Employee Savings Plan
Notes to Financial Statements

Note 1. Description of the Plan

The following description of the David E. Harvey Builders, Inc. Employee Savings Plan (the Plan) provides only general information. Participants should refer to the *Plan document* for a more complete description of the Plan's provisions, which is available from Plan management.

General

The Plan is a defined contribution plan that covers substantially all employees of David E. Harvey Builders, Inc. (the Employer) who are at least 18 years of age and have completed one year of service totaling 1,000 hours. Entry date is quarterly, i.e., the first day of the first, fourth, seventh or tenth calendar month coinciding with or following the satisfaction of eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan consists of guaranteed investment accounts and pooled separate accounts under contract with Massachusetts Mutual Life Insurance Company (MassMutual). Contributions to the Plan, including participant salary deferrals, matching contributions, and rollovers from other plans, can be invested in any fund or combination of funds included in the Plan and are participant directed. A participant may change his or her investment options at any time via telephone service or the internet, once enrolled.

MassMutual and State Street Bank and Trust Company (State Street) serve as custodians of Plan investments and have provided certification statements as to the completeness and accuracy of the information provided to the Plan sponsor for the years ended December 31, 2019 and 2018. Accordingly, the Plan has elected to instruct the auditors not to perform any auditing procedures with respect to the information prepared and certified by the custodians, pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. This limited scope exemption applies only to the Plan investment assets, transactions, income, and supplemental schedule of assets.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan, subject to the annual deferral limitations as specified in section 401(g) of the Internal Revenue Code (IRC). For the year ended December 31, 2019, the deferral limitation is $19,000. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The EGTRRA includes a "catch up" provision for employee benefit plans. This provision became effective as of January 1, 2002, and allows employees who are 50 years old or older and who contributed the maximum amount allowed by law, to contribute an additional $6,000 for the year ended December 31, 2019.

The Company contributes 50 percent of the first six percent of eligible compensation that a participant contributes to the Plan (matching contribution). For the years ended December 31, 2019 and 2018, the Company made a matching contribution of $991,727 and $918,428, respectively. The Company may also make an additional discretionary contribution as determined annually by the board of directors (discretionary contribution). For the years ended December 31, 2019 and 2018, the Company made a discretionary contribution of $450,000 and $352,000, respectively. Additionally, the Company may make a special qualified non-elective employer contribution (QNEC contribution) as necessary to comply with the annual actual deferral percentage (ADP) test. Employer contributions are invested as directed by the participant and shall not exceed the maximum amount deductible by the Company for federal income tax purposes.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant compensation, account balance, as defined, or actual contribution. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. A Plan participant, whose employment is terminated due to death, disability, retirement, or any other reason, is entitled to the full value of his or her vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant vests ratably beginning at two years of service and is 100 percent vested after six years of credited service.

Notes Receivable from Participants

Loans to participants are not permitted under this Plan.

Payments of Benefits

Upon separation or termination of service due to death, disability, retirement, or due to other reasons, the value of the participant's vested interest in his or her account may be distributed in lump sums or in partial withdrawals.

Forfeited Accounts

Company contributions receivable at December 31, 2019 and 2018 were funded after year-end and were reduced by $107,000 and $160,000, respectively, from forfeited nonvested accounts. At December 31, 2019 and 2018, forfeited nonvested accounts totaled $108,603 and $157,656, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded at the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Plan Management's Review of Subsequent Events

The Plan has evaluated subsequent events through October 7, 2020, the date the financial statements were available to be issued.

Note 3. Certified Investments

All investment information disclosed in the accompanying financial statements and supplementary information, including investments held at December 31, 2019 and 2018, and net appreciation (depreciation) in fair value of investments and investment income and loss for the years ended December 31, 2019 and 2018, was obtained or derived from information provided to Plan management and certified as complete and accurate by MassMutual, the custodian of the Plan.

The Plan has a fully benefit responsive group annuity contract (GAC) with MassMutual. MassMutual maintains the contributions in a fixed investment account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative fees. The GAC is included in the financial statements at contract value as reported to the Plan by Mass Mutual. The contract value represents the principal balance plus contributions, interest, less participant withdrawals and administrative fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the GAC. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a semi-annual basis for resetting. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan document (including complete or partial plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-off of a subsidiary) that cause significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no change in the methodology used at December 31, 2019 and 2018.

Pooled separate accounts: Valued at net asset value (NAV) of shares held by the Plan at year end based on quoted market prices. The NAV as provided by the Custodian is used as a practical expedient to estimate fair value.

The following table summarizes the Plan's assets at fair value as of December 31, 2019 and 2018:

	2019	2018
Investments measured at net asset value:		
Pooled separate accounts	$ 47,223,403	$ 34,997,960
Investments at fair value	$ 47,223,403	$ 34,997,960

Fair Value of Investments in Entities that use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2019 and 2018, respectively.

Redemption notice period	None	None

Note 5. Guaranteed Investment Contract with Massachusetts Mutual Life Insurance Company

During 2019 and 2018, the Plan held a fully benefit-responsive guaranteed investment contract (GIC) with Massachusetts Mutual Life Insurance Company (MassMutual). MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 4 percent. The crediting rate is reviewed on a quarterly basis for resetting. The GIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 6. Related-Party Transactions and Party in Interest Transactions

Certain Plan investments are units of pooled separate accounts and guaranteed investment accounts provided through MassMutual. MassMutual is the record keeper and custodian for the Plan and, therefore, these transactions qualify as party in interest transactions. All investment fund earnings or losses posted to each Plan participant's account are net of investment management fees charged by each investment fund under the Plan.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Employer contributions.

Note 8. Tax Status

The Plan is a MassMutual prototype plan adopted by David E. Harvey Builders, Inc. The Internal Revenue Service has determined and informed MassMutual by a letter dated March 31, 2017, that the prototype plan is designed in accordance with applicable sections of the IRC. Although the Plan has been restated since receiving the determination letter, the Plan administrator and the Plan's management believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities that are exposed to various risks such as interest rates, market and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that some changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Subsequent Events

COVID-19

On March 11, 2020, the World Health Organization declared Coronavirus (COVID-19) a pandemic. The extent of the operational and financial impact the COVID-19 pandemic may have on the Plan Sponsor has yet to be determined and is dependent on its duration and spread, any related operational restrictions and the overall economy. The Plan Sponsor is unable to accurately predict how COVID-19 will affect the results of its operations or the Plan because the virus's severity and the duration of the pandemic are uncertain. Potential impacts include, but are not limited to, additional costs for responding to COVID-19, potential shortages of personnel, delays, loss of, or reduction to revenue and overall market decline. Management believes the Plan Sponsor is taking appropriate actions to respond to the pandemic; however, the full impact is unknown and cannot be reasonably estimated at the date the financial statements were available for issuance.

CARES Act

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for certain distributions and loan repayments, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
