During the year ended December 31, 2019, the Company made matching contributions of $245,149 and safe harbor non-elective contributions of $423,833.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company matching contributions, and allocations of (a) the Company safe harbor non-elective contribution, and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions and the Company safe harbor non-elective contribution portion of their account plus actual earnings thereon. Vesting in the Company matching contribution portion of their account plus actual earnings thereon is based on years of continuous service. Participants vest at a rate of 25% per year beginning with the second year of service. Participants become fully vested after five years of service.

Note 1: Description of Plan (Continued)

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 reduced by the excess of the highest outstanding balance of Plan loans, or 50% of their vested account balance. The term of the loan is a maximum of five years unless the loan is for the purchase of a primary residence for which the maximum term is 15 years. The notes are secured by the balance in the participant's account and bear interest, as determined by the plan administrator, at a rate comparable to the rates being charged by lending institutions in the same geographic locale as the Company. A note will carry the same rate of interest throughout its term. Interest rates on existing notes at December 31, 2019, range from 5.25% to 7.50%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service, death, disability, or retirement a participant may receive the value of the vested interest in his or her account as a lump sum distribution. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 1/2.

Forfeitures

At December 31, 2019 and 2018, forfeited nonvested accounts totaled $2,622 and $352, respectively. These accounts will be used to reduce future Company contributions or to pay administrative expenses of the Plan in accordance with the Plan document. Also, during the year ended December 31, 2019, Company contributions were reduced by $7,346 from forfeited nonvested accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are allocated proportionately to Plan participants based on their respective account balances and are included in net investment income.

Note 3: Information Prepared and Certified by the Trustee (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedules, including investments at fair value, non-interest bearing cash and notes receivable from participants held at December 31, 2019 and 2018, and net investment income and interest income on notes receivable from participants for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

Note 4: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Mutual funds and money market funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund*:* Valued daily by the underlying trustee by subtracting total liabilities from total assets and dividing the remainder by the number of units outstanding.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds and money market funds	$ 20,987,439	$ -	$ -	$ 20,987,439

Note 4: Fair Value Measurements (Continued)

	Assets at Fair Value as of December 31, 2018

Total investments at fair value	$ 16,019,936	$ 641,339	$ -	$ 16,661,275

Note 5: Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company served as the trustee for the year ended December 31, 2019, therefore, transactions with this institution qualify as party-in-interest transactions. In addition, the Plan pays an affiliate of Fidelity Management Trust Company and certain other companies for record keeping and other administrative services to the Plan. Fees incurred and paid by the Plan for these services were $88,261 for the year ended December 31, 2019.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

Note 7: Tax Status

The Plan has adopted a volume submitter plan, which obtained a favorable advisory letter from the United States Treasury Department dated March 31, 2014, stating that the form of the volume submitter plan, as then designed, is acceptable under Section 401 of the Internal Revenue Code (IRC), and is therefore exempt from Federal income taxes. The Plan has been amended since receiving the determination letter, however, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018, to Form 5500:

	2019	2018
Net assets available for benefits per the financial statements	$ 22,233,678	$ 17,191,240
Participants contributions receivable	-	(41,878)
Company contributions receivable	(389,458)	(363,470)
Net assets available for benefits per the Form 5500	$ 21,844,220	$ 16,785,892

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the net income per the Form 5500 for the year ended December 31, 2019:

	2019
Net increase in net assets available for benefits per financial statements	$ 5,042,438
Add: Change in contributions receivable	15,890
Net income per Form 5500	$ 5,058,328

The Form 5500 is prepared on the cash basis of accounting and the financial statements on the accrual basis.

Note 10: Prohibited Transactions

Under DOL Reg. 2510.3-102(b), the Company is required to remit the employee contributions to the Plan at the earliest date such amounts can be reasonably segregated from the Company's general assets, but no later than the fifteenth business day of the month following the date that participant contributions are withheld by the Company. As reported on Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, certain contributions for payrolls during the Plan year ended December 31, 2019, totaling $73,278, were remitted outside the 15-day requirement and $85,475 were remitted within the 15-day requirement but not at the earliest day reasonably segregated. These transactions constitute prohibited transactions as defined by ERISA. The plan administrator has calculated and contributed lost earnings to the affected participants during the 2020 Plan year.

Note 11: Subsequent Events

The Plan has evaluated subsequent events through October 6, 2020, which is the date the financial statements were available to be issued.

Beginning in March 2020, the United States economy began suffering adverse effects from the Covid-19 Virus Crisis ("CV19 Crisis"). The Company's operations have not been significantly impacted by the CV19 Crisis; however, the Company continues to monitor the situation. Negative impact to the Company's results of operations, cash flows, and financial condition, and the ability for the Company to continue to make contributions to the Plan, cannot be reasonably estimated or determined at this time.

The Plan has adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) that was signed into law on March 27, 2020, which were immediately available for coronavirus-related distributions, suspended participant loan payments and increased loan limits, and waiver of required minimum distributions that are due during 2020. The Plan intends to formally execute the required Plan amendments for these provisions by the last day of the plan year beginning on or after January 1, 2022, as required under the CARES Act.

Subsequent to December 31, 2019, the Plan was amended to include automatic enrollment provisions for newly eligible participants and to change the Company matching contributions to discretionary.
