Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) *Rules and Regulations for Reporting and Disclosure* under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 1, which was certified by WySTAR Global Retirement Solutions, a division of Wells Fargo Bank N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2019 and 2018 and for the year ended December 31, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Buchanan Technologies 401 (k) Plan

Notes to Financial Statements

Note 1 – Description of Plan

The following description of the Buchanan Technologies 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Buchanan Technologies Inc., and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Buchanan Technologies, Inc. (the Company) is the Plan's sponsor and serves as Plan administrator.

Plan Administration

The Plan is administered by the Company. USI Consulting Group is the Plan's recordkeeper. The Plan's current trustee is WySTAR Global Retirement Solutions, a division of Wells Fargo Bank, N.A.

Certified Assets

The Plan has obtained certification from WySTAR Global Retirement Solutions, a division of Wells Fargo Bank, N.A. (the Trustee) that the information provided to the Plan by the Trustee related to investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's *Rules and Regulations for Reporting and Disclosure* under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to all the investments and related investment income as of December 31, 2019 and 2018 and for the year ended December 31, 2019.

Eligibility

Employees of the Company are eligible to participate in the Plan upon employment with the Company. All employees covered by the Plan are eligible to participate upon their date of hire, and entered into the Plan the first day of the month following the date of hire.

Contributions

Participant Contributions – Each year, participants may contribute up to the maximum amount permitted by the Internal Revenue Service (IRS), as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation and their contributions invested in a designated fund until elected otherwise by the participant.

Employer Match and Profit Sharing Contributions – The Company may elect to make discretionary matching and profit sharing contributions to the Plan. The Company matches 25% of employee contributions, limited to the first 6% of eligible compensation deferred to the Plan. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation.

Contributions are subject to regulatory limitations.

Note 1 – Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions as well as allocations of the Company's profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account into various investment options offered by the Plan.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest in the Company's contributions based on the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed 15 years. Under the terms of the Plan Agreement, Plan loans will bear a reasonable rate of interest determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions. As of December 31, 2019, the rates of interest on outstanding loans ranged from 4.25% to 6.5% with various maturity dates.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Regardless of the vesting schedule, a participant will become fully vested upon death or disability. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Notes to Financial Statements

Note 1 – Description of Plan (continued)

Forfeitures

Forfeitures are the nonvested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan, and will first be used to pay Plan administrative expenses, with any remaining amount used to reduce future Company contributions. As of December 31, 2019 and 2018, forfeited nonvested accounts totaled \$41,321 and \$32,639, respectively. For the year ended December 31, 2019, \$22,713 was used for payment of Plan administrative expenses.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation

The investments are reported at fair value. The Plan's Trustee, WySTAR Global Retirement Solutions, a division of Wells Fargo Bank, N.A., certifies the fair market value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the exit price) in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes Receivable from Participants

Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Payment of Benefits

Benefits are recorded when paid.

Note 2 – Summary of Significant Accounting Policies (continued)

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 29, 2020, which is the date the financial statements were available to be issued.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. As a result, the fair value of the Plan's investment portfolio has been volatile since December 31, 2019. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

As a result of the COVID-19 outbreak, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law on March 27, 2020. The mandatory provisions adopted by the Plan include waiving required minimum distributions for 2020.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

- | | |
|----------------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

Buchanan Technologies 401 (k) Plan

Notes to Financial Statements

Note 3 – Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value.

Registered Investment Companies (Mutual Funds) and Money Market Funds – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table discloses the fair value hierarchy of the Plan's assets by level as of December 31, 2019 and 2018:

	Fair Value Measurement at December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$6,159,570	\$ -	\$ -	\$6,159,570
Interest bearing cash equivalent	41,321	-	-	41,321
Total assets in the fair value hierarchy	<u>\$6,200,891</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$6,200,891</u>

	Fair Value Measurement at December 31, 2018			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$5,558,310	\$ -	\$ -	\$5,558,310

Total assets in the fair value hierarchy	<u>\$5,590,949</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$5,590,949</u>

Note 4 – Guaranteed Investment Contract with Insurance Company

In 2017, the Plan entered into a fully benefit-responsive investment contract (FBRIC) with Standard Insurance Company (Standard). Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. This rate is guaranteed for the duration of the contract. Standard reserves the right to change the guaranteed maximum rate after the Company gives 60 days' written notice of the change. The FBRIC does not permit Standard to terminate the agreement prior to the scheduled maturity date.

The contract meets the FBRIC criteria and therefore is reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following: (1) The Plan is not abiding by state and federal law, (2) the Plan has not rendered the performance necessary to comply with the terms of the contract, (3) if the balance in the Plan's investment funds have fallen below \$25,000, (4) if the IRS disqualifies the Plan, or (5) if the Plan has not been adopted within a reasonable period of time.

Buchanan Technologies 401 (k) Plan

Notes to Financial Statements

Note 5 – Tax Status

The Plan document is a prototype standardized defined contribution plan that received a favorable opinion letter from the IRS on March 31, 2014, which stated that the plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statements of net assets available for benefits.

Note 7 – Party-In-Interest Transactions

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan made direct payments to the third party administrator, which was not covered by revenue sharing, of \$21,663, included in administrative expenses, for the year ended December 31, 2019. The Company pays directly any other fees related to the Plan's operations. Notes receivable from participants and the related interest income are considered related party transactions.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. If the Plan is terminated, amounts allocated to a participant's account become fully vested.
