Esterline Technologies Voluntary Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Esterline Technologies Voluntary Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2019 and 2018, and for the years then ended, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplementary Schedule

The Schedule H, line 4(i) – schedule of assets (held at end of year) as of December 31, 2019, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and presented for the purpose of additional analysis and not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Esterline Technologies Voluntary Savings Plan

Notes to Financial Statements

Note 1 – Description of Plan

The following description of the Esterline Technologies Voluntary Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution savings plan available to eligible employees of Esterline Technologies Corporation and Subsidiaries (the Company). The Plan provides for contributions pursuant to Section 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. On March 14, 2019, TransDigm Group Incorporated (TransDigm) completed the acquisition of the Company. No significant changes to the Plan operations were made as a result of that acquisition.

Plan administration – The Plan is administered by certain employees of TransDigm. Vanguard Fiduciary Trust Company (Vanguard) is the trustee of the Plan.

Eligibility – Employees of the Company who are at least 18 years of age are eligible for participation in the Plan so long as they are not a member of a collective bargaining unit, unless the terms of their bargaining included participation in the Plan.

Contributions – Participants may contribute up to 75% of qualified compensation to the Plan, subject to IRC limitations. Participants who do not affirmatively elect otherwise are automatically enrolled to contribute 6% of their compensation to the Plan. The Company contributes a matching amount that varies by participating company and employee group based on the first 6% of earnings contributed. The three formulas used are: 1) 25% of the first 6%; 2) 50% of the first 6%; or 3) 100% of the first 2% and 50% on the next 4%.

Unless a participant who is automatically enrolled in the Plan elects otherwise, with the first paycheck of each year, a participant's percentage deferred into the Plan is automatically increased by one percentage point to a maximum of a 10% deferral.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Employees age 50 or older are eligible to make catch-up contributions to the Plan.

Participant contributions under Esterline Technologies Retirement Plan – Participants covered under the Final Average Pay formula of the Esterline Technologies Retirement Plan (the Retirement Plan) are required to contribute 1% of compensation to the Plan. These contributions, together with interest credited at market rates compounded annually, are reflected in the Plan's investments and total approximately \$4.1 million and \$4.3 million at December 31, 2019 and 2018, respectively. Plan benefits related to the 1% contribution are provided under the Retirement Plan. Assets are transferred from the Plan to the Retirement Plan as needed to provide for participant distributions. These amounts are reflected as Interplan transfers on the statements of changes in net assets available for benefits.

Participant accounts – Each participant's account is valued daily and credited with the participant's contribution, employer match and allocations of earnings, investment expenses, administrative fees, and loan fees as applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

Note 1 – Description of Plan (continued)

Vesting – Participants vest immediately in their own contributions and earnings thereon. Company contributions vest 100% upon either completion of three years of service, normal retirement, death or disability while employed by the Company, or termination of the Plan. Exceptions exist for grandfathered groups.

Investment options – Participants may select one or more investment funds offered under the Plan for the investing of their account balance. Participants may choose to allocate their account balance or make transfers on a daily basis, among various investment options. Contributions are deposited directly into the participant elected investment vehicles. The default investment election is the Target Retirement Date Fund most closely matching the participant's expected retirement date. The required 1% contribution for participation in the Final Average Pay Formula of the Retirement Plan is directed by the Company into the Vanguard Retirement Savings Trust.

Notes receivable from participant – Plan participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are at a fixed-rate, generally for periods not to exceed five years, against their vested account balances provided that certain conditions are met and that approval is granted by the trustee. Certain loans merged into the Plan may include grandfathered terms with longer maturity dates and/or lower interest rates. Interest is paid by the borrower at prime rate plus 2% and is retained in the borrower's account until the account balance is withdrawn. Loans are secured by the balance of the participant's account. At December 31, 2019, interest rates on participant loans ranged from 4.25% to 7.50%. The participant loans have various dates of maturities, through August 2029. In addition, loan fees are charged directly to participants' accounts.

Payment of benefits – Participants may receive benefits upon termination of employment, retirement, disability, death, attainment of age 59½, or upon notification by the participant and approval by the trustees that a hardship condition exists.

Participants may elect, subject to participant account balance levels, to receive retirement benefits in either a lump-sum cash payment, an annuity not to exceed ten years, or for amounts to be transferred to and distributed in accordance with the Retirement Plan. Rollover distributions are also allowed by the Plan.

Upon termination of service, participants with account balances less than \$5,000 and more than \$1,000 automatically receive a rollover into a Vanguard IRA of the vested interest in his or her account unless they affirmatively elect otherwise. Accounts with balances of up to \$1,000 are cashed out if instructions are not received by Vanguard within a specified amount of time.

Under certain conditions, participants experiencing a hardship, while still employed by the Company, are permitted to withdraw, in a single sum, the employee contribution portion (including qualified rollover contributions) of their account balance. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of postsecondary education tuition, the payment of burial or funeral expenses, the payment of expenses to repair damage to the participant's principal residence that would qualify as a casualty deduction, or to prevent eviction or foreclosure from the participant's principal residence. The Plan made administrative changes to not require the suspension of participant deferrals for six months immediately following a hardship distribution in accordance with the Bipartisan Budget Act of 2018.

Note 1 – Description of Plan (continued)

Forfeitures – Forfeitures from terminated, nonvested participants are used to offset future employer contributions. If a participant is rehired within a five-year period, the matching contribution is reinstated.

During 2019 and 2018, forfeitures totaling approximately \$604,000 and \$565,000, respectively, were used to offset the Company match. At December 31, 2019 and 2018, there were approximately \$379,000 and \$207,000, respectively, of unallocated forfeitures.

Amendments - Effective January 1, 2019, the Plan was amended to clarify the vesting rules applicable to a participant's matchings account balance and clarify disability claim procedures.

Effective June 1, 2019, the maximum participant salary deferral was reduced from 100% to 75%.

Effective September 20, 2019, the Plan approved the divestiture of Advanced Input Devices, Inc., Memtron Technologies Co., and Gamesman Limited. Effective December 20, 2019, the Plan approved the divestiture of Souriau USA, Inc. and Joslyn Sunbank Company, LLC. Upon the effective dates, participants from divested companies were fully vested in their participant accounts.

Note 2 – Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual basis of accounting.

Use of estimates – The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties – The Plan provides for various investment fund options which in turn invest in a combination of stocks, bonds, and other investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Investment valuation and income recognition – The Plan's investments are stated at fair value as certified by the Plan's trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability (the exit price) in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest and dividend income is accrued as earned. Net appreciation or depreciation in fair value of investments is the net realized gain or loss on disposition of investments plus the change in the net unrealized gain or loss in fair value of investments held at year-end.

Note 2 – Significant Accounting Policies (continued)

Payment of benefits – Benefits are recorded when paid.

Administrative expenses – All Plan administrative expenses (except for expenses associated with participants' loans and certain other administrative and investment fees that are borne by participants) are paid by the Plan's sponsor, Esterline Technologies Corporation, and are not included within the financial statements. Investment expenses are netted within investment earnings.

Notes receivable from participants – Participant loans are classified as notes receivable from participants, which are segregated from the Plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest.

Note 3 – Fair Value of Financial Instruments

A three-tier hierarchy, as established by the Financial Accounting Standards Board's Accounting Standards Codification Topic 820, *Fair Value Measurement*, maximizes the use of observable market data and minimizes the use of unobservable inputs, and establishes classification criteria of fair value measurements for disclosure purposes. Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available. The three-tier hierarchy of inputs is summarized in the three broad levels listed below.

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies at December 31, 2019 or 2018.

Registered investment company funds – Valued at the net asset value of shares held by the Plan at year end based on quoted market prices.

Esterline Technologies Voluntary Savings Plan

Notes to Financial Statements

Note 3 – Fair Value of Financial Instruments (continued)

Collective trust funds – Units held in collective trust funds (CT) are valued using the net asset value (NAV) practical expedient of the CT as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding. As of December 31, 2019 and 2018, the redemption frequency was daily and there were no commitments or redemption restrictions on the CT.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables summarize the fair values of the Plan's investments as of December 31, 2019 and 2018:

	2019			Fair Value
	Level 1	Level 2	Level 3

Note 4 – Information Certified by Trustee of the Plan

The following information included in the financial statements and supplemental schedule, as of December 31, 2019 and 2018, and for the years then ended, was provided and certified by Vanguard as complete and accurate:

- Participant and nonparticipant directed investments at fair value
- Notes receivable from participants
- Interest on participant notes receivable
- Interest and dividend income
- Net (depreciation) appreciation in fair value of investments
- Schedule of assets (held at end of year)

Note 5 – Party-in-Interest and Related Party Transactions

Certain Plan investments are shares of registered investment company funds and a collective trust fund managed by The Vanguard Group. Certain investment expenses are netted against the returns credited to participant accounts. Vanguard is the trustee and recordkeeper as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participant accounts will become fully vested. The complete provisions covering Plan termination are included in the Plan document, which is available to all eligible employees.

Note 7 – Nonparticipant Directed Assets

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant directed investments for the 1% contribution described in Note 1 is as follows:

	2019	2018
Net assets		
Investment in Vanguard Retirement Savings Trust	\$ 4,058,046	\$ 4,351,411
Changes in net assets		
Participant contributions	\$ 159,510	\$ 188,777
Interest and dividend income	96,366	89,866
Transfer to retirement plan	(549,241)	(251,981)
	<u>\$ (293,365)</u>	<u>\$ 26,662</u>

Note 8 – Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated February 5, 2018, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan has been amended since the date of the letter; however, the Plan Administrator believes the Plan continues to meet the qualifications of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:

	2019	2018
Net assets available for benefits per the financial statements	\$ 507,899,685	\$ 459,727,673

The following is a reconciliation of net increase per the financial statements to Form 5500 at December 31:

	2019	2018
Net increase (decrease) before transfers per the financial state	\$ 48,721,253	\$ (47,126,842)
Net change in deemed loans and other	<u>5,964</u>	<u>50,788</u>
Net income per Form 5500	<u><u>\$ 48,727,217</u></u>	<u><u>\$ (47,076,054)</u></u>

In addition, the Form 5500 has other items that differ from the amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available for benefits.

Note 10 – Subsequent Events

Subsequent events have been evaluated through August 31, 2020, the date the financial statements were available to be issued.

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the COVID-19 outbreak). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. As a result, the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, and the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law. Included in this legislation are several provisions that impact retirement plans. As a result, the Plan made administrative changes to expand distribution options, increase the loan limit, and allow for participants to suspend loan payments. Formal amendments to the Plan will be made timely in accordance with IRS guidance.
