INDEPENDENT AUDITOR'S REPORT

September 24, 2020

To the Plan Administrator of
the CKW Retirement Plan
Colorado Springs, Colorado

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the CKW Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Capital Bank and Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of and for the years ended December 31, 2019 and 2018, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule listed in the table of contents is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CKW RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2019 AND 2018

A. Plan Description:

The following description of the CKW Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions.

General:

The Plan is a participant-directed defined contribution plan sponsored by CKW Pizza, LLC (the Company) covering all employees of the Company who are age 21 or older once they have completed a year of service (defined as working at least 1,000 hours during a plan year). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Craig K. Williams serves as trustee of the Plan. Capital Bank and Trust serves as custodian of the Plan.

Contributions:

Each year, participants may contribute pretax annual compensation, as defined in the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their current contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. The Company contributes a safe harbor contribution of 100 percent of the first three percent of base compensation that a participant contributes to the Plan plus 50 percent of the participant contributions between 3 percent and 5 percent. Additional company contributions are discretionary as determined by the Company’s executives. The Company contributions are invested as directed by the participant. Contributions are subject to certain limitations.

Participant Accounts:

Each participant's account is credited with the participant's contribution, allocation of the Company's contribution and plan earnings and any fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting*:*

Participants are immediately vested in their voluntary, company safe harbor, and discretionary match contributions plus actual earnings thereon. Vesting in the Company’s discretionary employer contribution portion of their accounts plus earnings is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

A. Plan Description (Continued):

Forfeited Accounts:

Nonvested participants' accounts that are forfeited upon termination of service or excess employer contributions forfeited are used at the discretion of the plan administrator and can be utilized to pay plan expenses, reduce employer contributions, or allocated as additional employer contributions. During the years ended December 31, 2019 and 2018, no amounts were forfeited from participants' accounts.

Payment of Benefits:

On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her vested account or defer receipt (any balances under $5,000 will be forced out). The Plan allows for in-service withdrawals after reaching age 59.5 and for any amounts considered rollover contributions.

B. Summary of Accounting Policies and Investments:

Basis of Accounting:

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates:

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the custodian. See Note D for discussion of fair value measurements. Capital Bank and Trust Company is used for the investment of contributions. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statements of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

B. Summary of Accounting Policies and Investments (Continued):

Payment of Benefits:

Benefits are recorded when paid.

Administrative Expenses:

Administrative expenses may be paid by the Company or the Plan at the Company's discretion.

C. Information Certified by the Plan's Custodian (Unaudited):

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust Company, the custodian of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown in the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018.
- Investment income (loss) as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018.
- Investments as shown in the accompanying supplemental information as of December 31, 2019.

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

D. Fair Value Measurements:

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 *Fair Value Measurements and Disclosures* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

D. Fair Value Measurements (Continued):

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for identical or similar assets or liabilities in active or inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability or that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end as they are required to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Fair Value Measurements at December 31,			
2019	Total	Level 1	Level 2	Level 3
Mutual funds	$ 1,187,349	$ 1,187,349	$ -	$ -
2018	Total	Level 1	Level 2	Level 3
Mutual funds	$ 766,127	$ 766,127	$ -	$ -

E. Related Party Transactions:

Plan investments are shares of mutual funds managed by American Funds, a related party to the custodian of the Plan. Therefore, plan investment transactions qualify as party-in-interest transactions. The Plan also incurred administrative fees of $575 and $450 to the custodian and third-party administrator of the Plan during the years ended December 31, 2019 and 2018, respectively. The Company provides certain administrative services at no cost to the Plan.

F. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

G. Plan Tax Status:

The Plan has adopted a prototype plan provided by a volume submitter, which obtained an advisory letter in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the advisory letter. However, the plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

H. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

I. Subsequent Events:

On March 11, 2020, the World Health Organization declared the outbreak of a respiratory disease caused by a new coronavirus as a pandemic. First identified in late 2019 and known now as COVID-19, the outbreak has impacted millions of individuals worldwide. In response, many countries have implemented measures to combat the outbreak which have impacted global business operations. As a result, the Plan’s investment values have incurred significant volatility in fair value since December 31, 2019. Due to the ongoing volatility, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined.

I. Subsequent Events (Continued):

The Plan did not have any other subsequent events through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued, for events requiring recording or disclosure in the financial statements for the year ended December 31, 2019.

INDEPENDENT AUDITOR'S REPORT

September 24, 2020

To the Plan Administrator of
the CKW Retirement Plan
Colorado Springs, Colorado

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the CKW Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Capital Bank and Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of and for the years ended December 31, 2019 and 2018, that the information provided to the plan administrator by the custodian is complete and accurate.

CKW RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2019 AND 2018

A. Plan Description:

The following description of the CKW Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions.

General:

The Plan is a participant-directed defined contribution plan sponsored by CKW Pizza, LLC (the Company) covering all employees of the Company who are age 21 or older once they have completed a year of service (defined as working at least 1,000 hours during a plan year). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Craig K. Williams serves as trustee of the Plan. Capital Bank and Trust serves as custodian of the Plan.

Contributions:

Each year, participants may contribute pretax annual compensation, as defined in the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their current contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. The Company contributes a safe harbor contribution of 100 percent of the first three percent of base compensation that a participant contributes to the Plan plus 50 percent of the participant contributions between 3 percent and 5 percent. Additional company contributions are discretionary as determined by the Company’s executives. The Company contributions are invested as directed by the participant. Contributions are subject to certain limitations.

Participant Accounts:

Each participant's account is credited with the participant's contribution, allocation of the Company's contribution and plan earnings and any fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting*:*

Participants are immediately vested in their voluntary, company safe harbor, and discretionary match contributions plus actual earnings thereon. Vesting in the Company’s discretionary employer contribution portion of their accounts plus earnings is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

A. Plan Description (Continued):

Forfeited Accounts:

Nonvested participants' accounts that are forfeited upon termination of service or excess employer contributions forfeited are used at the discretion of the plan administrator and can be utilized to pay plan expenses, reduce employer contributions, or allocated as additional employer contributions. During the years ended December 31, 2019 and 2018, no amounts were forfeited from participants' accounts.

Payment of Benefits:

On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her vested account or defer receipt (any balances under $5,000 will be forced out). The Plan allows for in-service withdrawals after reaching age 59.5 and for any amounts considered rollover contributions.

B. Summary of Accounting Policies and Investments:

Basis of Accounting:

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates:

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the custodian. See Note D for discussion of fair value measurements. Capital Bank and Trust Company is used for the investment of contributions. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statements of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

B. Summary of Accounting Policies and Investments (Continued):

Payment of Benefits:

Benefits are recorded when paid.

Administrative Expenses:

Administrative expenses may be paid by the Company or the Plan at the Company's discretion.

C. Information Certified by the Plan's Custodian (Unaudited):

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust Company, the custodian of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown in the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018.
- Investment income (loss) as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018.
- Investments as shown in the accompanying supplemental information as of December 31, 2019.

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

D. Fair Value Measurements:

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 *Fair Value Measurements and Disclosures* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

D. Fair Value Measurements (Continued):

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for identical or similar assets or liabilities in active or inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability or that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end as they are required to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Fair Value Measurements at December 31,			
2019	Total	Level 1	Level 2	Level 3
Mutual funds	$ 1,187,349	$ 1,187,349	$ -	$ -
2018	Total	Level 1	Level 2	Level 3
Mutual funds	$ 766,127	$ 766,127	$ -	$ -

E. Related Party Transactions:

Plan investments are shares of mutual funds managed by American Funds, a related party to the custodian of the Plan. Therefore, plan investment transactions qualify as party-in-interest transactions. The Plan also incurred administrative fees of $575 and $450 to the custodian and third-party administrator of the Plan during the years ended December 31, 2019 and 2018, respectively. The Company provides certain administrative services at no cost to the Plan.

F. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

G. Plan Tax Status:

The Plan has adopted a prototype plan provided by a volume submitter, which obtained an advisory letter in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the advisory letter. However, the plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

H. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

I. Subsequent Events:

On March 11, 2020, the World Health Organization declared the outbreak of a respiratory disease caused by a new coronavirus as a pandemic. First identified in late 2019 and known now as COVID-19, the outbreak has impacted millions of individuals worldwide. In response, many countries have implemented measures to combat the outbreak which have impacted global business operations. As a result, the Plan’s investment values have incurred significant volatility in fair value since December 31, 2019. Due to the ongoing volatility, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined.

I. Subsequent Events (Continued):

The Plan did not have any other subsequent events through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued, for events requiring recording or disclosure in the financial statements for the year ended December 31, 2019.
