Note 1: Description of the Plan

The following description of the Kingdomway USA Corp. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Vit-Best Nutrition 401(k) Profit Sharing Plan was established on February 11, 1973, as a defined contribution plan. On January 1, 2018, the Plan was restated as the Kingdomway USA Corp. 401(k) Plan. The purpose of the Plan is to provide retirement benefits for substantially all employees of Kingdomway USA Corp., VitaBest Nutrition, Inc. dba Vit-Best Nutrition, Doctor's Best, Inc., Kingdomway America, LLC, and KUC Holding (collectively, the "Company"), who have completed three months of continuous employment and are age 21 or older. Employees of the Company who satisfy the minimum age and service requirements are eligible to participate in the Plan on the first day of each calendar quarter. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code of 1986 ("IRC"), as amended.

Contributions

Participants may elect to contribute up to 100% of their pretax annual eligible compensation not to exceed the maximum deferral limitation, as defined in IRC. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company provides a safe harbor matching contribution to all participants who make salary deferrals to the Plan, whereby the safe harbor matching formula is equal to 100% of the amount a participant contributes to the Plan for the Plan year up to the first 3% of eligible compensation plus 50% of the amount a participant contributes between 3% and 5% of eligible compensation. Participants will be immediately vested in these safe harbor contributions. For the year ended December 31, 2019, the safe harbor contributions totaled $292,803. The Company has the option to make additional discretionary matching contributions or an annual profit-sharing contribution to active participants of the Plan at the discretion of the Company. No such contributions were made at December 31, 2019 and 2018.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account into various investment options offered by the Plan.

Note 1: Description of the Plan (Continued)

Vesting

Participants are vested immediately in their contributions and safe harbor contributions plus actual earnings thereon. Vesting in the Company's employer-matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is vested at the rate of 20% each year after two years of service and is considered to be 100% vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow against their Plan account balance within Plan guidelines. Loan terms are at the discretion of the borrower but generally cannot exceed five years, unless the loan is used to purchase a primary residence, in which case, the loan must be repaid within a reasonable period of time not to exceed 10 years. The loan amount can be a minimum of $1,000 but cannot exceed the lesser of (a) one-half of the participant's nonforfeitable interest under the Plan or (b) $50,000. Interest is charged on the outstanding balance at a rate of prime plus 1%. Principal and interest are paid ratably through payroll deductions on a biweekly basis. The loan is secured by the vested account balance in the participant's account.

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum distribution equal to the vested portion of his or her account, installments, or partial withdrawals, as defined in the Plan document. For termination of service due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution, or if the vested balance is less than $5,000, it can be rolled over into an individual retirement account if no action is taken by the Plan participant. Additionally, under certain circumstances of financial hardship or upon attaining the age of 59½, the participant is allowed to withdraw certain funds from the Plan.

Forfeitures

Forfeitures of the employee's nonvested portion of the Company's contributions are used to pay Plan expenses first, and then used to reduce future Company's contributions as directed by the plan administrator. At December 31, 2019 and 2018, forfeiture balances totaled $3,663 and $2,036, respectively. No forfeitures were used during the year ended December 31, 2019.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan. The majority of administrative expenses incurred by the Plan are absorbed by the Company. Fees related to the administration of notes receivable from participants are deducted from the applicable participants' accounts.

Note 1: Description of the Plan (Continued)

Administrative Expenses (Continued)

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair value of investments.

Note 2: Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP"). References to the "ASC" hereafter refer to the Accounting Standards Codification established by the Financial Accounting Standards Board ("FASB") as the source of authoritative US GAAP.

Investment Valuation and Income Recognition

The Plan's pooled separate accounts and fixed interest account are stated at fair value at December 31, 2019 and 2018. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 10 for a discussion of fair value measurements. As further described in Note 11, fair value for the Plan's pooled separate account is measured using net asset value per share ("NAV") as a practical expedient.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gains and/or losses are reported the day after the trade date.

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits in net appreciation in fair value of investments.

Brokerage fees are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant notes receivable are reclassified as distributions based upon terms of the Plan document.

Note 2: Summary of Significant Accounting Policies (Continued)

Payments of Benefits

Benefits are recorded when paid.

Use of Estimates

The process of preparing financial statements in accordance with US GAAP requires the use of estimates and assumptions regarding certain types of assets and liabilities, revenues and gains, and expenses and losses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, actual results may differ from estimated amounts.

Note 3: Concentrations, Risks, and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 4: Information Prepared and Certified by the Trustee

Certain information disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2019 and 2018, and net appreciation in fair value of investments and interest income from notes receivable from participants for the Plan year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Voya Retirement Insurance and Annuity Company ("Voya"), the trustee of the Plan.

Note 5: Nonexempt Transactions

During the Plan year ended December 31, 2019, employee withholdings in the amount of $33,334 were not remitted within the appropriate time period by the Company. During the Plan year ended December 31, 2018, employee withholdings in the amount of $90,453 were not remitted within the appropriate time period by the Company. These transactions constitute prohibited transactions as defined by ERISA. The Company is aware of the occurrences and has taken the appropriate steps to correct the situation, including the payment of lost earnings into the Plan in 2018, 2019 and 2020.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, all participants will become fully vested in their account balances.

Note 7: Withdrawn Participants

At December 31, 2019 and 2018, there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not been paid.

Note 8: Tax Status

The Company has adopted a volume submitter plan, which has received a favorable opinion letter, dated September 30, 2014, from the Internal Revenue Service ("IRS") qualifying the Plan under Section 401(a) and 401(k) of the IRC and making it exempt from federal income taxes under the provisions of Section 501(a) of the IRC. The Plan has been amended since receiving the determination letter; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan, therefore, is not subject to tax under present income tax law.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan; it has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

Note 9: Parties in Interest

The investments in pooled separate accounts and the fixed interest account are managed by Voya, the trustee as defined by the Plan, and therefore, these investments qualify as party-in-interest transactions. Notes receivable from participants represent loans to employees and therefore qualify as party-in-interest transactions. The Plan also has a number of service providers. Such providers are parties in interest under ERISA.

Note 10: Investments and Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

Note 10: Investments and Fair Value Measurements (Continued)

The three levels of the fair value hierarchy under this FASB framework are described as follows:

Level l: Defined as observable inputs such as quoted prices in active markets.
Level 2: Defined as inputs other than quoted prices in active markets that are either directly or indirectly observable.
Level 3: Defined as unobservable inputs in which little or no market data exists therefore requiring an entity to develop its own assumptions.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available. There were no Plan assets requiring use of Level 3 inputs for the periods presented.

Level 2 Fair Value Measurements

The fixed interest account is part of the general assets of an insurance company. This investment is valued at the contract discontinuance value, which is the estimated value of the contract that would have been available if the Plan had terminated participation in the contract as of the valuation date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value at December 31, 2019, as described above:

	Level 1	Level 2	Level 3	Total
Fixed interest account	$ -	$ 826,816	$ -	$ 826,816
Investments measured using NAV (Note 11)				2,921,147
Total Investments				$ 3,747,963

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value at December 31, 2018, as described above:

	Level 1	Level 2	Level 3	Total
Fixed interest account	$ -	$ 735,688	$ -	$ 735,688
Investments measured using NAV (Note 11)				2,153,218
Total Investments				$ 2,888,906

Note 11: Net Asset Value per Share

The fair value of the Plan's pooled separate account investments is measured using NAV at December 31, 2019 and 2018. Each unit in a pooled separate account invests directly in a unit of the underlying investment. Unit values are calculated based on the observable NAV of the underlying investment in the fund.

The following tables at December 31, 2019 and 2018, set forth a summary of the Plan's investments whose fair value is estimated using NAV (or its equivalent) as a practical expedient:

	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
December 31, 2019					
Pooled Separate Accounts	$ 2,921,147	None	Every 60 Days	Frequent Trading*	None
December 31, 2018					
Pooled Separate Accounts	$ 2,153,218	None	Every 60 Days	Frequent Trading*	None

* Frequent trading is defined as more than one purchase or sale of an underlying fund within a 60-day period or more than six purchases of sales within a 12-month period.

Note 12: Differences on the Form 5500

The financial statements have been prepared on the accrual basis as required by US GAAP. However, at December 31, 2019 and 2018, the Form 5500 to be filed with the IRS has been prepared on the cash basis.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2019 and 2018:

	2019	2018
Net assets available for benefits per the financial statements	$ 3,841,224	$ 3,033,829
Add: Fair value adjustments for the fixed interest account	22,100	53,785
Net Assets Available for Benefits per the Form 5500	$ 3,863,324	$ 3,087,614

Note 12: Differences on the Form 5500 (Continued)

The following is a reconciliation of total additions to net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2019:

Total additions to net assets available for benefits per the financial statements	$ 1,389,244
Less: Fair value adjustment for fixed interest account 2018	(53,785)
Add: Fair value adjustment for fixed interest account 2019	22,100
Total Income per the Form 5500	$ 1,357,559

Note 13: Excess Contributions Payable

Contributions received from participants in 2019 are net of payments of $2,623 made in 2020 to certain active participants to return to them the excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. The amount is included in the Plan's statement of net assets available for benefits as excess contributions payable at December 31, 2019.

Note 14: Subsequent Events

The Plan has evaluated subsequent events through September 21, 2020, the date the financial statements were available to be issued.

Effective January 1, 2020, the Plan was amended to merge the Zipfizz Corporation 401(k) Profit Sharing Plan with the Plan, which was previously sponsored by a related party entity. The result was a transfer of assets into the Plan of $1,864,115.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of an outbreak of a new strain of coronavirus ("COVID-19"). In March 2020, the WHO classified the COVID-19 outbreak as a pandemic based on the rapid increase of the virus and its global exposure. In addition, all states in the United States have declared a state of emergency.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. The pandemic has adversely affected global economic activity and greatly contributed to significant instability in financial markets. As a result, the Plan's investment portfolio has incurred significant volatility in fair value since December 31, 2019. Because the values of the Plan's individual investments have and will continue to fluctuate in response to changing market conditions, the amount of loss recognized for subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

Note 14: Subsequent Events (Continued)

On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"). The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and has implemented the following provisions:

- Elimination of mandatory federal 20% withholding
- Special coronavirus distributions up to $100,000
- An increase to the available loan amount as described in Note 1 to the lesser of $100,000 or 100% of the participant's vested account balance
- Extension period for loan repayments, if applicable, up to one year
- Suspension of required minimum distributions for 2020
