Report of Independent Auditor

To the 401(k) Committee
WellDyne Rx 401(k) Retirement Plan
Tampa, Florida

Report on Financial Statements

We were engaged to audit the accompanying financial statements of WellDyne Rx 401(k) Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company (the "Trustee"), except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the Trustee as of December 31, 2019 and 2018 and for the year ended December 31, 2019 that the information provided to the Plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 10 to the financial statements, in March 2020 the World Health Organization declared the "COVID-19" coronavirus a global pandemic. As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen, triggering volatility in financial markets and a significant negative impact on the global economy. As a result, the Plan's investment portfolio has seen significant volatility subsequent to December 31, 2019. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i, as of December 31, 2019 is required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The accompanying notes to the financial statements are an integral part of this statement.

Note 1—Plan description

The following description of the WellDyne Rx 401(k) Retirement Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

Plan Description – The Plan was established by WellDyne Rx, Inc. (the "Company" or "Plan Sponsor") as a defined contribution plan effective October 1, 2016. The Plan is subject to the provision of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA").

Participation – The Plan is available to employees age 18 years or older who have completed three months of service with a minimum of one hour worked in each of those months. Participants may enroll in the Plan on the first day of the month following meeting the eligibility requirements.

Contributions – Subject to certain limitations, under Internal Revenue Code ("IRC") Section 401(k), participants are permitted to contribute up to 86% of their compensation on a pre-tax or after-tax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also permits rollover contributions from other qualified retirement plans. The Company matches 100% of the employees' contributions up to 4% of eligible compensation as a safe harbor matching contribution.

Participants' Accounts – Each participant's account is credited or charged with the participant's contributions, the Company's matching contributions, Plan earnings or losses, administrative expenses, and forfeitures.

Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings or losses thereon. Safe harbor contributions made to the Plan are immediately vested.

Investment Option – Upon enrollment in the Plan, a participant may direct employee and employer contributions into various investment options. Participants may change their investment options periodically as permitted by the Plan.

Notes Receivable from Participants – Participants may borrow from their accounts ("loan") a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. A participant may have no more than one loan outstanding at any time. Loans are permitted for a term of up to five years or up to 30 years if used to purchase a primary residence. Loans must be fully repaid before a new loan can be made. The loans are secured by the balance in the participant's account and bear interest, at the prime rate as published by the Wall Street Journal on the 14th day of each month, plus two percentage points. Interest rates on loans outstanding as of December 31, 2019 and 2018 ranged from 5.25% to 7.50%, and the loans mature at various dates through January 2025. Notes receivable from participants are measured at their unpaid principal balances plus any accrued not unpaid interest. Delinquent loans are reclassified as distributions based on the terms of the Plan document.

Payments of Benefits – Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested account balance or installment payments. For termination for service to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or in the form of a direct transfer to an individual retirement account or any qualified Plan described in section 401(a) of the IRC. The Plan also provides for certain hardship withdrawals and non-emergency withdrawals.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual method of accounting.

Investments, Investment Valuation, and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value determinations, other than those measured using the net asset value ("NAV") as a practical expedient, are made based upon a hierarchy that prioritizes the inputs to valuation techniques. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Three levels of inputs may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and,

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability, and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The following is a description of the valuation methodology used for the Plan's instruments that are valued at fair value.

Mutual Funds – These investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with that of other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Benefits Paid to Participants – Benefits are recorded when processed and paid by the Plan.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Note 2—Summary of significant accounting policies (continued)

Administrative Expenses – As provided by the Plan document, certain administrative expenses of the Plan are allocated to the participants and the remainder are paid by the Plan Sponsor. Certain expenses associated with the administration of the Plan are paid through offsets and/or payments which may be attributable to the annual operating expenses of one or more of the Plan's designated investment options. These payments are credited to the Plan and are available to pay future Plan administrative expenses.

Subsequent Events – Management has evaluated subsequent events through September 23, 2020, in connection with the preparation of these financial statements, which is the date the financial statements were available to be issued.

Note 3—Information certified by the Trustee (unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified to the completeness and accuracy of the following data included in the accompanying financial statements as of December 31, 2019 and 2018 and for the year ended December 31, 2019.

- Investments, at fair value and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2019 and 2018.

- Net appreciation in fair value of investment, interest and dividends on investments, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2019.

- Schedule of Assets (Held at End of Year) –Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2019.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4—Fair value of financial investments

The following tables summarize the Plan's investments based on the fair value hierarchy discussed in Note 2:

	Assets at Fair Value at December 31, 2019			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual Funds [(1)]	$ 13,829,196	$ -	$ -	$ 13,829,196

	Assets at Fair Value at December 31, 2018			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual Funds [(1)]	$ 9,078,635	$ -	$ -	$ 9,078,635

[(1)] Amounts are unaudited, see Note 3.

Note 5—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested in their accounts.

Note 6—Income tax status

The Plan adopted a prototype standardized profit sharing plan which received a favorable opinion letter from the Internal Revenue Service ("IRS") on July 8, 2014, which stated that the prototype Plan is designed in accordance with applicable sections of the IRC. The Plan has not received a determination letter specific to the Plan itself, and the Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to business income tax and, therefore, the Plan continues to be tax-exempt.

Note 7—Party-in-interest transactions

Fees paid during the year for other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services. While these transactions qualify as party-in-interest activity, they are expressly exempted from the prohibited transaction rules (ERISA, Title I, Section 408(b)). During the years ended December 31, 2019 and 2018, approximately $37,900 and $31,300, respectively, of administrative expenses were paid by the Plan Sponsor on behalf of the Plan.

Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants.

Note 8—Risks and uncertainties

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9—Reconciliation of the financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2019 and 2018, to the net assets available for benefits per Form 5500:

	2019	2018
Net assets available for benefits per the financial statements	$ 14,085,873	$ 9,388,130
Less employer contributions receivable	-	(33,496)
Less participant contributions receivable	-	(72,360)
Net assets available for benefits per Form 5500	$ 14,085,873	$ 9,282,274

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to those amounts in the Form 5500:

Increase in net assets available for benefits per the financial statements	$ 4,697,743
Change in participant contributions receivable	72,360
Change in employer contributions receivable	33,496
Net increase in net assets available for benefits per Form 5500	$ 4,803,599

Note 10—Subsequent events

COVID-19 – In March 2020, the World Health Organization declared the outbreak of a novel strain of coronavirus ("COVID-19") a global pandemic, which continues to spread throughout the world and has adversely impacted global commercial activity and contributed to significant declines and volatility in the financial markets. As a result, the Plan's investment portfolio has incurred a significant decline in fair value since December 31, 2019. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as the date of this report.
