Pittsburgh Associates Retirement Savings Plan

Notes to the Financial Statements

1. Plan Description

The following description of the Pittsburgh Associates Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees, with the exception of those employees covered under a collective bargaining agreement, of Pittsburgh Associates (the Company and Plan Sponsor) and those that are considered limited duration. In addition, minor league players, interns, and seasonal game day staff are ineligible to participate in the Plan, and all other part-time, temporary or seasonal employees, unless such employees are credited with 1,000 hours of service during any eligibility computation period.

The Company is the plan administrator that controls and manages the operation and administration of the Plan. The plan investments and participant loans are held by PNC Bank, N.A. (PNC), the trustee.

An employee who has reached the age of 21 and completed 1,000 hours of service becomes eligible to participate in the Plan on the first day of the month following the completion of one year of service. Employees are able to participate in the Plan through elective contributions, including Roth contributions, after (1) one month of service and having reached the age of 21.

The Plan is subject to the provisions of ERISA. Entry dates are the first day of each month during the year.

The Plan includes an automatic enrollment policy. Under this policy, if a participant does not elect a deferral rate, the participant will be automatically enrolled at a 2% deferral rate. The deferral rate increases 1% per year up to 6%.

Contributions

Participants may contribute up to 50% of their compensation to the Plan, subject to certain limitations.

Safe harbor non-elective contributions of 3% of eligible compensation will be made for all eligible participants. Employer matching contributions in an amount equal to 50% of the first 6% of eligible compensation will be made for all eligible participants. Annual non-elective contributions equal to a percentage of eligible compensation based on years of service will be contributed to all eligible participants who remain employed by the Company on the last day of the plan year to which contributions relate.

Participants may designate all or a portion of their contributions as Roth contributions made after-tax. The maximum amount of a participant's contributions is not to exceed 50% of a participant's compensation.

Pittsburgh Associates Retirement Savings Plan

Notes to the Financial Statements (Continued)

1. Plan Description (Continued)

Contributions (Continued)

In any calendar year in which a participant is age 50 or older, an additional “catch-up contribution” (limited to \$6,000 in 2019 and 2018) may be made. Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

Participant and Company contributions are allocated to various investment options based on the participant’s elections.

Participant Accounts

The plan administrator maintains separate participant accounts for each participant. Each participant’s account is credited with their voluntary and rollover contributions and with an allocation of the Company’s matching contributions and plan earnings. Allocations of the Company’s contributions are based on participant contributions or compensation, as applicable. Allocations of fund investment income (loss) to the participants’ accounts are based upon the ratio of the participant’s account balance to the total balance of all participant account balances in the fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants’ contributions, safe harbor non-elective contributions and earnings thereon are fully vested at all times. The Company matching contributions, annual non-elective contributions and earnings thereon to each participant’s account vest according to the following schedule:

Completed Years of Service	Vesting Percentage
Less than 1	0%
1 but not more than 2	33 $\frac{1}{3}$ %
2 but not more than 3	66 $\frac{2}{3}$ %
3 or more	100%

Pittsburgh Associates Retirement Savings Plan

Notes to the Financial Statements (Continued)

1. Plan Description (Continued)

Benefits

A participant's normal retirement date is the first day of the month coinciding with or following the attainment of age 65. Upon retirement, participants are entitled to receive monthly retirement income or elect a lump-sum payment, based on their account balances. Eligible distributions that do not exceed \$5,000 are distributed in a lump sum.

Subject to limitations of the plan agreement, the plan participant may apply to the Plan for a hardship withdrawal. A hardship withdrawal may be granted to a plan participant for an event considered to be an immediate and heavy financial need of the participant, in accordance with the Internal Revenue Code.

The retirement benefit of any participant who is a 5% owner of the Company during the plan year ending in the calendar year and who attains age 70½ must commence no later than the first day of April of the calendar year following the plan year in which they attain age 70½ even if they continue to be employed by the Company.

At December 31, 2019 and 2018, there were no significant amounts allocated to accounts of individuals who have withdrawn from the Plan but have not been paid.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 and a maximum equal to the lesser of 50% of their vested balance or \$50,000 reduced by the participant's highest outstanding loan balance during the prior twelve months. Participants may have no more than two loans outstanding at any one time. Repayment terms generally may not exceed five years. The loans are collateralized by the vested interest in the participant's accounts and bear interest at a rate commensurate with local market rates for similar loans.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are applied to reduce administrative expenses of the Plan and then future Company contributions. Forfeitures used during 2019 and 2018 were not significant to the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are maintained on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at a measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers the assumptions that market participants would use when pricing the asset or liability.

The three levels of inputs that may be used to measure fair value are as follows:

- Level 1 - Observable inputs such as quoted prices in active markets for identical investments that the Plan has the ability to access.
- Level 2 - Inputs include:
 - a. Quoted prices for similar assets or liabilities in active markets;
 - b. Quoted prices for identical or similar assets or liabilities in inactive markets;
 - c. Inputs, other than quoted prices in active markets, that are observable either directly or indirectly;
 - d. Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.
- Level 3 - Unobservable inputs in which there is little or no market activity for the asset or liability, which require the reporting entity to develop its own estimates and assumptions relating to the pricing of the asset or liability including assumptions regarding risk.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds are public investment vehicles valued using the net asset value provided by the administrator of the fund on the last day of the Plan's year end using a quoted price in an active market and are classified within Level 1 of the fair value hierarchy.

Pittsburgh Associates Retirement Savings Plan

Notes to the Financial Statements (Continued)

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (Continued)

The Plan's investment in the common collective trust (CCT) is the stable value PNC Fund (the Fund). CCTs are public investment vehicles valued using the Net Asset Value (NAV) provided by the trustee on the last day of the Plan's year end. NAV is based on the value of underlying investments, primarily synthetic guaranteed investment contracts insured by wrapper contracts and short-term securities minus its liabilities, and then divided by the number of units outstanding. The Plan's participants may exchange units in the Fund on a daily basis with minimal restrictions based on NAV. Participants have agreed to the payment of redemption over a period of up to twelve months under certain circumstances.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net investment gain or loss includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain of these investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Administrative Fees and Expenses

Administrative fees and expenses are paid by the Company or the Plan, as provided by the plan document.

Benefit Payments

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (Continued)

Subsequent Events

The Plan Sponsor evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through August 31, 2020, the day the financial statements were approved and authorized for issue. Refer to Note 7 for further disclosure.

3. Investments

The following tables set forth the fair value of the Plan's assets measured on a recurring basis, by level, as described in Note 2:

<i>As of December 31, 2019</i>	Level 1	Total
Mutual funds at fair value	\$ 32,507,693	\$ 32,507,693
Common collective trust measured at NAV*	-	1,364,510
Investments at Fair Value	\$ 32,507,693	\$ 33,872,203

<i>As of December 31, 2018</i>	Level 1	Total
Mutual funds at fair value	\$ 23,380,217	\$ 23,380,217
Common collective trust measured at NAV*	-	1,091,308
Investments at Fair Value	\$ 23,380,217	\$ 24,471,525

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit a reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

4. Certification of Financial Information

PNC Bank, N.A., the trustee of the Plan, has certified that the investment information related to investments and notes receivable from participants summarized in the statements of net assets available for benefits as of December 31, 2019 and 2018 and the statement of changes in net assets available for benefits for the year ended December 31, 2019 is complete and accurate. As elected by the plan administrator, no auditing procedures have been performed on this information except to compare such information to the information included in the accompanying financial statements.

Notes to the Financial Statements (Continued)

5. Related Party and Party-in-interest Transactions

Certain mutual funds and the collective investment trust are sponsored and advised by PNC or by investment companies related to PNC. PNC is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for custodian and recordkeeping services were not significant for the year ended December 31, 2019. These transactions are not, however, considered prohibited transactions under Section 408(b) of the ERISA regulations.

The Plan has notes receivable from participants subject to specific guidelines as defined in the plan document (Note 1).

Certain administrative functions of the Plan are performed by officers or employees of the Company at no cost to the Plan.

These transactions are not deemed prohibited party-in-interest transactions, because they are covered by statutory or administrative exemptions from the IRC and ERISA's rules on prohibited transactions.

6. Tax Status

The Plan Sponsor has adopted a prototype plan of PNC Bank. PNC Bank obtained a letter dated March 31, 2014, in which the Internal Revenue Service stated its opinion that the form of the prototype plan of PNC Bank is acceptable under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. The Plan has since been amended. The plan administrator, the trustee and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Subsequent Events

On January 30, 2020, the World Health Organization (WHO) announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the COVID-19 outbreak) and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. The values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity cannot be determined at this time.

7. Subsequent Events (Continued)

On March 27, 2020, President Trump signed into law the “Coronavirus Aid, Relief, and Economic Security (CARES) Act.” The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management is currently evaluating the impact of the CARES Act on the Plan’s financial statements.
