Report on the Financial Statements

We have audited the accompanying financial statements of the Alert Plating Company Profit Sharing Plan, which comprise the statement of net assets available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by U.S. Bank National Association, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2019, that the information provided to the Plan administrator by the custodian is complete and accurate.

Note 1. Plan Description

The following description of the Alert Plating Company Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General:

The Plan is a profit sharing plan covering the employees of Alert Plating Company (the Company) who have attained age 21 and completed 1,000 hours of service within a twelve-month period. Employees enter the Plan on the first January 1 or July 1 that occurs after the employee has completed the eligibility service period. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan administration:

The Company is the Plan sponsor and Plan administrator. The Plan administrator is responsible for carrying out the duties imposed under the ERISA, including oversight of the Plan, appropriateness of investment offerings, and monitoring investment performance.

The custodian, U.S. Bank National Association, has been granted discretionary authority to invest and reinvest the assets of the Plan, subject to the investment direction of the Company.

Contributions:

Company contributions are discretionary and may be made for the Plan year up to a percentage of eligible compensation as defined by the Plan document. Contributions are funded annually and are allocated to participants who worked at least 1,000 hours during the Plan year and are employed on the last day of the Plan year. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Contributions are calculated using cross-testing methods, testing contributions on an equivalent benefit basis using eligible income. The allocation of profit sharing contributions is based on levels of employment, including non-owners and owners.

Participant accounts:

Each participant's account is credited with the allocation of the Company's contribution, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan, if any. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The accounts are non-participant directed and are invested in a portfolio of investments directed by the Company.

Vesting:

The balance of vesting in the participants' accounts for the payment of benefits is based on years of service as follows:

Years of service	*Years*
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

A year of service is credited when an employee works 1,000 hours within the Plan year. If an active participant dies or is disabled prior to attaining the normal retirement age, the participant becomes 100% vested.

After a five year break-in-service, as defined by the Plan, the non-vested portion of a participant account is forfeited.

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account, and the loan is charged interest at a rate which has been determined by the Plan administrator as a reasonable rate of interest, commensurate with local prevailing rates, as of the loan date. Principal and interest are paid through monthly payroll deductions or through direct payments from the participants.

Benefit payments and withdrawals:

On termination of service due to death, disability, or retirement, participants, or their beneficiaries, are entitled to a distribution of their vested account balance. On termination of service before retirement age, if the participant's vested account does not exceed $1,000, a lump sum distribution can be made without consent of the participant following the close of plan year in which separation occurred. On termination of service before retirement age , if the participant's vested account balance exceeds $1,000, the participant may elect to have their vested account balance distributed as soon as administratively feasible, after the latest of the close of the plan year in which separation occurred, upon receipt of written election, or upon the date specified by the participant.

Hardship withdrawals are not permitted by the Plan.

At December 31, 2019 and 2018, there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not been paid.

Forfeited accounts:

Forfeitures result from non-vested benefit payments remaining in the Plan for all terminated employees or adjustments, if any. At December 31, 2019 and 2018, the forfeiture balance was $0 and $404, respectively. These accounts shall first be used to pay Plan expenses in the year of forfeiture and the following year. Any forfeitures not used by the end of the plan year shall be allocated in the same manner as employer contribution. During 2019, prior forfeitures of $404 were allocated to participant accounts.

Note 2. Significant Accounting Policies

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan sponsor's management determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

All investments in the Plan are nonparticipant directed.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of *December 31, 2019* or 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit payments:

Benefits are recorded when paid.

Administrative expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of participant loans, benefit payments and other fees are charged directly to the participant's account and are included in administrative expenses. Quarterly fees for investment advisor services are paid by the Plan and included in administrative expenses. Other investment related expenses are included in either net appreciation (depreciation) of fair value of investments or administrative expenses.

Note 3. Certification by Custodian

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2019 was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by U.S. Bank National Association.

Note 4. Nonparticipant Directed Investments and Fair Value Measurements

All of the assets in the Plan are nonparticipant directed, as such, all of the activity presented and disclosed about the Plan relate to nonparticipant directed net assets.

The *Fair Value Measurements* topic of the Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC)* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2019 and 2018.

Interest-bearing cash and accrued interest: Valued at cost.

Mutual funds (including money market): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1
Money market fund	$ 24,545
Mutual funds	1,231,142
Accrued interest	33
Total investments at fair value	$ 1,255,720

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1 (unaudited)
Money market fund	$ 18,734
Mutual funds	1,182,076
Accrued interest	122
Total investments at fair value	$ 1,200,932

For the year ended December 31, 2019 and 2018, there were no significant transfers between Levels 1, 2, or 3.

Note 5. Related Party and Party-in-Interest Transactions

Pacific Benefit Services is the third-party administrator of the Plan and provides administrative services, and, therefore, these transaction qualify as party-in-interest transactions, which are exempt from the prohibited transaction rule.

U.S. Bank National Association is the custodian of the Plan assets and, therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rule.

Notes receivable from participants and related interest income are also considered party-in-interest transactions.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested and the assets would be distributed among the participants of the Plan in accordance with the provisions of the Plan.

Note 7. Tax Status

The Company has adopted a standardized volume submitter profit sharing plan. The IRS has opined and informed the volume submitter plan administrator by a letter dated October 8, 2010, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan as of December 31, 2019, and is not aware of any uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Reconciliation of the Plan Financial Statements to the Form 5500

Certain amounts included on Schedule H Part I and II on the Annual Return/Report of Employee Benefits Plan (Form 5500) have been grouped differently for purposes of presentation in the financial statements.

The net assets available for benefits and changes in net assets available for benefits per the financial statements and Form 5500 at December 31, 2019 and 2018 agreed. As such, there is no reconciliation.

Note 10. Subsequent Events

Subsequent to year-end, a novel strain of coronavirus surfaced in the United States resulting in economic and social disruption. The market impact from COVID-19 has resulted in significant fluctuations in investment performance for the Plan. The extent to which the coronavirus may impact the Plan will depend on future developments, and related impact on the financial market and the Plan sponsor. The future developments and its impact are highly uncertain and cannot be predicted. Management will be closely monitoring the Plan and will take actions necessary to, as much as possible, mitigate the impact on the investment performance of the Plan.

The Plan has evaluated subsequent events through September 15, 2020, the date the financial statements were available to be issued.
