NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the Employee Savings Incentive Thrift Plan of Forbes Media LLC (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Forbes Media LLC and its subsidiaries ("Forbes" or the "Company"). The Plan permits regular salaried employees to join the Plan on the first day of the month following 30 days of service. Employees paid on an hourly basis or classified as temporary are eligible to join the Plan after 12 months of eligible service during which they work at least 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan administrator is responsible for oversight of the Plan. The Plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Directors.

Contributions

Each year, participants may contribute, on a pre-tax or Roth basis, up to 50% of eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company contributes on behalf of each eligible participant a discretionary amount equal to 100% of the first 3% of a participant's base salary limited to $130,000 of compensation for a maximum match of $3,900 per participant per year (up to $162.50 per pay period).

Participant Accounts

Each participant's account is credited with the participant's contributions and company contributions (if applicable), as well as plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Employee elective contributions are fully vested upon contribution. The Company's discretionary matching contributions vest based on the employee's number of years of vesting service. The vesting schedule based on years of credited service is as follows: after two years of credited service, 20%; after three years of credited service, 60%; after four years of credited service, 80%; and after five years of credited service, 100%. Employer contributions also become fully vested if a participant reaches age 65, becomes permanently disabled, or dies before retirement.

Notes Receivable from Participants

Participants may borrow from their plan accounts up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and a participant may not have more than two loans outstanding at any time. The interest rate shall be determined at the time of the loan application and shall be 1% above the prime rate. The period of repayment for any loan shall not exceed five years, unless the loan is to be used in conjunction with the purchase of the principal residence of the participant, in which case the repayment shall not exceed 15 years. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

Upon retirement, death, or disability, if earlier, or termination of employment in the case of vested benefits, the balance in the participant's account will be paid to the participant or his or her beneficiaries either in a lump sum, installments, or partial withdrawals. In addition, participants may elect in-service withdrawals of their elective deferral account balances after reaching age 59½ or for hardship purposes.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited nonvested accounts totaled $36,331 and $77,450, respectively. These accounts will be used to reduce future employer contributions or to pay administrative expenses. During the years ended December 31, 2019 and 2018, $170,578 and $81,091, respectively, of forfeitures were used to reduce employer contributions.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of the Plan have been prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("US GAAP") as applied to employee benefit plans.

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Loans are collateralized by the balance in the participant's account and a participant may not have more than two loans outstanding at any time. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 - CERTIFICATION BY TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity"), the Plan's trustee, has certified that the following information in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018.
- Net investment income and interest income on notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019.
- Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2019.

The Plan's independent accountants did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018:

Mutual Funds: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Included within mutual funds, are money market funds, which are also classified within Level 1.

Self-directed brokerage account: The self-directed brokerage account includes participant-directed investments in mutual funds, common stocks, ETFs and money market fund accounts, which are classified within Level 1.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Self-directed brokerage account	$ 2,816,883	$ -	$ -	$ 2,816,883
Mutual funds	93,968,967	-	-	93,968,967
Total investments	$ 96,785,850	$ -	$ -	$ 96,785,850

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Self-directed brokerage account	$ 2,807,130	$ -	$ -	$ 2,807,130
Mutual funds	76,026,930	-	-	76,026,930
Total investments	$ 78,834,060	$ -	$ -	$ 78,834,060

NOTE 5 - RELATED PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

NOTE 7 - INCOME TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated November 17, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has not been amended since receiving the determination letter.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the Statements of net assets available for benefits.

NOTE 9 - SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 1, 2020, which is the date the financial statements were available to be issued. There were no subsequent events that would require recognition or additional disclosure in the Plan's financial statements other than the below.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus ("COVID-19") as a pandemic, which continues to spread throughout the United States. The spread of COVID-19 has caused significant volatility in U.S. and international markets. The extent of the impact on the Plan's net assets available for benefits and contributions will depend on the duration and continued spread of the outbreak, including any other further developments. Management has not yet determined the full financial impact of these events.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related withdrawals, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
