The Company contracted with Fidelity Investments to provide Plan administrative and recordkeeping services, and Fidelity Management Trust Company to serve as trustee and custodian of the Plan's assets. The Plan is subject to the provision of the Employee Retirement Income Security Act of 1974 ("ERISA").

On August 1, 2017 the Board of Directors of KEAIS Record Service, LLC (currently RecordXTechnologies, LLC) dba Ontellus approved the termination / merger of its four subsidiary companies' 401(k) plans to be consolidated into the Ontellus Plan. Effective January 1, 2018 the following plans: KEAIS 401(k) Plan - Plan #001, Second Image National Inc., 401(k) Plan, National Legal Services, LLC., 401(k) Profit Sharing Plan, and National Document Services 401(k) were merged into the Ontellus plan. As a result of these mergers the Plan was amended to reflect the current provisions and requirements of the Ontellus 401(k) Plan #002

The Plan was amended on March 8, 2019 to reflect a change in the employer's name to RecordXTechnologies, LLC.

Loan origination fees and asset charges on contract accounts are paid directly by Plan participants. All other administrative expenses are paid directly by the Company. Certain investment management fees and other charges paid to the trustee are offset against fund performance in the net appreciation in fair value of investments or against benefits paid to participants in the statement of changes in net assets available for benefits and are not, therefore, separately reflected as administrative expenses.

The Plan is exposed to credit risk in the event of default by the issuers of the investments to the extent of amounts recorded on the statements of net assets available for benefits.

B. Eligibility - The Plan is a defined contribution plan covering all employees of the Company who are age 18 or older and have completed 2 months of service. Upon meeting the eligibility requirements, employees are eligible to enter the Plan on the first of the month after completing the respective eligibility requirements.

C. Contributions - Each pay period the participants may contribute a percentage or dollar amount of their eligible compensation on a pre or post-tax (ROTH) basis to the Plan subject to the limits of the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers a group of mutual funds and common collective trusts as administered by Fidelity Management Trust Services, as investments options for the participants.

1. Description of Plan (continued)

C. Contributions (continued)

Per the Plan document the Company has elected to make matching contributions, which are also participant directed, providing the employee makes any elective deferral contribution or catch-up contribution. The matching contributions made to the Plan for the year ended December 31, 2019 totaled $465,531.

D. Participant's Accounts - Each participant's account is credited with the participant's contribution, applicable allocations of the Company's contributions, and plan earnings, and is charged with an allocation of plan fund administrative expenses. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance and share of net earnings of their respective elected investment options. Allocations are determined in accordance with the provisions of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

E. Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service. A participant is also 100% vested upon normal retirement age, death or disability.

F. Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lessor of 50% of their vested account balance or $50,000 reduced by the highest outstanding loan balance in their account during the prior twelve month period. The Plan only allows two outstanding loans at a time. Loan terms range from 1 - 5 years, unless funds are used for a principal residence then maximum loan term is 30 years, at a reasonable interest rate determined by the administrator and are secured by their account balance. Principal and interest at a rate of 4.25% - 6.50% per annum, is paid ratably through payroll deductions.

G. Payment of Benefits - Upon termination, death, disability, or retirement, a participant's account will be distributed in accordance with the provisions in the Plan Document. A participant's account is distributed in a single lump-sum payment if the balance is less than $1,000. If the account balance is greater than $1,000 but less than $5,000 and the employee makes a timely election, the balance can be distributed in a lump-sum payment, rolled-over into an individual retirement account (IRA) or the qualified plan of a new employer; however, should the participant not timely return the election forms, the Plan Administrator will transfer the vested account balance to an IRA established in the participant's name. If the account balance is over $5,000 the participant must consent to the distribution and may choose from a number of different payment of benefit options (some of which may require a spousal consent), such a distribution in cash or Direct Rollover. In the case of death, the distribution shall be made to the participant's beneficiary.

H. Forfeited Accounts - Forfeitures of non-vested employer contributions, if any, shall be first used to pay administrative expenses and then to reduce employer contributions for the plan year in which they occurred or thereafter. As of December 31, 2019 and 2018 , there was $5,215 and $13,017, respectively, in forfeited non-vested accounts. Forfeitures in the amount of $12,000 and $35,698 were used by the Company to pay administrative expenses and matching contributions during December 31, 2019 and 2018, respectively.

2. Summary of Accounting Policies

The following are the significant accounting policies followed by the Plan:

A. Basis of Presentation - The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP) and the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

B. Use of Estimates - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

C. Investment Valuation and Income Recognition - The Plan's investments were held by Fidelity Management Trust Company, the trustee. Amounts invested in the investment funds are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note (4) for discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

D. Notes Receivable from Participants - Notes receivable from participants is valued at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant loan receivable is recorded as a benefit payment based on the terms of the Plan document.

E. Excess Contributions Payable - Amounts payable to participants in excess of the amount allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions for the years ended December 31, 2019.

G. Expenses - Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and are charged directly to the participant's account.

3. Investments Certified By Trustee

All information disclosed in the accompanying financial statements, notes and supplemental schedule related to the Plan's investment assets and notes receivable from participants at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA by Fidelity Management Trust Company, the trustee for the Plan. The custodian held the Plan's investments and executed all investment transactions.

4. Fair Value Measurements

Accounting Standards Codification ("ASC") 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level One - Inputs to valuation methodology are unadjusted prices for identical instruments in active markets that the Plan has the ability to access.
- Level Two - Inputs to valuation methodology include (a) quoted prices for identical instruments in active markets; (b) quoted prices for identical or similar instruments in markets that are not active; (c) inputs other than quoted prices that are observable for identical instrument; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level Three - Inputs to valuation methodology are unobservable and significant to the fair value measurement.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or 2 were not available.

The following is a description of the valuation methodologies used for assets measured at fair value:

- **Mutual Funds:** These funds are valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. Fair Value Measurements (continued)

- **Common Collective Trusts:** These funds are valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as the practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth, by level with the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018 as follows:

As of December 31, 2019

	Level One	Level Two	Level Three	TOTAL
Mutual Funds	$ 1,129,957	$ -	$ -	$ 1,129,957
Common Collective Trusts at at NAV*				6,806,121
TOTALS	**$ 1,129,957**	**$ -**	**$ -**	**$ 7,936,078**

As of December 31, 2018

	Level One	Level Two	Level Three	TOTAL
Mutual Funds	$ 408,957	$ -	$ -	$ 408,957
Common Collective Trusts at at NAV*				5,842,789
TOTALS	**$ 408,957**	**$ -**	**$ -**	**$ 6,251,746**

* In accordance with Topic 820, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Benefits.

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2019 are reported in net appreciation in fair value of investments.

5. Guaranteed Investment Contract with Insurance Company

The Lincoln Financial Group Stable Value Account is a fully benefit-responsive guaranteed fixed annuity contract available as an investment option to plan participants. The fixed annuity contract is issued by Lincoln National Life Insurance Company (Lincoln). Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals. The fixed annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the fixed annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to the fixed annuity contract. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings less participant withdrawals. Participants may ordinarily direct withdrawals or transfers of all or a portion of their investment at contract value.

The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.50%. Such interest rates are reviewed on a semi-annual basis for resetting, for the period July 1 - December 31, 2019 the interest rate was 2.35%.

6. Related-Party Transactions

The Company, the participants, and the Trustee/Custodian have all been identified as parties-in-interest. The Plan invests in shares of mutual funds and common collective trusts managed by Fidelity Trust Management Company, trustee and custodian for the Plan. Fidelity provides services to the Plan as the custodian and record keeper; therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Participant loans also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Certain administrative expenses of the Plan are paid by the Company and qualify as party-in-interest.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. Tax Status

The Plan was established effective January 1, 1997. The Plan has been amended from time to time, including an amendment adopted and effective March 8, 2019.

The Plan has received an opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the “Code”), and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualifications. The plan administrator is not aware of any course of action or series of events that it believes would adversely affect the Plan’s qualified status.

8. Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize any tax liability (asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of liability (asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefit.

10. Reconciliation of Financial Statements for Form 5500

The following is a reconciliation of contributions per the financial statements for the years ended December 31, 2019 and 2018 to Form 5500:

	2019	2018
Net assets available for benefits per the financial statements	$ 8,269,597	$ 6,589,700
Less: contributions receivable	(158)	-
NET ASSETS AVALIABLE FOR BENEFITS PER SCHEDULE H FORM 5500	**$ 8,269,439**	**$ 6,589,700**

The following is a reconciliation of the net change in assets available for benefits per the financial statements for the year ended December 31, 2019 to Schedule H of the Form 5500:

Net change in assets available for benefits per the financial statements	$ 1,679,897
Less:	
2019 contributions receivable	(158)
NET CHANGE IN ASSETS AVALIABLE FOR BENEFITS PER SCHEDULE H FORM 5500	**$ 1,679,739**

11. Subsequent Events

The Plan's management has evaluated subsequent events through September 8, 2020, the date the financial statements were available to be issued, and there were no subsequent events, other than disclosed below, requiring adjustments to the financial statements or disclosures.

On March 11, 2020, the World Health Organization (WHO) declared the outbreak of a novel strain of the coronavirus, or COVID-19, a global health pandemic. The COVID-19 pandemic has led to extreme volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (the "CARES" Act) was enacted. The CARES Act contains provisions that will temporarily impact the Plan, including allowing certain eligible Plan participants to receive coronavirus-related distributions, delaying participant loan payments and increasing the maximum amount of such participant loans, and suspending required minimum distributions. The Plan Sponsor enacted the provisions of the CARES Act to the Plan on April 21, 2020.
