GCPS, INC. 401(k) PROFIT SHARING PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE 1: DESCRIPTION OF PLAN

The following description of GCPS, Inc. 401(k) Profit Sharing Plan & Trust, the ("Plan"), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. A copy of the Plan Document is at the Company's office.

General: The Plan is a defined contribution plan covering non-highly compensated employees of the Company who have reached the age of twenty-one and have one month of service. The Plan is a type of qualified retirement plan commonly referred to as a 401(k) Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute as little as one percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan or self-directed accounts. The company, at the discretion of the company's board of directors, may contribute amounts based on the percentage of each contributing participant's elective deferral.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of the Company's contribution, and Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts, plus actual earnings thereon are based on years of continuous service. A participant is 100 percent vested after three years of credited service.

Notes Receivable from Participants: Participants may borrow from their fund accounts, a minimum of $1,000 up to a maximum of $50,000 or 50 percent of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest rates ranging from 4.25 percent to 6.5 percent, which is commensurate with local prevailing rates as determined by the Plan administrator. Participants are only allowed two outstanding loans at any time. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits: All distributions from the Plan will be in one lump-sum payment in cash. If the vested benefit under the Plan exceeds $5,000, then the participant must consent to the distribution before it may be made. If the vested benefit under the Plan does not exceed $5,000, then the benefit will be distributed as a direct rollover to an individual retirement account.

Forfeited Accounts: At December 31, 2019 and 2018, forfeited non-vested accounts totaled $-0- and $-0- respectively. These accounts can be used to reduce future employer contributions or applied to fees incurred by the plan.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the modified cash basis of accounting. That is, the asset amounts are reflected on a cash basis except for the contributions. The contributions are reported on a plan year accrual basis.

Estimates: The preparation of financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principle balance plus any accrued but unpaid interest. Interest income is recorded on the modified cash basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019, and 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid

Costs of the Plan: Most of the administrative costs of the Plan are paid by the plan sponsor.

Date of Managements Review of Subsequent Events: Subsequent events were evaluated through August 31, 2020, which is the date the financial statements were available to be issued. The Plan implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) which changed the Plan to allow for favorable tax treatment for up to $100,000 of coronavirus-related distributions from eligible retirement plans, suspend required minimum distributions and increased the limited on loans to the lesser of $100,000 (minus outstanding plan loans of the individual) or the individual's vested benefit under the plan. Written amendments to the Plan to reflect these operation changes will be adopted at a later date in accordance with applicable law and IRS guidance.

NOTE 3: PLAN INVESTMENTS

During the plan year ended December 31, 2019, the Plan's investments (including gains and losses in investments bought and sold, as well as held during the year) appreciated $112,924.

NOTE 4: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 5: INFORMATION PREPARED AND CERTIFIED BY PLAN CUSTODIAN (UNAUDITED)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Plan's trustees in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 as of December 31:

	2019	2018
Investments, at fair value		
In Mutual Funds	$ 1,659,886	$1,240,114
	$ 1,659,886	$1,240,114

The information included in the financial statements and accompanying supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by Mid Atlantic Trust Company.

NOTE 6: TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 7: AMOUNTS ALLOCATED TO WITHDRAWN PARTICIPANTS WITH BALANCES

At December 31, 2019 and 2018, net assets available for plan benefits included $92,465 and $83,704, respectively for distributions to participants who have terminated employment from the Plan sponsor prior to the end of the Plan year, but have not received their distribution as of the Plan year.

NOTE 8: FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, The Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence for fair value, and Level 3 inputs were only used when Level 1 or Level 2 inputs are not available. No Level 2 or 3 inputs were available to the Plan.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the units held by the Plan at year-end. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

		Fair Value Measurements at the End of the Reporting Period Using
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
December 31, 2019		
Mutual Funds	$ 1,659,886	$ 1,659,886
Total assets in the fair value hierarchy	$ 1,659,886	$ 1,659,886
December 31, 2018		
Mutual Funds	$ 1,240,114	$ 1,240,114
Total assets in the fair value hierarch	$ 1,240,114	$ 1,240,114

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2019 is reported in net appreciation/(depreciation) in fair value of investments.

GCPS, INC. 401(k) PROFIT SHARING PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2019

NOTE 1: DESCRIPTION OF PLAN

The following description of GCPS, Inc. 401(k) Profit Sharing Plan & Trust, the ("Plan"), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. A copy of the Plan Document is at the Company's office.

General: The Plan is a defined contribution plan covering non-highly compensated employees of the Company who have reached the age of twenty-one and have one month of service. The Plan is a type of qualified retirement plan commonly referred to as a 401(k) Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute as little as one percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan or self-directed accounts. The company, at the discretion of the company's board of directors, may contribute amounts based on the percentage of each contributing participant's elective deferral.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of the Company's contribution, and Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts, plus actual earnings thereon are based on years of continuous service. A participant is 100 percent vested after three years of credited service.

Notes Receivable from Participants: Participants may borrow from their fund accounts, a minimum of $1,000 up to a maximum of $50,000 or 50 percent of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest rates ranging from 4.25 percent to 6.5 percent, which is commensurate with local prevailing rates as determined by the Plan administrator. Participants are only allowed two outstanding loans at any time. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits: All distributions from the Plan will be in one lump-sum payment in cash. If the vested benefit under the Plan exceeds $5,000, then the participant must consent to the distribution before it may be made. If the vested benefit under the Plan does not exceed $5,000, then the benefit will be distributed as a direct rollover to an individual retirement account.

Forfeited Accounts: At December 31, 2019 and 2018, forfeited non-vested accounts totaled $-0- and $-0- respectively. These accounts can be used to reduce future employer contributions or applied to fees incurred by the plan.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the modified cash basis of accounting. That is, the asset amounts are reflected on a cash basis except for the contributions. The contributions are reported on a plan year accrual basis.

Estimates: The preparation of financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principle balance plus any accrued but unpaid interest. Interest income is recorded on the modified cash basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019, and 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid

Costs of the Plan: Most of the administrative costs of the Plan are paid by the plan sponsor.

Date of Managements Review of Subsequent Events: Subsequent events were evaluated through August 31, 2020, which is the date the financial statements were available to be issued. The Plan implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) which changed the Plan to allow for favorable tax treatment for up to $100,000 of coronavirus-related distributions from eligible retirement plans, suspend required minimum distributions and increased the limited on loans to the lesser of $100,000 (minus outstanding plan loans of the individual) or the individual's vested benefit under the plan. Written amendments to the Plan to reflect these operation changes will be adopted at a later date in accordance with applicable law and IRS guidance.

NOTE 3: PLAN INVESTMENTS

During the plan year ended December 31, 2019, the Plan's investments (including gains and losses in investments bought and sold, as well as held during the year) appreciated $112,924.

NOTE 4: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 5: INFORMATION PREPARED AND CERTIFIED BY PLAN CUSTODIAN (UNAUDITED)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Plan's trustees in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 as of December 31:

	2019	2018
Investments, at fair value		
In Mutual Funds	$ 1,659,886	$1,240,114
	$ 1,659,886	$1,240,114

The information included in the financial statements and accompanying supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by Mid Atlantic Trust Company.

NOTE 6: TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 7: AMOUNTS ALLOCATED TO WITHDRAWN PARTICIPANTS WITH BALANCES

At December 31, 2019 and 2018, net assets available for plan benefits included $92,465 and $83,704, respectively for distributions to participants who have terminated employment from the Plan sponsor prior to the end of the Plan year, but have not received their distribution as of the Plan year.

NOTE 8: FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, The Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence for fair value, and Level 3 inputs were only used when Level 1 or Level 2 inputs are not available. No Level 2 or 3 inputs were available to the Plan.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the units held by the Plan at year-end. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

		Fair Value Measurements at the End of the Reporting Period Using
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
December 31, 2019		
Mutual Funds	$ 1,659,886	$ 1,659,886
Total assets in the fair value hierarchy	$ 1,659,886	$ 1,659,886
December 31, 2018		
Mutual Funds	$ 1,240,114	$ 1,240,114
Total assets in the fair value hierarch	$ 1,240,114	$ 1,240,114

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2019 is reported in net appreciation/(depreciation) in fair value of investments.
