THE BOSTWICK-BRAUN COMPANY RETIREMENT SAVINGS PLAN

Notes to Financial Statements

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of *The Bostwick-Braun Company Retirement Savings Plan* (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

Description of the Plan

General

The Plan covers all full-time employees of *The Bostwick-Braun Company* and its eligible wholly-owned subsidiaries (collectively, the “Company”) who are 21 years of age or older and who are not members of a collective bargaining unit. Employees are eligible to participate in the Plan on the first day of the month following 60 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Risks and Economic Uncertainties

The Plan invests in mutual funds and a common/collective trust with the underlying assets consisting of any combination of stocks, bonds, fixed income securities and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of interest rate, market, and credit risks inherent with certain of the Plan’s investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

On March 11, 2020, the World Health Organization categorized Coronavirus Disease 2019 (“COVID-19”) as a pandemic, and on March 13, 2020 the President of the United States declared the global outbreak a national emergency. In addition, state and local authorities have required or recommended social distancing and have imposed quarantine and other isolation measures on large portions of the domestic population, including mandatory business closures. These measures, designed to protect the overall public health, have had and are expected to continue to have material adverse financial and other impacts on world economies.

As a result of the COVID-19 pandemic, there has been heightened market risk and volatility experienced in the financial markets. During this time, because of the uncertainty in financial and other markets associated with the pandemic, it is difficult to fully assess or predict the impact brought by, and the duration of, the pandemic. The longer-term economic effects will depend on future developments that are highly uncertain. As such, Plan management is unable to estimate the impact the current environment will have on participants’ account balances, and the investment amounts reported in the Plan’s statements of net assets available for benefits and changes in net assets available for benefits.

THE BOSTWICK-BRAUN COMPANY RETIREMENT SAVINGS PLAN

Notes to Financial Statements

Contributions

Each year participants may contribute pretax annual compensation (or post-tax effective September 1, 2018), as defined in the Plan agreement, up to Internal Revenue Code ("IRC") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also allows participants to make rollover contributions from other qualified retirement plans. Newly eligible employees are automatically enrolled in the Plan at a contribution rate of 4% of pretax compensation, unless they elect otherwise. These participants' initial contributions are fully allocated to the American Century Strategic Allocation: Moderate Fund A, unless they elect otherwise. Participants can elect to change or stop deductions at any time following enrollment.

The Company's annual discretionary matching contribution is determined by the Company's Board of Directors and announced prior to the beginning of each Plan year. The Company's discretionary matching contribution for 2019 and 2018 was 50% of a participant's deferrals up to 6% of compensation, for a maximum matching contribution of 3% of compensation. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a common/collective trust as investment options for participants.

The majority of the Plan participants also participate in The Bostwick-Braun Company Employee Stock Ownership Pension Plan ("ESOP"). Once they have reached certain ages defined in the ESOP plan agreement, participants are allowed to diversify a portion of their vested shares in the ESOP through rollovers into the Plan. The amount of rollovers related to this diversification provision was \$127,789 in 2019 and \$418,762 in 2018.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary matching contributions (when made) and net earnings based on the performance of the investment options selected by the participant. Participants who initiate a loan or benefit payment are charged a fee for that transaction. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their compensation deferral accounts. Participants begin vesting in the employer discretionary matching contributions after two years of service, becoming fully vested after six years.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may have no more than one note outstanding at a time. The note term may not exceed five years unless the proceeds are used to acquire a principal residence, in which case the maximum term is ten years. The notes receivable are secured by the balance in the participants' accounts and bear interest at rates commensurate with local prevailing rates, fixed at the inception of the loan, ranging from 4.25% to 6.50%. Principal and interest are paid ratably through payroll deductions.

Notes to Financial Statements

Payment of Benefits

Upon termination of service due to disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account or installments over a period not to exceed the participant's life expectancy. For termination of service due to death, termination of employment, or other reasons, a participant or their beneficiary may receive the value of the vested interest in their account as a lump-sum distribution. Participants entitled to a distribution also have the option of having their vested account balance transferred to another tax-exempt plan and trust which is qualified under the IRC or to an individual retirement account as provided for under the IRC. If a participant's vested account balance is \$1,000 or less, payment can be made in a lump-sum without the participant's consent. In-service withdrawal of vested balances may be elected by participants who have reached 59½ years of age. The Plan also permits hardship withdrawals, as defined in the Plan agreement, from the participants' deferral accounts, earnings on deferrals credited before July 1, 1989, and rollover accounts.

Forfeited Accounts

Forfeited nonvested accounts are used to reduce future employer cash contributions. Employer contributions were reduced by approximately \$18,300 in 2019 and \$10,000 in 2018 by using forfeited nonvested accounts. At December 31, 2019 and 2018, forfeited nonvested accounts were nominal.

Administrative Expenses

The Plan's administrative expenses, including salaries related to Plan administration and audit and legal fees, are paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Fees for record keeping services are paid by the Plan with revenue sharing income (see Note 4). Fees for custodial services are paid directly by the Company, and excluded from these financial statements. Participant accounts are charged directly for loan fees and fees related to certain distribution types.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 3 for discussion of fair value measurements.

THE BOSTWICK-BRAUN COMPANY RETIREMENT SAVINGS PLAN

Notes to Financial Statements

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of mutual funds includes the Plan's aggregate gains and losses on such funds bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation or an addition to net depreciation in fair value of mutual funds.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the Plan Administrator deems the note receivable to be in default, the participant note receivable is reduced and a benefit payment is recorded.

Contributions

Participant contributions are recorded when withheld from compensation. Employer contributions are recorded in the period in which they become obligations of the Company.

Benefits Paid to Participants

Benefit payments to participants are recorded when paid.

New Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2018-13, *Fair Value Measurement (Topic 820), Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. The standard is effective for fiscal years beginning after December 15, 2019. The amendments modify the disclosure requirements on fair value measurements in FASB Accounting Standards Codification 820. Management continues to evaluate the impact of the adoption of ASU 2018-13 and its potential effect on the Plan's financial statement disclosures.

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2019, the most recent statement of net assets available for benefits presented herein, through October 7, 2020, the date these financial statements were available to be issued. No significant events or transactions of this nature were identified other than risks and economic uncertainties noted above and the matters described in Note 7.

Notes to Financial Statements

2. INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, LLC ("Great-West"), as custodian, has certified the completeness and accuracy of the investment information reflected in (1) the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, (2) the December 31, 2019, schedule of assets (held at end of year), and (3) the related investment activity reflected in the statements of changes in net assets available for benefits during 2019 and 2018. Great-West has also certified the completeness and accuracy of notes receivable from participants and the related interest income as of and for the years ended December 31, 2019 and 2018.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level of each asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

THE BOSTWICK-BRAUN COMPANY RETIREMENT SAVINGS PLAN

Notes to Financial Statements

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Shares held in mutual funds are valued at quoted market prices that represent the net asset value ("NAV") of shares held by the Plan at year end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities, then divided by the number of shares outstanding. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price and, therefore, are deemed to be actively traded.

Common/collective trust: The NAV of the Federated Capital Preservation Fund, as reported by the issuer, is used as a practical expedient to estimate fair value and, as a result, is not assigned a level in the fair value hierarchy. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust, the investment advisor reserves the right to temporarily delay the withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31:

2019	Level 1	Level 2	Level 3	Other (1)	Total
Mutual funds	\$ 14,898,603	\$ -	\$ -	\$ -	\$ 14,898,603

THE BOSTWICK-BRAUN COMPANY RETIREMENT SAVINGS PLAN

Notes to Financial Statements

(1) Certain investments are measured at NAV per share (or its equivalent) on a inactive market and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

The following tables set forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31:

Investment type	2019			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trust	\$ 1,720,003	\$ -	Daily	12 months

Investment type	2018			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trust	\$ 1,932,688	\$ -	Daily	12 months

4. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fees paid by the Plan for the record keeping services amounted to \$42,116 in 2019 and \$38,779 in 2018. Fees paid by the Plan for investment management services are included as a decrease in net appreciation or an increase in net depreciation in fair value of mutual funds.

The Plan receives quarterly revenue sharing income based upon the average holdings of the Plan in particular mutual funds. This income is received directly by the trustee, The Trust Company of Toledo, N.A., who credits it against administrative expenses for recordkeeping fees, with the Company paying the remaining amount. Revenue sharing income is included in the statements of changes in net assets available for benefits.

The transactions related to these activities qualify as party-in-interest transactions which are exempt from the prohibited transactions rules.

THE BOSTWICK-BRAUN COMPANY RETIREMENT SAVINGS PLAN

Notes to Financial Statements

5. TAX STATUS

The Company's Board of Directors adopted the Great-West Trust Company Defined Contribution Prototype Plan and Trust plan document. The prototype plan document has received an opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the IRC and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan's Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in these financial statements. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan, to the extent not used to pay Plan expenses, would revert to the Company.

7. SUBSEQUENT EVENTS

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The Plan adopted the distribution provision of the CARES Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. In addition, the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
