1. DESCRIPTION OF PLAN

The following description of Peoples First Properties Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan for eligible employees of Peoples First Properties, Inc. ("Sponsor," or the "Company") and its subsidiaries together with affiliated Royal American commonly controlled companies. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Administration

The Plan has contracted with Matrix Trust Company to serve as trustee (the "Trustee"), and Swerdlin & Company to serve as the recordkeeper (the "Recordkeeper") and as the Plan's administrator (the "Plan Administrator").

Participation

The Plan covers substantially all employees of the Company. Eligible employees for Plan participation are defined as employees who have completed six months of service and have attained age 21. Six months of service will be completed when an employee has been credited with at least 1,000 Hours of Service at the end of their first six consecutive months of employment. If 1,000 hours are not reached within the first consecutive six months, six months of service will be completed at the end of any following six months during which 1,000 Hours of Service have been credited. Actual entrance to the Plan will occur once eligible participants reach the Entry Date. Entry Date is defined as the first day of the quarter coinciding with or following the satisfaction of eligibility requirements. Eligible employees who have reached the Entry Date and have not made deferral elections are automatically enrolled at a contribution rate of 3% pre-tax deferrals. Employees may opt out of the automatic enrollment.

Contributions

Participants may elect to defer a percentage of their annual compensation, as defined, subject to the limitations prescribed by the Internal Revenue Code (the "Code"). The Company may also elect to make contributions to the Plan, and these contributions are discretionary. The Company made contributions of $474,538 for the year ended December 31, 2019.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of Plan earnings, and charged with withdrawals and an allocation of administrative expenses and Plan losses. Allocations are based on eligible compensation or account balances as defined. The benefit to which the participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

1. DESCRIPTION OF PLAN

Investment Options

Upon enrollment in the Plan, a participant may direct contributions into any investment option offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are fully vested in their contributions at all times. Vesting in the Company discretionary contributions is as follows:

Years of Service	Vesting Percentage
Less than 2 years	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Interest rates range from 3.25% - 7.25% on loans outstanding at December 31, 2019 and 2018. Principal and interest are paid ratably through payroll deductions and to be repaid over periods not exceeding five years, except for those utilized for the acquisition or improvement of a qualified residence, which may be repaid over periods not exceeding 10 years.

Withdrawals and Distributions

Upon severance of employment, death or disability, or attainment of age 65, a participant or beneficiary may elect to receive either a lump sum amount equal to the value of his or her account, a rollover, or regular periodic installments, as provided for by the Plan. Upon termination of service for a reason other than normal retirement, death or disability, a participant may elect to receive the value of the vested interest in his or her account as provided for by the Plan.

In the event of a hardship as defined by the Plan, participants may withdraw an amount not to exceed the total of all their salary reductions as provided for by the Plan.

1. DESCRIPTION OF PLAN

Administrative Expenses

With the exception of investment and administrative fees, substantially all costs of administering the Plan are paid by the Company. These costs include legal, accounting and administrative fees.

Forfeited Accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan and may be used to pay administrative expenses or to reduce employer matching contributions. At December 31, 2019 and 2018, forfeited, non-vested accounts totaled approximately $27,543 and $77,390, respectively. Forfeitures in the amount of $83,378 and $0 were used in 2019 and 2018, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting, in accordance with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. As of December 31, 2019 and 2018, the Plan held an interest in the INVESCO Stable Value Fund. The INVESCO Stable Value Fund is a stable value fund that is a collective investment fund. The fund holds guaranteed investment contracts (“GICs”) and synthetic GICs which are benefit-responsive contracts. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Risks and Uncertainties

The Plan's investments include mutual funds and a common collective trust fund. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities and the levels of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements and supplemental schedules.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's investments in mutual funds are valued based on the quoted market prices. The Plan's investment in a common collective trust fund is valued by the trustee of the fund based upon the fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes both realized and unrealized gains and losses on investments.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Cash and Cash Equivalents

The Plan considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. Cash and cash equivalents consist primarily of a demand deposit account, which is stated at cost which approximates fair value.

Payment of Benefits

Benefit distributions to participants are recorded when paid by the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability. The Plan distributes the excess contributions to the applicable participants the subsequent year.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. As of December 31, 2019 and 2018, allowances of $0 and $0, respectively, have been recorded for credit losses. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

3. FAIR VALUE MEASUREMENTS

The Plan has adopted ASC 820, *Fair Value Measurement Disclosures ("ASC 820").* ASC 820 established a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities inputs (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

3. FAIR VALUE MEASUREMENTS

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation methods described in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018.

December 31, 2019	Level 1	Level 2	Level 3	Fair Value
Mutual Funds	$ 9,149,627	$ -	$ -	$ 9,149,627
Total	$ 9,149,627	$ -	$ -	$ 9,149,627
December 31, 2018				
Mutual Funds	$ 6,761,457	$ -	$ -	$ 6,761,457
Total	$ 6,761,457	$ -	$ -	$ 6,761,457

4. INFORMATION CERTIFIED BY TRUSTEE

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information reported by the trustee of the Plan for 2019 and 2018. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate at December 31, 2019 and 2018.

	2019	2018
Statement of net assets available for benefits		
Investments at fair value	$ 9,149,627	$ 6,761,457
Investments at contract value	$ 2,012,041	$ 1,904,724
Cash	$ 14,119	$ 8,209
Statement of changes in net assets available for benefits		
Net appreciation in fair value of mutual funds	$ 1,375,783	
Dividends	$ 336,567	

5. INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated September 30, 2014, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code ("IRC"). The Plan has been amended and restated since receiving the opinion letter and submitted a determination letter request to the IRS which is pending. However, the Plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provisions for income taxes have been included in the Plan's financial statements.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. ADMINISTRATIVE COSTS

During the year ended December 31, 2019, the Peoples First Properties Retirement Savings Plan incurred administrative costs of $31,762. These administrative fees were paid by Peoples First Properties Retirement Savings Plan. Other administrative fees were paid by the Plan Sponsor.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. EXEMPT PARTY IN INTEREST TRANSACTIONS

During 2019, the Plan paid administrative fees to Swerdlin & Company and Matrix Trust Company. These fees were paid by the Plan by netting against investment returns.

9. DELINQUENT PARTICIPANT CONTRIBUTIONS

As disclosed in the accompanying schedule, the Plan sponsor failed to deposit certain participant deferrals and loan repayments within the required timeframe as stated by the Department of Labor's regulations due to a natural disaster that occurred during 2018. The Plan sponsor paid lost earnings and excise taxes into the Plan for the affected participants and filed Form 5330 in 2019.

10. SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 18, 2020, which is the date the financial statements were available to be issued, and has determined that there are no additional subsequent events other than the following that require disclosure under the Subsequent Events topic of ASC 855, *Subsequent Events*.

- On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. As a result, the Plan's various investment securities have incurred significant declines in fair value since December 31, 2019. The impact of COVID-19 continues to evolve rapidly, and the Company is not able to estimate its full impact on the Plan's financial statements at this time.
