The Pension Investment Committee is responsible for the general administration of the Plan and carrying out the Plan provisions. The Pension Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors.

On December 1, 2016, the Plan Sponsor became a 3rd tier subsidiary of the University of Pittsburgh Medical Center (UPMC), and WCA Hospital changed its name to UPMC Chautauqua at WCA (d/b/a UPMC Chautauqua). There were no changes to the Plan administration or operations as a result of this transaction.

The Plan was frozen effective June 30, 2017 and subsequent to this date, no employees may become eligible for the Plan and no further contributions will be permitted. Effective July 1, 2017, the Plan Sponsor adopted the UPMC 401(a) Plan which allows eligible employees to participate in the parent company's Plan. The Board of Directors approved a resolution to merge the assets of the Plan into the UPMC 401(a) Plan as soon as administratively feasible.

Participant Accounts: Each participant's account is credited with an allocation of Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' non-vested accounts may be used to offset Plan expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Vesting in WCA's contribution portion of their accounts plus actual earnings thereon is based on years of service. Participants are credited with a vesting year of service for each plan year in which they complete at least 750 hours. Participants are fully vested after the completion of three years of service.

Payment of Benefits: On termination of service due to death, disability, retirement or any other reason, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or a rollover to another qualifying plan. To the extent the participant has invested funds in an annuity contract they will receive distributions on a monthly basis for the length of the contract.

Forfeited Accounts: At December 31, 2019 and 2018, forfeited non-vested accounts totaled \$10,880 and \$14,819, respectively. These accounts will be used to reduce future Plan expenses. Forfeitures used during the year ended December 31, 2019 amounted to \$4,569. There were no forfeitures used during the year ended December 31, 2018.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Pension Investment Committee determines the Plan's valuation policies using information provided by the trustee and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Plan Termination: Although it has not formally resolved to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participant accounts are 100% vested and non-forfeitable.

Administrative Expenses: Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

NOTE 3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820: *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Shares of registered investment companies: Valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end. The NAV is the closing price reported on the active market on which securities are traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018.

	Assets at Fair Value as of December 31, 2019			Total

NOTE 4. GUARANTEED ANNUITY CONTRACT

The Plan currently invests in a fully benefit-responsive guaranteed annuity contract with The Lincoln National Life Insurance Company (Lincoln). The account is credited with earnings on the underlying investments and charged for participant withdrawals. Lincoln provides a guarantee of principal, a guaranteed minimum rate of interest of 3%, and the potential for additional interest declared by Lincoln. Contract value is the relevant measurement attribute for a fully benefit-responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the account, plus earnings, less participant withdrawals and administrative expenses which approximate fair value at December 31, 2019 and 2018.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (2) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (3) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (4) bankruptcy of the Plan Sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6. FINANCIAL CERTIFICATION

The following financial information relating to the Plan's assets as of December 31, 2019 and 2018, as well as earnings and transactions for the years then ended has been derived from information provided by Lincoln Financial Group Trust Company, Inc., the trustee of the Plan, and has been certified by them as complete and accurate. The incorporation of this financial information in the accompanying financial statements is based solely on their certification and has not been audited by independent accountants.

Dividend and interest income	\$ 581,183	\$ 915,299

NOTE 7. TAX STATUS

The IRS has determined and informed the company by a letter dated May 6, 2011, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan has been designed and is operating in compliance with the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by the recordkeeper, Lincoln Retirement Services Company, LLC, and held by the trustee, Lincoln Financial Group Trust Company, Inc. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. Administrative expenses paid by the Plan amounted to \$32,753 for the year ended December 31, 2019 that were not covered by revenue sharing (\$30,291 - 2018). Investment income earned from assets held by Lincoln Financial Group Trust Company, Inc. amounted to \$39,451 for the year ended December 31, 2019 (\$43,019 - 2018). The Plan Sponsor pays directly any other fees related to the Plan's operations.

NOTE 9. SUBSEQUENT EVENTS

Subsequent to year-end, on January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. The pandemic in the United States and throughout the world has resulted in substantial volatility in financial markets. This has had a significant adverse impact on investment portfolios. As a result, the Plan's investments may have incurred significant volatility in fair value since December 31, 2019.

During March 2020, the Plan adopted certain distribution and loan provisions in response to the passing of the CARES Act and SECURE Act by the United States Congress. The CARES Act amendment enables participants impacted by the coronavirus to take a penalty-free distribution, allows current outstanding loan payments to be delayed for up to 12 months, and increases the maximum loan limits for loans taken as a result of the virus. The SECURE Act amendment changes the required minimum distribution age from 70 ½ to 72. An official amendment to the plan is expected to be signed during 2020.

These financial statements have not been updated for subsequent events occurring after August 14, 2020, which is the date these financial statements were available to be issued.
