Report of Independent Auditor

To the Plan Administrator and Management
Borrell Electric Co., Inc. 401(k) Plan
Tampa, Florida

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Borrell Electric Co., Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by SunTrust Bank, N.A. (the "Trustee"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the Trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 10 to the financial statements, in March 2020 the World Health Organization declared an outbreak of a novel coronavirus ("COVID-19") a global pandemic. As a result of the spread of COVID-19, economic uncertainties have arisen, triggering volatility in financial markets and a significant negative impact on the global economy. As a result, the Plan's investment portfolio has seen significant volatility subsequent to December 31, 2019. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2019, is required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1—Plan description

The Borrell Electric Co., Inc. 401(k) Plan (the "Plan") was established by Borrell Electric Co., Inc. (the "Company") as a defined contribution plan effective April 1, 1986 and amended and restated November 1, 2015. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The following is a summary of major Plan provisions. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Participation – All employees of the Company who have completed at least one year of service and have attained the age of 21 are eligible to participate. Participants who have completed 1,000 hours of service within the Plan year are eligible for discretionary employer matching contributions.

Contributions – The Plan provides for participant salary deferral contributions and employer matching contributions pursuant to section 401(k) of the Internal Revenue Code ("IRC"). The Company may, and did, make a discretionary matching contribution of 50% of employee salary deferral contributions, not to exceed 3% of such participant's compensation for the year ended December 31, 2019, which was funded to the Plan in February 2020. The Company may also make a discretionary non-elective contribution allocated to participants as a uniform percentage of included compensation. The Company did not make a discretionary non-elective contribution for the year ended December 31, 2019.

Participant Accounts – Each participant's account is adjusted for distributions to the participant, the participant's contributions, employer discretionary matching contributions, employer discretionary non-elective contributions, and plan earnings; and are charged with a portion of the administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All participant accounts are maintained by SunTrust Bank, N.A. ("SunTrust" or the "Trustee"). Participants direct their investments among the investment funds allowed under the Plan.

Vesting – Participants are immediately vested in their salary deferral contributions and rollover contributions, plus actual earnings thereon. Vesting of employer matching and non-elective contributions plus actual earnings thereon are based on years of credited service as defined by the Plan. Vesting is determined according to the following schedule:

Years of Service	Vested Percentage
Less than 2 years	0%
2 years but less than 3 years	20%
3 years but less than 4 years	40%
4 years but less than 5 years	60%
5 years but less than 6 years	80%
6 years or more	100%

An active participant who is less than 100% vested is deemed to be 100% vested in the employer discretionary matching and discretionary non-elective contributions upon death, disability, or termination of the Plan.

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. The notes are valued at cost, plus accrued interest, and are secured by the balance in the participant's account. Notes bear interest fixed at the prime rate plus 1%, as defined (6.5% as of December 31, 2019). Principal and interest payments are paid ratably through payroll deductions over a period not to exceed five years; provided, however, if the proceeds are used to acquire a principal residence of the participant, that period may be extended up to 15 years. Interest rates on notes receivable from participants ranged from 4.25% to 9.25% at both December 31, 2019 and 2018.

Note 1—Plan description (continued)

Notes with scheduled payments that remain unpaid for a period of time defined in the Plan Agreement are deemed to be in default and recorded as a deemed distribution in the Plan's financial statements in the year in which they went into default. At December 31, 2019 and 2018, notes in default, including any outstanding interest, were approximately $38,400 and $10,500, respectively. Notes receivable from participants in the accompanying statements of net assets available for benefits are reported net of notes in default.

Payment of Benefits – Upon termination, retirement, death, or disability, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, a life annuity, or annual installments paid over a ten-year period. For termination of service for other reasons, the participant may receive the value of the vested interest in his or her account as a lump-sum distribution or in the form of a direct transfer to an individual retirement account or any qualified plan described in Section 401(a) of the IRC.

Forfeitures – Nonvested portion of employer matching credited to the accounts of participants who withdraw from the Plan are forfeited and used either for payment of eligible administrative expenses or to reduce future employer matching contributions. The Plan had forfeitures balances of approximately $9,500 and $5,400 as of December 31, 2019 and 2018, respectively. The Plan used approximately $30,300 of forfeitures to pay administrative expenses during the year ended December 31, 2019. Forfeitures were not used to reduce employer contributions during the year ended December 31, 2019.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual method of accounting.

Investments, Investment Valuation, and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value determinations, other than those measured using the net asset value ("NAV") as a practical expedient, are made based upon a hierarchy that prioritizes the inputs to valuation techniques. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Three levels of inputs may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability, and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Note 2—Summary of significant accounting policies (continued)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds – These investments are public investment vehicles valued using NAV provided by the administrator of the fund. NAV is based on the value of underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Common Collective Investment Trust – This investment is an investment vehicle valued using NAV provided by the administrator of the fund, as a practical expedient. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. This investment valued at NAV as a practical expedient is excluded from the valuation hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with that of other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses – Substantially, all costs including administrative, recordkeeping, and professional fees, are paid by the Plan. Administrative expenses not paid by the Plan become the responsibility of the Company. During the year ended December 31, 2019, there were no administrative expenses paid by the Company on behalf of the Plan.

Benefits Paid to Participants – Benefits are recorded when processed and paid by the Plan. In situations when notes receivable from participants enter into default status, such notes are deemed as distributions and processed as such.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Note 3—Information prepared and certified by the Custodian

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian of the Plan, has certified the completeness and accuracy of the following data included in the accompanying financial statements as of December 31, 2019 and 2018, and for the year ended December 31, 2019.

- Investments, at fair value, as shown on the statements of net assets available for benefits as of December 31, 2019 and 2018.
- Notes receivable from participants as of December 31, 2019 and 2018.
- Net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2019.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2019.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4—Fair value of financial investments

The following summarizes the Plan's investments based upon the fair value hierarchy discussed in Note 2:

As of December 31, 2018	Quoted Prices in Active Markets for Indentical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
Mutual funds (*)	$ 7,549,750	$ -	$ -	$ 7,549,750
Common collective investment trust measured at NAV (*) (1)				542,665
Investments, at fair value				$ 8,092,415

As of December 31, 2017	Quoted Prices in Active Markets for Indentical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
Mutual funds (*)	$ 5,975,554	$ -	$ -	$ 5,975,554
Common collective investment trust measured at NAV (*) (1)				500,001
Investments, at fair value				$ 6,475,555

(*) Amounts are unaudited (see Note 3).

(1) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts present in this table are intended to permit reconciliation of the fair value hierarchy to the amounts present in the statements of net assets available for benefits.

Certain information associated with the collective investment trust and stable value fund is as follows:

December 31, 2018	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Federated Capital Preservation Fund ISP (2)	$ 542,665	None	Daily	Daily
December 31, 2017				
Federated Capital Preservation Fund ISP (2)	$ 500,001	None	Daily	Daily

(2) The primary investment objective of the Federated Capital Preservation Fund ISP (the "Capital Fund") is to pursue current income consistent with stability of principal and liquidity. The Capital Fund seeks to avoid excessive yield volatility and unnecessary risk through a conservative maturity range. The Capital Fund's portfolio is comprised of short-term, high-quality, fixed-income securities issued by banks, corporations, and the U.S. government.

Note 5—Plan termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts, and accrued benefits must be distributed to the participants.

Note 6—Income tax status

The Plan is identical to the SunTrust Bank Prototype Defined Contribution Plan ("SunTrust Prototype Plan") approved as to form by the Internal Revenue Service ("IRS"). The SunTrust Prototype Plan is a qualified plan under Section 401(k) of the IRC and, as such, is exempt from federal income taxes under Section 501(a) of the IRC. The SunTrust Prototype Plan obtained its latest determination letter dated March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter; however, the Plan's administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7—Party-in-interest transactions

Certain plan investments are in mutual funds and a common/collective investment trust managed by the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Financial Administrative Services Corporation ("FASCore") is the financial advisor and Plan recordkeeper. The services performed by FASCore qualify as party-in-interest transactions.

Additionally, notes receivable from participants are also considered to be party-in-interest transactions because they are transactions with Plan participants. Fees paid and interest earned during the year, in connection with these parties-in-interest, were based on customary and reasonable rates for such transactions.

Note 8—Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits included in the financial statements to Schedule H of Form 5500:

	December 31,	
	2019	2018
Net assets available for benefits per the financial statements	$ 8,473,530	$ 6,905,991
Less current year employer contributions receivable	(80,149)	(69,912)
Net assets available for benefits per Form 5500	$ 8,393,381	$ 6,836,079

The following is a reconciliation of the net decrease in net assets available for benefits included in the statement of changes in net assets available for benefits for the year ended December 31, 2019, to Schedule H of Form 5500:

Net decrease in net assets available for benefits per the financial statements	$ 1,567,539
Less December 31, 2019, employer contributions receivable	(80,149)
Add December 31, 2018, employer contributions receivable	69,912
Net decrease in net assets available for benefits per Form 5500	$ 1,557,302

Note 9—Risks and uncertainties

The Plan provides for investment options in various investment securities. Investment securities, in general, are exposed to certain risks, such as interest rate, market volatility, and credit. Due to the level of risk associated with investment securities and the level of uncertainty related to the changes in their value, it is at least reasonably possible that changes in their fair value in the near future could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10—Subsequent events

The Plan evaluated its December 31, 2019 financial statements for subsequent events through the date the financial statements were available to be issued. As a result of the spread of a novel strain of coronavirus ("COVID-19"), economic uncertainties have arisen, triggering volatility in financial markets and a significant negative impact on the global economy. As a result, the Plan's investment portfolio incurred a significant decline in fair value since December 31, 2019. However because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.
