AVILA HOME CARE 401(K) PLAN NOTES TO FINANCIAL STATEMENTS

December 31, 2019

Note 1: Description of Plan

The following description of Avila Home Care 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Oak Farm Solutions, LLC/dba Avila Home Care (the Employer). The Plan became effective January 1, 2019 and is subject to the provisions of ERISA. The effective date for Participants to begin making deferrals was March 1, 2019. Plan management is responsible for oversight of the Plan. They determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Eligibility

All employees of the Employer are eligible to participate in the Plan, upon reaching twenty-one (21) years of age and attaining six (6) months of service. Employee deferrals may begin immediately upon meeting the eligibility requirements.

Contributions

A participant in the Plan may elect to enter into a salary reduction agreement with the Employer, which shall be applicable to such Plan year and subsequent Plan years unless canceled or modified. Under the agreement, the participant agrees to accept a reduction in compensation equal to any whole percentage of compensation that does not exceed the limitations of the Internal Revenue Code (IRC). Participants who are fifty (50) or older may contribute an additional \$6,000 in catch-up contributions, as adjusted every year by the IRC. The salary reduction amount shall then be contributed to the Plan by the Employer on behalf of the participant. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. In addition, the Employer may make a discretionary match contribution equal to fifty percent (50%) of the participant's elective deferral up to six percent (6%) of the participant's salary. The Employer may also make a discretionary profit-sharing contribution. For the year ended December 31, 2019, the Employer contributions totaled \$14,457.

Participant Accounts

Each participant's account is credited with the participant's contributions, Plan earnings, and Employer discretionary match contributions. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

Forfeitures may be used to reduce future employer contributions or to pay Plan administrative expenses. At December 31, 2019, there were no forfeited nonvested accounts.

AVILA HOME CARE 401(K) PLAN NOTES TO FINANCIAL STATEMENTS

December 31, 2019

Note 1: Description of Plan (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's match and discretionary contributions and earnings thereon is based on years of continuous service. Participants are one hundred percent (100%) vested after five (5) years, seventy-five percent (75%) after four (4) years, fifty percent (50%) after three (3) years, twenty-five percent (25%) after two (2) years, and zero percent (0%) after one (1) year or less.

Investment Classification

All investments are fully participant directed. Participants have the right to individually select the percentage of their accounts to be invested among different classifications of investments made available to them through the Ascensus Trust Company, the Plan trustee.

Payment of Benefits

Upon retirement, death or disability, participants become fully vested in their account balance and receive those amounts as designated by the participant or beneficiary. Participants may elect to have benefits paid in a lump sum amount or installments. If the participant's vested account balance is \$5,000 or less, the Plan may make a distribution of the entire vested balance.

For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Hardship Withdrawals

Hardship withdrawals are permitted in accordance with the Plan Agreement.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or fifty percent (50%) of their vested account balance. Loan terms range up to five (5) years unless the proceeds are used for the purchase of a primary residence, in which case the payment term may be extended. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Interest rates at December 31, 2019 for Plan notes receivable from participants are five and three-quarters percent (5.75%). Principal and interest is paid ratably through payroll deductions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

AVILA HOME CARE 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2019

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value, except for direct investments in fully benefit-responsive investment contracts, which are reported at contract value. The Plan has no direct investments in fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participant in 2020.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are recorded as administrative expenses when incurred. As of December 31, 2019, no allowance for credit losses has been recorded. If a participant ceased to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Contributions Receivable

Contributions to the Plan are accrued in the period in which they become obligations under provisions of the Plan Agreement. Employer contributions not received by the Plan as of December 31, 2019, were \$14,457. This amount has been accounted for as a receivable within the statement of net assets available for benefits.

Administrative Expenses

Expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Investment related expenses are included in net appreciation (depreciation) in fair value of investments. Expenses paid by the Employer are excluded from these financial statements.

Date of Management's Review

The Plan has evaluated events and transactions that occurred during the period from the date of the financial statements through October 12, 2020, the date the Plan's financial statements were available to be issued. There were no events or transactions, except as disclosed in Note 10, that occurred during the period that materially impacted the amounts or disclosures in the Plan's financial statements.

AVILA HOME CARE 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

December 31, 2019

Note 3: Information Prepared and Certified by the Plan's Trustee

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by Ascensus Trust Company, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule of assets held for investment purposes as of December 31, 2019.

Investments	
Funds Held In Registered Investment Companies - Mutual Funds/Money Market Funds, at Fair Value	<u>\$ 53,704</u>
Notes Receivable from Participants	<u>\$ 1,019</u>

The trustee also certified to the completeness and accuracy of \$2,456 of net appreciation (depreciation) in fair value of investments and \$790 of interest and dividend income and interest on notes receivable totaling \$4 related to the aforementioned investments and notes receivable from participants for the period April 15, 2019 through December 31, 2019.

Note 4: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three (3) levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

AVILA HOME CARE 401(K) PLAN NOTES TO FINANCIAL STATEMENTS

December 31, 2019

Note 4: Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Money Market Funds: Valued at cost which approximates fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	Investments at Fair Value:			
	Fair Value	(Level 1)	(Level 2)	(Level 3)
DECEMBER 31, 2019				
Money Market Fund	\$ 1	\$ 1	\$ -	\$ -

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2019 are reported in net appreciation (depreciation) in fair value of investments.

Note 5: Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become one hundred percent (100%) vested in their Employer contributions.

Note 6: Tax Status

The Plan is a qualified prototype plan under the Internal Revenue Code (IRC) as per the opinion letter dated January 1, 2018. The Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan is not subject to income tax examination for prior years as this was the initial year the Plan became effective.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8: Related Party Transactions and Party-in-Interest Transactions

Fees incurred by the Plan for the investment management services are included in the net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payment of certain administrative expenses of \$150. The Plan sponsor pays directly any other fees related to the Plan's operations.

Some trustees of the Plan are also participants in the Plan.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 9: Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019, to Form 5500:

Net Assets Available for Benefits per the Financial Statements	\$ 50,415
Add: Excess Contributions Payable	<u>18,765</u>
NET ASSETS PER FORM 5500	<u><u>\$ 69,180</u></u>

The following is a reconciliation of total participant contributions per the financial statements for the year ended December 31, 2019, to Form 5500:

Total Participant Contributions per the Financial Statements	\$ 32,858
Add: Excess Contributions Payable	<u>18,765</u>
TOTAL PARTICIPANT CONTRIBUTIONS PER FORM 5500	<u><u>\$ 51,623</u></u>

Note 10: Subsequent Events

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus ("COVID-19") and on March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 pandemic continues to evolve as of the date the financial statements were available to be issued.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed by Congress. The CARES Act contains several provisions that temporarily impact retirement plan sponsors and their participants, such as the waiver of required minimum distributions, a new hardship withdrawal option, increased loan limits, and a loan repayment pause option. The Plan will continue to review and evaluate the impact of the CARES Act and may make additional changes in light of the other provisions of the law.
