Evenflo Company, Inc. Savings Plus Plan
Notes to the Financial Statements
December 31, 2019 and 2018

NOTE A – DESCRIPTION OF PLAN

The following description of the Evenflo Company, Inc. Savings Plus Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for more complete information. The Plan was effective August 21, 1998. The Plan was converted to a volume submitter plan effective January 1, 2019, with no significant changes to the Plan made.

General Information

The Plan is a defined contribution plan covering substantially all salary employees of Evenflo Company, Inc. and Columbus Trading-Partners USA (collectively, the Company) who have 30 days of service. Temporary employees must have one year of service or 1,000 hours of service. The Pension Committee of the Company controls and manages the operation and administration of the Plan. BMO Harris Bank, N.A. (the Trustee), serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute up to 75% of their pre-tax annual compensation, as defined in the plan document, subject to certain Internal Revenue Code (the Code) limitations. Plan provisions include automatic enrollment at 3%. The Company contributes 50% of the first 6% of base compensation that a participant contributes to the Plan each pay period, not to exceed 3% of the employee base compensation. The Company's matching contributions for the year ended December 31, 2019 were \$501,994. Additional amounts may be contributed at the discretion of the Company's Pension Committee. No such additional discretionary contributions were made for the year ended December 31, 2019. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions and plan earnings and forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All amounts in participant accounts are participant-directed; however, the Pension Committee of the Company has control over the investment offerings made available to plan participants.

Vesting

Participants are vested immediately in their contributions, Company matching contributions and Company discretionary contributions, if any, plus actual earnings thereon.

Evenflo Company, Inc. Savings Plus Plan
Notes to the Financial Statements
December 31, 2019 and 2018

NOTE A – DESCRIPTION OF PLAN (CONTINUED)

Forfeitures

At December 31, 2019 and 2018, forfeited non-vested accounts were \$708 and \$745, respectively. These accounts are used to reduce future employer contributions. During the year ended December 31, 2019, employer contributions were reduced by \$772 from forfeited non-vested accounts.

Payment of Benefits

Upon retirement, death, or other interruption of continuous service, a participant may generally elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installments. Upon termination, benefits relating to a participant's contributions and vested employer contributions are distributed.

Notes Receivable – Participant Loans

Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates equal to the Trustee's prime rate determined as of the time the application for the loan is made. The participant loans must be repaid over a period not to exceed five years, unless the purpose of the loan is to acquire, construct, or substantially rehabilitate a dwelling that is to be used as a principal residence for the participant, in which case the loan period may not exceed 15 years. Principal and interest is paid ratably through payroll deductions. The interest rates on outstanding loans ranged from 3.25% to 5.50% as of December 31, 2019.

Administration of Plan Assets

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE B – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America in accordance with the Financial Accounting Standards Board's Accounting Standards Codification.

Contributions

Participant contributions are recognized when withheld. Employer matching contributions are recognized concurrently with participant contributions.

Payment of Benefits

Benefits are recorded when approved. There were no approved but unpaid benefits at December 31, 2019 or 2018.

NOTE B – SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's participant-directed investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation/appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

NOTE C – INVESTMENTS AND INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, all investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2019 and 2018, net depreciation/appreciation in fair value of investments, and dividends and interest for the year ended December 31, 2019, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D – FAIR VALUE MEASUREMENTS

Accounting Standards Codification Topic 820, *Fair Value Measurements* (ASC Topic 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

NOTE D – FAIR VALUE MEASUREMENTS (CONTINUED)

- Level 1* Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2* Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3* Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets of the Plan. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Stated at fair value as defined by observable quoted prices in active markets (Level 1).

Collective investment fund: Stated based on the net asset value (NAV) of units of the common collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

NOTE D – FAIR VALUE MEASUREMENTS (CONTINUED)

The collective investment fund is a fully benefit responsive investment contract with the Trustee and plan contributions are maintained in a general account. The account is credited with earnings on the underlying investments. The objective of the fund is to maintain safety of principal while generating a level of income generally exceeding that of a money market fund. The fund seeks to maintain a stable \$1.00 net asset value, although this is not guaranteed.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 22,174,357	\$ -	\$ -	\$ 22,174,357
Collective investment fund ^(a)	-	-	-	2,322,880
Total investments, at fair value	\$ 22,174,357	\$ -	\$ -	\$ 24,497,237

^(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 17,722,569	\$ -	\$ -	\$ 17,722,569
Collective investment fund ^(a)	-	-	-	2,376,688
Total investments, at fair value	\$ 17,722,569	\$ -	\$ -	\$ 20,099,257

^(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE E – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE F – PARTY-IN-INTEREST

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, and a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain plan investments are shares of collective investment funds and registered investment companies managed by the Trustee and therefore, these transactions qualify as party-in-interest. However, they are exempt from the prohibited transactions rules under ERISA. Fees are paid by the Plan to OneAmerica Retirement Services, LLC, the Plan's recordkeeper, and remitted to the Trustee and were \$61,312 for the year ended December 31, 2019.

Certain administrative services are provided by the Company at no cost to the Plan.

NOTE G – INCOME TAX STATUS

The Internal Revenue Service (the IRS) has determined and informed the Company by a letter dated May 5, 2014, that the Plan and related trust are designed in accordance with the applicable requirements of the Code. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) of the Plan if the Plan has taken an uncertain tax position that, more likely than not, would not be sustained upon examination by the IRS. The Plan has no uncertain tax positions that require adjustment to the financial statements.

The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in process. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. The underlying investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participants' individual account balances.

NOTE I – SUBSEQUENT EVENTS

In connection with the preparation of the Plan's financial statements for the year ended December 31, 2019, events and transactions subsequent to December 31, 2019 through August 13, 2020 have been evaluated by the plan administrator for possible adjustment and/or disclosure. Except as disclosed below, no subsequent events requiring financial statement adjustment and/or disclosure have been identified.

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus ("COVID-19") a global pandemic and recommended containment and mitigation measures worldwide. The pandemic has significantly impacted the economic conditions in the U.S., as federal, state and local governments reacted to the public health crisis, creating significant uncertainties in the economy. At this time, the Company cannot reasonably estimate the length or severity of this pandemic or the results on the Company's operations or the Plan.

In response to these developments, the Company amended the plan document effective April 13, 2020, eliminating the Company's fixed match.

This pandemic has adversely affected global economic activity and greatly contributed to significant volatility and instability in financial markets. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act, also known as the CARES Act, was signed into law by President Donald J. Trump. The CARES Act contains several provisions that temporarily impact 401(k) plans, such as the waiver of required minimum distributions, a new hardship withdrawal option, increased loan limits, and a loan payment pause option. The Company has incorporated these provisions into the Plan.
