INDEPENDENT AUDITOR'S REPORT

To the Trustees and Members of the
Xylem Retirement Savings Plan
Rye Brook, New York

Report on the Financial Statements

We have audited the accompanying financial statements of the Xylem Retirement Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Xylem Retirement Savings Plan as of December 31, 2019 and 2018, and the changes in net assets available for benefits for the year ended December 31, 2019 in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The information included in the 2019 supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of

the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

**XYLEM RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2019 AND 2018, AND FOR THE YEAR ENDED DECEMBER 31, 2019**

Note 1. Description of The Plan

The following description of the Xylem Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants (or "Members") should refer to the Plan document for more complete information.

General - The Plan is a defined contribution plan sponsored by Xylem Inc. (the "Company" or the "Plan Sponsor") generally covering all non-union U.S. employees of the Company. The Plan became effective on October 31, 2011. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan financial statements and schedule have been prepared in accordance with the financial reporting requirements of ERISA and are set forth in this report as permitted by Item 4 of Form 11-K.

The Benefits Administration Committee (the "Plan Administrator") as appointed by the Board of Directors of the Company, controls and manages the operation and administration of the Plan, while the Pension Fund Trust and Investment Committee directs the managers of the Plan's investments.

The Company entered into a trust agreement with Fidelity Management Trust Company ("Fidelity"), effective July 1, 2016, to act as the Plan trustee, custodian and record keeper ("Trustee") and the Plan became part of The Xylem Inc. Retirement Savings Master Trust ("Master Trust").

Investments in the Master Trust at December 31, 2019 are shown on the Master Trust Schedule of Assets (Held at End of Year) under identification number 45-3304527.

Effective January 1, 2019, the Plan was amended to clarify certain items, including the following:

- add general changes to the hardship withdrawal rules,
- restrict in-service withdrawals to four per year, and
- restrict the number of outstanding loans allowed.

Effective January 1, 2018, the Plan was amended to clarify certain items, including the following:

- remove Xylem Inc. stock as funds available for loan redemption,
- clarify the way loans are taken out of investments and returned to investments upon repayment, and
- add a hierarchy for sources in the case of withdrawals and loans.

Various plan amendments were executed during 2019 and 2018 in order to perform administrative updates which had no material impact to the Plan.

On December 31, 2018, the Sensus USA Inc. 401(k) Plan (the "Sensus Plan") was merged into the Plan. In January 2019, all participants of the Sensus Plan became Members of the Plan. Investment assets of \$142.0 million and notes receivable of \$2.5 million were recorded as assets of the Plan on the date of the merger. The notes receivable are included on the Notes Receivable from Members line of the statements of net assets available for benefits. An additional \$2.5 million was transferred into the Plan during 2018 prior to the plan merger as a result of job classification changes for certain employees of Sensus USA Inc. that became eligible for the Plan.

On December 31, 2018, the Pure Technologies Employees' Savings and Retirement Plan (the "Pure Plan") was merged into the Plan. In January 2019, all participants of the Pure Plan became Members of the Plan. Notes receivable of \$0.1 million were recorded on the date of the merger and are included on the Notes receivable from Members line of the statements of net assets available for benefits. The investment assets of \$4.4 million in the Pure Plan were liquidated on December 31, 2018 and \$0.1 million was received by the Plan on the date of the merger. The remaining \$4.3 million was received by the Plan during January 2019 and was recorded as a receivable from plan merger on the statement of net assets available for benefits.

Eligibility - All full-time U.S. citizen and permanent resident non-union employees of the Company are eligible to participate in the Plan upon hire and are automatically enrolled in the Plan. Part-time and temporary U.S. non-union employees are eligible upon completion of 1,000 hours of service in a 12-month period. Expatriates working in the U.S. on permanent assignment or considered a local hire are immediately eligible. Expatriates on a temporary assignment are subject to completion of 36 months of service before becoming eligible. However, employees of a

subsidiary of the Company that participate in a similar qualified plan of that subsidiary are not eligible to participate in the Plan.

Employee Contributions - A Member may generally elect to contribute 1% to 50% of eligible pay ("Salary" as defined by the Plan document). Members may designate their contributions as pre-tax contributions, Roth contributions, after-tax contributions or any combination of the three. A Member who is considered a Highly Compensated Employee under the Plan may elect Plan contributions based on a maximum Salary as defined by the Plan document, but not participate in after-tax contributions. Member contributions are subject to the dollar limitation provided by Section 402(g) of the Internal Revenue Code ("IRC"). All non-union employees are automatically enrolled in the Plan at a 6% pre-tax contribution rate until and unless the Member elects otherwise. Members may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer Contributions - The Company will make matching contributions to the Member's account equal to 50% of a Member's pre-tax contributions, Roth contributions and after-tax contributions, up to a maximum of 3% of a Member's Salary. In addition, the Company contributes 3% or 4% of Salary as a core contribution to each eligible Member's account, as defined by the Plan document. For Members with age plus years of service at the beginning of the Plan Year (includes service with ITT Corporation and the Company) of less than 50 years, the Company's contribution to the Member's account will be 3% of Salary. For Members with age plus years of service of 50 or more years at the beginning of the Plan Year, the Company's contribution to the Member's account will be 4% of Salary. Company contributions will be allocated in the Plan's investment options in the same proportion as the employee's contributions.

Member Accounts - Individual accounts are maintained for each Member. Each Member's account is credited with the Member's contributions, Company contributions, plan earnings or losses, and withdrawals, net of administrative expenses and investment management fees. Fund earnings and losses, as well as administrative expenses and investment fees are allocated based on the applicable Member account balances, as defined by the Plan document. The benefit to which a Member is entitled is the benefit that can be provided from the Member's account balance.

Investments - Members may direct employee contributions and Company contributions, in any whole percentage among any of the Plan's investments, which include Xylem Inc. stock and a self-directed brokerage account (Fidelity's "BrokerageLink"). Members can change their future contributions and reallocate accumulated investments in 1% increments on a daily basis among the investment options. However, the number of investment option reallocations or transfers in any calendar month may be limited as defined by the Plan document.

Any Member or Company contributions directed by Members into Xylem Inc. stock, including future contributions to the Plan, are deposited into the Employee Stock Ownership Plan account ("ESOP"). All dividends associated with the contributions held in the ESOP within the Plan are immediately 100% vested. In addition, Members can make an election regarding their ESOP dividends. Members can elect to have their ESOP dividends either reinvested in Xylem Inc. stock or paid to them in cash on a quarterly basis.

The Plan limits the amount that may be held in Xylem Inc. stock and BrokerageLink to 20% each of a Member's total account balance. Members who hold 20% or more of their total account balance in Xylem Inc. stock or BrokerageLink will not be permitted to transfer balances into that fund. Members who hold less than 20% of their total account balance in Xylem Inc. stock or BrokerageLink may designate up to 20% of future contributions or transfer balances into those funds, provided that the balance in each of the funds does not exceed 20% of the Member's total account balance after the transfer.

Vesting - Members are immediately vested in their contributions and all Company contributions, as well as actual earnings or losses, and have a non-forfeitable right to their accounts in the Plan.

Distributions to Members - Upon termination of employment (including death, disability, or retirement) from the Company, a Member or the Member's beneficiary may elect to receive a lump sum amount equal to the value of the Member's account paid in cash or as a rollover to another qualified plan or an Individual Retirement Account ("IRA"), or periodic payments under one of two alternative installment options, as defined in the Plan document. In any case, a Member or the Member's beneficiary whose account balance is more than \$5,000 may elect to keep the Member's account balance in the Plan until the calendar year in which the Member reaches or would have reached age 70 ½. During the calendar year in which the Member attains age 70 ½, distribution from the Plan will commence in accordance with Section 401(a)(9) of the IRC. Upon the death of a Member with a non-spouse beneficiary, the distribution must be made within five years from the Member's date of death in the form of a lump

sum payment or annual fixed period installments, provided that the number of installments does not extend beyond five years from the date of the Member's death.

Withdrawals Prior to Termination - At any time before termination of employment, a Member may request a withdrawal subject to the provisions of the Plan document and shall conform to the standards set by the Plan Administrator. A Member can withdraw amounts of its after-tax contributions as provided by the Plan document. A Member who has attained age 59 ½ may withdraw all or any portion of its pre-tax contributions as provided by the Plan document. A Member who has not attained age 59 ½ may withdraw all or a portion of its pre-tax contributions provided the Member has an immediate and heavy financial need and the withdrawal is necessary to satisfy such need as provided by the Plan document. Effective January 1, 2019, the plan was amended to limit in-service withdrawals to four per calendar year.

Direct Rollover of Certain Distributions - With respect to an eligible rollover distribution, the Member or the Member's beneficiary may elect, at the time and in a manner prescribed by the Plan Administrator for such purpose, to have the Plan make a direct rollover of all or part of such withdrawal or distribution to a maximum of two eligible retirement plans which accept such rollover.

If a Member's account balance is greater than \$1,000 but does not exceed \$5,000 and the Member fails to make an affirmative election to either receive the lump sum payment or have it directly rolled over to another qualified plan or an IRA within the thirty day election period, the account balance will be automatically rolled over to an IRA established in the Member's name.

If a Member's account balance is \$1,000 or less and the Member fails to make an affirmative election to either receive the lump sum payment or have it directly rolled over to another qualified plan or an IRA within the thirty day election period, the account balance will be automatically paid out to the Member.

Forfeited Accounts - Members are always 100% vested in their accounts. Therefore, there were no forfeited non-vested accounts at December 31, 2019 and 2018, nor were there any forfeitures during the year ended December 31, 2019 that were used to reduce Company contributions to the Plan.

Notes Receivable from Members - A Member may request a loan in any specified whole dollar amount which must be at least \$1,000 but which may not exceed the lesser of 50% of the vested account balance or \$50,000, reduced by the Member's highest outstanding loan balance under all plans of the Company, if any, during the prior one-year period. A loan is deducted from the investments in a Member's account according to the hierarchy set by the Plan Administrator, per the Plan document. Effective January 1, 2019 the Plan was amended to allow for a limit of one outstanding loan. No new loans can be taken until current outstanding loans are paid off. There is a 30-day waiting period to request a new loan once the existing loans are paid off. The interest rate charged by the Plan is a reasonable rate of interest for loans commensurate with the interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances, as determined by the Plan document, and generally remains the same throughout the term of the loan. General purpose loan terms range from one to 54 months. If the loan is used in the purchase of a primary residence, the loan term can be for a period of up to 174 months. Loans are secured by the balance in the Member's account. The Member's account is charged \$50 to cover loan origination fees. The amount of outstanding Notes Receivable from Members at December 31, 2019 and 2018 was \$10.2 million and \$11.5 million, respectively.

Under certain circumstances, including a Member's failure to make timely loan repayments, the Plan Administrator may declare the Member's loan to be in default and the Plan may execute upon its security interest in the Member's account under the Plan to satisfy the debt.

A Member terminated from the Company may continue to make periodic repayment on such Member's loans after separation from the Company by contacting Fidelity, provided the Member's account balance is greater than \$5,000. Account balances that do not exceed \$5,000 are subject to certain distribution rules (see above) and any outstanding loans are required to be settled. No new loans can be granted after termination of employment.

Administrative and Investment Management Expenses - The Plan pays for expenses incurred in conjunction with Plan administration, including trustee services, record keeping, investment advice, and audit fees up to 0.25% of the market value of trust assets, and the Company pays all other expenses incurred in administering the Plan. The Members' accounts are charged quarterly for administrative fees. The record keeper receives revenue from mutual fund service providers for services provided to the funds. This revenue is used to offset certain amounts owed for administrative services incurred by the Plan. In 2019, the Plan incurred trustee and administrative expenses which equal 0.14% of the Plan's interest in the investments in the Master Trust. Certain administrative

functions are performed by employees of the Company (who may also be Members in the Plan). No such employee receives compensation from the Plan.

In addition to the trustee and administrative expense charges, an investment management fee is charged by the majority of the investment funds. These investment management fees are included in the net asset value ("NAV") of the fund calculated by the investment manager of the respective fund and are reflected as a reduction of investment return for such investments.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting - The accompanying financial statements have been prepared under the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan utilizes various investment instruments, including common stock, mutual funds, guaranteed investment contracts and collective trusts. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, liquidity and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the values of Members' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition - The Plan's investments, other than fully benefit responsive contracts, are measured at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price). A more detailed description of the individual types of securities held in the Master Trust and their valuation methods can be found in Note 3.

Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Members generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions Receivable - The Plan accrues contributions receivable based upon payroll deferrals during the Plan year but not yet deposited.

Distributions to Members - Payments to Members are recorded upon distribution. There were no Members who elected to withdraw from the Plan, but had not yet been paid at December 31, 2019 and 2018.

Notes Receivable from Members - Notes Receivable from Members ("loan" or "loans") are recorded at their unpaid principal balance plus any accrued but unpaid interest with no allowance for credit losses as repayments of principal and interest are received through payroll deductions, and the loans are collateralized by the Members' accounts.

In the event that a Member fails to make timely loan repayments, the loan may be considered to be in default. In the event default is declared, the outstanding loan balance and any accrued interest may be treated as a withdrawal prior to termination of employment subject to the withdrawal provisions outlined in the Plan document and may be determined to be a fully taxable distribution from the Plan.

The financial statements include delinquent loan balances until specifically written off. Form 5500 reflects the delinquent loans as distributions. See Note 10 for the reconciliation of the Plan's financial statements to Form 5500.

Loans from transferred plans related to plan merger may have interest rates and terms that differ from the Plan's stated loan policy.

Note 3. Fair Value Measurements

The Plan determines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan uses a hierarchical structure to prioritize the inputs to valuation techniques used to measure fair value into three broad levels defined as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include quoted prices (in non-active markets or in active markets for similar assets or liabilities), inputs other than quoted prices that are observable, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 inputs are unobservable inputs for the assets or liabilities.

The plan holds no Level 3 investments.

The fair value hierarchy is based on maximizing the use of observable inputs and minimizing the use of unobservable inputs when measuring fair value. Classification within the fair value hierarchy is based on the lowest level input that is significant to the fair value measurement.

NAV Practical Expedient is the measurement of fair value using the net asset value ("NAV") per share (or its equivalent) as an alternative to the fair value hierarchy as discussed above.

The following is a description of the valuation methodologies and inputs used to measure fair value for major categories of investments.

- Employer Common Stock - Common stock is valued at the closing price reported on the major market on which the individual securities are traded at the measurement date. Xylem Inc. stock is traded on the New York Stock Exchange ("NYSE") under the ticker symbol XYL and is valued at the Plan's year-end date. These securities are classified in Level 1 of the fair value hierarchy.
- Member-Directed Brokerage Accounts - Securities held in BrokerageLink are valued at the closing price reported on the major market on which the individual securities are traded at the measurement date. These securities are classified in Level 1 of the fair value hierarchy.
- Mutual Funds - Mutual funds of registered investment companies are publicly traded in active markets and valued at the closing price reported on those major markets as of the measurement date. Mutual funds are classified within Level 1 of the fair value hierarchy.
- Collective Trusts ("CTs") - CTs are valued at fair value at the Plan's year-end date using the NAV provided by the administrators of the CTs as a practical expedient. Investments in CTs can be redeemed on a daily basis and there are no unfunded commitments. CTs are not classified within the fair value hierarchy.

While the Plan Administrator believes that the valuation methods are appropriate and consistent with how other participants in the market value these types of investments, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used at December 31, 2019 and 2018.

The following table sets forth by level within the fair value hierarchy a summary of the Master Trust investments measured at fair value at December 31, 2019.

(in thousands)	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	NAV Practical Expedient	Total

Note 4. Guaranteed Investment Contract

The Master Trust holds fully benefit-responsive investment contracts (traditional guaranteed investment contract or "GIC") with New York Life Insurance Company ("NY Life"), also referred to as the Stable Value Accounts that are reported at contract value. NY Life manages these investments and maintains the contributions in its pooled separate account (branded as the "Anchor Account"). The assets of the Anchor Account are owned by NY Life. The Anchor Account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investments at contract value. The contract has no maturity date, but contract years begin on January 1 of each year.

Under the terms of the contracts interest will accrue daily, be credited monthly and the rate cannot be less than zero percent. The daily rate fluctuates based on the underlying investments. Realized gains and losses are amortized over the target duration.

Restrictions - Participant-initiated transactions are those transactions allowed by the Plan, including withdrawals for benefits, loans, or transfers to noncompeting funds within a plan, but excluding withdrawals that are deemed to be caused by the actions of the Plan Sponsor. No direct transfers to competing investment options are permitted under the GIC. Any transfers out of the GIC must first go through a non-competing investment option and reside there for at least 90 days before transfer to a competing option, directed-brokerage account, or a mutual fund window. However, the GIC shall not be subject to a market value adjustment if the Plan provides at least 12 months advance written notice to NY Life. The following employer-initiated events may limit the ability of the Plan to transact at contract value:

- A failure of the Plan or its trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA;
- Any communication given to Plan participants designed to influence a participant not to invest in the GIC or to transfer assets out of the GIC;
- The establishment of a defined contribution plan that competes with the Plan for employee contributions; and
- Complete or partial termination of the Plan or its merger with another plan.

Plan management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

Note 5. Master Trust

All of the Plan investments consist of an interest in an investment account of the Master Trust established by the Company and administered by Fidelity as of December 31, 2019 and 2018. Use of the Master Trust permits the commingling of trust assets with the assets of certain other Company savings plans for investment and administrative purposes. Although assets of participating plans are commingled in the Master Trust, supporting records for the purpose of allocating the net gain or loss of the investment account to the participating plans are maintained. The net assets of the Master Trust are allocated based on individual participant account balances in the respective plans. The daily net investment income of the investment assets is allocated by the Trustee to each participating plan based on the relationship of the interest of each plan to the total of the interests of the participating plans. There were no investment assets held outside the Master Trust at December 31, 2019 and 2018.

The following table presents the investments in the Master Trust and the Plan's interest in the Master Trust at December 31, 2019 and 2018:

(in thousands)	Master Trust Balances		Plan's Interest in Master Trust Balances	
	2019	2018	2019	2018

The following table presents the appreciation in fair value for the year ended December 31, 2019 for the Master Trust and the Plan's interest in the Master Trust, including gains and losses on investments bought and sold, as well as held during the year:

(in thousands)	Master Trust Activity	Plan's Interest in Master Trust Activity
	2019	2019
Realized gain on purchases and sales	\$ 19,910	\$ 18,627
Unrealized gain on investments held	97,834	92,494
Net appreciation in fair value of investments	117,744	111,121
Interest and Dividend income	24,855	23,029
Total investment gain of the Master Trust	\$ 142,599	\$ 134,150

Note 6. Exempt Party-In-Interest Transactions

ERISA section 406(a) prohibits various types of transactions between a plan and parties-in-interest. Parties-in-interest are defined by the Department of Labor regulation as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. ERISA section 408(a) contains specific exemptions whereby plans may engage in certain transactions with parties-in-interest that are otherwise prohibited by law.

Fidelity is the Trustee and custodian for all of the Master Trust's investments. Fidelity or one of its affiliates manages BrokerageLink, as well as the Fidelity Government Money Market Fund.

There were administrative services fees paid to Fidelity or one of its affiliates during 2019.

Fidelity, the record keeper, received revenue from mutual fund service providers for services provided to the funds. This revenue was used to offset certain amounts owed to the record keeper for its administrative services to the Plan.

At December 31, 2019, the Master Trust held 302,189 shares of common stock of the Company with a cost basis of \$9.1 million. At December 31, 2018, the Master Trust held 328,834 shares of common stock of the Company with a cost basis of \$9.2 million. For the year ended December 31, 2019, the Master Trust recorded related net appreciation of \$4.0 million and dividends of \$0.3 million on Company stock.

Member loans also qualify as party-in-interest transactions and amounted to \$10.2 million and \$11.5 million at December 31, 2019 and 2018, respectively.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, Member account balances would not be impacted, since all contributions and related earnings are immediately vested.

Note 8. Federal Income Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated June 9, 2017 that the Plan and related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Company has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes the Plan is no longer subject to income tax examinations for years prior to 2016.

Note 9. Subsequent Events

In December 2019, the Company agreed to amendments to the trust agreement to reduce annual record keeping fees by 0.5 bps. The amendment also added a lump sum distribution fee of \$25. Both amendments are effective beginning in 2020.

As a result of the spread of the COVID-19 pandemic, the Company adopted certain changes to the Plan as allowed under the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") in order to provide relief to Plan members who have been adversely affected by the pandemic. The Plan was amended, as of March 27, 2020 to allow qualified members under the CARES Act to withdraw all or a portion of their vested Plan account. The total amount of any CARES Act distribution from the Plan may not exceed \$100,000, and any distribution from the Plan may not exceed 100 percent of the balance of a Member's vested accounts. The Plan was also amended to allow qualified members to elect to suspend any loan payments due during the period from April 27, 2020 through

December 31, 2020. Interest will continue to accrue on such loan payments during the suspension period. Upon resumption of payment, the member's subsequent loan payments will be adjusted to reflect the increased interest due, and the loan's repayment schedule will be extended by a number of months equal to the suspension period. In addition, during the period from April 27, 2020 through September 30, 2020, the 30-day waiting period to request a new Plan loan following repayment of a prior Plan loan was waived. As a result of the CARES Act, members are no longer required to receive a required minimum distribution, and the Plan was amended to allow for an affirmative election to receive required minimum distributions for the 2020 Plan year.

Concerns over the economic impact of the COVID-19 pandemic have caused volatility in the financial markets which has, and may continue to, adversely impact the market value of the Plan assets.

Note 10. Reconciliation of Financial Statements to Form 5500
