The Moorings Club, Inc. 401(K) Profit Sharing Plan

Notes to Financial Statements

Note 1: DESCRIPTION OF THE PLAN

The following description of The Moorings Club, Inc. 401(K) Profit Sharing Plan (the “Plan”) provides only general information. Refer to Plan documents for a more complete description of Plan provisions.

General

The Plan is a defined contribution plan covering all full-time employees of The Moorings Club, Inc. (the “Club”, “Sponsor”, “Employer”, or “Plan Administrator”). The Plan is subject to the provisions of the Department of Labor’s (DOL’s) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). The Club’s Board of Governors is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Some administrative functions are performed by employees of the Club. No compensation is remitted to the Club for these services.

Plan assets are held and managed by Charles Schwab Bank, which invests contributions and Plan earnings, makes investment transactions as directed by the Board of Governors and provides certain recordkeeping services. CMC Interactive LLC (CMC) acts as the third-party administrator for the Plan, which performs certain plan administration and annual ERISA compliance testing.

Eligibility

Employees may become a participant of the Plan when they have reached 12 months of service and at least 1,000 hours of service and are at least 21 years of age. An eligible employee may enter the Plan on the next semi-annual entry date after all entry requirements have been met. Employees covered under a collective bargaining agreement may not participate, unless the agreement requires the employee to be included under the Plan. Nonresident aliens who do not receive any earned income from the Employer which constitutes United States source income may not participate in the plan.

Contributions

Each year, participants may contribute up to 100 percent (%) of pretax annual compensation (with certain exclusions), as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e. rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Moorings Club, Inc. 401(K) Profit Sharing Plan

Notes to Financial Statements

Note 1: DESCRIPTION OF THE PLAN (Continued)

Contributions (Continued)

The Club may, at its sole discretion, match participant contributions in an amount determined by the Club, up to 6% of compensation. During the year ended December 31, 2019, the Club matched 50% of up to 2% of employee deferrals, in no event to exceed 1% of employee's compensation. Forfeitures of terminated participants' non-vested accounts may be used to reduce the amount the Club contributes to participants' accounts. Additional discretionary contributions may be contributed at the option of the Club's Board of Governors. No additional discretionary contributions were made during the year ended December 31, 2019. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Club's contributions, Plan earnings or losses, a portion of administrative expenses, and forfeitures of participants' non-vested accounts. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Club's discretionary matching and additional discretionary contributions portion of their accounts is based on years of services, defined as 1,000 hours worked in a twelve-month period, as shown in the following vesting schedule:

Years of service	Vesting
Less than 2 years	0%
2 years, but less than 3 years	20%
3 years, but less than 4 years	40%
4 years, but less than 5 years	60%
5 years, but less than 6 years	80%
6 or more years	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Loan repayments are amortized over a period not to exceed five years except for the purchase of a primary residence, in which case the term may be longer. Principal and interest is paid ratably through monthly payroll deductions.

The Moorings Club, Inc. 401(K) Profit Sharing Plan

Notes to Financial Statements

Note 1: DESCRIPTION OF THE PLAN (Continued)

Benefit Payments

On termination of service due to death, disability, or retirement, a participant or the participant's beneficiary may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, a roll over distribution, or over a specified installment period as soon as administratively possible or as statutorily required. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Hardship Withdrawals

As permitted by the Internal Revenue Code (IRC), a participant may request a financial hardship withdrawal if they experience a severe financial hardship. The participant must meet the condition that they cannot relieve the amount of the need by stopping the elective contributions to the Plan. The financial hardship withdrawal may not exceed the amount of the financial hardship or the value of the vested portion of the participant's balance, whichever is less.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

Use of Estimates

The preparation U.S GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments generally are reported at fair value, but may also be reported at contract value or net asset value (NAV). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements, contract value, and NAV.

The Plan's Board of Governors determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

The Moorings Club, Inc. 401(K) Profit Sharing Plan

Notes to Financial Statements

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant does not make repayments and the Plan administrator considers the note receivable to be in default, the note receivable balance is reduced, and the delinquent participant note receivable is reclassified as a deemed distribution based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Payment of Benefits

Distributions to participants are recorded when paid.

Expenses

Expenses attributable to the general Plan administration were paid by the Plan and allocated among the accounts of all participants, in proportion to their account balances, unless paid by the Employer. During the year ended December 31, 2019, expenses of \$9,950 were paid by the Plan and allocated to participant accounts.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value of investment securities will occur in the near term and that these changes could materially affect amounts reported in the Plan's financial statements.

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, October 5, 2020, and determined there were no events that occurred that require disclosure.

The Moorings Club, Inc. 401(K) Profit Sharing Plan

Notes to Financial Statements

Note 3: PLAN MERGER

In September 2019, the Board of Directors approved a merger of Plan assets with the Club Retirement Plan, a multiple-employer plan sponsored by the Club Managers Association of America (CMAA), effective December 27, 2019. Prior to the effective date, all investments were liquidated. The amount transferred to the CMAA plan consisted of the following:

<i>For the year ended December 31,</i>	<i>2019</i>
Cash	\$ 2,306,675
Receivables:	
Employee contribution	8,732
Employer contribution	37,220
Notes receivable from participants	80,379
Total receivables	126,331
Net assets transferred due to merger	\$ 2,433,006

Note 4: INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

The Plan Administrator has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following financial information included in the Plan's financial statements has been derived from information certified to be complete and accurate by the Custodian under such regulation:

- a) Total investments, at fair value, included in the statements of net assets available for benefits at December 31, 2019 and 2018.
- b) Investment income information included in the statement of changes in net assets available for benefits for the year ended December 31, 2019.
- c) All amounts included in Note 5, *Fair Value Measurements (Unaudited)*.

Note 5: FAIR VALUE MEASUREMENTS (UNAUDITED)

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are:
 - observable; or
 - can be corroborated by observable market data.

The Moorings Club, Inc. 401(K) Profit Sharing Plan

Notes to Financial Statements

Note 5: FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual and Money Market Funds: Valued at the daily closing price as reported by the fund. Money market and mutual funds held by the Plan are open-end funds that registered with the SEC. These funds are required to publish their NAV and to transact at that price. The money market and mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Note 5: FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Management evaluated the significance of transfer between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2019, there were no significant transfers in or out of Levels 1, 2 or 3.

Note 6: TAX STATUS

The IRS has determined and informed the Club by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Tax positions are recognized only if it is "more likely than not" that the tax position be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount that is greater than 50% likely of being realized on examination. For tax positions not meeting the "more likely than not" test, no tax position is recorded. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Charles Schwab Bank. Charles Schwab Bank is the custodian for the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan also uses recordkeeping services provided by CMC Interactive, LLC. Fees paid directly by the Plan for custodian and recordkeeping services was \$9,950 for the year ended December 31, 2019. The Plan sponsor pays directly any other fees related to the Plan's operations.
