Independent Auditors' Report

Plan Administrator and Board of Trustees
The Morey Corporation 401(k) Profit-Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Morey Corporation 401(k) Profit-Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company (the Trustee), except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

THE MOREY CORPORATION
401(k) PROFIT-SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

The following description of The Morey Corporation 401(k) Profit-Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined-contribution plan covering all employees of The Morey Corporation and Temeda, L.L.C. (collectively referred to as the Company), who are citizens or residents of the United States of America, except leased employees and employees covered by a collective bargaining agreement. Employees are eligible to participate in the Plan after reaching 18 years of age and having completed two months of service. Eligible employees can enter the Plan as of the first of the month, following the date eligibility requirements are met.

Employees that meet the eligibility requirements and do not decline enrollment are automatically enrolled into the Plan. During the years ended December 31, 2019 and 2018, the automatic deferral rate was 3%. Participants can change their deferrals at any time.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Contributions to the Plan may include employee deferral contributions, employee rollover contributions, employer matching contributions and employer discretionary profit-sharing contributions.

The employer discretionary profit-sharing contributions are allocated to each participant's account based upon permitted disparity (Social Security integration) rules. This provision allows additional contributions to be made for participants earning greater than the Social Security taxable wage base. Such additional contributions are designed to offset the lower contributions made to Social Security on behalf of affected employees. Contributions are limited to an amount equal to the maximum amount deductible by the Company for purposes of federal income taxes.

1. Description of the Plan (continued)

Contributions: (continued)

The employer matching contribution percentage for a Plan year is discretionary and is determined in December of the previous year. The Company will contribute an amount equal to 100% of each eligible employee's deferrals up to 3% of compensation; an amount equal to 50% of each eligible employee's deferrals on the next 1% of compensation; and an amount equal to 25% of each eligible employee's deferrals on the next 2% of compensation contributed. Maximum employer matching contribution for the year ended December 31, 2019 is 4% of each eligible employee's compensation.

Participants may contribute up to 100% of eligible compensation. For allocation purposes, a participant's earnings consist of total cash compensation including overtime pay and excluding bonuses and commissions in a Plan year, but not in excess of $280,000 for 2019 and $275,000 for 2018. Deferral contributions by a participant cannot exceed $19,000 for 2019 and $18,500 for 2018. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Total contributions, after catch-up contributions, cannot exceed $25,000 for 2019 and $24,500 for 2018.

Total contributions per participant are limited under present Internal Revenue Code (the Code) sections to the lesser of $56,000 for 2019 and $55,000 for 2018 or 100% of compensation.

Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings and may be charged with an allocation of administrative expenses. Allocations are based on the participant's earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants self-direct their contributions and their share of the Company's contribution among various investment options offered by the Plan.

Vesting:

Participants are always 100% vested in their employee deferral contributions, employee rollover contributions and earnings thereon. Participants are also fully vested if their employment with the Company terminates after the age of 59-1/2 with five years of service while a participant or for reasons due to death or disability.

1. Description of the Plan (continued)

Vesting: (continued)

Prior to July 16, 2018, participants vested in their employer matching contributions and their profit-sharing accounts (allocations of the employer discretionary contributions) and earnings thereon in accordance with the following table:

Completed years of service	Percentage of account balance vested
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

The Plan was amended on July 16, 2018 to implement changes to the vesting schedule. Per the Plan amendment, those participants who were first hired by the Company before July 16, 2018 and remained employed on July 16, 2018 vest in their employer matching contributions and their profit-sharing accounts (allocations of the employer discretionary contributions) and earnings thereon in accordance with the following table:

Completed years of service	Percentage of account balance vested
Less than 2	0%
2 but less than 3	20%
3 or more	100%

1. Description of the Plan (continued)

Vesting: (continued)

Additionally, per the Plan amendment, those participants who were first hired by the Company before July 16, 2018 but were terminated on or before July 16, 2018 vest in their employer matching contributions and their profit-sharing accounts (allocations of the employer discretionary contributions) and earnings thereon in accordance with the following table:

Completed years of service	Percentage of account balance vested
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Finally, per the Plan amendment, those participants who were first hired by the Company subsequent to July 16, 2018 vest in their employer matching contributions and their profit-sharing accounts (allocations of the employer discretionary contributions) and earnings thereon in accordance with the following table:

Completed years of service	Percentage of account balance vested
Less than 3	0%
3 or more	100%

1. Description of the Plan (continued)

Participant loans:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. All loans are required to be repaid within five years of the date of the loan, with only two outstanding loans allowable at any time. All loans bear a reasonable rate of interest as determined by prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The interest rate charged is prime rate plus 1%. Principal and interest is paid ratably through payroll deductions.

Payment of benefits:

Benefit payments are generally paid in a lump-sum as soon as practicable after employment with the Company has ended. Participants who are not 5% owners of the Company may elect to defer commencement of distributions until the later of April 1st of the calendar year following the calendar year in which the participant attains the age of 70-1/2 or April 1st of the calendar year following the calendar year in which the participant retires. Participants who terminate employment with account balances greater than $5,000 may elect to leave their account balances in the Plan. Until such time as the funds are distributed, the participant is entitled to receive a pro-rata share of fund earnings. Benefits may also be paid directly to an eligible retirement plan as an eligible rollover distribution.

The Plan also allows in-service withdrawals from a participant's vested account balance for hardship withdrawals or upon attaining the age of 59-1/2.

Forfeited accounts:

At December 31, 2019 and 2018, forfeited nonvested accounts totaled $50,800 and $64,705, respectively. These accounts will be used to pay administrative expenses and to reduce future employer contributions. Forfeitures arising during the year ended December 31, 2019 totaled $104,167. During the year ended December 31, 2019, $118,072 was used from forfeited nonvested accounts to reduce employer contributions.

2. Summary of significant accounting policies

Significant accounting policies are described below and have been consistently applied.

Basis of accounting:

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Units of the common collective trust fund are valued based on the net asset value per share as a practical expedient.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of benefits:

Benefits are recorded when paid.

Notes receivable from participants:

As described in Note 1, the Plan allows participants to borrow against their vested account balance and the loans are secured by the participants' account balances. Participant loans are valued at their unpaid principal balance plus any accrued but unpaid interest. The Plan is required to review the collectibility of the outstanding loan balances and record an allowance for loans considered to be uncollectible. As of December 31, 2019 and 2018, no allowance for uncollectible loans was necessary.

Administrative expenses:

All administrative costs, charges and expenses are paid by the Plan to the extent not paid by the Company.

2. Summary of significant accounting policies (continued)

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Accordingly, actual results could differ from those estimates.

Subsequent events:

The Plan Administrator has reviewed and evaluated subsequent events through October 5, 2020, the date the financial statements were available to be issued.

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. The impact of COVID-19 continues to evolve rapidly and the Plan is not able to estimate its full impact on the Plan's financial statements.

3. Investments (information prepared and certified by Fidelity Management Trust Company (the Trustee))

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information included in these financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the Trustee.

The Trustee certified the fair value of investments of $32,122,354 and $26,616,374 as of December 31, 2019 and 2018, respectively. Notes receivable from participants of $633,741 and $514,937 were also certified by the Trustee at December 31, 2019 and 2018, respectively. The interest on these receivables ranged from 4.25% to 6.50% in 2019 and 4.25% to 6.25% in 2018.

For the year ended December 31, 2019, the Plan's investments (including gains and losses on investments bought, sold and held during the year) appreciated in value in the amount of $4,869,809. Dividend and interest income was $864,877 and interest on participant loans was $29,103 for the year ended December 31, 2019.

4. Fair value measurements

There are three levels of inputs used to measure fair value. The definition of each input is described below:

Level 1	Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs that are unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. Fair value measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019.

Mutual funds:	Valued at the market value of shares held by the Plan at year-end.
Common collective trust fund:	Valued at the net asset value (NAV) of the units held by the Plan. The Fund invests in fully benefit-responsive contracts that are held at contract value. NAV is determined to be contract value, the value at which participants ordinarily transact. This practical expedient would not be used if it is determined to be probable that the Fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes that the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

December 31, 2019	**Level 1**	**Total**
Mutual funds	**$ 30,553,196**	**$ 30,553,196**
Common collective trust fund measured at NAV*		**1,569,158**
Total investments	**$ 30,553,196**	**$ 32,122,354**

December 31, 2018	Level 1
Mutual funds	$ 26,616,374

4. Fair value measurements (continued)

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table summarizes the investment for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019.

Investment	2019	Unfunded commitment	Redemption frequency	Redemption notice period
Common collective trust fund	$ 1,569,158	N/A	Daily	None

5. Party-in-interest transactions

The Plan's investments are shares of mutual funds managed by the Trustee and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the Trustee for these investment management services totaled $54,150 for the year ended December 31, 2019.

The Plan also contracts with an investment advisor. These transactions qualify as party-in-interest transactions. Fees paid by the Plan for these investment advisory services totaled $43,716 for the year ended December 31, 2019.

6. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in all of their account balances.

7. Tax status

The Plan is exempt from federal income taxes under Section 401(k) of the Internal Revenue Code (the Code).

The Internal Revenue Service has determined and informed the Company by a favorable determination letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in accordance with the applicable rules and regulations of the Code.

8. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Morey Corporation 401(k) Profit-Sharing Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Morey Corporation 401(k) Profit-Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company (the Trustee), except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

The following description of The Morey Corporation 401(k) Profit-Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined-contribution plan covering all employees of The Morey Corporation and Temeda, L.L.C. (collectively referred to as the Company), who are citizens or residents of the United States of America, except leased employees and employees covered by a collective bargaining agreement. Employees are eligible to participate in the Plan after reaching 18 years of age and having completed two months of service. Eligible employees can enter the Plan as of the first of the month, following the date eligibility requirements are met.

Employees that meet the eligibility requirements and do not decline enrollment are automatically enrolled into the Plan. During the years ended December 31, 2019 and 2018, the automatic deferral rate was 3%. Participants can change their deferrals at any time.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Contributions to the Plan may include employee deferral contributions, employee rollover contributions, employer matching contributions and employer discretionary profit-sharing contributions.

The employer discretionary profit-sharing contributions are allocated to each participant's account based upon permitted disparity (Social Security integration) rules. This provision allows additional contributions to be made for participants earning greater than the Social Security taxable wage base. Such additional contributions are designed to offset the lower contributions made to Social Security on behalf of affected employees. Contributions are limited to an amount equal to the maximum amount deductible by the Company for purposes of federal income taxes.

1. Description of the Plan (continued)

Contributions: (continued)

The employer matching contribution percentage for a Plan year is discretionary and is determined in December of the previous year. The Company will contribute an amount equal to 100% of each eligible employee's deferrals up to 3% of compensation; an amount equal to 50% of each eligible employee's deferrals on the next 1% of compensation; and an amount equal to 25% of each eligible employee's deferrals on the next 2% of compensation contributed. Maximum employer matching contribution for the year ended December 31, 2019 is 4% of each eligible employee's compensation.

Participants may contribute up to 100% of eligible compensation. For allocation purposes, a participant's earnings consist of total cash compensation including overtime pay and excluding bonuses and commissions in a Plan year, but not in excess of $280,000 for 2019 and $275,000 for 2018. Deferral contributions by a participant cannot exceed $19,000 for 2019 and $18,500 for 2018. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Total contributions, after catch-up contributions, cannot exceed $25,000 for 2019 and $24,500 for 2018.

Total contributions per participant are limited under present Internal Revenue Code (the Code) sections to the lesser of $56,000 for 2019 and $55,000 for 2018 or 100% of compensation.

Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings and may be charged with an allocation of administrative expenses. Allocations are based on the participant's earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants self-direct their contributions and their share of the Company's contribution among various investment options offered by the Plan.

Vesting:

Participants are always 100% vested in their employee deferral contributions, employee rollover contributions and earnings thereon. Participants are also fully vested if their employment with the Company terminates after the age of 59-1/2 with five years of service while a participant or for reasons due to death or disability.

1. Description of the Plan (continued)

Vesting: (continued)

Prior to July 16, 2018, participants vested in their employer matching contributions and their profit-sharing accounts (allocations of the employer discretionary contributions) and earnings thereon in accordance with the following table:

Completed years of service	Percentage of account balance vested
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

The Plan was amended on July 16, 2018 to implement changes to the vesting schedule. Per the Plan amendment, those participants who were first hired by the Company before July 16, 2018 and remained employed on July 16, 2018 vest in their employer matching contributions and their profit-sharing accounts (allocations of the employer discretionary contributions) and earnings thereon in accordance with the following table:

Completed years of service	Percentage of account balance vested
Less than 2	0%
2 but less than 3	20%
3 or more	100%

1. Description of the Plan (continued)

Vesting: (continued)

Additionally, per the Plan amendment, those participants who were first hired by the Company before July 16, 2018 but were terminated on or before July 16, 2018 vest in their employer matching contributions and their profit-sharing accounts (allocations of the employer discretionary contributions) and earnings thereon in accordance with the following table:

Completed years of service	Percentage of account balance vested
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Finally, per the Plan amendment, those participants who were first hired by the Company subsequent to July 16, 2018 vest in their employer matching contributions and their profit-sharing accounts (allocations of the employer discretionary contributions) and earnings thereon in accordance with the following table:

Completed years of service	Percentage of account balance vested
Less than 3	0%
3 or more	100%

1. Description of the Plan (continued)

Participant loans:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. All loans are required to be repaid within five years of the date of the loan, with only two outstanding loans allowable at any time. All loans bear a reasonable rate of interest as determined by prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The interest rate charged is prime rate plus 1%. Principal and interest is paid ratably through payroll deductions.

Payment of benefits:

Benefit payments are generally paid in a lump-sum as soon as practicable after employment with the Company has ended. Participants who are not 5% owners of the Company may elect to defer commencement of distributions until the later of April 1st of the calendar year following the calendar year in which the participant attains the age of 70-1/2 or April 1st of the calendar year following the calendar year in which the participant retires. Participants who terminate employment with account balances greater than $5,000 may elect to leave their account balances in the Plan. Until such time as the funds are distributed, the participant is entitled to receive a pro-rata share of fund earnings. Benefits may also be paid directly to an eligible retirement plan as an eligible rollover distribution.

The Plan also allows in-service withdrawals from a participant's vested account balance for hardship withdrawals or upon attaining the age of 59-1/2.

Forfeited accounts:

At December 31, 2019 and 2018, forfeited nonvested accounts totaled $50,800 and $64,705, respectively. These accounts will be used to pay administrative expenses and to reduce future employer contributions. Forfeitures arising during the year ended December 31, 2019 totaled $104,167. During the year ended December 31, 2019, $118,072 was used from forfeited nonvested accounts to reduce employer contributions.

2. Summary of significant accounting policies

Significant accounting policies are described below and have been consistently applied.

Basis of accounting:

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Units of the common collective trust fund are valued based on the net asset value per share as a practical expedient.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of benefits:

Benefits are recorded when paid.

Notes receivable from participants:

As described in Note 1, the Plan allows participants to borrow against their vested account balance and the loans are secured by the participants' account balances. Participant loans are valued at their unpaid principal balance plus any accrued but unpaid interest. The Plan is required to review the collectibility of the outstanding loan balances and record an allowance for loans considered to be uncollectible. As of December 31, 2019 and 2018, no allowance for uncollectible loans was necessary.

Administrative expenses:

All administrative costs, charges and expenses are paid by the Plan to the extent not paid by the Company.

2. Summary of significant accounting policies (continued)

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Accordingly, actual results could differ from those estimates.

Subsequent events:

The Plan Administrator has reviewed and evaluated subsequent events through October 5, 2020, the date the financial statements were available to be issued.

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. The impact of COVID-19 continues to evolve rapidly and the Plan is not able to estimate its full impact on the Plan's financial statements.

3. Investments (information prepared and certified by Fidelity Management Trust Company (the Trustee))

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information included in these financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the Trustee.

The Trustee certified the fair value of investments of $32,122,354 and $26,616,374 as of December 31, 2019 and 2018, respectively. Notes receivable from participants of $633,741 and $514,937 were also certified by the Trustee at December 31, 2019 and 2018, respectively. The interest on these receivables ranged from 4.25% to 6.50% in 2019 and 4.25% to 6.25% in 2018.

For the year ended December 31, 2019, the Plan's investments (including gains and losses on investments bought, sold and held during the year) appreciated in value in the amount of $4,869,809. Dividend and interest income was $864,877 and interest on participant loans was $29,103 for the year ended December 31, 2019.

4. Fair value measurements

There are three levels of inputs used to measure fair value. The definition of each input is described below:

Level 1	Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs that are unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. Fair value measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019.

Mutual funds:	Valued at the market value of shares held by the Plan at year-end.
Common collective trust fund:	Valued at the net asset value (NAV) of the units held by the Plan. The Fund invests in fully benefit-responsive contracts that are held at contract value. NAV is determined to be contract value, the value at which participants ordinarily transact. This practical expedient would not be used if it is determined to be probable that the Fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes that the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

December 31, 2019	**Level 1**	**Total**
Mutual funds	**$ 30,553,196**	**$ 30,553,196**
Common collective trust fund measured at NAV*		**1,569,158**
Total investments	**$ 30,553,196**	**$ 32,122,354**

December 31, 2018	Level 1
Mutual funds	$ 26,616,374

4. Fair value measurements (continued)

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table summarizes the investment for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019.

Investment	2019	Unfunded commitment	Redemption frequency	Redemption notice period
Common collective trust fund	$ 1,569,158	N/A	Daily	None

5. Party-in-interest transactions

The Plan's investments are shares of mutual funds managed by the Trustee and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the Trustee for these investment management services totaled $54,150 for the year ended December 31, 2019.

The Plan also contracts with an investment advisor. These transactions qualify as party-in-interest transactions. Fees paid by the Plan for these investment advisory services totaled $43,716 for the year ended December 31, 2019.

6. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in all of their account balances.

7. Tax status

The Plan is exempt from federal income taxes under Section 401(k) of the Internal Revenue Code (the Code).

The Internal Revenue Service has determined and informed the Company by a favorable determination letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in accordance with the applicable rules and regulations of the Code.

8. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
