1. Description of the Plan

The following description of the Enterprise Events Group, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) and profit sharing Plan covering all of the full-time employees of Enterprise Events Group (the "Plan Sponsor"). Employees are eligible to participate in the Plan once they have attained age 21 and completed 3 months of service. Union employees, leased employees, and nonresident aliens are not eligible to participate in the Plan. Participants may begin making deferrals into the Plan on the first day of the month following eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plans' Board of Trustees.

Contributions to the Plan

Participant may contribute a portion of their eligible annual compensation into the Plan subject to certain anti-discrimination restrictions and to an annual limitation of $19,000 for 2019 ($25,000 for those participants who are age 50 or over). The Plan also permits Roth contributions.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4 percent of eligible compensation and their contributions invested in an age appropriate target retirement fund until changed by the participant. The automatic deferral amount will increase each Plan year by 2% of Plan compensation up to a maximum of 10% of Plan compensation. Effective January 1, 2019 and on the first day of each Plan Year thereafter, all participants except those who have an affirmative election in effect on January 1, 2019 and each year thereafter that is at least equal to the automatic deferral amount of 4% will be subject to a re-enrollment in the automatic deferral provision including scheduled increases.

The Plan permits the Plan sponsor to make a discretionary matching contribution. Eligibility for a matching contribution is same as for deferrals. For 2019, the Plan sponsor made a matching contribution based on the length of employment per pay period: 0-5 years: 5%; 6-10 years: 10%; 11-15 years: 15%; 16-20 years: 20% and 21-25 years: 25%.

Participant Accounts

All of the assets of the Plan are invested, as directed by the participant, as pooled funds. A participant's account balance is derived through an allocation of these funds. Each participant's account is credited with the participant's contribution, Plan sponsor contributions, and an allocation of investment earnings and losses pursuant to the participant's selection of investments and timing of purchase. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan.

Vesting and Forfeitures

Participants are immediately vested in their contributions and related earnings thereon. Participants vest in Plan sponsor matching contribution at the rate of 20% per year after the first year of service. Participants are immediately 100% vested in the event of death, disability or 5 years of service. Forfeitures are used to reduce Plan sponsor contributions and to pay Plan expenses. At December 31, 2019 and 2018, forfeitures available to offset employer contribution and to pay Plan expenses were $3,672 and $2,650, respectively. During the year ended December 31, 2019, no forfeitures were used.

Payment of Benefits
The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, financial hardship, or termination of employment. In-service distributions are available to all participants who are at least age 59½. Participants who qualify for retirement benefits and withdrawals will receive their benefits in the form of a lump sum payment or installment payments. The benefit to which a participant is entitled is the benefit that can be provided solely from the participant's vested account balance. Participants who separate from service and have vested account balances of $5,000 or less are subject to an administrative lump sum distribution at the discretion of the Plan administrator. Retired participants must begin receiving distributions from the Plan no later than April 1 of the year following the year in which the participant attains age 70½.

Notes Receivable from Participants
Participants may obtain a loan from the Plan based upon their vested account balance. Loans are limited to lesser of $50,000 or 50% of the participant's vested account balance. Participants may have one loan outstanding at a time. The minimum loan amount is $1,000. Loans bear an interest rate of two percent above prime rate determined on the date of the advance by the Plan administrator. All loans have a term of not more than five years (unless the loan is used to acquire a principal residence) and are payable through regular payroll deductions. Loans are segregated investments, and to the extent a participant borrows, his or her account will not share in the earnings and gains in value attributable to other Plan investments. The interest that participants pay on their loans will be directly credited to their accounts. The loans are secured by the balance in the participant's account and in the event of default, the unpaid loan principal will be offset against the participant's vested account balance.

Plan Amendments
Effective January 1, 2019, the Plan was amended to implement re-enrollment provisions in the automatic deferral arrangement.

2. Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with ERISA. Contributions from participants are recorded when withheld from the participant. Plan sponsor contributions are recorded when approved by the Plan sponsor. Benefit payments are recorded when paid.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value as determined by the Plan custodian (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from the participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events
The Plan has evaluated subsequent events through September 27, 2020, the date the financial statements were available to be issued.

3. Certification of Assets

Newport Trust Company ("Newport") serves as the trustee of the Plan's assets. In that capacity, Newport holds the Plan's investment assets and executes investment transactions. The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). As permitted under such election, the Plan administrator has obtained certifications from Newport as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that all investment information supplied to the Plan is complete and accurate. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and note receivables from participants held at December 31, 2019 and 2018, and interest, dividends and net appreciation in fair value of investments for the year ended December 31, 2019, was obtained or derived from the certified information.

4. Fair Value Measurements

Assets at Fair Value as of December 31, 2019:

	Level 1	Total
Mutual funds	$ 7,644,645	$ 7,644,645
Total assets in the fair value hierarchy	7,644,645	7,644,645
Common collective trusts measured at net asset value	-	22,691
Total investments at fair value	$ 7,644,645	$ 7,667,336

Assets at Fair Value as of December 31, 2018:

	Level 1	Total
Mutual funds	$ 5,836,175	$ 5,836,175
Total assets in the fair value hierarchy	5,836,175	5,836,175
Common collective trusts measured at net asset value	-	15,767
Total investments at fair value	$ 5,836,175	$ 5,851,942

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018. There are no participant restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investments	Fair Value 12/31/2019	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust	$ 22,691	$ -	Daily	None

Investments	Fair Value 12/31/2018	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust	$ 15,767	$ -	Daily	None

The framework for measuring fair value provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements.) The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets and or liabilities in active markets that the Plan has the ability to access.

Level 2
Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund: Stable Value Fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the net asset value as a practical expedient to estimate fair

value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidation will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Tax Status

The Plan sponsor has adopted the Newport Group Volume Submitter plan. The Volume Submitter plan received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the Submitter plan is designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the Plan sponsor and administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the Plan sponsor and administrator believe that the Plan is qualified and its related trust is exempt from tax.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. Management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, all partially vested account balances would become 100% vested.

7. Related Party Transactions

Newport Trust Company ("Newport") serves as the trustee of the Plan's assets. Accordingly, all investments managed by Newport and related entities qualify as party-in-interest transactions.

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments totaling $33,220 to the third party administrator and advisor, which were not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these securities and the level of uncertainty related to changes in the value, it is at least reasonably possible that changes in the various risk factors will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

9. Subsequent Events

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, resulting in a decline in the value of the investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.
