INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Ocusoft Inc 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Ocusoft Inc 401(k) Plan, which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2019 and 2018, the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2019 and 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule, Schedule of Assets, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan

Ocusoft, Inc. (the Sponsor) adopted the Ocusoft Inc 401(k) Plan on December 1, 2005 which was amended and restated on January 1, 2009. The following description of the Ocusoft Inc 401(k) Plan (the Plan), is provided for general information purposes only. Participants should refer to the plan documents for more complete information.

General

The Plan is a defined contribution plan covering substantially all of the U.S. employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are eligible to participate in the plan once they have completed one year of eligibility service as defined in the plan document.

Employee Contributions

The Plan specifies that elective deferrals will be allowed in any plan year up to the maximum percentage of plan compensation and dollar amount allowed by the Internal Revenue Service. Roth elective deferrals are also permitted. In addition, participants who are age 50 at the end of any calendar year may make "catch-up" contributions up to the annual maximum established by the Internal Revenue Service during any plan year. The Plan also accepts rollover contributions or transfers into the Plan with the approval of the Plan Sponsor.

Employer Match

The employer may, at its sole discretion, contribute and allocate to each eligible participant account a percentage of the participants' elective deferrals. Matching contributions, if any, are determined at the end of the plan year. There were $301,210 discretionary matching contributions paid at the beginning of 2019 for plan year ended December 31, 2018. This figure includes $3,364 applied from forfeitures.

Non-elective Contributions

Non-elective contributions may be permitted at the sole-discretion of the Company. There were no non-elective contributions for the year ended December 31, 2019.

Participant Accounts

Each Participant's account is credited with an allocation of (1) the participant's contributions from payroll deductions, (2) the employer's matching contribution, and (3) earnings or loss from investment of the contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Note 1 - Description of Plan (continued)

Vesting

Participants are immediately 100% vested in the contributions they make to the Plan including salary deferrals and rollover contributions, plus actual earnings thereon. Except in the case of severance from employment with the Company due to death, retirement or permanent disability, all Company discretionary contributions plus actual earnings are vested subject to a 6 year schedule as follows:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

In-Service Withdrawals

In certain circumstances, a participant may take distributions prior to retirement age under the "hardship withdrawal" rules. These funds are taxable distributions. The participant must suspend contributions to the Plan for six months if a hardship withdrawal is obtained.

Distribution of Benefits

If a participant retires, is permanently disabled or terminated and has an account balance in excess of $5,000, the participant may leave the funds in the Plan; otherwise, the account balance, after any required allocations, is disbursed to the former participant.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at the rate in effect in the month the loan was effective. Principal and interest is paid ratably through monthly payroll deductions.

Forfeited Accounts

A forfeiture will occur in the plan year that a terminated participant receives a distribution of his or her entire vested account, or if the participant does not receive a distribution, after five consecutive one-year

Note 1 - Description of Plan (continued)

breaks in service. Forfeitures retained in the Plan are used to reduce employer contributions or plan expenses. At December 31, 2019 and 2018, the forfeited non-vested portion of terminated participants' account balances totaled $14,588 and $10,240, respectively. Forfeitures are generally used to reduce the cost of the employer match to the sponsor in the following year.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Operating Expenses

The Plan pays expenses for investment management and related services directly from net plan assets. These expenses totaled $11,943 for the year ended December 31, 2019. In addition, employees and owners of the Company perform certain administrative functions. No such owner or employee receives any compensation for these services. Finally, certain administrative expenses of the Plan are paid by the Sponsor.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are presented on the modified cash basis of accounting. Benefits and expenses are recorded when paid; contributions and additions are recognized when received.

Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Valuation of Investments

Investments are reported at fair value (except for the fully benefit responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See note 4 for discussion of fair value measurements. The investment in the collective investment trust primarily represents the contract value of that trust's investment in the Invesco Stable

Note 2 - Summary of Significant Accounting Policies (continued):

Asset fund. Other collective trust funds are reported at fair value using the net asset value per share (or its equivalent) as a practical expedient.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Date of Management's Review

Subsequent events were evaluated through October 6, 2020 which is the date the financial statements were available to be issued.

Note 3 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018 to Schedule H of Form 5500:

	December 31, 2019	December 31, 2018
Net assets available for benefits per the financial statements	$ 5,326,041	$ 4,206,561
Deemed delinquent loans and other	(1,253)	(1,251)
Net assets available for benefits per the Form 5500	$ 5,324,788	$ 4,205,310

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the hierarchy are described as follows:

- Level 1- Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date

- Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability or inputs that are derived principally

Note 4 – Fair Value Measurements, continued

from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

- Level 3 - inputs that are unobservable inputs for the asset or liability

The following is a description of the valuation methodologies used for the assets measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be activity traded (Level 1 inputs).

Collective trust funds at fair value: Reported at fair value using net asset value per share (or its equivalent) as a practical expedient and not classified in the hierarchy in accordance with Accounting Standards Codification Subtopic 820-10.

The plan's investments are as follows:

	Assets at Fair Value	
December 31, 2019	Total	Level 1
Registered investment companies (mutual funds)	$ 5,059,345	$ 5,059,345
Total investment in the fair value hierarchy	5,059,345	5,059,345
Collective investment trust, at fair value	63,446	-
Investments at fair value	$ 5,122,791	$ 5,059,345
December 31, 2018		
Registered investment companies (mutual funds)	$ 3,937,314	$ 3,937,314
Investments at fair value	$ 3,937,314	$ 3,937,314

The plan has no assets valued at level two or three under the fair value hierarchy. Certain assets have been reclassified to comply with the current presentation.

Note 5- Collective Investment Trust Funds at Contract Value

The investment in the collective investment trusts at contract value primarily represents the contract value of the plan's investment in the Invesco Stable Asset fund. All of the plan's investments in stable value funds are considered fully benefit responsive and therefore, are reported at contract value. Contract value

Note 5- Collective Investment Trust Funds at Contract Value, continued

is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the plan by the trustee, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events included the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7 – Tax Status

The Plan obtained its latest determination letter on March 31, 2008, stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's legal tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the financial statements.

Note 8 - Information Certified by the Trustee (Unaudited)

At December 31, 2019 and 2018, the Plan's investments and notes receivable were held by Reliance Trust Company (the "Trustee"). The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee, as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The Plan's investments are available for sale. The net appreciation (depreciation) in fair value (including

Note 8 - Information Certified by the Trustee (Unaudited)

realized gains and losses on investments bought and sold, as well as held during the year) for investments as presented on the statement of changes in net assets available for benefits for the year ended December 31, 2019 was $589,750. This figure includes a realized gain of $16,218 for the year ended December 31, 2019. Investments by class include the following at fair market value:

	December 31, 2019	December 31, 2018
Registered investment companies (mutual funds), at fair value	$ 5,059,345	$ 3,937,314
Collective investment trusts	147,433	138,320
Total investments	$ 5,206,778	$ 4,075,634
Notes Receivable	$ 119,263	$ 130,927

The net appreciation (depreciation) in fair value, including realized gains and losses, for each class of investments as presented on the statement of changes in net assets available for benefits for the year ended December 31, 2019 includes the following:

Registered investment companies (mutual funds)	$ 566,303
Collective investment trusts	23,447
Net appreciation (depreciation) in fair value of investments	$ 589,750

Note 10 – Subsequent Events

On January 30, 2020 the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "Covid-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point or origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and volatility in financial markets. As a result, the Plan's investment portfolio incurred a significant decline in fair value after December 31, 2019, some of which has since been recovered. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that may be recognized in subsequent periods, if any, and the related impact on the Plan's investment liquidity cannot be determined at this time.

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Ocusoft Inc 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Ocusoft Inc 401(k) Plan, which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2019 and 2018, the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2019 and 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule, Schedule of Assets, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan

Ocusoft, Inc. (the Sponsor) adopted the Ocusoft Inc 401(k) Plan on December 1, 2005 which was amended and restated on January 1, 2009. The following description of the Ocusoft Inc 401(k) Plan (the Plan), is provided for general information purposes only. Participants should refer to the plan documents for more complete information.

General

The Plan is a defined contribution plan covering substantially all of the U.S. employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are eligible to participate in the plan once they have completed one year of eligibility service as defined in the plan document.

Employee Contributions

The Plan specifies that elective deferrals will be allowed in any plan year up to the maximum percentage of plan compensation and dollar amount allowed by the Internal Revenue Service. Roth elective deferrals are also permitted. In addition, participants who are age 50 at the end of any calendar year may make "catch-up" contributions up to the annual maximum established by the Internal Revenue Service during any plan year. The Plan also accepts rollover contributions or transfers into the Plan with the approval of the Plan Sponsor.

Employer Match

The employer may, at its sole discretion, contribute and allocate to each eligible participant account a percentage of the participants' elective deferrals. Matching contributions, if any, are determined at the end of the plan year. There were $301,210 discretionary matching contributions paid at the beginning of 2019 for plan year ended December 31, 2018. This figure includes $3,364 applied from forfeitures.

Non-elective Contributions

Non-elective contributions may be permitted at the sole-discretion of the Company. There were no non-elective contributions for the year ended December 31, 2019.

Participant Accounts

Each Participant's account is credited with an allocation of (1) the participant's contributions from payroll deductions, (2) the employer's matching contribution, and (3) earnings or loss from investment of the contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Note 1 - Description of Plan (continued)

Vesting

Participants are immediately 100% vested in the contributions they make to the Plan including salary deferrals and rollover contributions, plus actual earnings thereon. Except in the case of severance from employment with the Company due to death, retirement or permanent disability, all Company discretionary contributions plus actual earnings are vested subject to a 6 year schedule as follows:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

In-Service Withdrawals

In certain circumstances, a participant may take distributions prior to retirement age under the "hardship withdrawal" rules. These funds are taxable distributions. The participant must suspend contributions to the Plan for six months if a hardship withdrawal is obtained.

Distribution of Benefits

If a participant retires, is permanently disabled or terminated and has an account balance in excess of $5,000, the participant may leave the funds in the Plan; otherwise, the account balance, after any required allocations, is disbursed to the former participant.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at the rate in effect in the month the loan was effective. Principal and interest is paid ratably through monthly payroll deductions.

Forfeited Accounts

A forfeiture will occur in the plan year that a terminated participant receives a distribution of his or her entire vested account, or if the participant does not receive a distribution, after five consecutive one-year

Note 1 - Description of Plan (continued)

breaks in service. Forfeitures retained in the Plan are used to reduce employer contributions or plan expenses. At December 31, 2019 and 2018, the forfeited non-vested portion of terminated participants' account balances totaled $14,588 and $10,240, respectively. Forfeitures are generally used to reduce the cost of the employer match to the sponsor in the following year.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Operating Expenses

The Plan pays expenses for investment management and related services directly from net plan assets. These expenses totaled $11,943 for the year ended December 31, 2019. In addition, employees and owners of the Company perform certain administrative functions. No such owner or employee receives any compensation for these services. Finally, certain administrative expenses of the Plan are paid by the Sponsor.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are presented on the modified cash basis of accounting. Benefits and expenses are recorded when paid; contributions and additions are recognized when received.

Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Valuation of Investments

Investments are reported at fair value (except for the fully benefit responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See note 4 for discussion of fair value measurements. The investment in the collective investment trust primarily represents the contract value of that trust's investment in the Invesco Stable

Note 2 - Summary of Significant Accounting Policies (continued):

Asset fund. Other collective trust funds are reported at fair value using the net asset value per share (or its equivalent) as a practical expedient.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Date of Management's Review

Subsequent events were evaluated through October 6, 2020 which is the date the financial statements were available to be issued.

Note 3 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018 to Schedule H of Form 5500:

	December 31, 2019	December 31, 2018
Net assets available for benefits per the financial statements	$ 5,326,041	$ 4,206,561
Deemed delinquent loans and other	(1,253)	(1,251)
Net assets available for benefits per the Form 5500	$ 5,324,788	$ 4,205,310

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the hierarchy are described as follows:

- Level 1- Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date

- Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability or inputs that are derived principally

Note 4 – Fair Value Measurements, continued

from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

- Level 3 - inputs that are unobservable inputs for the asset or liability

The following is a description of the valuation methodologies used for the assets measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be activity traded (Level 1 inputs).

Collective trust funds at fair value: Reported at fair value using net asset value per share (or its equivalent) as a practical expedient and not classified in the hierarchy in accordance with Accounting Standards Codification Subtopic 820-10.

The plan's investments are as follows:

	Assets at Fair Value	
December 31, 2019	Total	Level 1
Registered investment companies (mutual funds)	$ 5,059,345	$ 5,059,345
Total investment in the fair value hierarchy	5,059,345	5,059,345
Collective investment trust, at fair value	63,446	-
Investments at fair value	$ 5,122,791	$ 5,059,345
December 31, 2018		
Registered investment companies (mutual funds)	$ 3,937,314	$ 3,937,314
Investments at fair value	$ 3,937,314	$ 3,937,314

The plan has no assets valued at level two or three under the fair value hierarchy. Certain assets have been reclassified to comply with the current presentation.

Note 5- Collective Investment Trust Funds at Contract Value

The investment in the collective investment trusts at contract value primarily represents the contract value of the plan's investment in the Invesco Stable Asset fund. All of the plan's investments in stable value funds are considered fully benefit responsive and therefore, are reported at contract value. Contract value

Note 5- Collective Investment Trust Funds at Contract Value, continued

is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the plan by the trustee, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events included the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7 – Tax Status

The Plan obtained its latest determination letter on March 31, 2008, stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's legal tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the financial statements.

Note 8 - Information Certified by the Trustee (Unaudited)

At December 31, 2019 and 2018, the Plan's investments and notes receivable were held by Reliance Trust Company (the "Trustee"). The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee, as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The Plan's investments are available for sale. The net appreciation (depreciation) in fair value (including

Note 8 - Information Certified by the Trustee (Unaudited)

realized gains and losses on investments bought and sold, as well as held during the year) for investments as presented on the statement of changes in net assets available for benefits for the year ended December 31, 2019 was $589,750. This figure includes a realized gain of $16,218 for the year ended December 31, 2019. Investments by class include the following at fair market value:

	December 31, 2019	December 31, 2018
Registered investment companies (mutual funds), at fair value	$ 5,059,345	$ 3,937,314
Collective investment trusts	147,433	138,320
Total investments	$ 5,206,778	$ 4,075,634
Notes Receivable	$ 119,263	$ 130,927

The net appreciation (depreciation) in fair value, including realized gains and losses, for each class of investments as presented on the statement of changes in net assets available for benefits for the year ended December 31, 2019 includes the following:

Registered investment companies (mutual funds)	$ 566,303
Collective investment trusts	23,447
Net appreciation (depreciation) in fair value of investments	$ 589,750

Note 10 – Subsequent Events

On January 30, 2020 the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "Covid-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point or origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and volatility in financial markets. As a result, the Plan's investment portfolio incurred a significant decline in fair value after December 31, 2019, some of which has since been recovered. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that may be recognized in subsequent periods, if any, and the related impact on the Plan's investment liquidity cannot be determined at this time.
