RESTORATION PARTS UNLIMITED, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2019 AND 2018

1. DESCRIPTION OF PLAN

The following description of Restoration Parts Unlimited, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution savings plan established by Restoration Parts Unlimited, Inc. and its four participating affiliates (the Sponsor or Employer) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan trustees oversee the governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's trustees. Participation in the Plan is entirely voluntary. An eligible employee is any person employed by the Sponsor who has completed three consecutive months of service, is age 18 or older and is employed on the next entry date. Eligibility to receive employer matching contributions coincides with the participation eligibility requirements. An eligible employee for profit sharing contributions is any person who has completed at least 1,000 hours of service during the Plan year and is employed by the Company on the last day of the Plan year.

The Trustee, an employee of the Sponsor, is responsible for the oversight of the Plan, including determining the appropriateness of the Plan's investment offerings and monitoring investment performance. Mesirow Investment Financial Management, Inc. serves as a fiduciary investment advisor to the Plan under an ERISA 3(21) service agreement. No officer or employee of the Sponsor receives compensation from the Plan. Reliance Trust Company is the custodian of the Plan assets. ADP, LLC is the third party administrator and recordkeeper.

Contributions - Each year, participants may elect to contribute up to 100% of pre-tax or after-tax compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a common/collective trust as investment options for participants. Any eligible employees who do not make an elective deferral election are automatically enrolled in the Plan. Under the automatic enrollment provision, employees will be deemed to have made an elective deferral contribution election in the amount of 3% of their eligible compensation. The amount of such automatic enrollment will increase by 1% in years two through eight to a maximum of 8%. The Sponsor may, but is not required to, make discretionary matching contributions and discretionary profit sharing contributions to the Plan. The Sponsor currently matches elective deferrals equal to 50% of the first 6% of plan compensation. Sponsor discretionary matching contributions were \$110,343 in 2019 and \$171,195 in 2018. Contributions are subject to certain statutory limitations.

Excess Contributions - Contributions made by certain active participants during a plan year are returned to them in order to satisfy the relevant nondiscrimination provisions of the Plan. Excess deferral contributions payable were \$299 and \$4,872 at December 31, 2019 and 2018, respectively.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Sponsor's matching contributions, (b) the Sponsor's profit sharing contributions and (c) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participants' compensation, earnings or account balances, as provided in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus earnings thereon. Participants' vested interests in Sponsor discretionary matching contributions and profit sharing contributions increase from 10% after the first year, to 20% after the second year, to 100% after the third year of service.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of 50% of their total vested account balance, not to exceed \$50,000, reduced by their highest outstanding note balance during the preceding twelve months. Notes receivable must be repaid within five years unless the purpose is to acquire, construct or reconstruct a principal residence. Each note is secured by the balance in the participant's account and bears a rate of interest of prime plus one percent. Interest rates range from 5.0% to 6.5% and 5.0% to 6.25% at December 31, 2019 and 2018, respectively. Principal and interest is paid ratably through weekly automatic payroll deductions.

Payment of Benefits - Upon termination of employment, participants receive vested interests either in a lump-sum amount or over a period of time not exceeding beyond the participant's life expectancy (or the life expectancy of the participant and his designated beneficiary). There were no benefits payable to terminated participants at December 31, 2019 and 2018.

Forfeiture Accounts - Forfeitures may be used to reduce the amount of any legally permitted expenses incurred in connection with the administration of the Plan which are not otherwise paid by the Sponsor or reduce the Sponsor's future matching contributions. There were no forfeitures used to reduce administrative fees in 2019 and 2018. Forfeitures used to reduce employer matching contributions were \$17,492 in 2019 and \$31,553 in 2018. Forfeited nonvested accounts were \$655 and \$51 at December 31, 2019 and 2018, respectively.

Tax Status - The Internal Revenue Service has determined and informed the Sponsor by a letter dated July 16, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. Tax years 2016 and later remain open and subject to examination.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

The Plan has evaluated subsequent events through October 7, 2020, the date the financial statements were approved and authorized by the Plan administrator.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

Investment Contracts - Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan has an investment in the Invesco Stable Asset Fund, which is a contract issued by Invesco Advisors, Inc., at December 31, 2019 and 2018. This contract is a fully benefit-responsive investment contract.

Investment Valuation and Income Recognition - Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a deemed distribution to the participant based on the terms of the Plan document.

Payment of Benefits - Benefits are recorded when paid.

Expenses of the Plan - Certain expenses of maintaining the Plan are paid by the Sponsor and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments. Fees for the administration of notes receivable from participants and benefits paid to participants are included in administrative expenses and are charged directly to the participant's account.

Transfers - Effective January 29, 2019, the Plan Sponsor sold one of its wholly-owned subsidiaries. Participant balances related to this subsidiary were transferred to the successor owner's plan.

3. INVESTMENTS

The following information included in the Plan's financial statements and supplemental schedule as of and for the years ended December 31, 2019 and 2018 was obtained from data prepared by Reliance Trust Company, a Fidelity National Information Services company, the custodian of the Plan. The plan administrator has obtained certification from the custodian that such information is complete and accurate. The following represents the fair values of the investments in the separate identifiable funds administered by the custodian:

	2019	2018
Investments, at fair value	\$ 3,351,998	\$ 5,117,954
Investments, at contract value	39,693	165,557
Interest and dividends	92,004	151,657
Net appreciation (depreciation) in fair value of investments	780,519	(489,084)
Net appreciation in contract value of investments	1,614	3,307

4. FAIR VALUE MEASUREMENTS

The Plan's measurement of fair value for assets and liabilities is based on the framework established in the fair value accounting guidance. The framework is based on the inputs used in valuation, gives the highest priority to quoted prices in active markets, and requires that observable inputs be used in the valuations when available. The three levels of the hierarchy are as follows:

- Level 1: observable inputs such as unadjusted quoted prices in active markets for identical assets or liabilities
- Level 2: inputs other than quoted prices included in active markets that are observable either directly or indirectly
- Level 3: unobservable inputs in which there is little or no market data, which requires the Plan to develop its own assumptions

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. The funds are required to publish their daily net asset value (“NAV”) and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different valuation methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s investment assets at fair value as of December 31, 2019:

	Level 1	Level 2	Total
Mutual funds	<u>\$ 3,351,998</u>		<u>\$ 3,351,998</u>
Total investment assets at fair value	<u>\$ 3,351,998</u>		<u>\$ 3,351,998</u>

The following table sets forth by level, within the fair value hierarchy, the Plan’s investment assets at fair value as of December 31, 2018:

	Level 1	Level 2	Total
Mutual funds	<u>\$ 5,117,954</u>		<u>\$ 5,117,954</u>
Total investment assets at fair value	<u>\$ 5,117,954</u>		<u>\$ 5,117,954</u>

5. INVESTMENT CONTRACTS

The Plan offers the option to invest in a group fixed annuity, Invesco Stable Asset Fund, issued by Invesco Advisors, Inc. Contributions are maintained in the institution’s general account which is credited with earnings based on a guaranteed rate of return. This contract is a fully benefit-responsive investment contract.

Because the Invesco Stable Asset Fund is considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Invesco Stable Asset fund. The Invesco Stable Asset Fund is presented on the statement of net assets available for benefits at contract value which equals fair value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2019 and 2018 was \$39,693 and \$165,557, respectively. The crediting interest rate is based on a formula described within the terms of the contract. There is no stated minimum or maximum interest rate.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include certain transfers, withdrawals for purposes other than benefits, or termination of the contract. The Plan Administrator believes that any events that would limit the Plan’s ability to transact at contract value with participants are not probable of occurring.

6. NONPARTICIPANT-DIRECTED INVESTMENTS

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments is as follows:

	2019	2018
Net assets - Common/Collective Trust	\$ <u>655</u>	\$ <u>51</u>
Changes in net assets:		
Forfeitures from participants	\$ 18,036	\$ 10,813
Forfeitures used to reduce employer match	(17,492)	(31,553)
Earnings	<u>60</u>	<u>201</u>
Net increase (decrease) in net assets	\$ <u>604</u>	\$ <u>(20,539)</u>

7. PLAN TERMINATION

Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of changes in net assets available for benefits for the year ended December 31, 2018 to Form 5500:

	2018
Net decrease in net assets available for benefits per the financial statements	\$ (400,549)
Adjustment for corrective distributions payable	<u>(301)</u>
Net decrease in net assets available for benefits per the Form 5500	\$ <u>(400,850)</u>

9. SUBSEQUENT EVENT

The novel coronavirus (or "COVID-19") has adversely affected, and may continue to adversely affect, economic activity globally, nationally and locally. These economic and market conditions and other effects of the COVID-19 pandemic may adversely affect the volatility of Plan assets. The extent of any adverse impact of the COVID-19 pandemic on the Plan's participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits are unknown at this time. Operation of the Plan has not been adversely impacted.

On March 27, 2020, President Trump signed the Coronavirus Aid, Relief and Economic Security Act (CARES Act). Plans are permitted to adopt these provisions immediately provided the Plan document is retroactively amended on or before December 31, 2022. Plan management is considering adopting the following provisions:

For coronavirus-related distributions made before December 31, 2020 to qualified individuals, as defined in the CARES Act, the maximum distribution is the lesser of the vested portion of the participant's account

balance in the Plan or \$100,000. In addition, for active employees, a coronavirus-related distribution may be repaid at any time during a three-year period beginning on the day after the date on which the distribution was received.

For qualified individuals with outstanding loans, loan repayments during the period March 27, 2020 through December 31, 2020, may be deferred. The term of the loan will be extended by the length of the deferment period and adjusted for accrued interest.
