WALBRO ENGINE MANAGEMENT, LLC EMPLOYEES' SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2019

1. Description of plan:

The following description of the Walbro Engine Management, LLC Employees' Savings Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan was established in January 2000, and has been amended several times since that date.

General:

The Sponsor of the Plan is Walbro, LLC (formerly Walbro Engine Management, LLC) (Sponsor or Employer).

The Plan is a defined contribution retirement plan covering substantially all employees of Walbro, LLC, excluding interns and other temporary employees. Employees represented by a collective bargaining agreement are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participants' contributions:

Under the 401(k) provisions of the Plan, the participants may elect to defer up to 60% of their pretax annual compensation, subject to current statutory limits determined annually and prescribed by the Internal Revenue Service. Upon satisfying eligibility requirements, participants who do not affirmatively elect otherwise are automatically enrolled in the Plan with a deferral rate of 6%. Participants are also able to designate salary deferrals as Roth deferrals. The Plan permits eligible participants to make additional voluntary contributions of qualified rollovers from other retirement plans.

Employer contributions:

When the annual safe harbor election is made, the Sponsor will make a safe harbor nonelective contribution to the Plan equal to 3% of each participants' eligible compensation. Under the Plan provisions, the employer may also elect to make discretionary matching contributions annually equal to a percentage of the participants' elective deferral, up to 4% of each participant's eligible compensation, as well as an annual discretionary nonelective contribution, which will be allocated based on a participant's ratio of eligible compensation to total eligible compensation. For 2019, the Sponsor made a safe harbor nonelective contribution and a discretionary matching contribution.

Employer contributions are invested in the same funds and increments as directed by the participant for the participant's contributions. Contributions are subject to statutory limitations.

Participants' accounts:

Each participant's account is credited with the participant's elective deferral and rollover contributions, allocations of the employer's contributions, actual earnings thereon, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

WALBRO ENGINE MANAGEMENT, LLC EMPLOYEES' SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2019

1. Description of plan (continued):

Vesting:

Participants are immediately vested in their elective deferral contributions, rollover contributions and safe harbor nonelective contributions, plus actual earnings thereon. Vesting in the employer's discretionary matching and nonelective contribution portions of the participants' accounts, plus actual earnings thereon, is based on years of credited service. Participants vest 100% upon the completion of their third year of credited service or upon attaining their normal retirement date. The Plan defines a year of credited service to be a twelve consecutive month period commencing with the participant's hire date (elapsed time method). Upon death or total disability of any participant prior to retirement, the participant's account balance shall become fully vested.

Investment options:

Upon enrollment in the Plan, a participant may direct contributions in any whole percentage increments into any of several different investment options. Participants may change their investment options at any time.

Participants' loans:

The Plan allows for participants to obtain loans from the Plan. A loan cannot exceed 50% of the vested portion of the participant's account, must be a minimum of \$1,000, and cannot exceed \$50,000. With limited exceptions as defined in the Plan document, all loans must be repaid within five years and will provide for the repayment of interest at a rate commensurate with local prevailing rates, as determined by the Plan Administrator. Principal and interest may be paid through payroll deduction. The participant's individual account serves as collateral for the loan. Loans will be considered in default if payments are not made for 90 days or if there is any outstanding principal remaining after the last scheduled repayment date. Upon default, death, or disability, the entire outstanding principal and accrued interest shall be immediately due and payable. Upon termination of employment, the loan shall continue to be payable in accordance with the provisions of the loan note. Because the participant's account collateralizes the loan in its entirety, the credit quality of the participant is not assessed by the Plan Administrator. Unpaid loans will be treated as a taxable distribution from the Plan.

For financial reporting purposes, participants' loans are included in the statements of net assets available for benefits as notes receivable from participants.

Payment of benefits:

On termination of service due to death, disability, retirement or other reason, a participant whose vested account balance exceeds \$5,000 may elect to receive a lump-sum amount payment equal to the value of their account balance. Participants with account balances less than \$5,000 must take a lump-sum distribution as soon as practicable following termination. The Plan requires mandatory distributions under the Plan in excess of \$1,000 be automatically rolled over to an IRA established on behalf of participants who do not affirmatively consent to receive their distribution.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2019

1. Description of plan (continued):

Hardship withdrawals:

If approved by the Plan Administrator, a participant may withdraw from his/her elective deferral account balance to satisfy any of the following immediate and heavy financial needs: unreimbursed medical expenses for qualified persons, purchase of a principal residence, to prevent eviction from or foreclosure on a principal residence, to pay for post-secondary education expenses for qualified persons, funeral expenses or for expenses that qualify as a casualty deduction under the Internal Revenue Code (IRC). The minimum hardship withdrawal is \$500, and cannot exceed the demonstrated need.

Effective January 1, 2019, the Plan implemented the hardship distribution provisions of the Bipartisan Budget Act of 2018 that eliminated the six-month suspension of contributions following a hardship distribution, expanded the sources available for hardship distributions and removed the requirement that participants obtain plan loans prior to receiving a hardship distribution.

Forfeitures:

Forfeited balances of terminated participants' nonvested accounts are used to reduce future employer contributions or used to pay Plan expenses.

2. Summary of significant accounting policies:

Basis of accounting:

The Plan's financial statements are prepared using the accrual method of accounting.

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation in the fair value of investments includes both realized and unrealized gains and losses on investments bought and sold as well as held during the year.

WALBRO ENGINE MANAGEMENT, LLC EMPLOYEES' SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2019

2. Summary of significant accounting policies (continued):

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payments of benefits:

Benefits paid to participants are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid for by the Sponsor. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent event:

The Plan has evaluated the events that have occurred subsequent to December 31, 2019 through October 6, 2020, the date that the financial statements were available to be issued. The Plan has no responsibility to update these financial statements for events and circumstances occurring after this date.

3. Federal income tax status:

The Sponsor has adopted a volume submitter plan, as sponsored by Fidelity Management & Research Company, who obtained its latest advisory letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the advisory letter, the Plan Administrator and the Sponsor believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan was qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED DECEMBER 31, 2019

4. Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets or active markets that the Plan does not have access to;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

At December 31, 2019, the fair value of assets measured on a recurring basis is as follows:

	<u>Fair value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments in the fair value hierarchy:				
Registered investment companies	\$ 27,499,697	\$ 27,499,697	\$ -	\$ -

4. Fair value measurements (continued):

At December 31, 2018, the fair value of assets measured on a recurring basis is as follows:

	<u>Fair value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments in the fair value hierarchy:				
Registered investment companies	\$ 32,306,674	\$ 32,306,674	\$ -	\$ -
Self directed brokerage accounts	<u>999,572</u>	<u>999,572</u>	<u>-</u>	<u>-</u>
	<u>\$ 33,306,246</u>	<u>\$ 33,306,246</u>	<u>\$ -</u>	<u>\$ -</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Following is a description of the valuation method used for assets measured at fair value.

Registered investment companies: Valued at the closing price reported in the active market in which the individual securities are traded.

Common/collective trusts: The Plan holds investments in various Wilmington Trust Funds. The funds are valued at the net asset value of units of the individual trusts. The net asset value is used as a practical expedient to estimate fair value. The net asset value of the trust's units is determined daily and includes adjustments for investment fees.

Self directed brokerage accounts: These funds are invested in individual securities selected by the participant and valued at the closing price reported in the active market in which the securities are traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Expenses that are paid directly by the Sponsor are excluded from these financial statements. Employees of the Sponsor perform certain accounting and administrative functions for the Plan, however, no employee receives compensation from the Plan.

7. Plan termination:

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

9. Risks and uncertainties:

The Plan invests in various investment securities that are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Subsequent events:

The COVID-19 outbreak in the United States has caused significant business and economic disruption, as well as heightened market risk and volatility. The impact of COVID-19 continues to evolve rapidly and its future effects on participants' account balances, as well as the Plan's net assets available for benefits and changes in net assets available for benefits, are unknown.

In April 2020, the Plan implemented the provisions of the Coronavirus Aid, Relief and Economic Security Act (CARES Act), which was signed into law on March 27, 2020, permitting coronavirus-related distributions and participant loan relief to eligible participants.

General:

The Sponsor of the Plan is Walbro, LLC (formerly Walbro Engine Management, LLC) (Sponsor or Employer).

The Plan is a defined contribution retirement plan covering substantially all employees of Walbro, LLC, excluding interns and other temporary employees. Employees represented by a collective bargaining agreement are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participants' contributions:

Under the 401(k) provisions of the Plan, the participants may elect to defer up to 60% of their pretax annual compensation, subject to current statutory limits determined annually and prescribed by the Internal Revenue Service. Upon satisfying eligibility requirements, participants who do not affirmatively elect otherwise are automatically enrolled in the Plan with a deferral rate of 6%. Participants are also able to designate salary deferrals as Roth deferrals. The Plan permits eligible participants to make additional voluntary contributions of qualified rollovers from other retirement plans.

Employer contributions:

When the annual safe harbor election is made, the Sponsor will make a safe harbor nonelective contribution to the Plan equal to 3% of each participants' eligible compensation. Under the Plan provisions, the employer may also elect to make discretionary matching contributions annually equal to a percentage of the participants' elective deferral, up to 4% of each participant's eligible compensation, as well as an annual discretionary nonelective contribution, which will be allocated based on a participant's ratio of eligible compensation to total eligible compensation. For 2019, the Sponsor made a safe harbor nonelective contribution and a discretionary matching contribution.

Employer contributions are invested in the same funds and increments as directed by the participant for the participant's contributions. Contributions are subject to statutory limitations.

Participants' accounts:

Each participant's account is credited with the participant's elective deferral and rollover contributions, allocations of the employer's contributions, actual earnings thereon, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their elective deferral contributions, rollover contributions and safe harbor nonelective contributions, plus actual earnings thereon. Vesting in the employer's discretionary matching and nonelective contribution portions of the participants' accounts, plus actual earnings thereon, is based on years of credited service. The Plan defines a year of credited service to be a twelve consecutive month period commencing with the participant's hire date (elapsed time method). Upon death or total disability of any participant prior to retirement, the participant's account balance shall become fully vested.

Upon enrollment in the Plan, a participant may direct contributions in any whole percentage increments into any of several different investment options. Participants may change their investment options at any time.

Participants' loans:

The Plan allows for participants to obtain loans from the Plan. A loan cannot exceed 50% of the vested portion of the participant's account, must be a minimum of \$1,000, and cannot exceed \$50,000. With limited exceptions as defined in the Plan document, all loans must be repaid within five years and will provide for the repayment of interest at a rate commensurate with local prevailing rates, as determined by the Plan Administrator. Principal and interest may be paid through payroll deduction. The participant's individual account serves as collateral for the loan. Loans will be considered in default if payments are not made for 90 days or if there is any outstanding principal remaining after the last scheduled repayment date. Upon default, death, or disability, the entire outstanding principal and accrued interest shall be immediately due and payable. Upon termination of employment, the loan shall continue to be payable in accordance with the provisions of the loan note. Because the participant's account collateralizes the loan in its entirety, the credit quality of the participant is not assessed by the Plan Administrator. Unpaid loans will be treated as a taxable distribution from the Plan.

For financial reporting purposes, participants' loans are included in the statements of net assets available for benefits as notes receivable from participants.

Payment of benefits:

On termination of service due to death, disability, retirement or other reason, a participant whose vested account balance exceeds \$5,000 may elect to receive a lump-sum amount payment equal to the value of their account balance. Participants with account balances less than \$5,000 must take a lump-sum distribution as soon as practicable following termination. The Plan requires mandatory distributions under the Plan in excess of \$1,000 be automatically rolled over to an IRA established on behalf of participants who do not affirmatively consent to receive their distribution.

1. Description of plan (continued):

Hardship withdrawals:

If approved by the Plan Administrator, a participant may withdraw from his/her elective deferral account balance to satisfy any of the following immediate and heavy financial needs: unreimbursed medical expenses for qualified persons, purchase of a principal residence, to prevent eviction from or foreclosure on a principal residence, to pay for post-secondary education expenses for qualified persons, funeral expenses or for expenses that qualify as a casualty deduction under the Internal Revenue Code (IRC). The minimum hardship withdrawal is \$500, and cannot exceed the demonstrated need.

Effective January 1, 2019, the Plan implemented the hardship distribution provisions of the Bipartisan Budget Act of 2018 that eliminated the six-month suspension of contributions following a hardship distribution, expanded the sources available for hardship distributions and removed the requirement that participants obtain plan loans prior to receiving a hardship distribution.

Forfeitures:

Forfeited balances of terminated participants' nonvested accounts are used to reduce future employer contributions or used to pay Plan expenses.

2. Summary of significant accounting policies:

Basis of accounting:

The Plan's financial statements are prepared using the accrual method of accounting.

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation in the fair value of investments includes both realized and unrealized gains and losses on investments bought and sold as well as held during the year.

2. Summary of significant accounting policies (continued):

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payments of benefits:

Benefits paid to participants are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid for by the Sponsor. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent event:

The Plan has evaluated the events that have occurred subsequent to December 31, 2019 through October 6, 2020, the date that the financial statements were available to be issued. The Plan has no responsibility to update these financial statements for events and circumstances occurring after this date.

3. Federal income tax status:

The Sponsor has adopted a volume submitter plan, as sponsored by Fidelity Management & Research Company, who obtained its latest advisory letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the advisory letter, the Plan Administrator and the Sponsor believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan was qualified and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets or active markets that the Plan does not have access to;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

At December 31, 2019, the fair value of assets measured on a recurring basis is as follows:

	<u>Fair value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments in the fair value hierarchy:				
Registered investment companies	\$ 27,499,697	\$ 27,499,697	\$ -	\$ -

4. Fair value measurements (continued):

At December 31, 2018, the fair value of assets measured on a recurring basis is as follows:

	<u>Fair value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments in the fair value hierarchy:				
Registered investment companies	\$ 32,306,674	\$ 32,306,674	\$ -	\$ -
Self directed brokerage accounts	<u>999,572</u>	<u>999,572</u>	<u>-</u>	<u>-</u>
	<u>\$ 33,306,246</u>	<u>\$ 33,306,246</u>	<u>\$ -</u>	<u>\$ -</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Following is a description of the valuation method used for assets measured at fair value.

Registered investment companies: Valued at the closing price reported in the active market in which the individual securities are traded.

Common/collective trusts: The Plan holds investments in various Wilmington Trust Funds. The funds are valued at the net asset value of units of the individual trusts. The net asset value is used as a practical expedient to estimate fair value. The net asset value of the trust's units is determined daily and includes adjustments for investment fees.

Self directed brokerage accounts: These funds are invested in individual securities selected by the participant and valued at the closing price reported in the active market in which the securities are traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. Related party and party in interest transactions:

Certain Plan investments are managed by Fidelity Investments Institutional, the recordkeeper of the Plan. These transactions qualify as exempt party in interest transactions under ERISA.

Expenses that are paid directly by the Sponsor are excluded from these financial statements. Employees of the Sponsor perform certain accounting and administrative functions for the Plan, however, no employee receives compensation from the Plan.

7. Plan termination:

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

9. Risks and uncertainties:

The Plan invests in various investment securities that are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Subsequent events:

The COVID-19 outbreak in the United States has caused significant business and economic disruption, as well as heightened market risk and volatility. The impact of COVID-19 continues to evolve rapidly and its future effects on participants' account balances, as well as the Plan's net assets available for benefits and changes in net assets available for benefits, are unknown.

In April 2020, the Plan implemented the provisions of the Coronavirus Aid, Relief and Economic Security Act (CARES Act), which was signed into law on March 27, 2020, permitting coronavirus-related distributions and participant loan relief to eligible participants.
