans will become due and payable upon the earlier of maturity date, termination of employment, or death.

Payment of Benefits – Upon termination of service due to death, disability, retirement or other reasons, a participant may elect to receive distributions as lump-sum, installments, direct rollover, or a combination of cash and direct rollover equal to the value of the participant's vested interest in his or her account. Terminated participants with account balances in excess of $5,000 may delay the receipt of distributions. The Company will roll over terminated participants' accounts with balances less than $5,000, but greater than $1,000 to an individual retirement account unless directed otherwise by the terminated participant. If the participants' account balance is less than $1,000, it will be automatically distributed to the participant in a lump sum distribution. Participants may withdraw up to 100% of their contributions and up to 100% of their employer matching contributions for certain financial hardships. Participants may withdraw their entire account balance upon attaining the age of 59½. The payment of benefits to retired participants is required to begin no later than April 1st following the end of the year in which the participant reaches 70 ½ years of age.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Forfeitures – The non-vested portion of a terminated participant's account balance is forfeited. Forfeitures remain in the Plan and may be used to pay administrative expenses as directed by the Company or to reduce employer matching contributions. As of December 31, 2019, there were $747 of forfeitures held by the Plan. There were no forfeitures as of December 31, 2018. During 2019, forfeitures of $24,188 were used to reduce employer matching contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and trustees. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year and is reflected in the Statement of Changes in Net Assets Available for Benefits.

Payments of Benefits – Benefits are recorded when paid.

Notes Receivables from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative fees and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

Subsequent Events – Plan management has evaluated subsequent events through September 23, 2020, the date the financial statements were available to be issued. See Note 10.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used must maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2019 and 2018.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

This method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodology or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2019			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy:				
Mutual Funds	$ 6,576,512	$ -	$ -	$ 6,576,512

	2018			
	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy:				
Mutual Funds	$ 4,789,107	$ -	$ -	$ 4,789,107

As of December 31, 2019 and 2018, three investment funds made up 49% and 44%, respectively, of the Plan's investment assets.

NOTE 4 – INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE OF THE PLAN

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company ("Reliance"), the trustee of the Plan, has certified to the completeness and accuracy of all investment information presented on the Statements of Net Assets Available for Benefits and in Note 3 as of December 31, 2019 and 2018, the supplemental Schedule H, line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2019, and the related investment activity reflected in the Statement of Changes Net Assets Available for Benefits for the year ended December 31, 2019, and the related investment information included in the notes to financial statements.

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination from among the funds available with the trustee. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 6 – RELATED PARTY TRANSACTIONS

The Plan's recordkeeper ADP, LLP ("ADP") provides certain administrative services to the Plan pursuant to a service agreement between the Company and ADP. ADP Broker Dealer, an affiliate of ADP, receives revenue from certain investment service providers for services provided to the funds. Under this arrangement, this revenue is used to offset certain amounts owed to a third-party investment advisor for its services to the Plan. The Plan also pays directly any other fees related to the Plan's operations, if not paid by the Company.

NOTE 7 – TAX STATUS

The Plan is a defined contribution plan designed to qualify as a tax-exempt plan under the IRC. The terms of the Plan are based on a prototype plan which obtained its most recent determination letter dated July 8, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in accordance with the applicable sections of the IRC. The Plan has not filed for a separate determination letter; however, the plan administrator believes that the Plan is intended to be designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

NOTE 7 – TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the Plan's financial statements to Form 5500 as of December 31, 2019 and 2018 and for the year ended December 31, 2019:

NOTE 10 – SUBSEQUENT EVENTS

On March 11, 2020, the World Health Organization declared a pandemic related to the rapidly spreading COVID-19 outbreak, which has led to a global health emergency. The pandemic has caused volatility in financial markets and has affected, and may continue to affect, the market price of the Plan's investments. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict and will depend on future developments that are highly uncertain. Accordingly, the ultimate financial effects cannot be reasonably estimated at this time.

Effective April, 2020, the Plan implemented the participant loan and distribution provisions of the Coronavirus Aid, Relief, and Economic Security (the "CARES Act") that was signed into law on March 27, 2020, which increases a qualified participant loan amounts to the lesser of the participant's account balance or $100,000 for a loan issued through September 23, 2020, allows qualified Plan participants who have Plan loan repayments in 2020 to defer such repayments until December 31, 2020, allows the Plan's qualified participants to take a COVID-19 related distribution up to $100,000 through December 31, 2020, and a waiver of 2020 required minimum distributions, etc. In addition, effective January 1, 2020, the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act") delays the commencement date for required minimum distributions to age 72.

Effective April, 2020, the Plan terminated its record keeping agreement with Automatic Data Processing ("ADP") and appointed Empower Retirement ("Empower") as the Plan's new record keeper. In addition, effective April, 2020, the Plan terminated its trustee agreement with Reliance Trust Company ("Reliance") and appointed Great-West Trust Company as the Plan's new custodian and trustee. The Plan adopted Empower Non-Standardized 401(k) Profit Sharing Plan, and the assets of the Plan were transferred to Empower. The terms of the new adoption agreement with Empower are substantially the same provisions as the former agreement with ADP.
