NOTE 1 – DESCRIPTION OF PLAN

The following description of the Western Concrete Pumping, Inc. 401(k) Savings Plan (Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan covers substantially all employees of Western Concrete Pumping Inc. (Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is a defined contribution plan under the provision of section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in section 401(k) of the IRC. The Plan was established on January 1, 1995 and was restated effective January 1, 2015. Charles Schwab Bank provides trustee and custodial services for the Plan. Plan participant recordkeeping and administrative services are performed by Digital Retirement Solutions. The Plan Administrator is responsible for oversight of the Plan as well as determining and reviewing the appropriateness of the Plan's investment offerings, and investment performance.

Eligibility

Employees, age 21 and older, are eligible to participant in the Plan as of the first day of the month coinciding with or next following the date which eligibility requirements are met.

Participant Contributions

Participants may contribute up 75% of their annual compensation into a pre-tax deferral account and/or after-tax Roth account up to the maximum allowed by the Internal Revenue Service (IRS) limitation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified plans.

Employer Contributions

The Company provided a non-discretionary matching contribution of 20% of every dollar deferred, not to exceed 4% of the participants' total compensation. The Company may also provide a discretionary profit sharing contribution; however, no such contribution was made or declared for the period presented.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and, (b) Plan earnings or losses and, (c) charged with an allocation of any administrative expenses paid by the Plan. Allocations of plan earnings or losses and any administrative expenses are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of all assets attributable to their account. Each participant designates the percentage of any one or more of their accounts that is to be invested in each of several authorized investment funds designated by the Plan's Administrator.

Notes Receivable from Participants

The Plan allows participants to borrow against their vested account balances. Loans may not be made for less than $1,000 and may not exceed the lesser of $50,000 or 50% of a participant's vested account balance. The interest rate for loans is 2% above the prime rate. Principal and interest is paid ratably through payroll deductions not to exceed five years unless the note proceeds were used for the purchase of a principal residence.

Payment of Benefits

On termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive a lump-sum distribution, direct rollover to an individual retirement account (IRA) or to another employer's tax qualified plan. Active participants may withdraw any part of their account in a single sum in the event of undue financial hardship or attainment of age 59 ½ or an in-service distribution of a rollover account at any time. If the terminated participant's account is $5,000 or less, the Plan may distribute the account balance in one lump sum to an IRA without prior approval of the participant.

Vesting

Participants are immediately 100% vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is vested in Company contributions based on the following schedule:

Years of Service	Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Years of service is defined by the Plan as 1,000 hours of service during the plan year beginning on the employee's date of hire and ending on the employee's last day of employment with the Company.

Forfeited Accounts

Generally, a participant's unvested portion of the Company matching contributions is forfeited upon termination of employment. Forfeitures are maintained in a separate account and can be used to reduce matching contributions or pay Plan expenses.

Non-vested forfeited account balances at December 31, 2019 and 2018 were $1,070 and $159, respectively. Forfeitures of $4,511 were used by the Company during 2019 to pay Plan expenses.

Administrative Expenses

Fees related to the administration of loans and distributions are deducted from the account of the participant initiating the transaction and are included in administrative expenses. Other administrative expenses paid by the Plan are allocated to all participants. Certain Plan expenses are paid by the Company and are excluded from these financial statements.

Certain investment management fees and other charges paid to the Custodian are offset against fund performance in the net appreciation section of the Statement of Changes in Net Assets Available for Benefits and are not, therefore, separately reflected as administrative expenses.

Plan Termination Provision

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants become fully vested in all their accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting which is in accordance with accounting principles generally accepted in the United States of America (GAAP). Employee and employer contributions are recognized in the period that contributions are due.

Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that may affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policy utilizing information provided by the Plan Trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefits are recorded when paid

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan Document. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded.

NOTE 3 – FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2019 and 2018.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily closing price and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

U.S. Government money market fund: Valued at fair value by discounting to related cash flows based on current yields of similar instruments with comparable durations.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 5,989,550	$ -	$ -	$5,989,550
Money market fund	-	780,790	-	780,790
Total investments, at fair value	$ 5,989,550	$ 780,790	$ -	$6,770,340

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 4,287,932	$ -	$ -	$4,287,932
Money market fund	-	1,165,012	-	1,165,012
Total investments, at fair value	$ 4,287,932	$ 1,165,012	$ -	$5,452,944

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. As of December 31, 2019 and 2018, there were no significant transfers between Levels 1, 2 and 3.

NOTE 4 – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Bank, the Trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018.

- Net appreciation in fair value of investments, interest and dividends, and interest income from notes receivable from participants reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019.

NOTE 5 – CORRECTIVE DISTRIBUTION PAYABLE

At December 31, 2019 and 2018, a liability of $13,105 and $83,795 respectively, was recorded for the amounts refundable to participants for contributions that exceeded limits imposed by IRS nondiscrimination requirements.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments consist of shares of mutual funds and common stocks, which are offered by Charles Schwab Bank. Charles Schwab is the Trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Administrative expenses and investment advisory and management fees paid by the Plan to Charles Schwab Bank and other Plan service providers qualify as exempt party-in-interest transactions.

NOTE 7 – TAX STATUS

The IRS has informed the Plan sponsor by a letter dated March 31, 2014 for the prototype plan adopted by the Plan, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investments securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9 – DIFFERENCES BETWEEN FINANCIAL STATEMENTS AND FORM 5500

The following is a reconciliation of the net assets available for benefits per financial statements to the Form 5500 at December 31, 2019 and 2018:

	2019	2018
Net assets available for benefits per the financial statements	$ 6,978,066	$ 5,551,733
Adjustment for corrective distributions payable	13,105	83,795
Net assets available for benefits per the Form 5500	$ 6,991,171	$ 5,635,528

The following is a reconciliation of the net increase in assets per the financial statements to the Form 5500 for the year ended December 31, 2019:

Net increase in assets per the financial statements	$ 1,426,333
Less change in corrective distributions payable	(70,690)
Net increase in assets per the Form 5500	$ 1,355,643

NOTE 10 – SUBSEQUENT EVENT

The Company's Management is actively monitoring the development of COVID-19 on a global and local basis and projecting the potential effect to its business and its employee base. The Plan Administrator is monitoring the measures taken by the Company to mitigate the risk of COVID-19's impact to its business

and the cost management strategies taken to date as well as evaluating the available stimulus packages and relief measures available for the Plan and its participants. The Plan Administrator does not foresee any material impact to the Plan as of the date of these financial statements.

Management has evaluated subsequent events through October 7, 2020 the date the financial statements were available to be issued.
