Independent Auditors' Report

To the Participants and Plan Administrator of the
Southeastern Printing Company, Inc. 401(k) Retirement Plan
Stuart, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of Southeastern Printing Company, Inc. 401(k) Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Independent Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2019 and 2018, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matter – Supplemental Schedule

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole as of and for the years ended December 31, 2019 and 2018. The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements taken as whole.

Southeastern Printing Company, Inc. 401(k) Retirement Plan

Notes to Financial Statements December 31, 2019 and 2018

1. Plan Description

The following description of the Southeastern Printing Company, Inc. 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

Southeastern Printing Company, Inc. 401(k) Retirement Plan (the “Plan”) was originally established effective January 1, 1997 by Southeastern Printing Company, Inc. (the “Company”). The Plan was amended and restated effective May 30, 2012, to adopt multiple employer plan provisions and to change the service eligibility to a period of 90 days. Fort Dearborn Company became a participating employer June 2015 and stopped participating in the Plan effective January 2016. In June 2016, Southeastern Printing Company, Inc. bought Franklin Dodd Communications Print, LLC, which became a participating employer at that time. The Plan qualifies as a profit sharing plan permitting discretionary employer contributions, but not requiring that such contributions be made from employer profits, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The Plan is considered to be a multiple employer plan for the benefit of employees of the following companies within a controlled group: Southeastern Printing Company, Inc. and Franklin Dodd Communications Print, LLC. The Plan is a defined contribution plan covering all employees who have completed 90 days of service and are at least 21 years of age.

Contributions

Plan participants may elect participation in the Plan on a quarterly basis and each year contribute up to the maximum amount allowed by law of pretax annual compensation, as defined in the Plan agreement and as permitted by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at a non-escalating rate of 3% of eligible compensation and their contributions invested in a Target Retirement Fund based on the participant's age and projected retirement date until changed by the participant. Participants may also make a rollover transfer to the Plan from a 401 (k) qualified retirement plan which may include after tax amounts, a 403(b) tax-deferred annuity, a governmental 457(b) deferred compensation plan, and/or taxable IRA. Effective January 2016, the Company implemented a safe harbor employer match of 100% on deferrals up to 3% and 50% on deferrals between 3% and 5%. The Company may make profit sharing contributions to the Plan, at its discretion, at an amount equal to a percentage of the participants' eligible compensation. No such contributions were authorized in 2019 or 2018. Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a common collective trust as investment options for participants. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

1. Plan Description (cont.)

On March 25, 2018, the Plan sponsor amended the Plan to eliminate safe harbor provisions for all employees except those union employees who are members of GCC/IBT Local 197-M of the Graphics Communications Conference/International Brotherhood Teamsters (“union”). As a result, Plan participants, other than those in the union, will no longer receive Company matching contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's matching contributions and an allocation of (a) the Company's discretionary profit sharing contributions (when authorized), (b) Plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their 401 (k) voluntary contributions plus actual earnings thereon. Vesting in the Company matching and profit sharing contributions is based on years of continuous service. A participant is 100% vested after five years of credited service. Safe harbor matching contributions are 100% vested at the date of contribution.

Loans Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes receivable are secured by the balance in the participant's account and bear interest at rates ranging from 5.75% to 6.50%, which are commensurate with local prevailing rates at the time the notes are issued, as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. Participants are allowed to have 1 loan outstanding from the plan with loan term not exceeding five years.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or annual installment payments, as defined by the Plan agreement. Participants with vested benefits less than \$5,000 (i.e., small accounts) are required by the Employer to be removed from the Plan and a lump sum payment is processed as soon as administratively feasible. For termination of service or for other reasons, a participant will receive the value of the vested interest in his or her account as a lump sum distribution. The Plan also permits withdrawals of active participants' elective contributions and rollover contributions only in amounts necessary to satisfy financial hardship as defined by the Plan agreement.

1. Plan Description (cont.)

Forfeited Accounts

Forfeited non-vested accounts are first allocated to Plan expenses and then used to reduce future employer cash contributions. Plan expenses were reduced by \$0 from forfeited non-vested accounts during Plan years 2019 and 2018. At December 31, 2019 and 2018, forfeited non-vested accounts were \$0.

Administrative Expenses

The Plan's administrative expenses are paid either by the Plan or the Company, as provided by the Plan document. Certain administrative expenses, including an allocation of related Plan administration, accounting and legal costs, are paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Expenses that are paid directly by the Company are excluded from these financial statements. Fees for custodial and record keeping services are paid by the Plan which are allocated equally to each participant. Participants are charged directly for loan fees and fees related to certain distribution types.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results could differ from those estimates and these differences could be material.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in aggregate fair value includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies (cont.)

Management fees and operating expenses charged to the Plan for investments in mutual funds and the common collective trust funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, such management fees and operating expenses are reflected as a reduction of net appreciation or an addition to net depreciation in the fair value of such investments.

Loans Receivable from Participants

Loans receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, which approximates fair value. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the note receivable to be in default, the participant note receivable is reduced and a benefit payment is recorded.

Contributions

Participant contributions are recorded when withheld from compensation. Employer contributions are recorded in the period in which they become obligations of the Company.

Payment of Benefits

Benefit payments to participants are recorded when paid.

3. Concentrations of Credit Risk

The following presents investments that represent 10% or more of the Plan's net assets available for benefits.

<i>December 31,</i>	2019	2018
Vanguard Target Retirement 2020 Fund	\$ 1,184,543	\$ 1,158,144

Notes to Financial Statements December 31, 2019 and 2018

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under the Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liabilities has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds

Shares held in mutual funds are valued at quoted market prices that represent the net asset value (NAV) of shares held by the Plan at year end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities, then divided by the number of shares outstanding. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. Fair Value Measurements (cont.)

Stable Value Common Collective Trust

The Reliance Trust Company Stable Value Common Collective Trust is valued at the NAV of units by the trustees of the trust. The NAV is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require a 12-month notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There were not any unfunded commitments related to this investment as of December 31, 2019.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The Plan had no material financial liabilities as of December 31, 2019 and 2018.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31:

Investment Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,640,546	\$ -	\$ -	\$ 8,640,546

4. Fair Value Measurements (cont.)

- (1) Certain investments are measured at NAV per share (or its equivalent) practical expedient and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

The following tables set forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31:

<u>Investment Type</u>	2019			
	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Reliance Trust Company Stable Value Common Collective Trust	\$ 278,518	\$ -	Daily	Daily

<u>Investment Type</u>	2018			
	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>

5. Related Party Transactions

Fidelity Investments is the custodian as defined by the Plan and Newport Group, Inc. acts as the Plan's record keeper and assists with Plan administration and, therefore, transactions with these service providers qualify as parties-in-interest. Fees paid by the Plan for recordkeeping and loan/distribution fees equaled \$35,317 and \$32,537 for the years ended December 31, 2019 and 2018. The Plan paid \$41,684 and \$41,414 in advisor/custodial fees for the years ended December 31, 2019 and 2018. These fees are allocated to participants based on their account balances.

Notes to Financial Statements December 31, 2019 and 2018

6. Income Tax Status

The Plan document is a 401(k) prototype sponsored by Verisight, Inc. The Plan received an opinion letter dated March 31, 2014, in which the IRS stated that the form of the plan document was acceptable under the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. The Plan administrator believes that the Plan is designed, as amended, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

8. Risks and Uncertainties

The Plan invests in mutual funds and a common collective trust with the underlying assets consisting of any combination of stocks, bonds, fixed income securities and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

9. Reconciliation of Financial Statements to Schedule H of Form 5500

There were no reconciling items of net assets available for benefits reported in these financial statements to the amounts reported on Schedule H of Form 5500 at December 31, 2019 and 2018, respectively.

The following is a reconciliation of the net (decrease) increase in net assets available for benefits per the financial statements to the amounts reported on Schedule H of Form 5500 for the years ended December 31:

	2019	2018
Net increase (decrease) in net assets available for benefits reported in these financial statements	\$ 1,100,349	\$ (346,937)
Participant distributions	-	69,021
Net increase (decrease) in net assets available for benefits reported on Schedule H of Form 5500	\$ 1,100,349	\$ (277,916)

10. Terminated Participants

When participants terminate employment with the plan sponsor, they may choose to leave their investments in the Plan, as long as their balance is greater than \$5,000. As of December 31, 2019 and 2018, there were 24 and 26 terminated participants, respectively, who had not withdrawn their account balances totaling \$908,181 and \$463,656, respectively.

11. Subsequent Events

Subsequent events have been evaluated through the date of the independent auditors' report. Management did not identify any events requiring recording or disclosure to the financial statements as of and for the year ended December 31, 2019, except as noted below.

12. Subsequent Events (cont.)

In March 2020, the World Health Organization declared the novel coronavirus (or “COVID-19”) a global pandemic. COVID-19 has adversely affected, and may continue to adversely affect economic activity globally, nationally and locally. These economic and market conditions and other effects of the COVID-19 pandemic may adversely affect the volatility of Plan assets. The extent of any adverse impact of the COVID-19 pandemic on the Plan's participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits are unknown at this time. Operation of the Plan has not been adversely impacted.
